Coroner's Service

**Responsible Head of Service**

Belinda Hooker - GT GC

**Responsible Director**

Stephanie Holt-Castle - GT GC

### Aims and Objectives

Kent County Council (KCC) is responsible for supporting the Senior Coroners for Kent and Medway to provide the coroner service to Kent and Medway residents.

The Coroner has a duty to investigate a death where there are reasons to suspect that:

- The deceased died a violent or unnatural death;
- The cause of death is unknown;
- The deceased died while in custody or otherwise in state detention.

When a death is reported to the Coroner, he or she

- Establishes whether an investigation is required;
- If yes, investigates to establish the identity of the person who has died; how when and where they died and any information to register the death; and
- Uses information discovered during the investigation to assist in the prevention of other deaths where possible.

The Coroner has physical control of the body (as evidence) from the time he/she/they have been informed of the death, until the time that all the necessary enquiries have been concluded, at which point the body can be released to the family. The Coroner's control of the body is absolute (jurisdiction) and supersedes any claim on the body by the family, or for example any other organisations such as the police.

On behalf of the Kent Senior Coroners, KCC is responsible for putting contracts in place for the provision for removals and transfers of the coroner's deceased.

There are two aspects to this service - Coroner Body Removals and Coroners Body Transfers.

Coroners Body Removals. The Coroner may decide that a suitable practitioner is required, (normally a Pathologist), to examine the body and carry out a post mortem examination to help find the cause of death. In such cases the body needs to be transported from where it is lying to a designated mortuary pending further enquiries being made, or to hold a post mortem examination (PM). This movement of the body is usually referred to as a 'Coroner's removal'.

Coroners Body Transfers. In some cases it is necessary to transfer the deceased from a designated mortuary to another designated mortuary either within Kent and Medway or outside Kent to more specialised mortuaries for example to London (child deaths) or Brighton (infectious cases) or to a mortuary where a Pathologist is available. This movement is usually referred to as a 'Coroner's Transfer'.

The contracts for removals and transfers is for Central & South East Kent, Mid Kent & Medway, North West Kent, and North East Kent coroner areas are due for renewal .

#### Aims and Objectives

- Ensure statutory compliance by KCC and the Kent Senior Coroners
- Ensure best value in the use of public funds through a formal procurement process

#### Outcome

No major change - no potential for discrimination and all opportunities to promote equality are currently being taken in line with KCC policies and statutory requirement. Should any issues arise they will be dealt with in accordance with KCC policies and statutory requirements.

The Equalities Impact Assessment (EqIA) has been completed in 2024 and no issues have been identified by the service.

## Section B – Evidence

**Do you have data related to the protected groups of the people impacted by this activity?**

No

**It is possible to get the data in a timely and cost effective way?**

Yes

**Is there national evidence/data that you can use?**

Yes

**Have you consulted with stakeholders?**

Yes

**Who have you involved, consulted and engaged with?**

Coroner Service staff

Commissioning

Funeral Directors

**Has there been a previous Equality Analysis (EQIA) in the last 3 years?**

No

**Do you have evidence that can help you understand the potential impact of your activity?**

Yes

## Section C – Impact

**Who may be impacted by the activity?**

Service Users/clients

Service users/clients

<b>Staff</b>

<b>Residents/Communities/Citizens</b>
Residents/communities/citizens
<b>Are there any positive impacts for all or any of the protected groups as a result of the activity that you are doing?</b>
Yes
<b>Details of Positive Impacts</b>
Religion and belief - The Coroner is able to consider a request for a non-invasive post mortem on religious and belief grounds but is under no obligation to agree to it. Many faiths require the burial or cremation to happen within a defined time frame. The timely removal will support this.
