Aims and Objectives

The partnership contract with KCHFT is due to expire on 31st March 2025. A notice period of 6 months is required for contractual continuation / termination.

There are two partnership agreements that are Public Health funded, one partnership with Kent Community Health Foundation Trust (KCHFT) and one with MTW (Maidstone Tunbridge Wells NHS Trust).

The recommendation is to extend both partnerships for twelve months, from 1st April 2025 until 31st March 2026.

Public Health are undertaking a comprehensive review of Public Health funded services as part of a transformation programme. The programme aims to improve services - their efficiency, sustainability and impact on targeting health inequalities. The services include; health visiting, school health, lifestyle services, NHS Health Checks, Postural Stability, sexual health.

The proposal is to extend the KCHFT partnership so that the transformation work can continue, in a way that does not de-stabilise, service delivery, workforce and minimises the impact to staff, residents and providers.

During this time there will be no change in service delivery.

Section B – Evidence

Do you have data related to the protected groups of the people impacted by this activity?

Yes

It is possible to get the data in a timely and cost effective way?

Consulted with current provider KCHFT.

Consulted internally with the Commercial Procurement Oversight Board and gained their approval.

Has there been a previous Equality Analysis (EQIA) in the last 3 years?

Yes

Do you have evidence that can help you understand the potential impact of your activity?

Incomplete, supporting evidence is required.

Section C – Impact

Who may be impacted by the activity?

Service Users/clients

Service users/clients

Staff

Staff/Volunteers

Residents/Communities/Citizens

No

Are there any positive impacts for all or any of the protected groups as a result of the activity that you are doing?

Yes

Details of Positive Impacts

KCHFT deliver a number of services as part of the partnership including; health visiting services, school health, sexual health, postural stability, NHS health checks and lifestyle services.

KCC Public Health are undergoing a transformation programme to help improve these services. The proposed partnership extension will help to stabilise services during the Public Health transformation process. The extension will allow -

- Continuation of high-quality services across Kent. Kent residents will be able to expect continued high-quality services.

- Opportunity to fully explore transformation across services to further enhance resident experiences.

- Performance and quality will continue to be monitored during the extension period.

An Equality Impact Assessment (EQIA) has been initiated for the contractual extension.

The contractual extension will not impact how services are delivered and residents will not experience a change because of the extension. Current evidence suggests that the services delivered by the partnership have a positive impact on the population and help to contribute to reducing health inequalities. As the Public Health transformation programme progresses EQIAs will be completed at a service-by-service level, to fully understand the potential impact of proposed service change, on individual services.
