

SLHT Dermatology services

Dr Stephanie Munn
Clinical lead

Why do we need to change?

- Current accommodation not fit for purpose
- Commissioning intentions
- Changes in ways of working
- Opportunity to develop high class centre offering specialist treatments

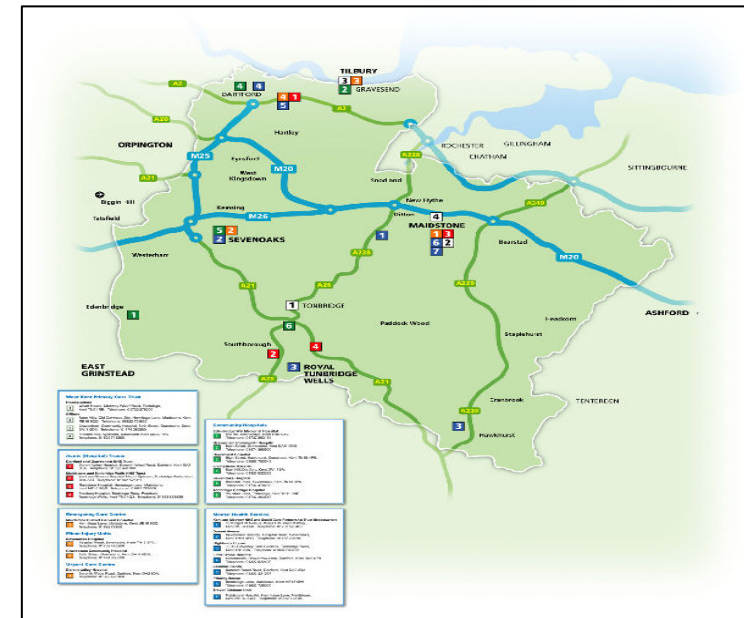

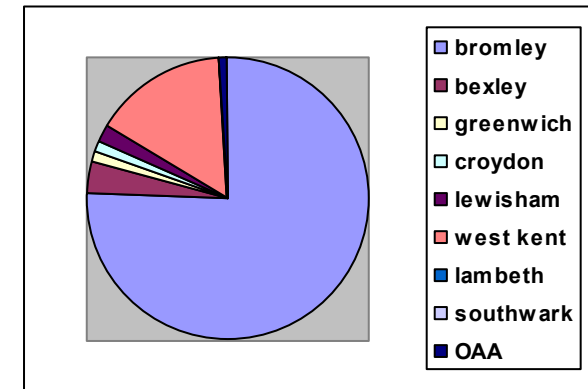

What are we aiming for

- Single Dermatology Hub for SLHT
- Spoke clinics
- Paeds allergy service
- Skin cancer treatments
- Day treatment unit
- Multidisciplinary working
- Cover for acute sites

West Kent dermatology

- None commissioned from SLHT
- Approx 630 new and 900 olds on PbR
- Medway main provider
- Community providers
- Phototherapy bid

Impact of moving Orpington dermatology department to QMS

- Better facilities for patients
- Possibly further to travel for some patients, but quicker road link
- Pooled expertise and multidisciplinary team – more services locally avoiding need to travel to London/East Grinstead for some patients
- Improved patient care
