

The list of chosen contractors for each district is as below:

Ashford	Walker Construction (UK) Ltd
Canterbury	Walker Construction (UK) Ltd
Dartford	FM Conway Ltd
Dover	Skelton Contractors Ltd
Gravesham	FM Conway Ltd
Maidstone	Steadline Ltd
Sevenoaks	Ringway Infrastructure Services
Shepway	Gary Mason (Civil Engineering Ltd)
Swale	Ringway Infrastructure Services
Thanet	Skelton Contractors Ltd
Tonbridge & Malling	A.R. Cooks and Son Ltd
Tunbridge Wells	A.R. Cooks and Son Ltd

In terms of company size, each bidder was required at the pre-qualification stage to satisfy the County Council's requirements in terms of minimum annual turnover (£500,000 for each of the previous two years), public liability insurance (£5m) and recognised Quality Assurance systems. The value of each contract is unlikely to be less than £100,000 per district. But this will depend firstly on the size of the road network in each district (which varies considerably, with Dartford being less than a quarter that of Ashford), and secondly on the amount of funding ultimately released through the initiative. Cabinet at its last meeting agreed an initial sum of £2m.
