

From: Peter Oakford, Cabinet Member for Strategic Commissioning and Public Health

Andrew Scott-Clark, Director of Public Health

To: Health Reform and Public Health Cabinet Committee

Date: 24 January 2018

Subject: **Schedule of contract monitoring reviews**

Classification: Unrestricted

Previous Pathway: This is the first committee to consider this report

Future Pathway: None

Electoral Division: All

Summary:

This report provides the Committee with a proposed schedule of contract monitoring reviews for the next two years following the request at the previous Committee meeting.

Recommendation:

The Committee is asked to COMMENT on and AGREE the schedule of contract monitoring reviews to be presented to the Committee over the next two years.

1. Introduction

1.1. The Health Reform and Public Health Cabinet Committee previously agreed to have an agenda item on contract monitoring. At its December 2017 meeting, the Committee requested a proposed schedule of Public Health contracts to be presented to the Committee over the next two years.

2. Proposed Schedule

2.1. The table at Appendix A provides this proposed schedule. The proposed schedule groups all Public Health contracts above £50,000 into the key public health programme topics.

2.2. The schedule also includes the details of the current work plan for the Committee. The first topic of sexual health was agreed at the December 2017 Committee meeting and is included on the agenda for the 24th January.

2.3. The purpose of the contract monitoring items will be:

- to provide the committee with assurance about the contract monitoring arrangements that are in place on the key public health contracts; and
- provide the committee with a more detailed breakdown of contract performance, outcomes, and value for money.

2.4. The regular contract monitoring item will complement the regular item on performance of Public Health commissioned services and other papers seeking the Committee's comments or endorsement on proposed commissioning plans and contract awards.

3. Conclusion

3.1. This paper seeks the Committee's approval for the proposed schedule for contract monitoring reviews at Appendix A. Once schedule has been agreed, the items will be incorporated into the Committee's work plan for 2018 and 2019.

Recommendation

The Committee is asked to COMMENT on and AGREE the schedule of contract monitoring reviews to be presented to the Committee over the next two years.
