### 1. Introduction

- (1) Regulation 23 of the Local Authority (Public Health, Health and Wellbeing Boards and Health Scrutiny) Regulations 2013 requires relevant NHS bodies and health service providers (“responsible persons”) to consult a local authority about any proposal which they have under consideration for a substantial development of or variation in the provision of health services in the local authority’s area. This obligation requires notification and publication of the date on which it is proposed to make a decision as to whether to proceed with the proposal and the date by which Overview and Scrutiny may comment.
- (2) Regulation 30 of the Local Authority (Public Health, Health and Wellbeing Boards and Health Scrutiny) Regulations 2013 states that where relevant NHS bodies and health service providers consults more than one local authority on any proposal which they have under consideration for a substantial development of or variation in the provision of health services in the local authorities’ areas, those local authorities must appoint a Joint Overview and Scrutiny Committee (JHOSC) for the purposes of the consultation and only the JHOSC may:
  - make comments on the proposal;
  - require the provision of information about the proposal;
  - require the relevant NHS bodies and health service providers to attend before it to answer questions in connection with the consultation.
- (2) In Summer 2015 Kent County Council’s Health Overview and Scrutiny Committee and Medway Council’s Health and Adult Social Care Overview and Scrutiny Committee determined that changes being proposed by the NHS to Hyper Acute and Acute Stroke Services in Kent and Medway amounted to a proposal for a substantial variation to the health service across both areas.

## Item 6: Kent and Medway Stroke Review

- (3) The Kent and Medway NHS Joint Overview and Scrutiny Committee was therefore convened and met during 2016 and 2017 to consider and comment on the review of Hyper Acute and Acute Stroke Services, the emerging case for change and possible options for a new model of care.
- (4) On 12 December 2017 the Kent and Medway Joint HOSC was formally notified that the Joint Committee of Clinical Commissioning Groups overseeing the Stroke Review (initially comprising of the eight Kent and Medway CCGs) had been expanded to include Bexley CCG and High Weald Lewes Havens CCG as activity modelling had highlighted the extent of external flows of stroke patients to Kent and Medway from Bexley and East Sussex.
- (5) As a consequence of this further analysis the Health Overview and Scrutiny Committees in East Sussex and Bexley were advised of the review and both determined that the emerging proposals to reconfigure stroke services in Kent and Medway constituted a substantial variation to these services for their areas. This generated a statutory requirement to set up a new Joint Health Overview and Scrutiny Committee involving Kent County Council, East Sussex County Council, Medway Council and Bexley Council for the purpose of consultation by the NHS with Overview and Scrutiny on the Stroke Review.
- (6) Prior to the establishment of the new JHOSC and to enable the public consultation to proceed as planned, representatives of Bexley Council's People Overview and Scrutiny Committee and East Sussex County Council's Health Overview and Scrutiny Committee were invited to attend and speak at the Kent and Medway NHS Joint Overview and Scrutiny Committee on 22 January as non-voting guests. The Committee met to consider the proposed options and consultation plan for the Kent & Medway Stroke Review. The Minutes of this meeting are appended for information in Item 6a (pages 11 - 16).
- (7) The Terms of Reference and membership of the new Kent and Medway Stroke Review Joint Health Overview and Scrutiny Committee (Stroke JHOSC) were agreed by Bexley Council's People Overview and Scrutiny Committee; East Sussex County Council's Health Overview and Scrutiny Committee; and the full councils of Kent County Council and Medway Council in February and March 2018. The Terms of Reference are appended in Item 6b (pages 17 - 18).
- (8) The Kent & Medway Stroke Review's public consultation ran from 2 February – 20 April 2018. The following responses from local authorities involved in the Stroke JHOSC were submitted during the consultation and it has been requested that they are shared with the Committee. The responses are appended in Item 6c.
