Recommendation

1. Introduction

- 1.1. As of 30th August 2013, 45 companies have received funding with a further 7 companies awaiting a decision by the Investment Advisory Board.
- 1.2. The 45 companies will, during the lifetime of their project, receive just over £18 million which will generate over 1,400 jobs with private sector leverage of approximately £45 million. 137 applications have been approved, totalling £44.2m.
- 1.3. As part of the contractual agreement with BIS, KCC is required to report and provide case studies on every company who receive funding. The attached Pen Portraits document (see Appendix 1) provides all the information required. This document is also used as part of the marketing campaign and can be viewed on the website by potential applicants to the programme.
- 1.4. EDCC members were invited to visit a range of RGF recipients during July, August and September and Jacqui Ward will provide a verbal update on these visits.

2. Build a strong relationship with key business sectors across Kent

- 2.1. The Expansion East Kent programme has given KCC the opportunity to engage with a large number of businesses in the area and therefore has supported the development of a stronger relationship with the business community in the East Kent area.
