 Some of the paving slabs are also cracked and uneven

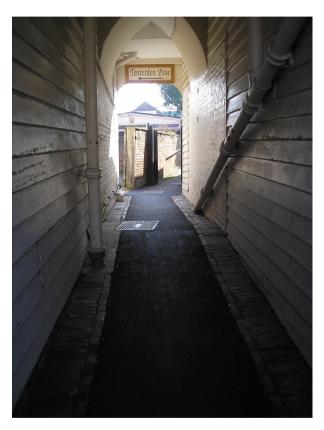

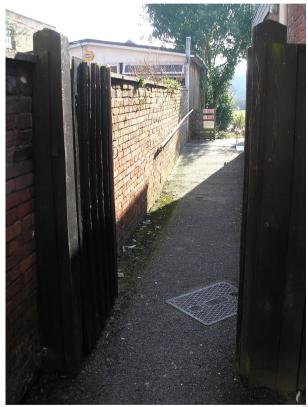

For anyone unable to use the steps there is a long route round the building

Once Inside the library the space is quite cramped and cluttered

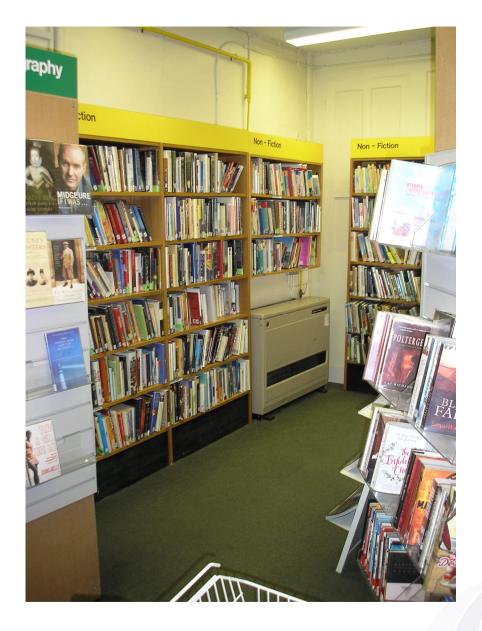

Tourist Information Centre

- In new location will be available all year round
- Improved and increased range of services offered to visitors and to local tourism businesses

Tourist Information Centre currently operates from the Town Hall

Fairings

Library Modernisation

The Journey of Transformation

- Kent Libraries key local target;
- "Transform Kent libraries in to centres for the community with on line access to virtual learning opportunities, better book stock and combining them with other county services"
- Our core objective is to have a network of welcoming and attractive libraries which are centres for local communities
- Scope is more than just redecorating, we look at how we deliver all our services.
