12. Motion for Time Limited Debate

Mr M Vye will propose and Mr T Prater will second:-

'KCC receives an increasing number of requests for 20mph limits, reflecting the findings of a DfT survey which has consistently found 80% of the public and 75% of drivers support 20 mph speed limits on residential streets (1).

Local Authorities are able to use their powers to introduce 20 mph speed schemes in residential roads in cities, towns and villages (2).

This Council agrees that Kent County Council should act on these powers without further delay and gives its authority to allow Member Highway Funds to be used to fund the creation of new 20mph schemes (zones/limits) where there is community support and where streets are being used by pedestrians and cyclists.

Notes:

- (1) Survey source – [Department for Transport \(DfT\) 'British Social Attitudes Survey: attitudes to transport'](#), conducted annually over the last ten years.
- (2) Particularly where this would be reasonable for the road environment, there is community support and where streets are being used by pedestrians and cyclists where business on foot is more important than delaying road traffic.'
