Reinvestment of fuel duty into road maintenance

Proposed by Mr R Parry, Seconded by Mr A Marsh

“This Council is asked to note that, according to a national poll, an overwhelming majority of residents agreed that the existing fuel duty should be reinvested back into local areas to help bring our crumbling roads back up to scratch. The national survey, carried out for the LGA, found that 83% of those polled back calls for the Government to inject a further £1bn a year into road maintenance by investing the equivalent of just two pence per litre of the existing fuel duty. This would allow Councils to improve the quality of our roads over the next decade.

Accordingly, this Council requests the Cabinet Member for Environment and Transport to lobby the government to implement this change as soon as possible in order to provide these much needed additional funds for our roads”.

12. Petition debate - Right to light **(Pages 77 - 80)**
