John Lynch, Head of Democratic Services 03000 410466 Thursday, 31 August 2017

In accordance with the current arrangements for meetings, representatives of the Managers have been given notice of the meeting and will be in attendance for Item(s) B1 and B2.

KENT COUNTY COUNCIL

SUPERANNUATION FUND COMMITTEE

MINUTES of a meeting of the Superannuation Fund Committee held in the Medway Room, Sessions House, County Hall, Maidstone on Friday, 23 June 2017.

PRESENT: Mr C Simkins (Chairman), Mr P V Barrington-King, Mr P Bartlett, Mr P C Cooper, Cllr J Burden, Cllr P Clokie, OBE, Mr D Coupland, Mr D S Daley. Mr T Dhesi, Cllr N Eden-Green, Mrs S Lysaght. Mr R A Marsh, Mr J P McInrov. Cllr L Wicks and Mr J Wright.

ALSO PRESENT: Mrs M E Crabtree and Mr J D Simmonds, MBE

IN ATTENDANCE: Ms B Cheatle (Pensions Manager), Mrs A Mings (Treasury and Investments Manager), Ms D Fitch (Democratic Services Manager (Council)), Mr S Tagg (Senior Accountant - Pension Fund), Mr N Vickers (Business Partner (Pension Fund)) and Mr A Wood (Corporate Director of Finance).

UNRESTRICTED ITEMS

2. Election of Vice-Chairman (*Item A2*)

(1) Mr Simkins proposed and Mr Marsh seconded that Mr Chard be elected Vice-Chairman of the Committee.

Agreed without a formal vote

- (2) RESOLVED that Mr Chard be elected Vice-Chairman of the Committee.
- 3. Declarations of Interests by Members in items on the Agenda for this meeting. (Item A3)

Councillor Eden-Green reminded the Committee of his other significant interest in State Street as his daughter in law was managing director of finance at State Street. He would therefore not take part in any discussion or decision relating to State Street at this or future meetings

4. Minutes - 17 March and 25 May 2017 (*Item A4*)

RESOLVED that the minutes of the meetings held on 17 March and 25 May 2017 are correctly recorded and that they be signed by the Chairman.

5. Motion to exclude the Press and Public (Item A5)

RESOLVED that under Section 100A of the Local Government Act 1972 the press and public be excluded from the meeting for the following business on the grounds that it involves the likely disclosure of exempt information as defined in paragraph 3 of part 1 of Schedule 12A of the Act.

6. Baillie Gifford

(Item B1)

(Mrs L Dewar and Mr G Roberts from Baillie Gifford were present for this item)

- (1) The Chairman welcomed Mrs Dewar and Mr Roberts from Baillie Gifford to the meeting and invited them to present their report on the Global Equities portfolio which they managed on behalf of the Kent Fund. They gave an overview of their investment activities, including details of market response to global factors.
- (2) The Chairman thanked Mrs Dewar and Mr Roberts for the continued portfolio performance.
- (3) RESOLVED that the presentation and the responses to the questions from the Committee be noted.

(Mrs Dewar and Mr Roberts left the meeting)

7. DTZ

(Item B2)

(Mr P O'Gorman and Ms J Linacre from DTZ were present for this item)

- (1) The Chairman welcomed Mr O'Gorman and Ms Linacre from DTZ to the meeting and invited them to present their 2016 annual report on the UK property portfolio which they managed on behalf the Kent Fund and answer questions from Committee members.
- (2) RESOLVED that the presentation and the response to the questions from the Committee be noted.

(Mr P O'Gorman and Ms J Linacre left the meeting.)

8. Fund Structure

(Item B3)

- (1) Mr Vickers introduced a report on a number of commercially sensitive matters related to the management of the Fund including the DTZ Direct UK Property Portfolio and passive equity manager procurement.
- (2) RESOLVED that the report be noted

UNRESTRICTED ITEMS

(meeting open to the public)

9. Access Local Government Pension Scheme Pooling (Item C1)

(1) Mr Vickers introduced a report which updated the Committee on the progress made on pooling including discussions with the Local Government Minister, the establishment

of the ACCESS Joint Committee, investment manager rationalisation and operator procurement.

- (2) Mr Vickers confirmed that the cost of establishing ACCESS and the support arrangements would be split equally between the 11 constituent local authorities.
- (3) Mrs Mings updated the Committee on the revised timetable for operator procurement, it was likely that this would commence in September 2017 with the operator being in place by April 2018.
- (4) RESOLVED that the report be noted.

10. Fund Position Statement

(Item C2)

- (1) Mr Vickers introduced a report which provided a summary of the Fund's asset allocation and performance, including the fund position statement for the quarter to 31 March 2017 and the performance of the Fund in the 12 months to 31 March 2017.
- (2) In response to a suggestion from a Member, Mr Vickers undertook to ensure that future fund position statements included the asset investment class as well as the details of the investment manager.
- (3) RESOLVED that the report be noted and a report be submitted to the September meeting on the options for reducing the allocation to global equities.

11. Pensions Administration (*Item C3*)

- (1) Ms Cheatle introduced a report which provided the Committee with a comprehensive update of administration issues including:- workload position, achievements against Key Performance Indicators, Guaranteed Minimum Pension Reconciliation and pension administration software.
- (2) Ms Cheatle answered questions from the Committee in relation to workload and staffing resources.
- (3) RESOLVED that the report be noted.

12. Fund Employer Matters

(Item C4)

- (1) Officers introduced a report on employer related matters, applications to join the Superannuation Fund and a number of admission matters.
- (2) RESOLVED that the employers report be noted and:
 - (a) Principal Catering Consultants Ltd (re the Williamson Trust) be admitted to the Kent County Council Superannuation Fund; and
 - (b) Superclean Services Worthorpe be admitted to the Kent County Council Superannuation Fund; and

- (c) a Deed of Modification be entered into with Birkin Cleaning Services Ltd; and
- (d) a Deed of Modification be entered into with Principal Catering Consultants Ltd; and
- (e) a termination agreement be entered into with CXK Ltd; and
- (f) the Chairman sign the minutes relating to recommendations (a) to (e) at the end of today's meeting; and
- (g) once legal agreements have been prepared for these matters the Kent County Council seal be affixed to the legal documents.

13. Meeting dates 2017/18

(Item C5)

The following meeting dates for 2017/18 were noted:

Friday 8 September 2017 Friday 17 November 2017 Friday 9 February 2018 Friday 23 March 2018

By: Chairman Superannuation Fund Committee

Corporate Director of Finance

To: Superannuation Fund Committee – 8 September 2017

Subject: SUPERANNUATION FUND REPORT & ACCOUNTS AND

EXTERNAL AUDIT

Classification: Unrestricted

Summary: To present the Report and Accounts of the Superannuation

Fund for 2016/17 and the External Audit Findings Report.

FOR DECISION

INTRODUCTION

1. A draft copy of the Superannuation Fund Report and Accounts for the year ended 31 March 2017 together with copies of the Fund's policy documents is attached at appendix 1 - 6.

- 2. The external auditor's Audit Findings Report which wholly relates to the accounts is also attached at appendix 7. The audit of the accounts is complete and an audit opinion was issued on 27 July.
- 3. The Fund's Accounts were approved by Governance and Audit Committee on 19 July.

RECOMMENDATIONS

- 4. Members are asked to:
 - (1) Approve the Superannuation Fund Annual Report
 - (2) Note the content of the Accounts for 2016/17 and the Fund policies.
 - (3) Confirm that the Report and Accounts can be published to the Kent Pension Fund website
 - (4) Note the external auditor's Audit Findings Report, and
 - (5) Note the position with regard to Governance and Audit Committee.

Alison Mings Treasury and Investments Manager 03000 416488

Kent County Council Superannuation Fund Report and Accounts 2017

Contents

| Contents | Page number |
|------------------------------|-------------|
| Introduction and Overview | 3 |
| Investments | 14 |
| Administration | 21 |
| Actuary's Report | 33 |
| Financial Statements | 35 |
| Independent Auditor's Report | 67 |

Chairman's foreword

The last year has seen a very significant growth in the value of the Pension Fund, with a return of 21% the Fund increased in value by under £1bn.

In the year we also had the results of the triennial actuarial valuation which saw the funding level increase to 89% and employer contribution rates held at 21% for the local authority employers.

These good outcomes are a tribute to the work of the Superannuation Fund Committee and in particular to the Chairman for the last 16 years Mr James Scholes who stepped down from the County Council in May.

The other major development in the year has been the progress made on pooling local authority assets. This is a Government initiative which requires the 89 English and Welsh administering authorities to work collaboratively with neighbouring Councils to set up investment pools and reduce investment management costs. Kent is part of the Collaboration of Central, Eastern and Southern Shires (ACCESS) with 10 other County Council Pension Funds. Good progress is being made.

I am really looking forward to working on a challenging agenda as the new Chairman of the Committee.

Charlie Simkins
Chairman – Superannuation Fund Committee

The Superannuation Fund Committee

The Superannuation Fund Committee exercises all of the powers and duties of the Kent County Council (KCC) in relation to its functions as Administering Authority for the Fund. The Committee is responsible for setting investment strategy, appointing professional fund managers and carrying out regular reviews and monitoring of investments. It also monitors the administration of the Pension Scheme and determines Pension Fund policy in regard to employer admission arrangements.

The membership of the Committee during 2016-17 is detailed below. There were 5 full Committee meetings during the year.

| Committee Members | |
|--------------------------|-----------------------------------|
| James Scholes, Chairman | Kent County Council |
| Dan Daley, Vice Chairman | Kent County Council |
| John Davies | Kent County Council |
| Alan Marsh | Kent County Council |
| Richard Parry | Kent County Council |
| Charlie Simkins | Kent County Council |
| Tom Maddison | Kent County Council |
| Zita Wiltshire | Kent County Council |
| John Burden | Gravesham Borough Council |
| Nick Eden-Green | Canterbury City Council |
| Paul Clokie | Ashford Borough Council |
| Les Wicks | Medway Council |
| Mary Wiggins | Kent Active Retirement Fellowship |
| David Coupland | Kent Active Retirement Fellowship |
| Sophy Lysaght | Unison Representative |

A new committee has been constituted following the Council elections in May 2017. Members of the new committee are as follows:

| Committee Members 2017-18 | |
|---------------------------|---------------------------|
| Charlie Simkins, Chairman | Kent County Council |
| Nick Chard, Vice Chairman | Kent County Council |
| Dan Daley | Kent County Council |
| Paul Barrington-King | Kent County Council |
| Alan Marsh | Kent County Council |
| Paul Bartlet | Kent County Council |
| Paul Cooper | Kent County Council |
| James McInroy | Kent County Council |
| John Burden | Gravesham Borough Council |

| Committee Members 2017-18 | |
|---------------------------|-----------------------------------|
| Nick Eden-Green | Canterbury City Council |
| Paul Clokie | Ashford Borough Council |
| John Wright | Kent County Council |
| Les Wicks | Medway Council |
| Mary Wiggins | Kent Active Retirement Fellowship |
| David Coupland | Kent Active Retirement Fellowship |
| Sophy Lysaght | Unison Representative |

Local Pensions Board

The Local Pensions Board for Kent was established in April 2015 in accordance with the relevant Government Legislation.

The membership of the Board during 2016-17 is detailed below; there were 2 full Board meetings.

| Board Members | | | |
|-------------------------------|--|--|--|
| Susan Carey, Chairperson | Kent County Council | | |
| Derek Smyth | Kent County Council | | |
| David Monk | Shepway District Council | | |
| Alison Kilpatrick | Kent and Medway Fire and Rescue Service | | |
| Joe Parsons, Vice Chairperson | Unison Representative | | |
| Sophy Lysaght | Trade Union Representative | | |
| John Peden | Staff Representative | | |
| David Coupland | Kent Active Retirement Fellowship Representative | | |

Following the Council elections in May 2017, the Pensions Board has been reconstituted as follows:

| Board Members 2017-18 | |
|---|--|
| Margaret Crabtree, Chairperson | Kent County Council |
| Rosalind Binks | Kent County Council |
| David Monk | Shepway District Council |
| Alison Kilpatrick Kent and Medway Fire and Rescue Service | |
| Joe Parsons, Vice Chairperson | Unison Representative |
| Sophy Lysaght | Union Representative |
| John Peden | Staff Representative |
| David Coupland | Kent Active Retirement Fellowship Representative |

Kent County Council Officers and Others

The day to day operations and management of the Fund and implementing the decisions of the Superannuation Fund Committee are delegated to the KCC Section 151 officer and his staff. This includes the power to seek professional advice and devolve day to day handling of the Fund's investments to professional fund managers and advisers within the scope of the regulations. KCC undertakes the monitoring and accounting for the investments of and income due to the Fund.

| Senior Officers | |
|-----------------|----------------------------------|
| Andy Wood | Corporate Director of Finance |
| Nick Vickers | Business Partner - Pension Fund |
| Alison Mings | Treasury and Investments Manager |
| Barbara Cheatle | Pensions Manager |

| Fund Managers |
|--|
| Schroder Investment Management |
| Woodford Investment Management |
| Baillie Gifford & Co |
| Sarasin & Partners |
| State Street Global Advisors (SSgA) |
| M&G Investments |
| Impax Asset Management |
| Goldman Sachs Asset Management (GSAM) |
| DTZ Investment Management |
| Fidelity Worldwide Investments |
| Kames Capital |
| YFM Equity Partners |
| HarbourVest Partners |
| Partners Group Management II S.ar.l |
| Henderson Global Investors |
| BMO Investments (Pyrford) |
| Kent County Council Treasury Management Team |

Further details of the Fund Manager mandates can be found in the Statement of Investment Principles (SIP) and the Investment Strategy Statement (ISS) which replaced the SIP from 1 April 2017.

Other Organisations providing services to the Kent Fund

| Service | Organisation | |
|--|--|--|
| Custodian | Northern Trust Company | |
| Bankers | National Westminster Bank | |
| Fund Actuary | Barnett Waddingham | |
| Additional Voluntary Contributions (AVC) Providers | Equitable Life Assurance Prudential Assurance Company Standard Life Assurance | |
| Investment Consultants | Hymans Robertson | |
| Auditors | Grant Thornton | |
| Legal Advisors | Kent County Council Legal Services | |
| Performance Measurers | The WM Company (till June 2016) Northern Trust Company (from July 2016) PIRC Limited | |
| Administration software provider | Aquila Heywood | |

The Kent Pension Fund maintains the following statutory statements and policies; these are reviewed and updated regularly:

- Funding Strategy Statement;
- Investment Strategy Statement (from 1 April 2017);
- Statement of Investment Principles (Up to 31 March 2017);
- Governance Compliance Statement;
- Communications Policy Statement.

These documents can be found on the Pension Fund's website - http://www.kentpensionfund.co.uk/local-government/fund-information/policies

Risk Management

Kent County Council as the Administering Authority for the Kent County Council Superannuation Fund has delegated responsibility for the management of risk to the Superannuation Fund Committee.

Risk register

The Committee regularly reviews the Fund's key risks and has identified the main risks as:

- proposals for Pooling Investments;
- fund investment return below that assumed by the actuary;
- employer outsourcing admission bodies;
- admission agreements/scheduled body resolutions closed to new members.

Arrangements have been agreed for the management of these risks in order to mitigate their impact on the Fund.

Page 57

Financial, demographic, regulatory, and employer risks

Details of the counter measures in place for financial, demographic, regulatory, and employer risks are included in the Fund's Funding Strategy Statement (FSS). The FSS is reviewed annually.

Operational risks

Kent County Council's Internal Audit Section conducts regular audits on the management of risk in the Pension Fund.

Third party risk such as that relating to employers in the Fund is managed through monitoring the timeliness of receipts of contributions as well as the annual review of guarantees / bonds provided by Admitted bodies.

Investment risk management

Further details of the Fund's policy on investment risk management are disclosed in in the Fund's Investment Strategy Statement (ISS). The Superannuation Fund Committee formally considers investment risk at four of its five planned meetings during the year.

Assurance over third party operations is provided by investment managers who are required to provide annual AAF 01/06 reports and ISAE 3402 reports.

Fund Overview

Financial Performance

3 Year forecast vs. actual income and expenditure analysis

The table below compares actual income and expenditure with that projected at the 2013 triennial valuation.

| | 2014-15 £m | 2015-16 £m | 2016-17 £m |
|---------------------------------------|---------------|---------------|---------------|
| Projected at 31 March 2013 | | | |
| Contributions net of pension payments | (8) | (11) | (24) |
| Investment Income net of expenses | 84 | 89 | 94 |
| Net income | 76 | 78 | 70 |
| | | | |
| Actual | | | |
| Contributions net of pension payments | (55) | 8 | 16 |
| Investment Income net of expenses | 74 | 90 | 85 |
| Net income | 19 | 98 | 101 |

The triennial valuation forecast a fall in contributions net of payments over the 3 year period however actual net income has increased. The higher income from Employers and Members was mainly due to an additional 5,000 contributing Members partly as a result of the auto-enrolment of new members.

Page 58

The number of pensioners also increased but lower than forecast CPI resulted in lower actual pension payments. In 2014-15 there was a one off transfer payment of £63.7m to the Greater Manchester Pension Fund which resulted in negative income from dealing with Members in that year.

Net investment income was mainly in line with forecast and takes into account higher management expenses due to the growth in fund valuations.

2016 Triennial Valuation

The Triennial valuation as at 31 March 2016 calculated a funding level of 89%. (2013 - 83%).

The funding level as a percentage has increased due to good investment returns and employer contributions although it has been partly offset due to changes in the financial assumptions used.

The increase in the funding level would normally result in lower employer contributions being required going forward however the lower expected long term return on investments (discount rate) has resulted in higher long term pension liabilities. This, coupled with a shorter recovery period of 17 years as compared to 20 years previously, has resulted in slightly higher contribution rates for employers and a general increase in Payroll has resulted in a higher contributions overall. Pension payments are projected to go up in line with CPI and a marginal increase in number of members retiring.

Details of the Actuary's assumptions used are included in the Barnett Waddingham report on page 34.

Investment income and management costs are projected to rise at a steady rate.

The Table below shows the forecast cash flow for the next three years based on the Actuary's assumptions.

3 year cash flow forecast

| | 2017-18 £m | 2018-19 £m | 2019-20 £m |
|-------------------|---------------|---------------|---------------|
| Contributions | 222 | 228 | 234 |
| Pension payments | -223 | -234 | -252 |
| Investment income | 116 | 122 | 128 |
| Management costs | -20 | -22 | -24 |
| Net Cash Flow | 95 | 94 | 86 |

2016-17 performance

During 2016-17 the Fund increased in value by £967.6m (21%) as the result of a net return on investments of £951.7m, and net inflow in respect of dealings with members, taking account of transfersout, of £16m.

Contributions from Employers and Members increased by £7.3m from 2015-16 reflecting the increase in contributing members and increase in salary. Benefits By able also increased in 2016-17 by £4.6m, due

to the increase in pensioner members of 1,388.

In 2016-17 management costs, including investment management expenses, were £22.7m, an increase on 2015-16 (£17.8m). The 2016-17 Investment management fees reflected the substantially increased value of assets under management. Administration and other costs were marginally higher than in 2015-16.

Management Expenses

The following table compares actual Administration, Governance and Oversight costs against the budget for 2016-17:

| | Actual | Budget |
|--|--------|--------|
| | £000's | £000's |
| Pensions Administration | 2,270 | 2,299 |
| Fund Administration | 482 | 486 |
| Administration expenses | 2,752 | 2,785 |
| Actuarial Fees | 323 | 283 |
| Actuarial fees directly recovered from employers | -188 | -220 |
| Investments and Accounting | 180 | 176 |
| ACCESS pooling costs | 92 | 150 |
| Tax consultants | 18 | 31 |
| Investment Consultants | 14 | 20 |
| Performance Measurement Fees | 32 | 43 |
| Audit fee | 31 | 31 |
| Governance and Oversight Expenses | 502 | 514 |

Actual Administration expenses were overall lower than budgeted due to savings in staff costs. Governance and Oversight expenses were below budget reflecting lower costs relating to the ACCESS pooling project.

Amounts due from Employers

During 2016-17 KCC continued to streamline the process for collecting contributions from employers resulting in 99% (99% in 2015-16) of total contribution income being received by the due date of the 19th of the month following. At 31 March 2017 amounts outstanding were £16m (31 March 2016 £20m). The option to levy interest on overdue contributions was not exercised.

Employers

During 2016-17 the number of Employers in the Fund increased to 589 mainly as the result of the conversion of schools to academies and the admission to the Fund of more commercial organisations following the outsourcing of service provision from local authorities.

The following table shows a summary of the number of employers in the Fund analysed by scheduled bodies and admitted bodies which are active (i.e. with contributing members) and ceased (i.e. with no active members but with some outstanding liabilities).

| | Active | Ceased | Total |
|----------------|--------|--------|-------|
| Scheduled Body | 290 | 177 | 466 |
| Admitted Body | 69 | 53 | 122 |
| Total | 359 | 230 | 589 |

Fund Trends

A summary of the Fund's key trends is shown below:

| | 2012-13 | 2013-14 | 2014-15 | 2015-16 | 2016-17 |
|--------------------------------|-----------|-----------|-----------|-----------|-----------|
| Net Assets @ 31 March (£000's) | 3,812,698 | 4,137,259 | 4,539,037 | 4,597,540 | 5,565,175 |
| Number of Contributors | 42,554 | 44,917 | 48,668 | 49,816 | 50,834 |
| Contributions (£000's) | 213,713 | 209,749 | 217,714 | 220,961 | 228,285 |
| Number of Pensioners | 33,731 | 34,841 | 35,917 | 37,260 | 38,648 |
| Benefits Paid (£000's) | 192,463 | 195,377 | 207,356 | 210,281 | 214,895 |

Financial Summary

A brief summary for the last 5 years is shown below:

| | 2012-13 £000's | 2013-14 £000's | 2014-15 £000's | 2015-16 £000's | 2016-17 £000's |
|--|-------------------|-------------------|-------------------|-------------------|-------------------|
| Value of Fund at start of year | 3,310,588 | 3,812,698 | 4,137,259 | 4,539,037 | 4,597,540 |
| Revenue account for year | | | | | |
| - Contributions and transfers | 222,553 | 216,637 | 222,177 | 224,366 | 238,851 |
| - Investment (net) & other income | 58,341 | 72,853 | 74,113 | 90,449 | 84,792 |
| - Benefits and other expenses | -202,976 | -203,495 | -277,358 | -216,314 | -222,949 |
| Net Revenue | 77,918 | 85,995 | 18,932 | 98,501 | 100,694 |
| | | | | | |
| Increase (Decrease) in market value of investments in year | 424,192 | 238,566 | 382,846 | -39,998 | 866,941 |
| | | | | | |
| Increase in Fund during year | 502,110 | 324,561 | 401,778 | 58,503 | 967,635 |
| | | | | | |
| Value of Fund at end of year | 3,812,698 | 4,137,259 | 4,539,037 | 4,597,540 | 5,565,175 |

Fund Investment Assets as at 31 March 2017

| | UK £000's | Non-UK £000's | Global £000's | Total £000's |

Five year analysis of the Fund's membership

| Type of Members | 31 March 13 | 31 March 14 | 31 March 15 | 31 March 16 | 31 March 17 |
|---------------------|-------------|-------------|-------------|-------------|-------------|
| Contributors | 42,554 | 44,917 | 48,668 | 49,816 | 50,834 |
| Pensioners | 33,731 | 34,841 | 35,917 | 37,260 | 38,648 |
| Deferred Pensioners | 37,835 | 39,777 | 41,534 | 42,476 | 42,352 |

Member Age Profile

The following table shows that at 31 March 2017 the age profile of the contributing membership was:

| Age | Members |
|----------|---------------|
| Under 20 | 550 |
| 20 – 25 | 3,671 |
| 26 – 30 | 3,736 |
| 31 – 35 | 4,315 |
| 36 – 40 | 5,282 e 62 |

| Age | Members |
|---------|---------|
| 41 – 45 | 6,845 |
| 46 – 50 | 8,572 |
| 51 – 55 | 8,190 |
| 56 – 60 | 6,090 |
| 61 – 65 | 2,906 |
| 66 – 70 | 573 |
| Over 70 | 104 |

Five year analysis of pension overpayments, recoveries and write offs

Overpayments

The overpayments identified over the last 5 years as the result of the Fund's participation in the National Fraud Initiative are shown below:

| Year | No | Value £ | Action |
|-------|----|------------|--|
| 2013 | 2 | 2,847 | No response, therefore put forward for write off |
| Total | 2 | 2,847 | |
| 2015 | 2 | 16,883 | Recovered |
| | 1 | 3,716 | Seeking Recovery |
| | 1 | 2,040 | No response, therefore put forward for write off |
| Total | 4 | 22,639 | |

Note: the number of cases has decreased as a mortality screening service is now used on a monthly basis to identify registered deaths.

Pension overpayments write offs

Details of the write offs made in the last 5 years:

| Year | No of cases | Value £ |
|---------|-------------|------------|
| 2012-13 | 60 | 18,979 |
| 2013-14 | 15 | 3,154 |
| 2014-15 | 10 | 2,975 |
| 2015-16 | 15 | 3,947 |
| 2016-17 | 36 | 8,135 |

Investment Strategy Overview

This report sets out details of the progress made against the Fund's investment strategy during the year.

At its regular meetings during 2016/17 the Committee reviewed the actual fund asset allocation compared to the benchmark, and where the variance was in excess of the tolerance level of \pm 0, as per the Fund's Statement of Investment Principles (SIP), agreed any action to be taken.

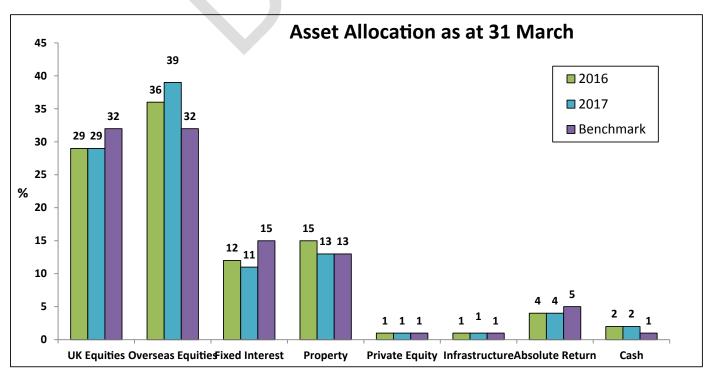

The Fund's strategic asset allocation at 31 March 2017 was as follows:

| Asset Class | Allocation % | Index |
|-----------------------------------|--------------|--------------------------|
| UK Equities | 32 | FTSE All Share |
| Overseas Equities | 32 | MSCI World Index NDR |
| Fixed Income | 15 | BAML GBP Broad Market |
| Property | 13 | IPD All Properties Index |
| Private Equity and Infrastructure | 2 | GBP 7 Day LIBID |
| Absolute Return | 5 | RPI +5% |
| Cash | 1 | GBP 7 Day LIBID |
| Total | 100 | |

There has been no change in the allocation during 2016-17.

Portfolio Distribution at 31 March

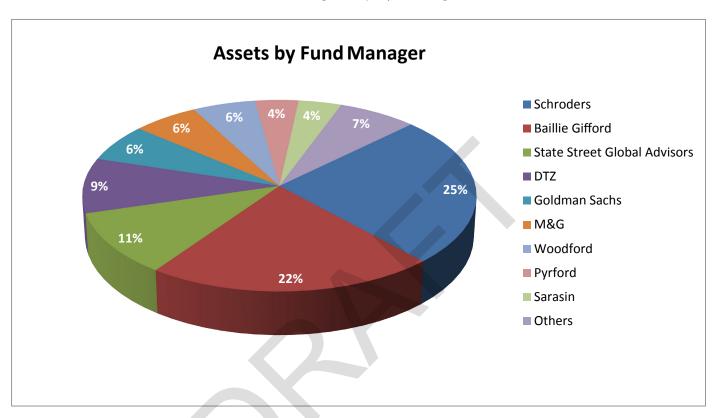

The graph below shows the Fund's actual portfolio distribution between the main asset-classes as at 31 March 2016 and 31 March 2017 vs the benchmark.

Page 64

Value of Funds under Management by Fund Manager

The following graph shows the proportion of the Fund under management by fund manager as at 31 March 2017 and the table lists the Fund's 10 largest equity holdings at that date.

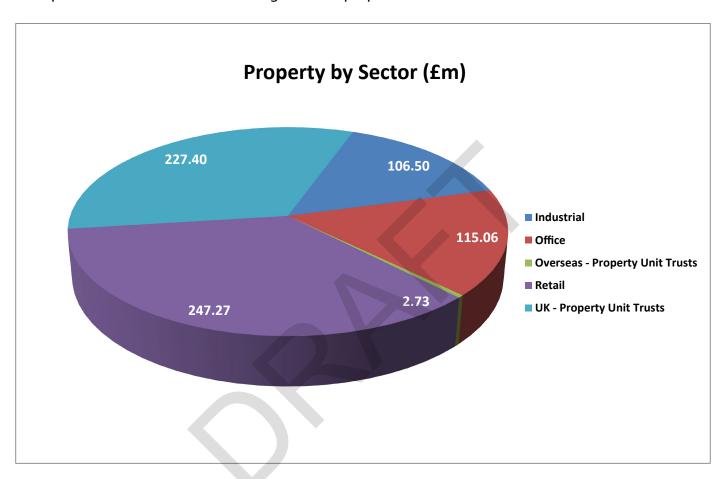

Equity

10 Largest Equity Holdings in the Fund as at 31 March 2017

| | Market Value £m | % of the Fund's Net Assets |
|--------------------------|-----------------|----------------------------|
| Royal Dutch Shell | 67 | 1.2% |
| British American Tobacco | 44 | 0.8% |
| Amazon | 39 | 0.7% |
| HSBC | 38 | 0.7% |
| Glaxo Smith Kline | 38 | 0.7% |
| Rio Tinto | 36 | 0.6% |
| Vodafone | 34 | 0.6% |
| Lloyds Banking Group | 32 | 0.6% |
| Astra Zeneca | 31 | 0.6% |
| Prudential | 30 | 0.5% |
| Total | 389 | 7.0% |

Property

The graph below provides detail of the type of property in which the Fund invests whilst the second table provides detail of the Fund's 5 largest direct properties held as at 31 March 2017.

Largest 5 properties held by the Kent Pension Fund

| Property | Property Type | Market Valuation £m |
|--------------------------------|---------------|------------------------|
| Battersea Park, London | Industrial | 41.33 |
| Drury House, London | Office | 40.14 |
| Lakeside Village, Doncaster | Retail | 33.12 |
| Colindale Retail Park, London | Retail | 27.83 |
| 3-5 Charing Cross Road, London | Retail | 26.95 |

Investment performance 2016-17

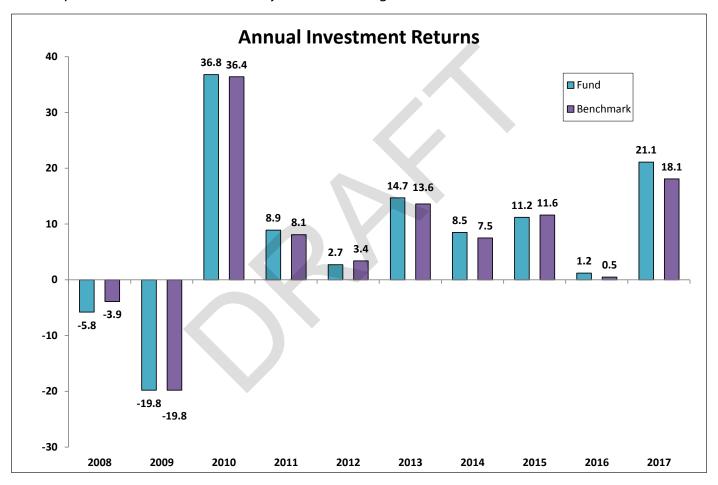

The investment performance of the fund managers is reported on a quarterly basis to the Superannuation Fund Committee. The fund managers submit reports and valuations for this purpose and managers of the large mandates meet at least annually with the Committee and / or its officers to make presentations and to answer questions.

Fund Managers are required to provide valuation information to Northern Trust which assesses the rate of return achieved and provides performance reports that are for consideration by the Committee.

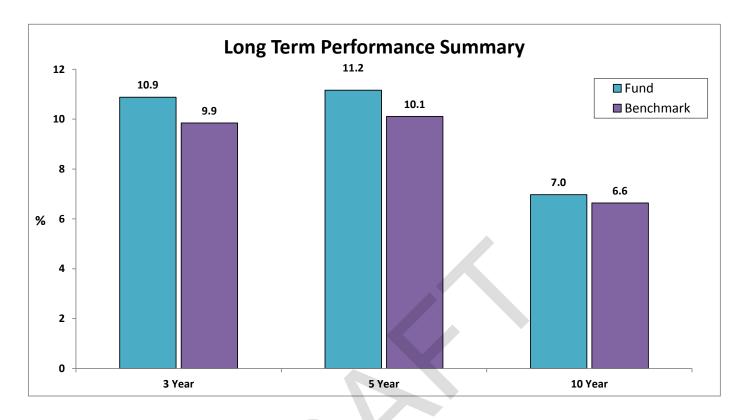

Total Fund Performance

The graph below shows the relative performance of the Kent Fund over the last 10 years. The overall return on the Fund for 2016/17 was 21.1% compared to the customised Strategic benchmark of 18.1%.

For comparison the PIRC Local Authority Universe average fund return for 2016/17 was 21.4%.

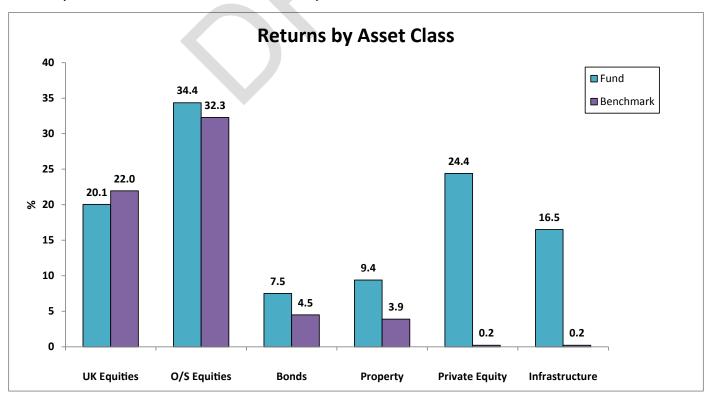

The graph overleaf shows the long term performance of the Fund compared against the Fund's Strategic benchmark.

Returns by Asset Class for 2016-17

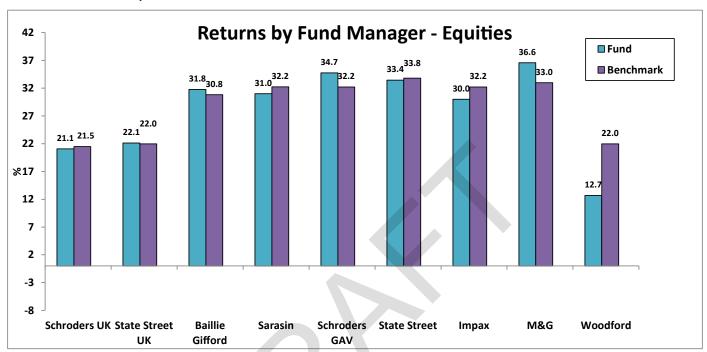

The analysis set out below shows the returns by asset class for 2016/17:

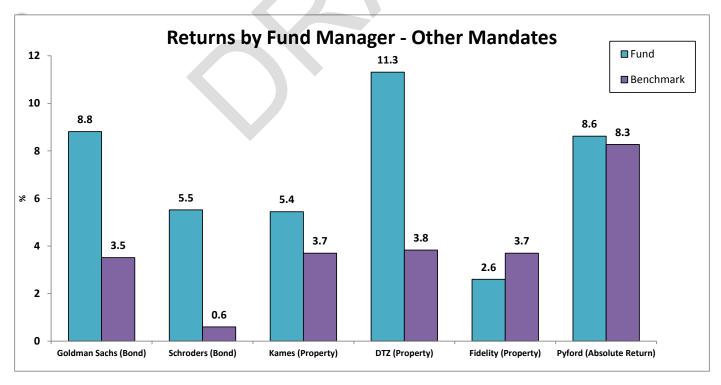

Investments

Performance by Fund Manager

The following graphs show the performance of the Equity and other Mandates compared to their benchmarks for the year ended 31 March 2017.

Environmental Social and Governance Investments Policy

Details of the Fund's responsible investment policies and environmental, social and governance issues are included in the Statement of Investment Principles (SIP) and in the Investment Strategy Statement (ISS) which replaces the SIP from 1 April 2017. Page 69

Investments

The Fund complies with the UK Stewardship Code through the outsourcing to its external investment managers, responsibility for governance, engagement, and voting activity. The Superannuation Fund Committee receives quarterly monitoring reports from the managers.

Voting by Equity Fund Managers 2016/17

| | Number of Resolutions | | | | | | |
|-----------------|-----------------------|---------------------|----|--|--|--|--|
| | For | For Against Abstain | | | | | |
| Baillie Gifford | 1,704 | 169 | 5 | | | | |
| Schroders | 305 | 4 | 0 | | | | |
| Sarasin | 603 | 147 | 37 | | | | |

The Fund is a member of The Pensions and Lifetime Savings Association (PLSA) and The Institutional Investors Group on Climate Change (IIGCC) and has signed up to the UN Principles for Responsible Investments (UNPRI).

Details of the Fund's compliance with the Myners principles are at appendix 4 of the Fund's Statement of Investment Principles available on the Kent Pension Fund website at www.kentpensionfund.co.uk.

Key Service Standards for Scheme Members

The table below details the Fund's Key Service Standards and performance against these standards.

| Type of case | Target time | Number processed | Processed within target |
|---|-----------------------------------|------------------|-------------------------|
| Calculation and payment of retirement award | 20 days from receipt of paperwork | 2,238 | 95% |
| Calculation and payment of dependants benefit | 15 days from receipt of paperwork | 410 | 95% |
| Provision of estimates | 20 days from receipt of paperwork | 3,145 | 67% |
| Correspondence | Full reply within 15 working days | 5,370 | 99% |

Administration and governance costs per member of the pension fund were as follows:

2016-17: £24.72015-16: £25.5

Staff to fund-member ratios were:

2015-16: 65 staff for 129,552 members2016-17: 64 staff for 131,834 members

There are 359 employers actively participating in the Fund and the profile of members is as detailed below:

| | Contri | butors | Pensi | oners | Deferred p | ensioners |
|---------------------|------------|------------|------------|------------|------------|------------|
| | 31Mar 2017 | 31Mar 2016 | 31Mar 2017 | 31Mar 2016 | 31Mar 2017 | 31Mar 2016 |
| Kent County Council | 22,797 | 22,363 | 20,362 | 19,716 | 22,595 | 22,792 |
| Other Employers | 28,037 | 27,453 | 18,286 | 17,544 | 19,757 | 19,684 |
| Total | 50,834 | 49,816 | 38,648 | 37,260 | 42,352 | 42,476 |

Scheme details

The Kent Pension Fund is part of the Local Government Pension Scheme (LGPS) and is administered by Kent County Council (KCC) for the purpose of providing pensions and other benefits for the pensionable employees of KCC, Medway Council, the district and borough councils in Kent and a number of other employers within the county area. The Pension Fund is a reporting entity and KCC as the Administering Authority is required to include the Fund's accounts as a note in its Report and Accounts. Teachers, police officers and firefighters are not included as they come within other national pension schemes. The LGPS is a contributory defined benefit pension scheme.

The Scheme is governed by the Public Service Pensions Act 2013. The Fund is administered in accordance Page 71

with the following secondary legislation:

- the Local Government Pension Scheme Regulations 2013 (as amended);
- the Local Government Pension Scheme (Transitional Provisions, Savings and Amendments) Regulations 2014 (as amended);
- the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2016

The Fund is overseen by the Kent County Council Superannuation Fund Committee (the Scheme manager). The Local Pension Board which was established in 2015 assists the Scheme manager to ensure the effective and efficient governance and administration of the Scheme.

Membership

Membership of the LGPS is voluntary and employees are free to choose whether to join or remain in the Scheme or to make personal arrangements outside the Scheme. Employers in the Fund include Scheduled Bodies which are Local Authorities and similar entities whose staff are automatically entitled to be members of the Scheme; and Admitted Bodies which participate in the Fund by virtue of an admission agreement made between the Authority and the relevant body. Admitted bodies include voluntary, charitable and similar entities or private contractors undertaking a local authority function following a specific business transfer to the private sector.

Funding

Benefits are funded by contributions and investment earnings. Contributions are made by active members of the Fund and range from 5.5% to 12.5% of pensionable pay for the financial year ending 31 March 2017. Employee contributions are matched by employers' contributions which are determined by the Fund's actuary based on triennial actuarial funding valuations at a level necessary to assure that the Fund is able to meet 100% of its existing and liabilities. Any shortfall is being spread over a period of up to a maximum of 20 years. The triennial valuation at 31 March 2013 certified the employer contribution rate payable from 1 April 2014 to 31 March 2017.

The 2013 triennial valuation certified a common contribution rate of 20% of pensionable pay to be paid by each employer participating in the Kent Pension Fund. In addition to this, each employer has to pay an individual adjustment to reflect its own particular circumstances and funding position within the Fund. Details of each employer's contribution rate are contained in the Statement to the Rates and Adjustment Certificate in the triennial valuation report.

The latest triennial valuation carried out as at 31 March 2016 has calculated an average contribution rate of 20.9% of pensionable pay. These rates came into effect from 1 April 2017.

Benefits

Pension benefits under the LGPS are based on the following:

| | Service pre April 2008 | Membership from 1 April 2008 to 31 March 2014 | Membership from 1 April 2014 |
|----------|--|---|---|
| Pension | 1/80 x final pensionable salary | 1/60 x final pensionable salary | 1/49 (or 1/98 if opted for 50/50 section) x career average revalued salary |
| Lump sum | Automatic lump sum of 3/80 x final pensionable salary. | No automatic lump sum. | No automatic lump sum. |
| | In addition, part of the annual pension can be exchanged for a one-off tax-free cash payment. A lump sum of £12 is paid for each £1 of pension given up. | Part of the annual pension can be exchanged for a one-off tax-free cash payment. A lump sum of £12 is paid for each £1 of pension given up. | Part of the annual pension can be exchanged for a one-off tax-free cash payment. A lump sum of £12 is paid for each £1 of pension given up. |

If a member has to leave work at any age due to permanent ill health the scheme provides a tiered ill health retirement package. If the member is unlikely to be capable of gainful employment within a reasonable time after they leave they will receive increased benefits payable immediately. Up to 31 March 2014 a scheme member needed to have total membership of at least 3 months to qualify for ill health benefits. Since 1 April 2014 this qualifying period has increased to 2 years.

Where a scheme member dies in service a lump sum is payable by way of a death grant equal to three years' pay. Scheme members are able to make an 'expression of wish' concerning to whom the grant should be payable in the event of their death.

The scheme also makes provision in the event of death for the payment of pensions to surviving spouses, civil partners, eligible children and, subject to certain qualifying conditions, cohabiting partners.

Increasing benefits

In addition to the scheme benefits members may, if they wish, pay extra to increase their retirement benefits. They can do this either by paying additional contributions to buy extra LGPS pension, by making payments to the scheme's Additional Voluntary Contributions (AVC) arrangements, or by making payments to a personal pension, stakeholder pension or Free-standing AVC scheme of their choice. There is a range of other benefits provided under the scheme including early retirement, ill health pensions and death benefits. For more details, please refer to the Kent Pension Fund website.

There is a range of other benefits provided under the Scheme including early retirement, ill health pensions and death benefits. For more details, please refer to the Kent Pension Fund website: www.kentpensionfund.co.uk.

Communications

The Pension Section communicates with members and employers in a variety of ways: newsletters Page 73

are sent to pensioners, pension forums are used to communicate with employers, and current and former Scheme members have access to the KCC Pensions Section to make written, email or telephone enquiries. Information can also be found on the Kent Pension Fund's website, www.kentpensionfund.co.uk. Scheme members receive an annual benefit illustration and each pensioner and deferred pensioner is advised annually of the indexation increase to their pension. The Kent Active Retirement Fellowship (KARF) has been established as a facility of which pensioners can become members and participate in a wide variety of activities. KARF has established groups throughout the County and welcomes new members.

Internal Dispute Procedure

The Kent Pension Fund has a formal Internal Dispute Procedure to consider a member dispute over a decision made either by a scheme employer or Kent County Council acting as the Administering Authority. An independent person is appointed by each employer to consider an appeal made by a scheme member.

| 2016-17 Disputes considered | 2016-17 Appeals upheld |
|-----------------------------|------------------------|
| 23 | 2 |

The following table lists contributing employers during 2016-17:

| Employers | Employer Contributions £ | Employee Contributions £ |
|--|--------------------------------|--------------------------------|
| Local Authorities and Other Public Bodies | | |
| Local Authorities | | |

Actuary's report

Introduction

The last full triennial valuation of the Kent County Council Pension Fund was carried out as at 31 March 2016 as required under Regulation 62 of the Local Government Pension Scheme Regulations 2013 (the Regulations) and in accordance with the Funding Strategy Statement of the Fund. The results were published in the triennial valuation report dated 31 March 2017.

2016 Valuation Results

Asset value and funding level

The results for the Fund at 31 March 2016 were as follows:

- the smoothed market value of the Fund's assets as at 31 March 2016 for valuation purposes was £4,556m;
- the Fund had a funding level of 89% i.e. the assets were 89% of the value that they would have needed to be to pay for the benefits accrued to that date, based on the assumptions used. This corresponded to a deficit of £547m.

Contribution Rates

The employer contribution rates, in addition to those paid by the members of the Fund, are set to be sufficient to meet:

- the annual accrual of benefits allowing for future revaluation of benefits and increases to pensions in payment when these fall due;
- plus an amount to reflect each participating employer's notional share of the Fund's assets compared with 100% of their liabilities in the Fund, in respect of service to the valuation date.

The primary rate of contribution at a whole Fund level was 14.9% of payroll p.a. The primary rate as defined by Regulation 62(5) is the employer's share of the cost of benefits accruing in each of the three years beginning 1 April 2017.

In addition each employer pays a secondary contribution as required under Regulation 62(7) that when combined with the primary rate results in the minimum total contributions as set out below. This secondary rate is based on their particular circumstances and so individual adjustments are made for each employer.

Details of each employer's primary and secondary rates are contained in the Rates and Adjustment Certificate in the triennial valuation report.

Assumptions

The key assumptions used at whole Fund level to value the benefits at 31 March 2016 are summarised overleaf:

Actuary's report

| Assumption | 31 March 16 |
|--------------------------|---|
| Discount rate | 5.4% p.a. |
| Pension increases (CPI) | 2.4% p.a. |
| Salary increases | In line with CPI until 31 March 2020 and 3.9% p.a. thereafter |
| Pension increases on GMP | Funds will pay limited increases for members that have reached SPA by 6 April 2016, with the Government providing the remainder of the inflationary increase. For members that reach SPA after this date, we have assumed that Funds will be required to pay the entire inflationary increases. |
| Mortality | The post retirement mortality assumptions adopted are as follows: For members, the S2PA series with a multiplier of 95%, making allowance for CMI 2015 projected improvements and a long-term rate of improvement of 1.5% p.a. For dependants, 115% of the S2PMA tables for male dependants and 110% of the S2DFA tables for female dependants, making allowance for CMI 2015 projected improvements and a long-term rate of improvement of 1.5% p.a. |
| Retirement | Each member retires at a single age, weighted based on when each part of their pension is payable unreduced. |
| Commutation | Members will convert 50% of the maximum possible amount of pension into cash |

Further details of these assumptions can be found in the relevant actuarial valuation report.

Updated position since the 2016 Valuation

Since 31 March 2016, investment returns have been higher than assumed at the 2016 triennial valuation. The value placed on the liabilities will, however, have also increased slightly due to the accrual of new benefits as well as a decrease in the real discount rate underlying the valuation funding model. Overall, we expect that the funding level should be slightly higher than at 31 March 2016 although the ongoing cost is likely to have increased due to lower real discount rates.

The next actuarial valuation is due as at 31 March 2019 and the resulting contribution rates required by the employers will take effect from 1 April 2020.

Partner, Barnett Waddingham LLP

Statement of Responsibilities for the Statement of Accounts Kent County Council's Responsibilities

The Council is required:

- to make arrangements for the proper administration of the Superannuation Fund's financial affairs and to ensure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is the Corporate Director of Finance;
- to manage the Fund's affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- to approve the statement of accounts.

I confirm that these Accounts were approved by the Governance and Audit Committee at its meeting on 19 July 2017 on behalf of Kent County Council.

Councillor Nick Chard
Chairman of the Governance and Audit Committee
19 July 2017

Corporate Director of Finance's Responsibilities

The Corporate Director of Finance is responsible for the preparation of the Superannuation Fund's Statement of Accounts in accordance with proper practices as set out in the CIPFA / LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code), and is required to give a true and fair view of the financial position of the Superannuation Fund at the accounting date and its income and expenditure for the year ended 31 March 2017.

In preparing this Statement of Accounts the Corporate Director of Finance has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent;
- complied with the Code.

The Corporate Director of Finance has also:

- kept proper accounting records which were up to date; and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

I confirm that these accounts give a true and fair view of the financial position of the Superannuation Fund at the reporting date and its income and expenditure for the year ended 31 March 2017.

Certificate of the Corporate Director of Finance

Andy Wood Corporate Director of Finance 19 July 2017

Notes to the Pension Fund Account

1. Basis of preparation

The Statement of Accounts summarises the Fund's transactions for the 2016-17 financial year and its position at 31 March 2017.

The accounts have been prepared in accordance with the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2016-17 which is based upon International Financial Reporting Standards, as amended for the UK public sector. The accounts are prepared on a going concern basis.

The accounts summarise the transactions of the Fund and report on the net assets available to pay pension benefits. The accounts do not take account of obligations to pay pensions and benefits which fall due after the end of the financial year. The actuarial present value of promised retirement benefits, valued on an International Accounting Standard (IAS)19 basis is disclosed at note 21 of these accounts.

2. Summary of Significant Accounting Policies

Fund Account - revenue recognition

a) Contribution income

Normal contributions, both from the members and from the employers, are accounted for on an accruals basis at the percentage rate recommended by the fund actuary in the payroll period to which they relate. Employers Deficit funding contributions are accounted for on the due dates on which they are payable under the schedule of contributions set by the scheme actuary or on receipt if earlier than the due date. Employers' augmentation contributions and pensions strain contributions are accounted for in the period in which the liability arises. Any amount due in year but unpaid will be classed as a current financial asset. Amounts not due until future years are classed as long-term financial assets.

b) Transfers to and from other schemes

Transfer values represent the amounts received and paid during the year for members who have either joined or left the Fund during the financial year and are calculated in accordance with the Local Government Pension Scheme Regulations. Individual transfers in/out are accounted for when received/paid, which is normally when the member liability is accepted or discharged. Transfers in from members wishing to use the proceeds of their additional voluntary contributions to purchase scheme benefits are accounted for on a receipts basis and are included in 'transfers in'. Bulk transfers are accounted for on an accruals basis in accordance with the terms of the transfer agreement.

c) Investment income

Dividends, interest, and stock lending income on securities have been accounted for on an accruals basis and where appropriate from the date quoted as ex-dividend (XD). Changes in the net market value of investments are recognised as income and comprise all realised and unrealised profits/losses during the year. A large number of the Fund's investments are held in income accumulating funds that do not distribute income. The accumulated income on such investments is reflected in the unit market price at the end of the year and is included in the realised and unrealised gains and losses during the year. Property related income mainly comprises of rental income which is recognised when it becomes due.

Fund Account - expense items

d) Benefits payable

Pensions and lump-sum benefits payable include all amounts known to be due as at the year end. Any amounts due but unpaid are disclosed in the Net Assets Statement as current liabilities.

e) Taxation

The Fund has been accepted by the HM Revenue and Customs as a registered pension scheme in accordance with paragraph 1(1) of Schedule 36 to the Finance Act 2004 and, as such, qualifies for exemption from tax on interest received and from capital gains tax on proceeds of investments sold. Tax is therefore only applicable to dividend income from equity investments. Income arising from overseas investments is subject to deduction of withholding tax unless exemption is permitted by and obtained from the country of origin. Investment income is shown net of non-recoverable tax, and any recoverable tax at the end of the year is included in accrued investment income.

By virtue of Kent County Council being the administering authority, VAT input tax is recoverable on all Fund activities including investment and property expenses.

f) Investment management, administrative, governance and oversight expenses

All expenses are accounted for on an accruals basis. Costs relating to Kent County Council staff involved in the administration, governance and oversight of the Fund, and overheads are incurred by the County Council and recharged to the Fund at the end of the year. Fees of the external investment managers and custodian are agreed in the respective mandates governing their appointments. Broadly these are based on the market value of the investments under their management and therefore increase or reduce as the value of these investments change.

Net Assets Statement

g) Financial and non financial assets

Financial assets other than debtors and cash are included in the Net Assets Statement on a fair value basis as at the reporting date. A financial asset is recognised in the Net Assets Statement on the date the Fund becomes party to the contractual acquisition of the asset. Any purchase or sale of securities is recognised upon trade and any unsettled transactions at the year-end are recorded as amounts receivable for sales and amounts payable for purchases. From the trade date any gains or losses arising from changes in the fair value of the asset are recognised by the Fund.

The values of investments as shown in the Net Assets Statement have been determined as follows:

- quoted investments are stated at market value based on the closing bid price quoted on the relevant stock exchange on the final day of the accounting period;
- fixed interest securities are recorded at net market value based on their current yields;
- investments in unquoted property and infrastructure pooled funds are valued at the net asset value or a single price advised by the fund manager;

- investments in private equity funds and unquoted listed partnerships are valued based on the Fund's share of the net assets in the private equity fund or limited partnership using the latest financial statements published by the respective fund managers. The valuation standards followed by the managers are in accordance with the industry guidelines and the constituent management agreements. Such investments may not always be valued based on year end valuation as information may not be available, and therefore will be valued based on the latest valuation provided by the managers adjusted for cash movements to the year end;
- pooled investment vehicles are valued at closing bid price if both bid and offer prices are published; or if single priced, at the closing single price. In the case of pooled investment vehicles that are accumulation funds, the change in market value also includes income which is reinvested in the fund;
- the Freehold and Leasehold properties were valued at open market prices in accordance with the valuation standards laid down by the Royal Institution of Chartered Surveyors. The last valuation was undertaken by Colliers International, as at 31 December 2016. The valuer's opinion of market value and existing use value was primarily derived using comparable recent market transactions on arm's length terms. The results of the valuation have then been indexed in line with the Investment Property Databank Monthly Index movement to 31 March 2017;
- debtors / receivables being short duration receivables with no stated interest rate are measured at original invoice amount.

h) Derivatives

The Fund uses derivative instruments to manage its exposure to specific risks arising from its investment activities. The Fund does not hold derivatives for speculative purposes. At the reporting date the Fund only held forward currency contracts. The future value of the forward currency contracts is based on market forward exchange rates at the year-end date and determined as the gain or loss that would arise if the outstanding contract were matched at the year-end with an equal and opposite contract.

i) Foreign currency transactions

Assets and liabilities in foreign currency are translated into sterling at spot market exchange rates ruling at the year-end. All foreign currency transactions including income are translated into sterling at spot market exchange rates ruling at the transaction date. All realised currency exchange gains or losses are included in investment income.

j) Cash and cash equivalents

Cash comprises cash in hand and demand deposits. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and that are subject to minimal risk of changes in value. Cash and cash equivalents managed by fund managers and cash equivalents managed by Kent County Council are included in investments. All other cash is included in Current Assets.

k) Financial liabilities

The Fund recognises financial liabilities other than creditors at fair value as at the reporting date. A financial liability is recognised in the Net Assets Statement on the date the fund becomes party to the liability. From this date any gains or losses arising from changes in the fair value of the liability are recognised by the Fund. Creditors are measured at amortised cost using the effective interest rate method, as required by IAS 39.

Page 89

I) Actuarial present value of promised retirement benefits

The actuarial present value of promised retirement benefits is assessed every three years by the scheme actuary and the methodology used is in line with accepted guidelines and in accordance with IAS 19. To assess the value of the Fund's liabilities as at 31 March 2017 the actuary has rolled forward the value of the Fund's liabilities calculated for the funding valuation as at 31 March 2016. As permitted under IAS 26, the Fund has opted to disclose the actuarial present value of promised retirement benefits by way of a note to the Net Assets Statement (Note 21).

m) Contingent Assets and Liabilities and Contractual Commitments

A contingent asset/liability arises where an event has taken place that gives the Fund a possible right/obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Fund. Contingent assets/liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an inflow/outflow of resources will be required or the amount of the right/obligation cannot be measured reliably. Contingent assets/liabilities are not recognised in the Fund Account but disclosed in a note to the accounts.

3. Judgements and Assumptions made in applying accounting policies

| Item | Uncertainties | Effect if actual results differ from assumption |
|---|--|---|
| Actuarial present value of promised retirement benefits | Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on Pension Fund assets. A firm of consulting actuaries is engaged to provide the Fund with expert advice about assumptions to be applied. | The effects on the net pension liability of changes in individual assumptions can be measured. For instance, a 0.5% increase in the discount rate assumption would result in a decrease in the pension liability of £809m. A 0.5% increase in assumed earning inflation would increase the value of liabilities by approx. £117m, and a one year increase to the life expectancy assumptions would increase the liability by approx. £340m. |
| Private Equity | Valuation of unquoted private equity including infrastructure investments is highly subjective and inherently based on forward looking estimates and judgements involving many factors. They are valued by the investment managers using guidelines set out in the British Venture Capital Association. | The total private equity including infrastructure investments on the financial statements are £138m. There is a risk that this investment may be under-or-over stated in the accounts. |

4. Events after the Fund Account date

There have been no events since 31 March 2017, up to the date when these accounts were authorised, that require any adjustment to these accounts.

5. Contributions Receivable

| | 2016-17 | 2015-16 |

11. Property Income and Expenditure

| | 2016-17 £000's | 2015-16 £000's |
|--|-------------------|-------------------|
| Rental Income from Investment Properties | 20,995 | 21,692 |
| Direct Operating Expenses | -7,446 | -4,693 |
| Net operating income from Property | 13,549 | 16,999 |

12. Investment Management Expenses

| | 2016-17 £000's | 2015-16 £000's |
|--------------------------|-------------------|-------------------|
| Investment Managers Fees | 18,170 | 14,459 |
| Transaction Costs | 1,232 | 502 |
| Custody fees | 83 | 137 |
| Total | 19,485 | 15,098 |

The management fees disclosed above include all investment management fees directly incurred by the fund including those charged on pooled fund investments.

Total transaction costs in 2015-16 were £991,000, £489,000 of which were included in cost of purchases and sales of investments and not recorded separately. From November 2015 all transaction costs incurred on purchases and sales of investments are accounted for separately. In addition to the transaction costs disclosed above, indirect costs are incurred through the bid-offer spread on investments within pooled investment vehicles. The amount of indirect costs is not separately provided to the Pension Fund.

14a. Analysis of Derivative Contracts

Objectives and policy for holding derivatives

Most of the holding in derivatives is to hedge liabilities or hedge exposures to reduce risk in the Fund. Derivatives may be used to gain exposure to an asset more efficiently than holding the underlying asset. The use of derivatives is managed in line with the investment management agreement agreed between the Fund and the investment manager.

Open forward currency contracts

In order to maintain appropriate diversification and to take advantage of overseas investment returns, a significant portion of the Fund's fixed income portfolio managed by Goldman Sachs Asset Management is invested in overseas securities. To reduce the volatility associated with fluctuating currency rates, the investment manager fully hedges the overseas, excluding emerging markets, exposure of the portfolio. This is approximately 75% of the portfolio managed by Goldman Sachs.

| Settlement | Currency bought | Local value 000's | Currency sold | Local value £000's | Asset value £000's | Liability value £000's |

16. Stock Lending

The Custodians undertake a conservative programme of stock lending to approved UK counterparties against non cash collateral mainly comprising of Sovereigns and Treasury Bonds.

The amount of securities on loan at year end, analysed by asset class and a description of the collateral is set out in the table overleaf.

| 31 March 17 | | | | | | | |
|-------------|------------------------|----------------------------|--|--|--|--|--|
| Loan Type | Market value £000's | Collateral value £000's | * • | | | | |
| Equities | 156,014 | 165,118 | Treasury Notes and other Government debt | | | | |
| Bonds | 12,460 | 13,187 | Treasury Notes and other Government debt | | | | |
| | 168,474 | 178,305 | | | | | |

17b. Net Gains and Losses on Financial Instruments

| | 31 March 17 £000's | 31 March 16 £000's |
|------------------------------------|-----------------------|-----------------------|
| Financial assets | | |
| Fair value through profit and loss | 835,694 | -76,449 |
| Loans and Receivables | 839 | -107 |
| Total | 836,533 | -76,556 |

18. Valuation of assets and liabilities carried at Fair Value

The basis of the valuation of each class of investment asset is set out below. There has been no change in the valuation techniques used during the year. All assets have been valued using fair value techniques which represent the highest and best price available at the reporting date.

| Description of Asset | Valuation Hierarchy | Basis of Valuation | Observable and unobservable inputs | Key sensitivities affecting the valuation provided |
|----------------------|------------------------|---|------------------------------------|--|
| Quoted Equities | 1 | Bid Market price on last day of accounting period | Not required | Not required |

| Description of Asset | Valuation Hierarchy | Basis of Valuation | Observable and unobservable inputs | Key sensitivities affecting the valuation provided |
|---|------------------------|---|--|--|
| Quoted Bonds | 1 | Market value on last day of accounting period | Not required | Not required |
| Quoted Pooled Investments | 1 | Net Asset Value/Bid prices on last day of accounting period | Net Asset Values | Not required |
| Unquoted Pooled Investments | 2 | Net Asset Value/Bid prices on last day of accounting period | Net Asset Values | Not required |
| Private Equity and Infrastructure Funds | 3 | Fair values as per International Private equity and venture capital guidelines (2012) | valuation of underlying investment/assets/ companies/EBITDA multiples | Estimation techniques used in valuations, changes in market conditions, industry specific conditions |
| Property | 2 | Independent valuation by Colliers using RICS valuation standards | Market values of similar porperties, existing lease terms estimated rental growth, estimated vacancies | Not required |
| Forward exchange contracts | 2 | Market forward exchange rates on the last day of accounting period | exchange rate risk | Not required |

Sensitivity of assets valued at level 3

Having analysed historical data and current market trends, and consulted with independent investment advisors, the fund has determined that the valuation methods described above, are likely to be accurate to within the following ranges, and has set out below the consequent potential impact on the closing value of investments held at 31 March 2017.

| | Assessed | Value as at | Value on | Value on |
|----------------|-----------------|---------------|----------|----------|
| | valuation range | 31 March 2017 | increase | decrease |
| | (+/-) | £000's | £000's | £000's |
| Private Equity | 20% | 80,525 | 96,630 | 64,420 |
| Infrastructure | 15% | 57,191 | 65,770 | 48,612 |

18a. Fair Value Hierachy

Level 1

Assets and Liabilities at Level 1 are those where the fair values are derived from unadjusted quoted prices in active markets for identical assets or liabilities. Investments include quoted equities, quoted fixed interest securities, quoted index linked securities and quoted unit trusts.

Level 2

Assets and Liabilities at Level 2 are those where quoted market prices are not available or where valuation techniques are used to determine fair value. These techniques use inputs that are based significantly on observable market data. Investments include Derivatives, Direct Property Investments and Property Unit Trusts.

Level 3

Assets and Liabilities at Level 3 are those where at least one input that could have a significant effect on the instrument's valuation is not based on observable market data and are valued using various valuation techniques that require significant judgement in determining appropriate assumptions. They include private equity and infrastructure investments the values of which are based on valuations provided by the General Partners to the funds in which the Pension Fund has invested. Assurances over the valuation are gained from the independent audit of the accounts.

These valuations are prepared by the Fund Managers in accordance with generally accepted accounting principles and the requirements of the law where these companies are incorporated. Valuations are usually undertaken periodically by the Fund Managers, and cash flow adjustments are used to roll forward the valuations where the latest valuation information is not available at the time of reporting.

The following table provides an analysis of the assets and liabilities of the pension fund grouped into levels 1 to 3, based on the level at which the fair value is observable.

| Values at | Quoted market price | Using observable inputs | With significant unobservable inputs | |
|---|------------------------|-------------------------------|--------------------------------------|-----------------|
| 31 March 2017 | Level 1 £000's | Level 2 £000's | Level 3 £000's | Total £000's |
| Assets | | | | |
| Financial assets at fair value through profit and loss | 4,593,782 | 233,034 | 137,717 | 4,964,533 |
| Non- Financial assets at fair value through profit and loss | Page | 468,827 105 | | 468,827 |

| | Quoted market price | | With significant unobservable | |
|-----------------------|---------------------|---------|-------------------------------|-----------|
| Values at | | inputs | inputs | |
| 31 March 2017 | Level 1 | Level 2 | Level 3 | Total |
| | £000's | £000's | £000's | £000's |
| Net Investment Assets | 4,593,782 | 701,861 | 137,717 | 5,433,360 |

| Values at 31 March 2016 | Quoted market price | Using observable inputs | With significant unobservable inputs | Total |
|---|------------------------|-------------------------|--------------------------------------|-----------------|
| 31 March 2010 | Level 1 £000's | Level 2 £000's | Level 3 £000's | Total £000's |
| Net Assets | | | | |
| Financial assets at fair value through profit and loss | 3,725,231 | 234,304 | 114,699 | 4,074,234 |
| Non- Financial assets at fair value through profit and loss | | 438,105 | | 438,105 |
| Net Investment Assets | 3,725,231 | 672,409 | 114,699 | 4,512,339 |

18b. Reconciliation of Fair Value Measurements within Level 3

| | Private Equity, Infrastructure £000's |
|----------------------------|---------------------------------------|
| Market Value 1 April 2016 | 114,699 |
| Transfers into level 3 | 0 |
| Transfers out of level 3 | 0 |

| Sales during the year | -12,677 |
| Unrealised gains/ losses | 13,168 |
| Realised gains/losses | 4,795 |
| Market Value 31 March 2017 | 137,717 |

19. Nature and extent of Risks Arising From Financial Instruments

Risk and risk management

The Fund's primary long-term risk is that the Fund's assets will fall short of its liabilities (i.e. promised benefits payable to members). Therefore the aim of investment risk management is to minimise the risk of an overall reduction in the value and to maximise the opportunity for gains across the whole Fund portfolio. The Fund achieves this through asset diversification to reduce exposure to market risk (price risk, currency risk and interest rate risk) and credit risk to an acceptable level. In addition, the Fund manages its liquidity risk to ensure there is sufficient liquidity to meet the Fund's forecast cash flows. The Council manages these investment risks as part of its overall pension fund risk management programme.

Risk management policies are established to identify and analyse the risks faced by the Council's pensions operations. Policies are reviewed regularly to reflect changes in activity and in market conditions.

a) Market risk

Market risk is the risk of loss from fluctuations in equity and commodity prices, interest and foreign exchange rates and credit spreads. The Fund is exposed to market risk from its investment activities, particularly through its equity holdings. The level of risk exposure depends on market conditions, expectations of future price and yield movements and the asset mix. The objective of the Fund's risk management strategy is to identify, manage and control market risk exposure within acceptable parameters, whilst optimising the return on risk. In general, excessive volatility in market risk is managed through diversification of the portfolio in terms of geographical and industry sectors and individual securities. To mitigate market risks, the Council and its investment advisors undertake appropriate monitoring of market conditions and benchmark analysis.

The Fund has a strategic allocation to Equities at 64% and this is typical of local authority funds. It does mean that returns are highly correlated with equity markets.

Other price risk

Other price risk represents the risk that the value of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or foreign exchange risk), whether those changes are caused by factors specific to the individual instrument or its issuer or factors affecting all such instruments in the market. The Fund is exposed to security and derivative price risks. This arises from investments held by the Fund for which the future price is uncertain. All security investments present a risk of loss of capital. Except for shares sold short, the maximum risk resulting from financial instruments is determined by the fair value of the financial instruments. The possible loss from shares sold short is unlimited. The Fund's investment managers mitigate this price risk through diversification and the selection of securities and other financial instruments is monitored by the Council to ensure it is within limits specified in the Fund Investment Strategy.

Other price risk - sensitivity analysis

Following analysis of historical data and expected investment return movement during the financial year, in consultation with the Fund's investment advisors, the Council has determined that the following movements in market price risk are reasonably possible for the 2017-18 reporting period.

| Asset Type | Potential Market Movements (+/-) |
|-------------------------------|----------------------------------|
| UK Equities | 7.94% |
| Overseas Equities | 16.45% |
| Global Pooled Equities inc UK | 15.00% |
| Bonds | 5.55% |
| Property | 13.33% |
| Infrastructure | 14.45% |
| Private Equity | 20.87% |

The potential price changes disclosed above are based on predicted volatilities calculated based on our experience of market returns of our investments of period of 3 years. The analysis assumes that all

other variables, in particular foreign currency exchange rates and interest rates, remain the same. Had the market price of the Fund investments increased/decreased in line with the above, the change in the net assets available to pay benefits in the market price would have been as follows (the prior year comparator is shown below):

| | Value as at 31 March 17 | Percentage change | Value on increase | Value on decrease |
|-------------------------------|----------------------------|----------------------|-------------------|-------------------|
| Asset Type | £000's | % | £000's | £000's |

| Total | 4,146,947 | | 4,661,541 | 3,632,353 |

Interest Rate Risk

The Fund invests in financial assets for the primary purpose of obtaining a return on investments. These investments are subject to interest rate risks, which represent the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Fund's interest rate risk is routinely monitored by the Council and its investment advisors in accordance with the Fund's risk management strategy, including monitoring the exposure to interest rates and assessment of actual interest rates against the relevant benchmarks. The Fund's direct exposure to interest rate movements as at 31 March 2017 and 31 March 2016 are set out below. These disclosures present interest rate risk based on the underlying financial assets at fair value.

| Asset Type | 31 March 17 £000's | 31 March 16 £000's |
|----------------------------|-----------------------|-----------------------|
| Cash and cash equivalents | 121,323 | 70,117 |
| Cash Balances | 10,779 | 7,896 |
| Bonds | | |
| - Directly held securities | 339,752 | 310,896 |
| - Pooled Funds | 241,654 | 228,876 |
| Total | 713,508 | 617,785 |

Interest rate risk - sensitivity analysis

The Council recognises that interest rates can vary and can affect both income to the Fund and the value of the net assets available to pay benefits. A 100 basis point (bps) movement in interest rates is consistent with the level of sensitivity applied as part of the Fund's risk management strategy. The Fund's investment advisor has advised that long-term average rates are expected to move less than 100 basis points from one year to the next and experience suggests that such movements are likely. The analysis that follows assumes that all other variables, in particular exchange rates, remain constant, and shows the effect in the year on the net assets available to pay benefits of a +/- 100 bps change in interest rates:

| | Carrying amount as at 31 March 17 | Change in year in the net assets available to pay benefits | | |
|----------------------------------|-----------------------------------|--|-------------------|--|
| Asset Type | £000's | +100bps £000's | -100bps £000's | |
| Cash and cash equivalents | 121,323 | 1,213 | -1,213 | |
| Cash Balances | 10,779 | 108 | -108 | |
| Bonds | | | | |
| - Directly held securities | 339,752 | -3,398 | 3,398 | |
| - Pooled Funds | 241,654 | -2,417 | 2,417 | |
| Total change in assets available | 713,508 | -4,494 | 4,494 | |

| | Carrying amount as at 31 March 16 | Change in year in the net asset available to pay benefits | | |
|----------------------------------|-----------------------------------|---|-------------------|--|
| Asset Type | £000's | +100bps £000's | -100bps £000's | |
| Cash and cash equivalents | 70,117 | 701 | -701 | |
| Cash Balances | 7,896 | 79 | -79 | |
| Bonds | | | | |
| - Directly held securities | 310,896 | -3,109 | 3,109 | |
| - Pooled Funds | 228,876 | -2,289 | 2,289 | |
| Total change in assets available | 617,785 | -4,618 | 4,618 | |

Changes to both the fair value of assets and the income received from investments impact on the net assets available to pay benefits. The analysis demonstrates that a 100 bps increase in interest rates will not affect the interest received on fixed interest assets but will reduce their fair value and vice versa. Changes in interest rates do not impact on the value of cash/cash equivalent balances but they will affect interest income received on those balances.

Currency Risk

Currency risk represents the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Through their investment managers, the Fund holds both monetary and non-monetary assets denominated in currencies other than GBP, the functional currency of the Fund. Most of these assets are not hedged for currency risk. The Fund is exposed to currency risk on these financial instruments. However, a large part (£282m) of the assets managed by Goldman Sachs Asset Management held in non GBP currencies is hedged for currency risk through forward currency contracts. The Fund's currency rate risk is routinely monitored by the Council and its investment advisors in accordance with the Fund's risk management strategy, including monitoring the range of exposure to current fluctuations. The following table summarises the Fund's currency exposure excluding the hedged investments as at 31 March 2017 and 2016:

| Currency exposure - asset type | Asset value as at 31 March 17 | Asset value as at 31 March 16 |
|--|-------------------------------|-------------------------------|
| | £000's | £000's |
| Overseas Equities | 1,234,999 | 950,632 |
| Overseas Pooled Funds | 1,136,971 | 877,883 |
| Overseas Bonds | 40,223 | 39,923 |
| Overseas Private Equity, Infrastructure and Property funds | 125,388 | 109,638 |
| Non GBP Cash | 14,125 | 8,302 |
| Total overseas assets | 2,551,706 | 1,986,378 |

Currency risk - sensitivity analysis

Following analysis of historical data and expected currency movement during the financial year, in consultation with the fund's investment advisors, the Council has determined that the following movements in the values of financial assets denominated in foreign currency are reasonably possible for Page 110

the 2017-18 reporting period. This analysis assumes that all other variables, in particular interest rates, remain constant. A relevant strengthening/weakening of the pound against various currencies in which the Fund holds investments would increase/decrease the net assets available to pay benefits as follows:

| | Asset value as at | Change to net asset available to pay benefit | |
|--|-------------------|--|-----------|
| | 31 March 17 | +8.3% | -8.3% |
| Currency exposure - asset type | £000's | £000's | £000's |
| Overseas Equities | 1,234,999 | 1,337,504 | 1,132,494 |
| Overseas Pooled Funds | 1,136,971 | 1,231,340 | 1,042,602 |
| Overseas Bonds | 40,223 | 43,562 | 36,884 |
| Overseas Private Equity, Infrastructure and Property funds | 125,388 | 135,795 | 114,981 |
| Non GBP Cash | 14,125 | 15,297 | 12,953 |
| Total change in assets available | 2,551,706 | 2,763,498 | 2,339,914 |

| | Asset value as at 31 | | | |
|--|----------------------|-----------|-----------|--|
| | March 16 | +8.3% | -8.3% | |
| Currency exposure - asset type | £000's | £000's | £000's | |
| Overseas Equities | 950,632 | 1,029,534 | 871,730 | |
| Overseas Pooled Funds | 877,883 | 950,747 | 805,019 | |
| Overseas Bonds | 39,923 | 43,237 | 36,609 | |
| Overseas Private Equity, Infrastructure and Property funds | 109,638 | 118,738 | 100,538 | |
| Non GBP Cash | 8,302 | 8,991 | 7,613 | |
| Total change in assets available | 1,986,378 | 2,151,247 | 1,821,509 | |

b) Credit Risk

Credit risk represents the risk that the counterparty to a transaction or a financial instrument will fail to discharge an obligation and cause the Fund to incur a financial loss. The market values of investments generally reflect an assessment of credit in their pricing and consequently the risk of loss is implicitly provided for in the carrying value of the Fund's financial assets and liabilities.

In essence the Fund's entire investment portfolio is exposed to some form of credit risk, with the exception of the derivatives positions, where the risk equates to the net market value of a positive derivative position. However, the selection of high quality counterparties, brokers and financial institutions minimises credit risk that may occur through the failure to settle a transaction in a timely manner.

Contractual credit risk is represented by the net payment of a receipt that remains outstanding, and the cost of replacing the derivative position in the event of a counterparty default. The residual risk is minimal due to the various insurance policies held by the exchanges to cover defaulting counterparties.

Page 111

Deposits are not made with banks and financial institutions unless they are rated independently and meet the Council's credit criteria. The Council has also set limits as to the maximum amount that may be placed with any one financial institution. The Fund's cash was held with the following institutions:

| | Rating | Balance as at 31 March 17 £000's | Balance as at 31 March 16 £000's |
|--|--------|--|--|
| Money Market Funds | | | |
| Northern Trust Sterling Fund | AAAm | 75,918 | 44,059 |

| Natwest Current Account - Euro | BBB+ | 8,893 | 3,883 |
| Natwest Current Account - USD | BBB+ | 1,800 | 9 |
| Northern Trust - Current Accounts | AA- | 178 | 4,463 |
| Barclays - DTZ client monies account | Α | 2,099 | 1,287 |
| | | 13,057 | 9,692 |
| Total | | 132,102 | 78,013 |

c) Liquidity risk

Liquidity risk represents the risk that the Fund will not be able to meet its financial obligations as they fall due. The Council therefore takes steps to ensure that the Pension Fund has adequate cash resources to meet its commitments. The Council has immediate access to its Pension Fund cash holdings.

Management prepares periodic cash flow forecasts to understand and manage the timing of the Fund's cash flows. The appropriate strategic level of cash balances to be held forms part of the Fund investment strategy.

All financial liabilities at 31 March 2017 are due within one year.

Refinancing risk

The key risk is that the Council will be bound to replenish a significant proportion of its Pension Fund financial instruments at a time of unfavourable interest rates. The Council does not have any financial instruments that have a refinancing risk as part of its treasury management and investment strategies.

20. Funding Arrangements

In line with Local Government Pension Scheme (Administration) Regulations 2013 (as amended), the Fund is required to obtain an actuary's funding valuation every three years for the purpose of setting employer contribution rates for the forthcoming triennial period. The last such valuation took place as at 31 March 2016.

The key elements of the funding policy are:

- to ensure the long-term solvency of the Fund and ensure that sufficient funds are available to meet all the benefits as they fall due for payment;
- to ensure employer contribution rates are as stable as possible;
- to minimise the long term cost of the scheme by recognising the link between assets and liabilities and adopting an investment strategy that balances risk and return;
- to reflect the different characteristics of employing bodies in determining contribution rates where the administering authority considers it reasonable to do so.

At the 2016 valuation a maximum deficit recovery period of 17 years (2013- 20 years) is used for all employers. Shorter recovery periods have been used where affordable. This will provide a buffer for future adverse experience and reduce the interest cost paid by employers. For Transferee Admission Bodies the deficit recovery period is set equal to the future working life of current employees or the remaining contract period, whichever is the shorter.

In the 2016 triennial valuation, the smoothed value of the Fund's assets at the valuation date was $\pounds 4,556$ m and the liabilities were $\pounds 5,103$ m. The assets therefore, represented 89% (2013 - 83%) of the Fund's accrued liabilities, allowing for future pay increases.

The contribution rate for the average employer, including payments to target full funding has increased from 20% to 20.9% of pensionable salaries. The funding level as a percentage has increased (due to good investment returns and employer contributions) although this has been partly offset by the changes in the financial assumptions used to calculate the liabilities.

The actuarial valuation has been undertaken on the projected unit method. At individual employer level the projected unit funding method has been used where there is an expectation that new employees will be admitted to the Fund. The attained age method has been used for employers who do not allow new entrants. These methods assess the costs of benefits accruing to existing members during the remaining working lifetime, allowing for future salary increases. The resulting contribution rate is adjusted to allow for any differences in the value of accrued liabilities and the market value of assets.

The 2016 actuarial assumptions were as follows:

| Assumptions | 2016 |
|---|---|
| Valuation of Assets: | Assets have been valued at a 6 month smoothed market rate |
| Rate of return on investments (discount rate) | 5.4% p.a. |
| Rate of general pay increases: Long term | 3.9% p.a. |
| Short term | CPI for period 31 March 2016 to 31 March 2020 |
| Rate of increases to pensions in payment (in excess of guaranteed minimum pension): | 2.4% p.a. |

21. Actuarial Present Value of Promised Retirement Benefits

In addition to the triennial funding valuation, every year the fund's actuary undertakes a valuation of the Fund's liabilities on an IAS 19 basis, using the same base data as the funding valuation rolled forward to the current financial year, taking account of changes in membership numbers and updating assumptions to the current year.

The actuarial present value of promised retirement benefits as at 31 March 2017 was £9,062.3m (31 March 2016: £7,479.8m). The Fair Value of the Scheme assets at Bid Value being £5,565.2m (31 March 2016: £4,597.5m) the Fund has a net liability of £3,497.1m as at 31 March 2017 (31 March 2016: £2,882.3m). The Fund accounts do not take account of liabilities to pay pensions and other benefits in the future. Based on the latest valuation, the fair value of net assets of the Fund represents 61.41% of the actuarial valuation of the promised retirement benefits. Future liabilities will be funded from future contributions from employers.

The liability above being calculated on an IAS 19 basis and differs from the results of the 2016 triennial funding valuation because IAS 19 stipulates a discount rate rather than a rate which reflects a market rate.

| Assumptions used: | % p.a. |
|----------------------------------|--------|
| Salary increase rate | 4.2% |
| Inflation/Pensions increase rate | 2.7% |
| Discount rate | 2.7% |

22. Current Assets

| | £000's | 31 March 17 £000's | £000′s | 31 March 16 £000's |

| Other Entities and individuals | | 4,634 | | 4,646 |
| Total | | 10,424 | | 12,077 |

24. Additional Voluntary Contributions

Scheme members have the option to make additional voluntary contributions to enhance their pension benefits. In accordance with regulation 4(2)(b) of the LGPS (Management and Investment of Funds) Regulations 2009, these AVC contributions are not included within the Pension Fund Accounts. These contributions are paid to the AVC provider directly by the employer and are invested separately from the Pension Fund, with either Equitable Life Assurance Company, Prudential Assurance Company or Standard Life Assurance Company. These amounts are included within the disclosure note figures below.

| | Prude | ential | Standa | rd Life | Equital | ble Life |

| | | | | | | |
| Contributions paid | 1,438 | 1,237 | ne 115 166 | 175 | 6 | 2 |

25. Related Party Transactions

The Kent Pension Fund is required to disclose material transactions with related parties, not disclosed elsewhere, in a note to the financial statements. During the year each member of the Kent County Council Superannuation Fund Committee is required to declare their interests at each meeting. None of the members of the Committee or senior officers undertook any material transactions with the Kent Pension Fund.

| | 2016-17 £000's | 2015-16 £000's |
|---|-------------------|-------------------|
| Kent County Council is the largest single employer of members of the Pension Fund and during the year contributed: A list of all contributing employers and amount of contributions received is included in the Fund's annual report available on the pension fund website at: www.kentpensionfund.co.uk | 67,989 | 66,968 |
| Charges from Kent County Council to the Kent Pension Fund in respect of pension administration, governance arrangements, investment monitoring, legal and other services. | 2,940 | 2,706 |
| Year end balance due to Kent County Council arising out of transactions between Kent County Council and the Pension Fund | -2,731 | -645 |

Key management personnel

The employees of Kent County Council who held key positions in the financial management of the Kent Pension Fund during 2016-17 were the Corporate Director of Finance and Procurement, the Head of Financial Services, the Treasury and Investments Manager and the Pensions Manager. Details of officers' remuneration and members' allowances can be found in the accounts of Kent County Council under notes 6 and 7.

26. Contingent Liabilities and Contractual Commitments

Outstanding capital commitments (investments) as at 31 March 2017 totalled £102.3m (31 March 2016: £61.9m).

These commitments relate to outstanding call payments due on unquoted limited partnership funds held in private equity and infrastructure parts of the portfolio. The amounts 'called' by these funds are irregular in both size and timing over the life of each fund.

27. Contingent Assets

32 admitted body employers in the Kent Pension Fund hold insurance bonds to guard against the possibility of being unable to meet their pension obligations. These bonds are drawn in favour of the Fund and payment will only be triggered in the event of employer default.

Independent Auditor's report

Independent auditor's report to the members of Kent County Council on the consistency of the pension fund financial statements included in the superannuation fund annual report

Opinion

The superannuation fund financial statements of Kent County Council (the "Authority") for the year ended 31 March 2017 which comprise the fund account, the net assets statement and the related notes of Kent County Council superannuation fund are derived from the audited pension fund financial statements for the year ended 31 March 2017 included in the Authority's Statement of Accounts (the "Statement of Accounts").

In our opinion, the accompanying superannuation fund financial statements are consistent, in all material respects, with the audited financial statements in accordance with proper practices as defined in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2016/17 and applicable law.

Superannuation fund annual report - Superannuation fund financial statements

The superannuation fund annual report and the superannuation fund financial statements do not reflect the effects of events that occurred subsequent to the date of our report on the Statement of Accounts. Reading the superannuation fund financial statements and the auditor's report thereon is not a substitute for reading the audited Statement of Accounts and the auditor's report thereon.

Who we are reporting to

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 paragraph 20(5) of the Local Audit and Accountability Act 2014 and as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our work has been undertaken so that we might state to the members of the Authority those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

The audited financial statements and our Report thereon

We expressed an unmodified audit opinion on the superannuation fund financial statements in the Statement of Accounts in our report dated 20 July 2017.

Corporate Director of Finance responsibilities for the superannuation fund financial statements in the superannuation fund annual report

Under the Local Government Pension Scheme Regulations 2013 the Chief Financial Officer of the Authority is responsible for the preparation of the superannuation fund financial statements, which must include the fund account, the net asset statement and supporting notes and disclosures prepared in accordance with proper practices. Proper practices for the superannuation fund financial statements in both the Statement of Accounts and the superannuation fund annual report are set out in the CIPFA/Page 117

Independent Auditor's report

LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2016/17.

Auditor's responsibility

Our responsibility is to express an opinion on whether the superannuation fund financial statements in the superannuation fund annual report are consistent, in all material respects, with the audited superannuation fund financial statements in the Statement of Accounts based on our procedures, which were conducted in accordance with International Standard on Auditing 810 (Revised), Engagements to Report on Summary Financial Statements.

Kent County Council Superannuation Fund **Funding Strategy Statement** 2017

Introduction

This is the Funding Strategy Statement (FSS) for the Kent County Council Superannuation Fund. It has been prepared in accordance with Regulation 58 of the Local Government Pension Scheme Regulations 2013 (the Regulations) and describes Kent County Council's strategy, in its capacity as administering authority, for the funding of the Kent County Council Superannuation Fund (the Fund).

This statement should be read in conjunction with the Fund's Investment Strategy Statement (ISS)/ Statement of Investment Principles (SIP) and has been prepared with regard to the 2016 guidance issued by CIPFA.

Purpose of the Funding Strategy Statement

The purpose of the FSS is to explain the Fund's approach to meeting employers' pension liabilities and in particular:

- establish a clear and transparent Fund specific strategy which will identify how employers' pension liabilities are best met going forward;
- support the desirability of maintaining as nearly constant a primary contribution rate as possible, as defined in Regulation 62(5) of the Regulations;
- ensure that the regulatory requirements to set contributions to meet the future liability to provide scheme member benefits in a way that ensures the solvency and long-term cost efficiency of the fund are met; and
- take a prudent longer-term view of funding those liabilities.

These objectives are desirable individually but may be mutually conflicting. This FSS seeks to set out how the Administering Authority has balanced the conflicting aims of affordability of contributions, transparency of processes, stability of employers' contributions and prudence in the funding basis.

Aims and purposes of the Fund

The aims of the Fund are to:

- manage employers' liabilities effectively and ensure that sufficient resources are available to meet all liabilities as they fall due;
- enable primary contribution rates to be kept as nearly constant as possible and (subject to the
 administering authority not taking undue risks) at reasonable cost to all relevant parties (such as
 the taxpayers, scheduled, resolution and admitted bodies), while achieving and maintaining fund
 solvency and long-term cost efficiency. This should be assessed in light of the risk profile of the Fund
 and employers, and the risk appetite of the administering authority and employers alike; and
- seek returns on investment within reasonable risk parameters.

The purpose of the Fund is to:

- pay pensions, lump sums and other benefits to scheme members as provided under the Regulations;
- meet the costs associated in administering the Fund;
- receive contributions, transfer values and investment income; and
- acumulate and invest money received, and facilitate the management of this.

Funding Objectives

Contributions are paid to the Fund by Scheme members and the employing bodies to provide for the benefits which will become payable to Scheme members when they fall due.

The funding objectives are to:

- set levels of employer contribution that will build up a fund of assets that will be sufficient to meet all future benefit payments from the Fund;
- build up the required assets in such a way that employer contribution rates are kept as low and stable as possible, with consideration of the long-term cost efficiency objective;
- ensure that pension benefits can be met as and when they fall due over the lifetime of the Fund;
- ensure the solvency of the Fund; and
- ensure effective and efficient management of each employer's liabilities.

Key Parties

The key parties involved in the funding process and their responsibilities are as follows:

The Administering Authority

The Administering Authority for the Superannuation Fund is Kent County Council. The main responsibilities of the Administering Authority are to:

- operate the Fund;
- collect and account for employer and employee contributions, investment income and other amounts due to the Fund as stipulated in the Regulations;
- invest the Fund's assets ensuring sufficient cash is available to meet liabilities as and when they become due:
- pay the benefits due to Scheme members as stipulated in the Regulations;
- take measures as set out in the Regulations to safeguard the Fund against the consequences of employer default;
- manage the actuarial valuation process in conjunction with the Fund Actuary;
- prepare and maintain this FSS and also the ISS after consultation with other interested parties;
- monitor all aspects of the Fund's performance;
- prepare the Fund accounts;
- effectively manage any potential conflict of interest arising from its dual role as both Fund administrator and Scheme Employer; and

enable the Local Pension Board to review the valuation process as they see fit.

Individual Employers

In addition to the Administering Authority, a number of other employers, including admission bodies, participate in the Fund.

The responsibilities of each individual employer that participates in the Fund, including the Administering Authority, are to:

- collect employee contributions and pay these together with their own employer contributions as certified by the Fund Actuary to the Administering Authority within the statutory timescales;
- notify the Administering Authority of any new Scheme members and any other membership changes promptly;
- develop a policy on certain discretions and exercise those discretions as permitted under the Regulations;
- meet the costs of any augmentations or other additional costs, particularly in respect of early retirement strains, in accordance with agreed policies and procedures; and
- pay any exit payments due on ceasing participation in the Fund.

Scheme Members

Active scheme members are required to make contributions into the Fund as set by the Department of Communities and Local Government.

Fund Actuary

The Fund Actuary for the Fund is Barnett Waddingham LLP. The main responsibilities of the Fund Actuary are to:

- prepare valuations, including the setting of employers' contribution rates at a level to ensure Fund solvency and long-term cost efficiency, after agreeing assumptions with the administering authority and having regard to the FSS and the Regulations;
- advise interested parties on funding strategy and completion of actuarial valuations in accordance with the FSS and the Regulations;
- prepare advice and calculations in connection with bulk transfers and individual benefit-related matters;
- prepare advice and valuations on the exiting of employers from the Fund;
- provide advice to the administering authority on bonds or other forms of security against the financial effect on the Fund of employer default;
- assist the administering authority in assessing whether employer contributions need to be revised between valuations as permitted or required by the Regulations;
- ensure that the administering authority is aware of any professional guidance or other professional requirements which may be of relevance to his or her role in advising the Fund; and
- advise on other actuarial matters affecting the financial position of the Fund.

Funding Strategy

The factors affecting the Fund's finances are constantly changing, so it is necessary for its financial position and the contributions payable to be reviewed from time to time by means of an actuarial valuation to check that the funding objectives are being met.

The funding strategy seeks to achieve (via employee and employer contributions and investment income) two key objectives:

- 1. A funding level of 100%, as assessed by the Fund's appointed actuary, triennially, in accordance with the Regulations; and
- 2. As stable an employer contribution rate as is practical, with consideration of the long-term cost efficiency objective.

The funding strategy recognises that the funding level will fluctuate with changing levels of employment, retirements and investment income, and the employer contribution has to be adjusted to a level sufficient to maintain the pension scheme's solvency and to achieve a funding level of 100% over the longer term.

The actuarial valuation involves a projection of future cashflows to and from the Fund. The main purpose of the valuation is to determine the level of employers' contributions that should be paid to ensure that the existing assets and future contributions will be sufficient to meet all future benefit payments from the Fund.

The most recent actuarial valuation was carried out as at 31 March 2016 with the assets of the Fund found to represent 89% of the accrued liabilities for the Fund, corresponding to a deficit of £547m.

The primary rate required to cover the employer cost of future benefit accrual was 14.9% of payroll p.a.

A summary of the methods and assumptions adopted is set out in the sections below.

Funding Method

The key objective in determining employers' contribution rates is to establish a funding target and then set levels of employer contribution to meet that target over an agreed period.

The funding target is to have sufficient assets in the Fund to meet the accrued liabilities for each employer in the Fund. The funding target may, however, depend on certain employer circumstances and in particular, whether an employer is an "open" employer – one which allows new staff access to the Fund, or a "closed" employer which no longer permits new staff access to the Fund. The expected period of participation by an employer in the Fund may also affect the chosen funding target.

For open employers, the actuarial funding method that is adopted is known as the Projected Unit Funding Method which considers separately the benefits in respect of service completed before the valuation date ("past service") and benefits in respect of service assumed to be completed after the valuation date ("future service"). This approach focuses on:

- the past service funding level of the Fund. This is the ratio of accumulated assets to liabilities in respect of past service. It makes allowance for future increases to members' pay and pensions in payment. A funding level in excess of 100% indicates a surplus of assets over liabilities; while a funding level of less than 100% indicates a deficit; and
- the future service funding rate (also referred to as the primary rate as defined in Regulation 62(5) of the Regulations) which is the level of contributions required from the individual employers which, in combination with employee contributions is assumed to support the cost of benefits accruing in future.

The key feature of this method is that, in assessing the future service cost, the primary contribution rate represents the cost of one year's benefit accrual.

For closed employers, the funding method adopted is known as the Attained Age Method. The key difference between this method and the Projected Unit Method is that the Attained Age Method assesses the average cost of the benefits that will accrue over a specific period, such as the length of a contract or the remaining expected working lifetime of active members.

The amounts that the employer then pays are a combination of the future service cost described above and any adjustments for the past service surplus or deficit. If there is a deficit, this adjustment will be specified as an additional contribution expressed as either a percentage of pay or as a cash amount to be paid in future.

Valuation Assumptions and Funding Model

In completing the actuarial valuation it is necessary to formulate assumptions about the factors affecting the Fund's future finances such as inflation, pay increases, investment returns, rates of mortality, early retirement and staff turnover etc.

The assumptions adopted at the valuation can therefore be considered as:

- the statistical assumptions which are essentially estimates of the likelihood of benefits and contributions being paid, and
- the financial assumptions which will determine the estimates of the amount of benefits and contributions payable and their current or present value.

Future Price Inflation

The base assumption in any valuation is the future level of price inflation over a period commensurate with the duration of the liabilities. This is derived by considering the average difference in yields over the appropriate period from conventional and index linked gilts during the six months straddling the valuation date to provide an estimate of future price inflation as measured by the Retail Price Index (RPI). The RPI assumption adopted as at 31 March 2016 was 3.3% p.a.

Future pension increases

Pension increases are linked to changes in the level of the Consumer Price Index (CPI). Inflation as measured by the CPI has historically been less than RPI due mainly to different calculation methods. A deduction of 0.9% p.a. is therefore made to the RPI assumption to derive the CPI assumption. The CPI assumption adopted as at 31 March 2016 was 2.4% p.a.

Future Pay Inflation

As some of the benefits are linked to pay levels at retirement, it is necessary to make an assumption as to future levels of pay inflation. Historically, there has been a close link between price and pay inflation with pay increases exceeding price inflation in the longer term. The long-term pay increase assumption adopted as at 31 March 2016 was CPI plus 1.5%, with a short-term assumption in line with CPI for the period to 31 March 2020. An allowance has also been made for promotional increases.

Future investment returns/discount rate

To determine the value of accrued liabilities and derive future contribution requirements it is necessary to discount future payments to and from the Fund to present day values.

The discount rate that is adopted will depend on the funding target adopted for each Scheme employer.

The discount rate that is applied to the projected liabilities reflects a prudent estimate of the rate of investment return that is assumed to be earned from the underlying investment strategy by considering average market yields in the six months straddling the valuation date. The discount rate so determined may be referred to as the "ongoing" discount rate. The discount rate adopted for the 31 March 2016 valuation was 5.4% p.a.

For some employers, an adjustment may be made to the discount rate in relation to the remaining liabilities, once all active members are assumed to have retired if at that time (the projected "termination date"), the employer becomes an exiting employer under Regulation 64.

The Fund Actuary will incorporate such an adjustment after consultation with the administering authority.

The adjustment to the discount rate for employers may be set to a higher funding target at the projected termination date, so that there are sufficient assets to fund the remaining liabilities on a "minimum risk" rather than on an ongoing basis if the Fund do not believe that there is another Scheme employer to take on the responsibility of the liabilities after the employer has exited the Fund. The aim is to minimise the risk of deficits arising after the termination date.

Asset Valuation

For the purposes of the valuation, the asset value used is the market value of the accumulated Fund at the valuation date adjusted to reflect average market conditions during the six months straddling the valuation date.

Statistical Assumptions

The statistical assumptions incorporated into the valuation, such as future mortality rates, are based on national statistics. These are adjusted as appropriate to reflect the individual circumstances of the Fund and/or individual employers.

Further details of all of the assumptions adopted are included in the latest actuarial valuation report.

Deficit recovery periods

Whilst one of the funding objectives is to build up sufficient assets to meet the cost of benefits as they accrue, it is recognised that at any particular point in time, the value of the accumulated assets will be different to the value of accrued liabilities, depending on how the actual experience of the Fund differs to the actuarial assumptions. Accordingly the Fund will normally either be in surplus or in deficit.

Where the actuarial valuation discloses a significant deficit then the levels of required employers' contributions will include an adjustment to fund the deficit over a period of years.

The deficit recovery period for each employer will depend upon the significance of the deficit relative to that employer's liabilities, the covenant of the individual employer and any limited period of participation in the Fund, and the implications in terms of stability of future levels of employers' contribution.

At the 2016 valuation, a maximum deficit recovery period of 17 years is used for all employers. Shorter recovery periods have been used where affordable. This will provide a buffer for future adverse experience and reduce the interest cost paid by employers. For Transferee Admission Bodies the deficit recovery period is set equal to the remaining contract period if this is known.

Where an employer's contribution has to increase significantly then, if appropriate, the increase may be phased in over a period not exceeding 3 years.

Deficit contributions required from an employer are expressed as a minimum requirement, with employers able to pay regular contributions at a higher rate, or one-off contributions, to reduce their deficit. Employers should discuss with the administering authority before making one-off capital payments.

Pooling of individual employers

The policy of the Fund is that each individual employer should be responsible for the costs of providing pensions for its own employees who participate in the Fund. Accordingly, contribution rates are set for individual employers to reflect their own particular circumstances.

However, certain groups of individual employers are pooled for the purposes of determining contribution rates to recognise common characteristics or where the number of Scheme members is small.

Currently there are the following pools within the Fund:

- Kent County Council;
- Medway Council;
- Colleges;
- Academies;
- Town and Country Housing;
- Canterbury Christchurch College;
- Charter Trustees of Folkestone;
- Invicta:
- Russet Homes:
- Romney Marsh Level Internal Drainage Board;
- Police and Crime Commissioner for Kent.

There are also a number of connected employers within the Fund. Connected employers are those where we understand that the organisation controls all of the employers or has responsibility for all the pension obligations. Examples include parent/subsidiaries or former Transferee Admission Bodies who have ceased to participate where the legacy liabilities have been passed back to the Letting Authority. In these instances, the contribution rate has been determined as a pooled rate.

The main purpose of pooling is to produce more stable employer contribution levels in the longer term whilst, recognising that ultimately there will be some level of cross-subsidy of pension cost amongst pooled employers.

Cessation Valuations

When an employer leaves the Scheme and becomes an exiting employer, the Fund Actuary will be asked to make a termination assessment. Any deficit in the Fund in respect of the employer will be due to the Fund as an immediate exit payment, unless it is agreed by the administering authority and the other parties involved that the assets and liabilities relating to the employer will transfer within the Fund to another participating employer.

In certain circumstances, if it is not possible for all or part of the exit payment to be obtained from the ceasing employer, it may be possible for the exit payment to be paid over a period which the administering authority considers reasonable.

In assessing the deficit on cessation, the Fund Actuary may adopt a "minimum risk" discount rate based on gilt yields and adopt different assumptions to those used at the previous valuation. For example, this is likely to apply in instances where there is no employer in the Fund taking responsibility for any residual liabilities of the ceasing employer. This is in order to protect the other employers in the Fund from having to fund any future deficits which may arise from the liabilities that will remain in the Fund.

Early retirement costs

The funding basis makes no allowance for premature retirement except on grounds of ill health. Employers are required to pay additional contributions wherever an employee retires before attaining the age at which the valuation assumes that benefits are payable. The calculation of these costs is carried out with reference to a calculation method approved by the Fund Actuary.

Links with the Investment Strategy Statement (ISS)

The main link between the FSS and the ISS relates to the discount rate that underlies the funding strategy as set out in the FSS, and the assumed rate of investment return which is assumed to be achieved by the underlying investment strategy as set out in the ISS.

As explained above, the ongoing discount rate that is adopted in the actuarial valuation is derived by considering the assumed return from the underlying investment strategy. This ensures consistency between the funding strategy and investment strategy.

Risks and Counter Measures

Whilst the funding strategy attempts to satisfy the funding objectives of ensuring sufficient assets to meet pension liabilities and stable levels of employer contributions, it is recognised that there are risks that may impact on the funding strategy and hence the ability of the strategy to meet the funding objectives.

The major risks to the funding strategy are financial, although there are other external factors including demographic risks, regulatory risks, and employer risks.

Financial Risks

The main financial risk is that the actual investment strategy fails to produce the assumed rate of investment return (in real terms) that underlies the funding strategy. This could be due to a number of factors, including market returns being less than assumed and/or the fund managers who are employed to implement the chosen investment strategy failing to achieve their performance targets.

The valuation results are most sensitive to the real discount rate. Broadly speaking an increase/decrease of 0.5% p.a. in the real discount rate will decrease/increase the liabilities by 10%, and decrease/increase the required employer contribution by around 2.5% of payroll.

However, the Superannuation Fund Committee regularly monitors the investment returns achieved by the fund managers and receives advice from the independent advisers and officers on investment strategy.

The Committee may also seek advice from the Fund Actuary on valuation related matters.

In addition, the Fund Actuary provides funding updates between valuations to check whether the funding strategy continues to meet the funding objectives.

Demographic Risks

Allowance is made in the funding strategy via the actuarial assumptions for a continuing improvement in life expectancy. However, the main demographic risk to the funding strategy is that it might underestimate the continuing improvement in longevity. For example, an increase of one year to life expectancy of all members in the Fund will reduce the funding level by between approximately 1%.

The actual mortality of pensioners in the Fund is monitored by the Fund Actuary at each actuarial valuation and assumptions are kept under review.

The liabilities of the Fund can also increase by more than has been planned as a result of early retirements.

However, the administering authority monitors the incidence of early retirements; and procedures are in place that require individual employers to pay additional amounts into the Fund to meet any additional costs arising from early retirements.

Regulatory Risks

The benefits provided by the Scheme and employee contribution levels are set out in Regulations determined by central Government. The tax status of the invested assets is also determined by the Government.

The funding strategy is therefore exposed to the risks of changes in the Regulations governing the Scheme and changes to the tax regime which may affect the cost to individual employers participating in the Scheme.

However, the administering authority participates in any consultation process of any proposed changes in Regulations and seeks advice from the Fund Actuary on the financial implications of any proposed changes.

Employer Risks

Many different employers participate in the Fund. Accordingly, it is recognised that a number of employer-specific events could impact on the funding strategy including:

- structural changes in an individual employer's membership;
- an individual employer deciding to close the Scheme to new employees;
- an employer ceasing to exist without having fully funded their pension liabilities; and
- new employers being created out of existing employers required.

However, the administering authority monitors the position of employers participating in the Fund, particularly those which may be susceptible to the events outlined, and takes advice from the Fund Actuary when required.

In addition, the administering authority keeps in close touch with all individual employers participating in the Fund to ensure that, as administering authority, it has the most up to date information available on individual employer situations. It also keeps individual employers briefed on funding and related issues.

Monitoring and review

This FSS is reviewed formally, in consultation with the key parties, at least every three years to tie in with the triennial actuarial valuation process.

The administering authority also monitors the financial position of the Fund between actuarial valuations and may review the FSS more frequently if necessary.

Kent County Council Superannuation Fund Investment Strategy Statement 2017

Introduction

- 1. Regulation 7(1) of the Local Government Pension Scheme (Management and Investment of Funds)
 Regulations 2016 requires administering authorities to formulate and to publish a statement of their investment strategy, in accordance with guidance issued from time to time by the Secretary of State
- 2. Kent County Council is responsible for administering the Kent County Council Superannuation Fund under the Local Government Pension Scheme (LGPS) Regulations. The Council has a duty to ensure that scheme funds not immediately required to pay pension benefits are suitably invested and to take proper advice in the execution of this function. It has delegated these responsibilities to the Superannuation Fund Committee.
- 3. The Committee has prepared the Investment Strategy Statement (ISS) in accordance with the Guidance on Preparing and Maintaining an Investment Strategy Statement.
- 4. In September 2016 the Department for Communities and Local Government (DCLG) published Guidance on Preparing and Maintaining an Investment Strategy Statement (ISS). This replaces the previous requirement for a Statement of Investment Principles and the ISS must be published by 1 April 2017.
- 5. The ISS required by Regulation 7 must include:
 - A requirement to invest money in a wide range of investments;
 - The authority's assessment of the suitability of particular investments and types of investments;
 - The authority's approach to risk, including the ways in which risks are to be measured and managed;
 - The authority's approach to pooling investments, including the use of collective investment vehicles and shared services;
 - The authority's policy on how social, environmental or corporate governance considerations are taken into account in the selection, non-selection, retention and realisation of investments; and
 - The authority's policy on the exercise of rights (including voting rights) attaching to investments.
- 6. As set out in the Regulations the ISS will be reviewed at least every three years.

Investment Strategy

- 7. The Kent Fund's primary objective is to ensure that over the long term it will have sufficient assets to meet pension liabilities as they fall due.
- 8. In order to achieve this objective the investment strategy seeks to:
 - Maximise returns for a given level of risk;
 - Ensure liquidity requirements are met at all times;
 - Achieve and maintain a 100% funding level;

- Maintain stable employer contribution rates.
- 9. The Fund has had a customised benchmark since 1998 and has regularly reviewed the benchmark in light of valuation results, changes in liabilities and investment cycles. Analysis undertaken by the Fund's investment consultant has not convinced the Committee that achievement of any of these objectives will be enhanced by major diversification away from the traditional asset classes for Local Government Pension Scheme (LGPS) funds and so the asset allocation is predominantly equities, fixed income and property. The Fund's current asset allocation is shown in the table below:

Table 1: Asset Allocation

| Asset Class | Allocation % |
|-----------------------------------|--------------|
| UK Equities | 32 |
| Overseas Equities | 32 |
| Fixed Income | 15 |
| Property | 13 |
| Private Equity and Infrastructure | 2 |
| Absolute Return | 5 |
| Cash | 1 |
| Total | 100 |

The asset allocation will be reviewed later in 2017.

- 10. Although the Fund's funding level improved to 89% as at 31 March 2016 it is still short of 100% funding and the asset allocation reflects a strong bias towards "growth" assets, primarily equities, reflecting the need for higher returns than fixed income assets would traditionally return over the long term.
- 11. The Fund's view is that returns on all asset classes have been significantly impacted by the long period of very low or even negative interest rates. The existence of cheap money over such a long period has been strongly supportive of returns for most asset classes and the Committee believes that there is scope for this continuing in the medium term in particular in relation to equities and property. The Fund will look in the medium term to maintain or add to these asset classes before considering de-risking strategies as the Fund achieves 100% funding.
- 12. The Fund looks to achieve diversification by asset class through investing in property, private equity, infrastructure and absolute return funds. The Fund seeks to invest in UK property through a variety or routes; primarily in directly held commercial property, in pooled commercial and UK residential property funds.
- 13. All investment management activities are carried out externally and there in no internal management other than of cash flow.

- 14. The Fund has a policy of appointing specialist managers who are expert in managing specific investment strategies which should help the Fund deliver over different investment cycles. The Fund currently has quite a low comparative allocation to passive equities reflecting an underlying concern that passive management mimics inefficiencies in the tracked indices.
- 15. The current manager structure and the rationale for this is set out in the table below:

Table 2: Investment Manager Structure

| Asset Class/Manager | Performance Target | Style |
|---------------------------------|---|---------------------------------------|
| UK Equities | | |
| Schroders | Customised UK equity + 1.5% | High concentration |
| Woodford | FTSE All Share | Unconstrained |
| State Street UK | FTSE All Share | Tracking |
| Global Equities | | |
| Baillie Gifford | Customised regional equity + 1.5% | Fixed weight regional equity |
| Sarasin | MSCI AC World + 2.5% | Thematic |
| M&G | MSCI AC World + 3% | Dividend growth |
| Schroders | MSCI AC World + 3-4% | Quantitative value |
| Impax | MSCI AC World + 2% | Environmental themed |
| State Street Global | FTSE World ex UK | Tracking |
| Fixed Income | | |
| Schroders | 3 months Sterling Libor + 4% | Total return |
| Goldman Sachs | +3.5-6% | Target return long term hold |
| Property | | |
| DTZ | IPD Customised Pension Fund Index | Direct UK property |
| Fidelity | IPD UK PF All Balanced Property Fund Index | Pooled UK property fund open ended |
| Kames | IPD UK PF All Balanced Property Fund Index | Pooled UK property fund close ended |
| M&G | IPD UK PF All Balanced Property Fund Index | UK residential property fund |
| Absolute Return | | |
| Pyrford | RPI + 5% | Low risk equities/fixed income / cash |
| Alternatives | | |
| Private Equity - YFM | GBP 7 Day LIBID | Small value direct UK |
| Private Equity - HarbourVest | GBP 7 Day LBID | Global fund of funds |
| Infrastructure - Partners Group | GBP 7 Day LBID | Global fund of funds |

Risk Measurement and Management

- 16. A full Risk Register is maintained and is reported annually to the Committee. This covers the full range of risks faced not just investment risks.
- 17. By definition all investment activities are inherently risky; the Committee in arriving at its asset allocation and investment manager structure has to assess these risks in the context of how it will achieve the required investment return of 5.4% per annum assumed by the Fund actuary.
- 18. Investment risk is considered formally at four of the Committee's five planned meetings during the year. The Committee considers asset class performance, looks at the overall asset allocation and then more specifically considers the risks at investment manager level. These discussions are informed by reports from Officers based upon their discussions with investment managers and their examination of other relevant information. This approach is particularly helpful in taking opportunistic tactical asset allocation decisions.
- 19. The principal investment risks faced are:

Table 3: Investment Risks

| Risk | Mitigation |
|------------------------|---|
| Equity allocation risk | The Fund holds equities in order to achieve higher investment returns and considers that the extra level of return over the long term compensates for the additional risk. The Fund invests in managers with a variety of investment styles including managers who will tend to outperform in falling equity markets. |
| Active manager risk | The Committee believes that good active managers will add value to the Fund. It aims to establish long term relationships with managers, which help to deal with short term variations in investment performance. |
| Liquidity risk | The Fund actively manages its cash flows over the short and longer term to ensure liquidity. |
| Regulatory risk | Regulatory risk is predominantly transferred to the externally appointed investment managers who have to meet regulatory requirements. The Fund only manages cash internally and complies with CIPFA and DCLG requirements in relation to that. |

| Risk | Mitigation |
|--------------------------------|---|
| Exchange rate risk | The Fund is a long term investor and can withstand short term currency fluctuations. At Fund level there is no currency hedging as the Committee view it as a zero sum game. |
| Alternative asset classes risk | The Fund has made limited investments in non-property alternative investments as the Committee believes that it can achieve diversification and similar investment returns through investing in more mainstream asset classes which can be more liquid and more readily valued. |
| Custody risk | The Fund must maintain its beneficial ownership of Fund assets when held in custody or trading and it does this through its global custodian. Counterparty risk is mitigated through a robust selection and legal contracting process. |
| Transition risk | The risk of incurring additional costs in relation to the transitioning of assets between external mangers is managed through the use of professional advisers and experienced in house staff. |
| Stock lending risk | The Fund's current custodians, Northern Trust, undertake a limited programme of stock lending. Risk is mitigated by lending to approved UK counterparties against non-cash collateral mainly comprising of Sovereigns, Treasury Bonds and Treasury Notes. |
| Investment advice risk | The Fund has a long standing relationship with Hymans Robertson as its investment consultant. The Committee regularly considers the effectiveness of the advice given. |

Asset Pooling

- 20. The Fund is part of the ACCESS (A Collaboration of Central, Eastern and Southern Shires) pool. This is a group of like-minded funds valued at £32bn who came together to meet the Government criteria for pooling set out in November 2015. The Kent Fund would prefer to work on joint collaborative procurements with neighbouring funds and avoid the large and unnecessary cost overhead that pooling in the prescribed way which Government wants it done. The ACCESS funds emphasise retaining as much decision making as possible locally in the exercise of their fiduciary responsibility.
- 21. ACCESS committed in its July 2016 submission to Government to setting up a Collective Investment Vehicle (CIV) in the form of an Authorised Contractual Scheme (ACS) which will be run by a Financial Conduct Authority (FCA) regulated operator. ACCESS is commencing a procurement process for renting the operator. The ACCESS pool will not be managing investments internally.
- 22. Independent benchmarking undertaken in 2016 showed that the Kent Fund had the lowest investment management costs within the ACCESS pool and compared to other LGPS entities the costs were in the lowest quartile. Regulation 7 (2) (d) states that "administering authorities must provide a summary of assets to be held outside the pool and how this demonstrates value for money". The Fund takes this as a rationale for not putting assets into the pool if it increases costs.
- 23. The current focus of ACCESS is establishing a Joint Committee and the CIV. The Kent Fund will rigorously apply the value for money test before moving assets in to the pool from April 2018 onwards.
- 24. Good progress is being made on a collaborative procurement of a passive manager. This will mean that well in advance of April 2018 around £10bn of ACCESS assets, including approximately 10% of the Kent Fund's assets, will be pooled.
- 25. Direct property will continue to be held outside the pool as allowed in the Regulations.

Coporate Governance

- 26. The Committee firmly believes that it has a fiduciary responsibility to scheme members and employers to maximize the investment returns it can achieve for a given level of risk. It therefore holds that it is not the role of the Committee to impose ethically based screens which restrict investment managers from investing in certain companies.
- 27. The Committee is also committed to promoting good corporate governance in the firms which it invests in. It is expected that investment managers will have their own policies on voting on shareholder issues and on environmental, social and governance issues. The Committee expects the investment managers who hold shares on its behalf to fully comply with the Financial Reporting Council's (FRC) UK Stewardship Code and to fully participate in voting at company Annual General Meetings. Engagement with companies is taken very seriously and this is regularly discussed with

investment managers. The investment managers report to the Committee quarterly on corporate governance issues including voting.

Advice

- 28. The Committee takes advice and information from:
 - The Council's Section 151 Officer and his staff;
 - Barnett Waddingham the Fund's actuary;
 - Hymans Robertson the Fund's investment consultant;
 - Investment managers;
 - Discussions with other LGPS funds;
 - Attendance at seminars and conferences; and
 - Financial press and media.

Kent County Council Superannuation Fund Statement of Investment Principles 2017

Statement of Investment Principles

Introduction

Under Regulation 12 of the LGPS (Management and Investment of Funds) Regulations 2009, administering authorities are required to prepare, maintain and publish a Statement of Investment Principles (SIP).

Requirements of the Regulations

The regulations state:

An Administering Authority must, after consultation with such persons as they consider appropriate, prepare, maintain and publish a written statement of the principles governing their decisions about investments.

The statement must cover the Authority's policy on:-

- the types of investment held;
- the balance between different types of investment;
- risk:
- the expected returns on investments;
- the realisation of investments;
- the extent (if at all) to which social, environmental and ethical considerations are taken into account in the selection, retention and realisation of investments;
- the exercise of the rights (including voting rights) attaching to investments if they have any such policy;
- stock lending.

Kent County Council (KCC) Policy

Fund Objectives

- The primary objective of the Fund is to provide for scheme members' pensions and lump sum benefits on their retirement or for their dependants' benefits on death before or after retirement, on a defined benefits basis.
- The funding objective is that, in normal market conditions, the accrued benefits are fully covered
 by the actuarial value of the Fund and that an appropriate level of contributions is agreed by the
 administering authority to meet the costs of future benefits accruing. For employee members,
 benefits will be based on actual service completed and the actuary will take account of future salary
 increases.
- The assumptions used to assess the funding are those used for the actuarial valuation. The position will be reviewed at least at each triennial valuation.

Investments

Investment Managers

The Superannuation Fund Committee has appointed a number of active and passive investment managers all of whom are authorised under the Financial Services and Markets Act 2000 to undertake investment business. The Fund's investment managers are listed at Appendix 1.

Each manager's remuneration is based on a percentage of funds under management in accordance with the rates quoted in their respective Investment Management Agreements and / or Fund Prospectus. The performance of the Investment Managers is measured against agreed benchmarks that are appropriate for their investment strategies.

Strategic Asset Allocation

The Committee, advised by Hymans Robertson, has set a Fund asset allocation which is set out in Appendix 1. The Fund allows a normal variation of +/- 2% from the target allocation to each asset class. The Committee monitors deviations from its asset allocation at its regular meetings and if the ranges are breached as a result of relative performance of assets, they may choose to delay bringing the weights back within guideline ranges.

Within each asset class, the Committee makes further decisions on specific investment strategies or styles with the objective of exploiting opportunities and maximising returns within acceptable risk parameters.

Performance Benchmark

The Fund's performance is monitored against two performance benchmarks:

- Strategic Benchmark;
- Customised (Floating) Benchmark.

The Fund's Strategic Performance Benchmark is based on the approved strategic allocation of the Fund's assets and the common market indices for those asset classes. The strategic asset allocation and the indices used to calculate the strategic benchmark are shown in Appendix 2.

However at any given point in time the actual proportion of the Fund's assets is at slight variance with the strategic allocation, and in that situation it is appropriate to calculate a customised benchmark for the Fund based on its actual asset allocation and investment manager benchmarks. The investment manager benchmarks used to calculate the customised (floating) performance benchmark for the Fund are shown in Appendix 3.

The Fund's performance is monitored against both these benchmarks on a quarterly basis.

Investment Objectives

The investment objectives for each mandate are set out in Appendix 3.

Choice of Investments

The managers of segregated portfolios have been given full discretion over the choice of individual stocks and are expected to maintain a diversified portfolio, with restrictions on maximum investment Page 141

in a particular security up to a specified percentage of the company size as well as the portfolio where applicable.

In the UK direct property portfolio no single property can account for more than 10% of the total portfolio. The property manager determines sales and purchases.

Where investments are in pooled equity, bond, property or private equity funds, the fund managers have complete discretion over investments in accordance with the fund's prospectus or associated management agreements. All pooled funds are managed on an active basis except for the SSgA managed funds which are passive trackers.

Risk

The adoption of a Strategic Asset Allocation (as described above) and the explicit monitoring of performance relative to the performance target, constrains the investment managers from deviating significantly from the intended approach, while permitting flexibility to manage investments in such a way as to enhance returns.

Realisation of Investments

The majority of assets held by the Fund are quoted on major stock markets and could be realised quickly if required. The property investments by their nature will take longer to realise but as they are in selected first class properties they should be realisable within a short period of time. The Private Equity and Infrastructure investments are in long term closed ended funds which are held to the end of the life of the Funds and have limited liquidity in the interim period. Higher rates of return are, however, expected to compensate for the restricted liquidity of these investments. Currently 2.6% of the total Fund is invested in such assets.

Cash

The Fund has a positive cashflow reflecting an ongoing excess of receipts over payments. The Committee has its own agreed Treasury Management Strategy managed by Kent County Council.

The Cash balance is reported to the Committee on a quarterly basis. Determinations are then made as to whether to hold cash as an investment, hold to fund forthcoming new investments, or to allocate to existing managers. The cash is invested in approved Money Market Funds.

Monitoring of Investments

The Superannuation Fund Committee usually meets five times a year. It receives quarterly reports of the performance of the Fund's investments at Fund level as well as detailed reports on the performance of each manager / fund. Managers of the larger portfolios attend the Committee meetings to explain their strategy and answer questions from members of the Committee.

Major reviews of the Fund's investment strategy follow the triennial actuarial valuation.

All directly appointed managers are on one month's notice and their contracts can be terminated at any time. Fund managers are appointed through open tendering processes in accordance with European Union purchasing legislation. The Fund will at times take decisions to invest directly in an investment product. Investments in pooled funds, other than in some illiquid assets can be redeemed at short notice.

Investment Advice

Professional advice on investment matters is taken from the investment practice of Hymans Robertson. General guidance on benchmarking is provided by Hymans Robertson but the investment managers are responsible to the Committee for their investment decisions. Hymans Robertson is remunerated on the basis of work undertaken.

Investment Principles

The Authority's investment principles for investing Fund monies have been designed in accordance with and comply with the statutory guidance for Investment Decision Making and Disclosure in the Local Government Pension Scheme: Application of Myners Principles.

Stock Lending

The Committee has agreed to Stock Lending as an activity to enhance returns from the investments held directly by the Fund. This is usually done through the Fund's custodians. During the year the Fund changed its custodians from JPMorgan to Northern Trust Company. The Fund's current custodians, Northern Trust, undertake a limited programme of stock lending to approved, UK counterparties against non-cash collateral mainly comprising of Sovereigns, Treasury Bonds and Treasury Notes.

Responsible Ownership

Introduction

The Superannuation Fund Committee is fully aware of its fiduciary responsibility to obtain the best possible financial return on the investments of the Pension Fund for acceptable levels of risk. This responsibility is to keep down as far as possible increases in the cost of the scheme to scheme employers and ultimately to dampen the cost of the scheme to Council Tax payers in Kent.

The Fund also seeks through good management of Environmental, Social and Governance (ESG) issues to help the financial performance and improve shareholder investment returns in the companies in which it invests.

Fiduciary Responsibility

As a consequence of the Fund's fiduciary responsibility to the taxpayer it will not impose restrictions upon the external investment managers on specific stocks or countries which they can or cannot invest in.

The Fund is not positioned either to impose blanket restrictions or to adjudicate which stocks or countries the Fund should invest in and is aware that:

- restrictions will reduce the accountability of the investment managers;
- it is very difficult to determine what activities should be prohibited. This is an issue of individual conscience;
- it is only possible for investment managers to influence company behaviour if they are a shareholder.

The Committee retains the right to intervene with an investment manager if they undertake investments which are not acceptable for example illegal activities, major fraud.

UK Stewardship Code

The Committee expects the investment managers who hold shares on its behalf to fully comply with the Financial Reporting Council's (FRC) UK Stewardship Code and to fully participate in voting at company Annual General Meetings. Investment managers provide feedback information on voting decisions on a quarterly basis.

Environmental, Social and Governance issues

The Committee expects the investment managers to engage with companies to monitor and develop their management of ESG issues in order to enhance the value of the Fund's investments. The Committee also expects feedback from the investment managers on the activities they undertake.

The Fund would engage directly with a company in which it is invested, in exceptional circumstances.

UN Principles of Responsible Investment

The Kent Fund supports and has signed up to the UN Principles of Responsible Investment. The 6 principles are:

- 1. we will incorporate ESG issues into investment analysis and decision making;
- 2. we will be active owners and incorporate ESG issues into our ownership policies and practices;
- 3. we will seek appropriate disclosures on ESG issues by entities we invest in.;
- 4. we will promote acceptance and implementation of the principles within the investment industry:
- 5. we will work together to enhance our effectiveness in implementing the principles;
- 6. we will each report on our activities and progress towards implementing the principles.

Climate Change

As a member of the Institutional Investors Group on Climate Change (IIGCC) we will monitor developments on climate change and use the research undertaken to monitor and challenge our investment managers.

Shareholder Litigation

The Fund will actively participate in class actions in the USA and UK where it is of clear financial benefit to it.

Review of the Statement of Investment Principles

The document will be reviewed regularly or as is made necessary by changes to the LGPS Regulations. The current version of this document is at SIP.

Kent County Council Superannuation Fund Governance Compliance Statement 2017

Regulation 55 of The Local Government Pension Scheme Regulations 2013 requires the administering authority to prepare a Governance Compliance Statement.

| | Description of Principle | Kent Pension Fund's position |
|---|--|--|
| 1 | Structure | |
| | a) the management of the administration of benefits and strategic management of fund assets clearly rests with the main committee established by the appointing Council. | The Superannuation Fund Committee exercises all of the powers and duties of Kent County Council as the administering authority for the Kent Pension Fund. |
| | b) that representatives of participating LGPS employers, admitted bodies and scheme members (including pensioner and deferred members) are members of either the main or secondary committee established to underpin the work of the main committee. | The matters the Committee is responsible for include: • setting investment strategy • appointing professional fund managers • carrying out regular reviews • monitoring of investments |
| | c) that where a secondary committee or panel has been established, the structure ensures effective communication across both levels. | monitoring the administration of the pension scheme determining pension fund policy in regard to employer admission arrangements. |
| | d) that where a secondary committee or panel has been established, at least one seat on the main committee is allocated for a member from the secondary committee or panel. | Membership of the Committee is drawn from the County Council as well as other scheme employers and member representatives. All representatives receive appropriate training and development. |

| | Description of Principle | Kent Pension Fund's position |
|---|---|---|
| 2 | Committee Membership and Representation | Committee members serve for a 4 year term. |
| | a) that all key stakeholders are afforded the opportunity to be represented within the main or secondary committee structure. | The Committee consists of 17 members; 13 employer representatives and 4 member representatives. |
| | These include: (i) Employing authorities (including nonscheme employers, e.g. admitted bodies); (ii) Scheme members (including deferred and pensioner scheme members); | Of the employer representatives 9 are drawn from the County Council, 3 are nominated by the 12 district councils and Medway Council has 1 representative. |
| | (iii) Independent professional observers;(iv) Expert advisers (on an ad hoc basis).b) that where lay members sit on a main or | Of the 4 member representatives Unison and KCC staff have 1 representative each and the Kent Active Retirement Fellowship has 2 representatives. |
| | secondary committee, they are treated equally in terms of access to papers and meetings, training and are given full opportunity to contribute to the decision making process, with or without voting rights. | The Fund's investment advisors, Hymans Robertson, attend the Committee meetings as required and facilitate workshops on any significant changes to investment strategy. It is not the Committee's policy to use independent advisers. |
| | | All members of the Committee are treated equally in terms of access to papers and meetings, training and are given full opportunity to contribute to the decision making process, with or without voting rights. |
| 3 | Selection and Role of Lay Members | On appointment all Committee members are |
| | a) that committee or panel members are made fully aware of the status, role and function they are required to perform on either a main or secondary committee. | made fully aware of the status, role and function they are to perform. All members of the Committee have signed an undertaking to comply with the Code of Member conduct set out in appendix 6 of the |
| | b) that at the start of any meeting, committee members are invited to declare any financial or pecuniary interest related to specific matters on the agenda. | Member conduct set out in appendix 6 of the KCC constitution. At the start of each meeting Committee members are invited to declare any related financial or pecuniary interest in any matters on the agenda. |

| | Description of Principle | Kent Pension Fund's position |
|---|---|--|
| 4 | a) the policy of individual administering authorities on voting rights is clear and transparent, including the justification for not extending voting rights to each body or group represented on main LGPS committees. | 12 Committee members have full voting rights. Of these, 9 are drawn from the County Council and 3 are nominated by the 12 district councils. The Medway Council, Unison, Kent County Council staff and 2 Kent Active Retirement Fellowship representatives are non – voting members of the Committee. The voting rights of Superannuation Fund Committee members are regularly reviewed, the most recent review being February 2016. |
| 5 | Training / Facility Time / Expenses | Arrangements for training, facility time and expenses of Committee members are described |
| | a) that in relation to the way in which statutory and related decisions are taken by the administering authority, there is a clear policy on training, facility time and reimbursement of expenses in respect of members involved in the decision-making process. | in the Kent County Council constitution. This policy applies equally to all Committee members. All additional costs of attending training courses are reimbursed from the Fund. |
| | b) that where such a policy exists, it applies equally to all members of committees, subcommittees, advisory panels or any other form of secondary forum. | |
| 6 | Meetings - Frequency | The Superannuation Committee usually meets 5 times year. |
| | (a) that an administering authority's main committee or committees meet at least quarterly.(b) that an administering authority's secondary | The Pensions Forum meets twice a year for all employers focussing on administration issues. |
| | committee or panel meets at least twice a year and is synchronised with the dates when the main committee sits. | |
| | (c) that administering authorities who do not include lay members in their formal governance arrangements, provide a forum outside of those arrangements by which the interests of key stakeholders can be represented. Page 1: | -8 |

| | Description of Principle | Kent Pension Fund's position | |
|---|---|---|--|
| | (a) that subject to any rules in the council's constitution, all members of main and secondary committees or panels have equal access to committee papers, documents and advice that fails to be considered at meetings of the main committee. | All Committee members have access to committee papers, documents and advice that fails to be considered at meetings of the Committee. Meeting papers are also available on the KCC and Kent Pension Fund websites. | |
| 8 | Scope (a) that administering authorities have taken steps to bring wider scheme issues within the scope of their governance arrangements. | The Committee monitors the administration of the pension scheme and determines pension fund policy in regard to employer admission arrangements. | |
| Ğ | (a) that administering authorities have published details of their governance arrangements in such a way that stakeholders with an interest in the way in which the scheme is governed can express an interest in wanting to be part of those arrangements. | Details of all Committee meetings are available on the Kent County Council website including all unrestricted committee papers. | |

10 **Local Pension Board**

A local pension board was established in 2015 in accordance with regulation 106 of the LGPS 2013 regulations. Its purpose is to assist Kent County Council as the Administering Authority for the Kent Fund to secure compliance with the 2013 regulations and to ensure the effective and efficient governance and administration of the Scheme.

The Board is composed of 8 members; 4 employer representatives and 4 member representatives. Board members serve for a 4 year term.

Of the employer representatives 2 are drawn from the County Council, 1 is nominated by the 12 district and Medway councils, and 1 is nominated by the other employers. Of the 4 member representatives there is 1 trade union representative, 1 KCC staff representative, 1 representative of Medway and district councils, and 1 representative of the Kent Active Retirement Fellowship. The Chair of the Board is a KCC elected member and the Vice Chair is elected by the Board.

The Board meets twice a year with secretarial support provided by KCC Democratic services. Details of all Board meetings including all unrestricted meeting papers, are available on the Kent County Council website.

All representatives receive appropriate training and development and all costs of attending meetings and additional costs of attending training courses are reimbursed from the Fund.

Kent County Council Superannuation Fund Communications Policy Statement 2017

Introduction

The Fund must provide, maintain and publish a communications statement in accordance with Regulation 67 of the Local Government Pension Scheme (LGPS) Administration Regulations.

The Communications Policy must be revised and republished following any change in policy.

Purpose of the Communications Policy

The purpose of the communications policy is to publish a statement setting out the policy concerning the methods of communications with the stakeholders of the Kent County Council Superannuation Fund (the Fund).

The stakeholders are identified as:

- **Active members** Members who are in employment and contributing to the fund.
- **Deferred benefit members** Members who have stopped contributing and have a benefit held in the fund which is payable when they reach retirement age.
- **Pensioner members** Members who are in receipt of a pension from the fund.
- **Prospective members** Employees who are not contributing but could join the scheme.
- **Employing authorities** Employers that offer membership of the Scheme to their employees.

In accordance with LGPS regulations, the communications policy details the:

- provision of information and publicity about the Scheme;
- format, frequency and method of distributing information and publicity;
- promotion of the Scheme to prospective members and their employers.

All prospective, active, deferred and pensioner members have access to the following:

Change to scheme regulations

Any major change in the Scheme regulations is notified to the member in writing by letter to their home address.

Website

The website, <u>www.kentpensionfund.co.uk</u>, has dedicated areas for all members. It includes extensive pages of information about the Scheme, guides, factsheets and forms.

Helpline

A dedicated pensions helpline, 03000 413 488, is available from 9:00am to 5:00pm Monday to Friday.

Mailbox

A central dedicated mailbox, <u>pensions@kent.gov.uk</u>, is provided. The mailbox is accessed by a number of pension staff, therefore it is managed on a daily basis.
Page 162

Correspondence

Written letters received are replied to within 15 working days.

1:1 appointment

Members can request a 1:1 appointment with a pension administrator any time during office working hours.

Guides and Factsheets

Guides and factsheets, on a range of pension subjects, are available to download from the website. We (or the employer) will provide a hard copy should the member not have online access.

Specific information is made available to each group of members as follows:

Active members

Annual benefit illustrations

Once a year, by 31 August, an illustration in paper format is sent to home addresses. The illustration shows basic information held about the member such as pay used for pension purposes. It gives an illustration of the pension benefits built up to the previous 31 March. It also includes the death grant lump sum, should the member die in service, and the nominees that the member wishes to receive this death grant.

Welcome letter

Employers enter members into the Scheme and provide relevant information and forms to them when they join. When the employer notifies the Pension Section we send a Welcome letter to the member's home address with further information.

Pension Saving Statement

A letter is sent to members who have exceeded, or are approaching, the annual allowance limit. This is in relation to the growth in their pension benefits in a year ending 31 March. The letter is sent to their home address by the following 6 October.

Pre-retirement courses

Pre-retirement courses are provided every 6 weeks at Oakwood House in Maidstone for members who are thinking of retiring in the following 18 months. The course includes an explanation of how the pension is calculated and how the annual pension can be adjusted to provide a larger lump sum. An independent financial adviser also gives a presentation including financial options. There is no charge for this course.

Presentations

Upon request from the employer, presentations are provided to groups of members about pension issues. These are delivered by the Pensions Manager or designated staff with specialist knowledge in the particular pension issue.

Deferred benefit members

Deferred Benefit Illustrations

Once a year, before 31 August, an illustration is sent in paper format to home addresses. The illustration shows the deferred pension benefits held in the pension fund until retirement age. It also includes the death grant lump sum, should the member die before benefits are payable, and the nominees that the member wishes to receive this death grant.

Pre-retirement courses

Pre-retirement courses are provided every 6 weeks at Oakwood House in Maidstone for members who are reaching retirement age and can draw their deferred benefit in the following 18 months. The course includes an explanation of how the pension is calculated and how the annual pension can be adjusted to provide a larger lump sum. An independent financial adviser also gives a presentation including financial options. There is no charge for this course.

Pensioner members

Open Lines newsletter

The newsletter is sent twice a year, in spring and autumn, in paper format to the member's home address. It is produced by the KCC Pension Section in conjunction with Kent Active Retirement Fellowship (KARF). The newsletter includes articles about topical issues, KARF news and activities and provides a state benefits update by Tina Gilchrist with a dedicated helpline to contact.

The spring issue includes details about the annual pension increase and tax information for the new financial year. Copies of Open Lines are available on the website and so members may opt out of receiving this newsletter to their home; however, these members will receive a letter in the spring instead, detailing information regarding the annual pension increase. Members have the option to choose to receive Open Lines as a link by email rather than by post.

Payslip

Payslips are issued in paper format to the member's home address once a year in April and at any other time during the year if pay differs by more than £3, the member changes their bank details or there is a tax code change.

Pension payroll helpline and mailbox

A dedicated pension payroll helpline, 03000 411 107 is available Monday to Friday 9:00am to 5:00pm. Pension payroll provide a mailbox: pensions.payroll@kent.gov.uk

Kent Active Retirement Fellowship (KARF)

KARF was set up in 1997 by people in receipt of a pension from the Kent County Council Superannuation Fund (the Fund). KARF provide their members with the opportunity to meet with other retired people with similar interests. The local branches offer a variety of activities and events, including social, cultural, educational, leisure and fellowship.

The Pension Fund is independent of the fellowship but the KCC Pension Section helps promote their activities by including information in the Open Lines newsletter, having a dedicated KARF area on the

website and including information with the benefit letter to newly retired members.

Employers

Employer Liaison Team

A dedicated staff resource of Communication and Support Officers (CSOs) is provided to employers. Each CSO has responsibility for a group of employers. They provide guidance, training and support by phone, email and visits in person.

Employers Pension Forum

The KCC Pension Section provides a forum for employers twice a year, in June and December, in Ashford. Presentations on topical issues are given and time for discussion is allocated. These are provided free of charge.

Specialist forums

As the need arises, specialist forums are provided for employers, for example when there are major changes in the Scheme or in overriding legislation. These are held at different venues throughout Kent and are provided free of charge.

Change to scheme regulations or policies

Any major changes in the scheme regulations or policies are notified to the employers in writing. In the event of significant changes to the scheme regulations additional specialist forums are also provided, as detailed above.

Bulletins

Bulletins are sent to employers when news and changes have happened to require a summary notification.

Website

The website, <u>www.kentpensionfund.co.uk</u>, has a dedicated area for employers with an individual password so only they can access the area. It includes extensive pages of information and guidance about the Scheme, template letters and forms.

Visits

CSOs visit employers upon request or when the CSO believes they may need help and guidance.

Training

CSOs train employers on pension issues upon request or when the CSO believes they may need training. There is no charge for training.

Meetings

CSOs attend meetings with employers on request, including those with their HR and Payroll departments/providers.

Representatives of scheme members

Scheme information, guides and factsheets are available on the website www.kentpensionfund.co.uk Individual pension information is provided to representatives on the written authorisation of the member.

Table of publications

The table below details the types of publications, the frequency in which they are provided and how they can be received.

19 July 2017

Dear Members of the Governance and Audit Committee

Audit Findings Report for Kent Superannuation Fund for the year ending 31 March 2017

This Audit Findings report highlights the significant findings arising from the audit for the benefit of those charged with governance (in the case of the Kent Superannuation Fund, the Governance and Audit Committee), as required by International Standard on Auditing (UK & Ireland) 260, the Local Audit and Accountability Act 3)14 and the National Audit Office Code of Audit Practice. Its contents have been discussed with management.

As auditors we are responsible for performing the audit, in accordance with International Standards on Auditing (UK & Ireland), which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities for the preparation of the financial statements.

The contents of this report relate only to those matters which came to our attention during the conduct of our normal audit procedures which are designed primarily for the purpose of expressing our opinion on the financial statements. Our audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify any control weaknesses, we will report these to you. In consequence, our work cannot be relied upon to disclose defalcations or other irregularities, or to include all possible improvements in internal control that a more extensive special examination might identify. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

We would like to take this opportunity to record our appreciation for the kind assistance provided by the finance team and other staff during our audit.

Yours sincerely

Elizabeth Jackson

Engagement Lead

Chartered Accountants

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales No.OC307742. Registered office: Grant Thornton House, Melton Street, Euston Square, London NW1 2EP.
A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated bythe Financial Conduct Authority.

Grant Thornton UK LLP is a member firm of Grant Thornton in ternational Ltd (GTL). GTL and the member firms are not aventively earnership. Services are delivered by the member firms. GTIL and its member firms are not agents, and do not obligate, one another and are not liable for one another's acts or omissions. Please see grant-hornton to tak further details.

Purpose of this report

This report highlights the key issues affecting the results of the Kent Superannuation Fund ('the Fund') and the preparation of the Fund's financial statements for the year ended 31 March 2017. It is also used to report our audit findings to management and those charged with governance in accordance with the requirements of International Standard on Auditing (UK & Ireland) 260, and the Local Audit and Accountability Act 2014 ('the Act').

Under the National Audit Office (NAO) Code of Audit Practice ('the Code'), we are required to report whether, in our opinion, the Fund's financial statements give a true and fair view of the financial position of the Fund and its income and expenditure for the year and whether they have been properly prepared in accordance with the CIPFA Code of Practice on Local Authority Accounting.

We are also required consider other information published together with the author of the financial statements, whether it is consistent with the financial statements and in line with required guidance. This includes the Narrative Report and the Persion Fund Annual Report.

Introduction

In the conduct of our audit we have not had to alter or change our audit approach, which we communicated to you in our Audit Plan dated 11 April 2017.

Our audit is substantially complete although we are finalising our procedures in the following areas:

- review of the final version of the Annual Report
- review of the final version of the financial statements
- · completion of our final internal reviews
- · obtaining and reviewing the management letter of representation, and
- updating our post balance sheet events review, to the date of signing the opinion.

We received draft financial statements and accompanying working papers at the commencement of our work, in accordance with the agreed timetable.

We anticipate providing a unqualified audit opinion in respect of the financial statements (see Appendix B). We have also included our anticipated opinion on the Annual Report at Appendix C.

Key audit and financial reporting issues

Financial statements opinion

We have identified no adjustments affecting the Fund's reported net assets position in the draft financial statements. The draft financial statements for the year ended 31 March 2017 recorded net assets of £5,565,175k and the audited financial statements record the same outcome.

There were no significant issues arising from our work. The draft financial statements provided to audit were of a high quality and supported by good working papers. The finance team responded promptly and knowledgably to audit requests and queries. We have, however, recommended a small number of adjustments to improve disclosure and the presentation of the financial statements, further details of which can be seen within section two of this report.

We anticipate providing an unqualified opinion in respect of the Fund's financial statements.

Controls

Roles and responsibilities

The Fund's management is responsible for the identification, assessment, management and monitoring of risk, and for developing, operating and monitoring the system of internal control.

Our audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify any control weaknesses, we report these to the Fund.

Controls (continued)

Findings

Our work has not identified any control weaknesses which we wish to highlight for your attention. Further details are provided within section two of this report.

The way forward

Matters arising from the financial statements audit have been discussed with the Director of Finance and Treasury and Investment Manager.

Agknowledgement

We would like to take this opportunity to record our appreciation for the assetance provided by the finance team and other staff during our audit.

Grant Thornton UK LLP July 2017

Section 2: Audit findings

This section summarises the findings of the audit, we report on the final level of materiality used and the work undertaken against the risks we identified in our initial audit plan. We also conclude on the accounting policies, estimates and judgements used and highlight any weaknesses found as part of the audit in internal controls. As required by auditing standards we detail both adjusted and unadjusted misstatements to the accounts and their impact on the financial statements.

Materiality

In performing our audit, we apply the concept of materiality, following the requirements of International Standard on Auditing (UK & Ireland) (ISA) 320: Materiality in planning and performing an audit. The standard states that 'misstatements, including omissions, are considered to be material if they, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements'.

As we reported in our audit plan, we determined overall materiality to be £45,390k (being 1% of net assets from the prior year audited accounts). We have considered whether this level remained appropriate during the course of the audit and have revised our materiality upwards to take account of the increase in the Net Assets during 2016-17, which generates a revised materiality of £55,652k (being 1% of net assets from the draft 2016-17 accounts).

We also set an amount below which misstatements would be clearly trivial and would not need to be accumulated or reported to those charged with governance because we would not expect that the accumulated effect of such amounts would have a material impact on the financial statements. We have defined the amount below which misstatements would be clearly trivial to be £2,269k. Our assessment of the value of clearly trivial matters has been adjusted to reflect our revised materiality calculation, which has thus increased to £2,783k.

As we reported in our audit plan, we did not identify any items where we decided that separate materiality levels were appropriate, and have made no changes to this assessment during the course of our audit.

Audit findings against significant risks

"Significant risks often relate to significant non-routine transactions and judgmental matters. Non-routine transactions are transactions that are unusual, either due to size or nature, and that therefore occur infrequently. Judgmental matters may include the development of accounting estimates forwhich there is significant measurement uncertainty" (ISA(UK&I)315).

In this section we detail our response to the significant risks of material misstatement which we identified in the Audit Plan. As we noted in our plan, there are two presumed significant risks which are applicable to all audits under auditing standards.

| | Risks identified in our audit plan | Work completed | Assurance gained and issues arising |
|-------------|--|---|--|
| 1. Page 175 | The revenue cycle includes fraudulent transactions Under ISA (UK&I)240 there is a presumed risk that revenue may be misstated due to the improper recognition of revenue. This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition. | Having considered the risk factors set out in ISA(UK&I)240 and the nature of the revenue streams at Kent Superannuation Fund, we have determined that the risk of fraud arising from revenue recognition can be rebutted, because: • there is little incentive to manipulate revenue recognition • opportunities to manipulate revenue recognition are very limited due to clear separation of duties between the Fund, fund managers and the custodian; and • the culture and ethical frameworks of local authorities, including Kent County Council as the administering authority, mean that all forms of fraud are seen as unacceptable. | Our audit workhas not identified any material issues in respect of revenue recognition. |
| 2. | Management over-ride of controls Under ISA(UK&I)240 it is presumed that the risk of management over-ride of controls is present in all entities. | We have completed the following work in respect of this risk: review of entity-level controls testing of journal entries review of accounting estimates, judgements and decisions made by management review of unusual significant transactions | Our audit work has not identified any evidence of management over-ride of controls. In particular the findings of our review of journal controls and testing of journal entries has not identified any significant issues. We set out later in this section of the report our work and findings on key accounting estimates and judgements. |

Audit findings against significant risks continued

We have also identified the following significant risks of material misstatement from our understanding of the entity. We set out below the work we have completed to address these risks.

| | Risks identified in our audit plan | Work completed | Assurance gained and issues arising |
|----------|------------------------------------|--|--|
| Page 176 | | We carried out walkthrough tests of the controls identified in the cycle. Tested a sample of private equity investments valuations by obtaining and reviewing the latest audited accounts for individual investments and agreeing these to the fund manager reports at that date. Reconciliation of those values to the values at 31 March with reference to known movements in the intervening period. Reviewed the qualifications of fund managers as experts to value the level 3 investments at year end and gain an understanding of how the valuation of these investments has been reached. Reviewed the nature and basis of estimated values and considered what assurance management has over the year end valuations provided for these types of investments. | Our audit work has not identified any issues around the valuation of the Level 3 Investments reported at year end. |

Audit findings against other risks

In this section we detail our response to the other risks of material misstatement which we identified in the Audit Plan. Recommendations, together with management responses are attached at appendix A.

| Transaction cycle | Description of risk | Work completed | Assurance gained & issues arising |
|--|--|---|--|
| Investment purchases and sales | Investment activity not valid. (Occurrence) Investment valuation not correct. (Valuation gross) | We have undertaken the following work in relation to this risk We have performed a walkthrough to gain assurance that the in-year controls were operating in accordance with our documented understanding. We have reviewed the reconciliation of information provided by the fund managers, the custodian and the Fund's own records and sought explanations for variances. | Our audit work has not identified any significant issues in relation to the risk identified. |
| Investment values – Lewel 2 investments (Q 0 1 | Valuation is incorrect. (Valuation net) | We have undertaken the following work in relation to this risk: We have performed a walkthrough to gain assurance that the in-year controls were operating in accordance with our documented understanding. We have reviewed the reconciliation of information provided by the fund managers, the custodian and the Fund's own records and sought explanations for variances For direct property investments agreed values in total to valuer's report and undertaken steps to gain reliance on the valuer as an expert. | Our audit workhas not identified any significant issues in relation to the risk identified. |

Audit findings against other risks (continued)

| Transaction cycle | Description of risk | Work completed | Assurance gained & issues arising |
|-------------------|--|--|--|
| Contributions | Recorded contributions not correct (Occurrence) | We have undertaken the following work in relation to this risk: We have performed a walkthrough to gain assurance that the in-year controls were operating in accordance with our documented understanding. | Our audit work has not identified any significant issues in relation to the risk identified. |
| | | Controls testing over occurrence, completeness and accuracy of contributions. | |
| | | Undertook a monthly trend analysis over the contributions received during the year to gain assurance over the completeness of contributions included within the accounts. | |
| Page | | Tested a sample of contributions to source data to gain assurance over their accuracy and occurrence. | |
| e 178 | | Rationalised contributions received with reference to changes in member body payrolls and numbers of contributing pensioners and ensured that any unexpected trends were satisfactorily explained. | |
| Benefits payable | Benefits improperly computed/claims liability understated (Completeness, | We have undertaken the following work in relation to this risk: We have performed a walkthrough to gain assurance that the in-year controls were operating in accordance with our documented understanding. | Our audit work has not identified any significant issues in relation to the risk identified. |
| | accuracy and occurrence) | Controls testing over completeness, accuracy and occurrence of benefit payments. | |
| | | Undertook a monthly trend analysis over the pension payments made during the year to gain assurance over the completeness of benefits paid included within the accounts. | |
| | | Rationalised pensions paid with reference to changes in pensioner numbers and increases applied in the year and ensured that any unusual trends were satisfactorily explained. | |

Audit findings against other risks (continued)

| Transaction cycle | Description of risk | Work completed | Assurance gained & issues arising |
|-------------------|---|---|---|
| Member Data | Member data not correct. (Rights and Obligations) | We have undertaken the following work in relation to this risk: We have performed a walkthrough to gain assurance that the inyear controls were operating in accordance with our documented understanding. Controls testing over annual/monthly reconciliations and verifications with individual members. Sample tested changes to member data for new member, leavers and new pensioners made during the year to source documentation. | Our audit workhas not identified any significant issues in relation to the risk identified. |

Page 179

Accounting policies, estimates and judgements

In this section we report on our consideration of accounting policies, in particular revenue recognition policies, and key estimates and judgements made and included with the Fund's financial statements.

| Accounting area | Sum mary of policy | Comments | Assessment |
|--------------------------|---|---|------------|
| Revenue recognition | The financial statements include policies for recognition of the following: | Review of your policies for revenue recognition confirms they are in line with the requirements of the CIPFA Code of Practice and cover all the expected areas in | |
| | Investment income | accordance with the Fund's activities. | Green |
| | Contribution income | Our testing has confirmed that these policies have been correctly and consistently | |
| | Transfers in to the scheme | applied. | |
| Page 180 | Revenue for the first two categories is recognised on an accruals basis, w hilst for the third category it is recognised on a cash basis, w ith the exception of bulk transfers, w hich are accounted for on an accruals basis in accordance w ith the terms of the transfer agreement. | | |
| Judgements and estimates | Key estimates and judgements include: Valuation of private equity, property and infrastructure investments Present value of future retirement benefits | Our review of your key judgements disclosed in the draft financial statements has confirmed they are complete in accordance with our understanding of the Fund. Our testing has confirmed that the accounting policies in relation to these areas are in accordance with the CIPFA Code of Practice and have been correctly and consistently applied. | Green |
| Going concern | Officers have a reasonable expectation that the services provided by the Fund will continue for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements. | We have reviewed officers' assessment and are satisfied with management's assessment that the going concern basis is appropriate for the 2016/17 financial statements. | Green |

Other communication requirements

We set out below details of other matters which we, as auditors, are required by auditing standards and the Code to communicate to those charged with governance.

| | Issue | Commentary |
|-----------|---|---|
| 1. | Matters in relation to fraud | We have previously discussed the risk of fraud with the Governance and Audit Committee and have not been made aware of any other incidents in the period and no other issues have been identified during the course of our audit procedures. |
| 2. | Matters in relation to related parties | • From the workwe carried out, we have not identified any related party transactions which have not been disclosed. |
| 3. | Matters in relation to laws and regulations | You have not made us aware of any significant incidences of non-compliance with relevant laws and regulations and we have not identified any incidences from our audit work. |
| 4. 0 | Written representations | A standard letter of representation has been requested from the Fund. |
| 4. Page 1 | Confirmation requests from third parties | We obtained direct confirmations from your fund managers and custodian for investment balances and from your bank for your cash balances (outside of the cash held by your fund managers). All of these requests have been returned with positive confirmation. |
| 6. 2 | Disclosures | Our review found no material errors or omissions but we have requested management to make some minor amendments to further improve the clarity of the information included within the financial statements. |
| 7. | Matters on which we report by exception | We are required to report by exception where the Pension Fund Annual Report is inconsistent with the financial statements. We have not identified any issues we wish to report. |

Internal controls

The purpose of an audit is to express an opinion on the financial statements.

Our audit included consideration of internal controls relevant to the preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control. We considered and walked through the internal controls for Investment Purchases and Sales, Investment Valuations – Levels 2 and 3, Contributions, Benefits Payable, and Member Data as set out on pages 11 to 13 within this report.

The controls were found to be operating effectively and we have no matters to report to the Governance and Audit Committee.

Page 183

Adjusted and unadjusted misstatements

We are required to report all non-trivial misstatements to those charged with governance, whether or not the financial statements have been adjusted by management. There were no adjusted or unadjusted misstatements identified as a result of our procedures.

Misclassifications and disclosure changes

The table below provides details of misclassification and disclosure changes identified during the audit which have been made in the final set of financial statements.

| | | | | Impact on the financial statements |
|---|------------|-----|-----------------------------------|--|
| 1 | Disclosure | n/a | Various notes within the Accounts | Various minor amendments have been made to enhance the clarity of the final version of the accounts. |

Section 3: Fees, non-audit services and independence

We confirm below our final fees charged for the audit and confirm there were no fees for the provision of non audit services.

Fees

| | Proposed fee per Audit Plan £ | Actual fees £ |
|----------------------------------|-------------------------------------|------------------|
| Pension fund scale fee | 30,568 | 30,568 |
| Total audit fees (excluding VAT) | 30,568 | 30,568 |

The proposed fees for the year were in line with the scale fee set by Public Sector Audit Appointments Ltd (PSAA).

186

Fees for other services

| Service | Fees£ |
|------------------------|-------|
| Audit related services | Nil |
| Non-audit services | Nil |

Independence and ethics

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Auditing Practices Board's Ethical Standards and therefore we confirm that we are independent and are able to express an objective opinion on the financial statements.

We confirm that we have implemented policies and procedures to meet the requirements of the Auditing Practices Board's Ethical Standards.

Section 4: Communication of audit matters

Communication to those charged with governance

International Standards on Auditing (ISA) (UK&I) 260, as well as other ISA(UK&I)s, prescribe matters which we are required to communicate with those charged with governance, and which we set out in the table opposite.

The Audit Plan outlined our audit strategy and plan to deliver the audit, while this Audit Findings report presents the key issues and other matters arising from the audit, together with an explanation as to how these have been resolved.

Respective responsibilities

The Audit Findings Report has been prepared in the context of the Statement of Responsibilities of Auditors and Audited Bodies issued by Public Sector Audit Appeintments Limited (http://www.psaa.co.uk/appointing-auditors/terms-of-appintment/)

We have been appointed as the Fund's independent external auditors by the Audit Compission, the body responsible for appointing external auditors to local public bodies in England at the time of our appointment. As external auditors, we have a broad remit covering finance and governance matters.

Our annual work programme is set in accordance with the Code of Audit Practice issued by the NAO (https://www.nao.org.uk/code-audit-practice/about-code/). Our work considers the Fund's key risks when reaching our conclusions under the Code of Audit Practice.

It is the responsibility of the Fund to ensure that proper arrangements are in place for the conduct of its business, and that public money is safeguarded and properly accounted for. We have considered how the Fund is fulfilling these responsibilities.

| Our communication plan | Audit Plan | Audit Findings |

Appendix A: Audit opinion

We anticipate we will provide the Fund with an unmodified audit report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF KENT COUNTY COUNCIL

We have audited the superannuation fund financial statements of Kent County Council (the "Authority") for the year ended 31 March 2017 under the Local Audit and Accountability Act 2014 (the "Act"). The superannuation fund financial statements comprise the Fund Account, the Net Assets Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2016/17.

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 of the Act and as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extend permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of the Corporate Director of Finance and auditor

As explained more fully in the Statement of Responsibilities, the Corporate Director of Finance is responsible for the preparation of the Authority's Statement of Accounts, which includes the superannuation fund financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2016/17, which give a true and fair view. Our responsibility is to audit and express an opinion on the superannuation fund financial statements in accordance with applicable law, the Code of Audit Practice published by the National Audit Office on behalf of the Comptroller and Auditor General (the "Code of Audit Practice") and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the superannuation fund financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statementssufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the superannuation fund's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Corporate Director of Finance; and the overall presentation of the superannuation fund financial statements. In addition, we read all the financial and non-financial information in the Authority's Statement of Accounts to identify material inconsistencies withthe audited superannuation fund financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course ofperforming

the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on the superannuation fund financial statements

In our opinion:

- the superannuation fund financial statements present a true and fair view of the financial transactions of the superannuation fund during the year ended 31 March 2017 and of the amount and disposition at that date of the fund's assets and liabilities; and
- the superannuation fund financial statements have been properly prepared in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2016/17 and applicable law.

Opinion on other matters

In our opinion, the other information published together with the audited superannuation fund financial statements in the Authority's Statement of Accounts for the financial year for which the financial statements are prepared is consistent with the audited superannuation fund financial statements.

Elizabeth Jackson for and on behalf of Grant Thornton UK LLP, Appointed Auditor

30 Finsbury Square London EC2P 2YU

XX July 2017

Appendix B: Proposed audit opinion on the annual report

We anticipate we will provide the Fund with an unmodified audit report

Independent auditor's report to the members of Kent County Council on the consistency of the superannuation fund financial statements included in the superannuation fund annual report

Opinion

The superannuation fund financial statements of Kent County Council (the "Authority") for the year ended 31 March 2017 which comprise the fund account, the net assets statement and the related notes of the Kent Superannuation Fund are derived from the audited superannuation fund financial statements for the year ended 31 March 2017 included in the Authority's Statement of Accounts (the "Statement of Accounts"). In our opinion, the accompanying superannuation fund financial statements are consistent, in all material respects, with the audited financial statements in accordance with proper practices as defined in the CIPS /LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2016/17 and applicable law.

Sup annuation fund annual report - Superannuation fund financial statements

The superannuation fund annual report and the superannuation fund financial statements do not reflect the effects of events that occurred subsequent to the date of our report on the Statement of Accounts. Reading the superannuation fund financial statements and the auditor's report thereon is not a substitute for reading the audited Statement of Accounts and the auditor's report thereon.

Who we are reporting to

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 paragraph 20(5) of the Local Audit and Accountability Act 2014 and as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our work has been undertaken so that we might state to the members of the Authority those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

The audited financial statements and our Report thereon

We expressed an unmodified audit opinion on the superannuation fund financial statements in the Statement of Accounts in our report dated xx July 2017.

Director of Corporate Finance's responsibilities for the superannuation fund financial statements in the superannuation fund annual report

Under the Local Government Pension Scheme Regulations 2013 the Director of Corporate Finance's responsibilities of the Authority is responsible for the preparation of the superannuation fund financial statements, which must include the fund account, the net asset statement and supporting notes and disclosures prepared in accordance with proper practices. Proper practices for the superannuation fund financial statements in both the Statement of Accounts and the superannuation fund annual report are set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2016/17.

Auditor's responsibility

Our responsibility is to express an opinion on whether the superannuation fund financial statements in the superannuation fund annual report are consistent, in all material respects, with the audited superannuation fund financial statements in the Statement of Accounts based on our procedures, which were conducted in accordance with International Standard on Auditing 810 (Revised), Engagements to Report on Summary Financial Statements.

Corporate Director of Finance

To: Superannuation Fund Committee – 8 September 2017

Subject: FUND POSITION STATEMENT

Classification: Unrestricted

Summary: To provide a summary of the Fund asset allocation and

performance.

FOR INFORMATION

INTRODUCTION

1. The Fund Position Statement is attached in Appendix 1.

QUARTER TO 30 JUNE

- 2. The Fund returned +2.71% in the Quarter compared with a benchmark return of +0.99%.
- 3. All the main asset classes produced positive returns in sterling except North America equities and UK Index Linked Gilts.
- 4. The Quarter saw some strong performance for equity managers in-particular Baillie Gifford but also Schroders UK Equities, Woodford UK Equities and Sarasin. Schroders Global Active Value Equities and M&G Global Equities both underperformed.
- 5. Both Fixed Income managers outperformed.

LONGER TERM INVESTMENT RETURNS

6. PIRC have provided the summary of long term investment returns attached in Appendix 2. In summary:

| Period | Return | Percentile |
|----------|--------|------------------|
| | % | |
| 1 year | +20.2 | 42 nd |
| 3 years | +10.9 | 49 th |
| 5 years | +11.2 | 24 th |
| 10 years | +7.0 | 47 th |
| 20 years | +7.2 | 43 rd |

Note: figures at 31 March 2017 and Universe is 60 funds

- 7. This shows slightly above average returns over most periods and upper quartile performance when measured over 5 years.
- 8. These figures show that the review of investment strategy is critical in increasing long term risk adjusted returns.

RECOMMENDATION

9. Members are asked to note the report.

Total Fund £5.7 bn

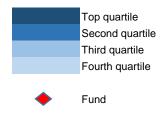

PERFORMANCE SUMMARY FOR PERIODS TO END MARCH 2017

LATEST YEAR RETURN

- The Fund returned 21.1% in the latest year. This ranked it in the 42nd percentile.
- Asset allocation dominated the outcome for fund rankings
- The best performers were heavily invested in growth assets
- The lowest returns were delivered by funds with more defensive allocations

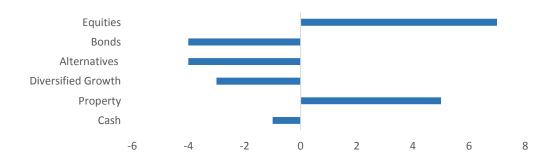

The figure shows the Fund return within the range of results achieved by the LGPS Universe in the latest year. The returns are divided into quarters (quartiles) and the fund is shown nas a red diamond.

ASSET ALLOCATION

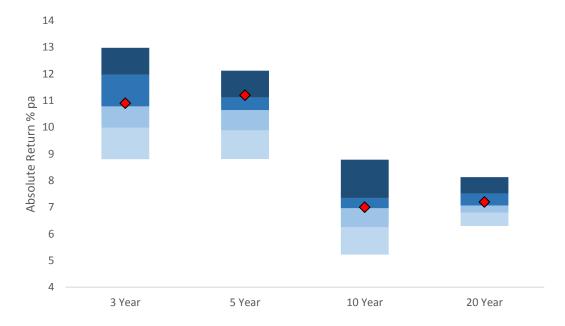

- The Fund has a different asset strategy from the average LGPS fund
- The key difference is the relatively high exposure to equities and property.
- In the latest year this alocation was slightly beneficial as equities produced the best returns but property produced the worst .

The chart shows the Fund's relative % weightings at asset class level at 31st March 2017.

LONGER TERM RETURNS

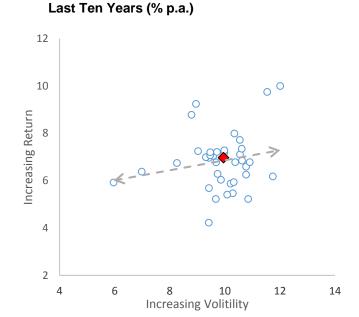

- The Fund has outperformed its peers over all periods.
- The Fund return of 10.9% p.a. ranked in the 49th percentile over the last three years and of 11.2% p.a. ranked 24th percentile over the last five.
- Over the longer term the Fund return of 7.0% p.a. ranked 47th percentile over ten years whilst the return of 7.2% p.a. ranked 43rd percentile over twenty.
- Over all periods the Fund has comfortably outperformed both inflation and actuarial assumptions.

RISK & RETURN

- Funds have typically been rewarded for additional volatility i.e. higher exposure to equity more so nearer-term
- Over the last five years, the Fund delivered a better than average return at average volatility.
- Over the ten years, the return and volatility are both close to average.

Last Five Years (% p.a.) 14 0 12 Increasing Return 10 8 6 2 10 4 Increasing Volatility 8

The charts show the funds (blue rimmed dots) in the LGPS Universe in risk/return space. The further up the vertical axis a fund is the better the return achieved. The further along the horizontal axis the more risk has been taken.

The grey dotted trend line shows that there has been a positive relationship between the level of risk taken and the return achieved. Page 204

Subject: INTERNALLY MANAGED CASH BALANCES

Classification: Unrestricted

Summary: To update the Committee on the Fund's cash position as at

August 2017

FOR INFORMATION

INTRODUCTION

1. The Fund's operational cash balances are managed by the Kent County Council Treasury and Investments team. The purpose of this cash is to fund the payment of pensions as well as the Fund's expenses in particular investment managers' fees. A minimum balance of £25m is required to fund this expenditure. Any surplus may be invested with an external Fund manager.

2017/18 CASHFLOWS

- 2. During the 5 months since 1 April 2017 the average monthly outgoings have totalled some £21million while contributions from employers and members have also amounted to some £21million a month.
- 3. Also during this period £5m of rental income has been received from DTZ and proceeds received from the sale of 2 property investments:

Unite SAF £3.18m Bath Tramshed £6.65m

And distributions have been received from:

Kames £7.75m
Partners Group £1.34m
Harbourvest Funds £3.80m
YFM Funds £0.19m

4. Investments have been made in funds:

The Leisure Fund Unit Trust £2.50m M&G Real Estate Fund £4.37m YFM Funds £2.56m Harbourvest Funds £2.36m

5. As at 25 August 2017 the total sterling balance was £64.5m, an increase of some £33.3m since the beginning of April 2017.

6. In addition as the result of distributions received from the investments in Partners Group and Harbourvest private equity / infrastructure funds the Fund is holding currency balances:

Euros 9.0m USD 7.7m

7. The Sterling and USD cash is invested in Money Market Funds as follows:

| | £ |
|---|------------|
| Aviva Investors Sterling Liquidity Fund | 10,346,776 |
| Deutsche Managed Sterling Fund | 758,120 |
| HSBC Global Liquidity Fund | 10,262,890 |
| HSBC BIBCA Account | 2,434,758 |
| Insight Sterling Liquidity Fund | 11,486,131 |
| LGIM Liquidity Fund | 10,983,121 |
| Aberdeen Liquidity Fund (Lux) | 10,333,589 |
| SSgA GBP Liquidity Fund | 7,886,501 |
| | USD |
| Blackrock ICS | 7,733,018 |

RECOMMENDATION

8. Members are asked to note the current cash position

Corporate Director of Finance

To: Superannuation Fund Committee – 8 September 2017

Subject: ACCESS POOLING UPDATE

Classification: Unrestricted

Summary: To update on progress on pooling.

FOR DECISION

INTRODUCTION

1. This report is to update on progress on pooling.

JOINT COMMITTEE

2. The Joint Committee (JC) met for the first time on 31 July. Cllr. Andrew Reid from Suffolk was elected as Chairman and Cllr. Richard Stogdon from East Sussex as Vice Chairman. Minutes of the meeting will be circulated to the Committee. A further meeting is being arranged for late September / early October. Commencing meetings of a decision making body is a major step forward.

COMMUNICATION WITH DCLG

3. All the pools were asked to provide an update to DCLG in July on the progress being made with the pooling arrangements and a copy of the response from Marcus Jones is attached at appendix 1.

PASSIVE INVESTMENT MANAGER PROCUREMENT

4. The latest position is that the preferred supplier has been identified and the contract award will be reported to the JC at its next meeting. The contract award will then be recommended to the individual ACCESS Funds. It is anticipated that once the contract has been signed (the Corporate Director of Finance has delegated authority to sign on behalf of the Kent Fund) assets will be transferred by March 2018.

INVESTMENT MANAGER RATIONALISATION

5. As reported to the last meeting of the Committee the ACCESS Funds agreed to commission a piece of work to review the current investment manager structures of the 11 Funds in order to better identify areas of cross-over and areas where there are significant differences of approach.

- 6. bfinance was commissioned to:
 - Prepare a "map" of existing holdings,
 - Assess those holdings for suitability within the sub-fund structure,
 - Make recommendations on the initial population of sub-funds, and
 - Consider the impact on fees.
- 7. The OWG has received the bfinance report and used it to inform the CIV Operator Procurement.
- 8. It is anticipated, given advice received from Squire, Patton, Boggs (SPB) the legal adviser to the Operator procurement exercise, and previously reported to the Committee, that the initial sub-fund structure will be based on existing investment manager mandates of individual Funds. Over the next few months the report's recommendations will be further reviewed as Funds will need to agree on the most appropriate mandates.
- 9. The bfinance report is highly supportive of the current Kent Fund manager roster and the Committee at its next meeting in November will be asked to agree the Kent investment in the initial sub-funds.
- 10. The intention is that the sub-fund structure will be agreed by all ACCESS Funds by 1 February 2018, when the Operator's contract commences, so that they can go ahead and seek authorisation from the FCA for the establishment of the subfunds.

OPERATOR PROCUREMENT

- 9. The Invitation to Tender (ITT) and OJEU notice is due to be issued on 4
 September with responses due by 6 October 2017. Responses will be evaluated
 by a panel of officers and members in October / November. The Joint Committee
 is scheduled to approve the recommended supplier on or around 20 November
 and to recommend the contract award to individual Funds for their approval during
 late November / early December. The 17 November meeting of this Committee will
 be too early to make this decision.
- The Committee is asked to agree to delegate to the Corporate Director of Finance in consultation with the Chair of the Superannuation Committee the approval of the contract.

RECOMMENDATIONS

- 11. Members are asked:
 - a) to note the report;
 - to agree the delegation to the Corporate Director of Finance in consultation with the Chairman of the Superannuation Committee the approval of the contract with the Operator;

c) that once the contract for the Operator has been prepared the Kent County Council seal can be affixed to the legal documents.

2 2 AUG 2017

LOCAL GOVERNMENT PENSION SCHEME (LGPS) INVESTMENT POOLING: SPRING 2017 PROGRESS REVIEW

Thank you for your reports on progress to 31 March and updates to our officials on developments since then. We have been pleased to see that most pools in development have been moving at pace towards becoming operational, including launching procurements for pool operators and, where new operators are being established, making key senior appointments and preparing applications for Financial Conduct Authority (FCA) authorisation. We have also been pleased to note progress in some pools towards your ambitions on infrastructure investment, with some significant new funding committed this year. We are well aware of the substantial demands on your staff and resources required to deliver the progress already made and the challenges still to be overcome in order to deliver, and we are grateful to all those involved.

However in some areas we have not yet received the assurance we require. We have made clear that all funds must fully participate in a pool and all pools must have an FCA authorised operator. In order to achieve the maximum savings, funds must invest through the pools, with minimal exceptions where there is a value for money case, and they must delegate manager selection to the operator. Our officials will of course continue to engage with funds and pools where there are outstanding issues over the summer. But if we are not satisfied that there is a clear path and timetable for delivery, the Department for Communities and Local Government will consult on further action, including use of the powers available.

We will expect a further report on progress to 30 September from all pools in October. At that time we will want to see further details of savings achieved and planned, as well as plans for reporting, including on fees and net performance by asset class, and for increasing your infrastructure investment in line with your ambition.

We remain committed to this vital long term change programme in order to deliver improved net investment performance and capacity to invest in infrastructure, and to protect the sustainability of the LGPS for the benefit of its members. We look forward to working with you to bring the first stage of the reform to a successful conclusion with the establishment of pools across the LGPS.

To: Superannuation Fund Committee – 8 September 2017

Subject: IMPLEMENTATION OF THE MARKETS IN FINANCIAL

INSTRUMENTS DERIVATIVE (MIFID II)

Classification: Unrestricted

Summary: The Committee is asked to note the impact of MiFID II and

approve elections for professional client status

FOR DECISION

INTRODUCTION

1. This report outlines the impact of the implementation of the Markets in Financial Instrument Directive 2014/65 ("MiFID II") and in particular the risk to KCC of becoming a retail client on 3rd January 2018 and recommends that the Committee agree that elections for professional client status should be made on behalf of the Council immediately.

BACKGROUND

- 2. Under the current UK regime, KCC is automatically categorised as a 'per se professional' client in respect of both MiFID and non-MiFID scope business.
- 3. Following the introduction of MiFID II from 3 January 2018, this will change and KCC must be classified as a "retail client" unless the Council is opted-up by financial services firms to "elective professional client" status.

POTENTIAL IMPACT ON KCC

- 4. A move to retail client status would mean that all financial services firms like banks, brokers, advisers and fund managers will have to treat KCC the same way they do non-professional individuals and small businesses. While this provides a higher standard of protection it also involves more work and potential costs for both the firm and the Council, for the purpose of proving to the regulator that all such requirements have been met.
- 5. Retail status would also significantly restrict the range of financial institutions and instruments available to the Council. Many institutions currently servicing KCC are not authorised to deal with retail clients and may not wish to undergo the required changes to resources and permissions in order to do so.

ELECTION FOR PROFESSIONAL CLIENT STATUS

6. MiFID II allows for retail clients which meet certain conditions to elect to be treated as professional clients (to 'opt up'). There are two tests which must be

- met by the client when being assessed by the financial institution: the qualitative and the quantitative test.
- 7. Details of the tests are covered in Chapter 8 Client categorisation on pages 64 to 74 of the FCA Markets in Financial Instruments Directive II Implementation Policy Statement at: https://www.fca.org.uk/publication/policy/ps17-14.pdf

8. Qualitative test

- 8.1 A firm is permitted to treat a local authority as an elective professional client if it has assessed that the person authorised to carry out transactions on the local authority's behalf has the expertise, experience and knowledge to give reasonable assurance in light of the nature of the transactions or services envisaged, that they are capable of making their own investment decisions and understanding the risks involved.
- 8.2 The qualitative test can be performed on KCC as a collective rather than an individual. The persons who invest on behalf of the pension fund are elected members of the Superannuation Fund Committee. Firms may take a collective view of the expertise, experience and knowledge of Committee members, taking into account any assistance from officers and external advisers where it contributes to the expertise, experience and knowledge of those making the decisions.
- 8.3 In order for a firm to undertake the assessment required for the purposes of the qualitative test, KCC will be required to complete an 'Elective Professional Client Status Assessment' and officers will shortly be requesting the necessary information from Committee members.

9. Quantitative test

- 9.1 A firm may treat a local authority as an elective professional client if the size of their investment portfolio (including cash deposits) exceeds £10 million; and at least one of the following is true:
 - (a) the local authority has carried out transactions, in significant size, on the relevant market at an average frequency of ten per quarter over the previous four quarters;
 - (b) the person authorised to carry out transactions on behalf of the local authority works or has worked in the financial sector (including as a treasury manager) for at least one year in a professional position, which requires knowledge of the services envisaged; or
 - (c) the local authority is a Local Government Pension Scheme administering authority and is acting in that capacity.
- 9.2 The test recognises the status of KCC, as an LGPS administering authority, as providing a 'pass' for the quantitative test.

- 10. KCC must complete the election to professional status with all financial institutions prior to the change of status on 3rd January 2018. Failure to do so would result in the financial institution having to take 'appropriate action' which could include a termination of the relationship at a significant financial risk to the Council.
- 11. KCC is not required to renew elections on a regular basis but will be required to review the information provided in the opt-up process and notify all institutions of any changes in circumstances which could affect their status, for example, if the membership of the Committee changed significantly resulting in a loss of experience.

ACCESS POOL

- 12. The ACCESS Funds are renting the services of an Operator for the Common Investment Vehicle (CIV) and they will be a professional investor in their own right. KCC will need to opt up in order to access the full range of services and sub-funds on offer.
- 13. Elections to professional status will be needed for every financial institution that KCC continues to use outside of the pool, both existing and new, together with a continuing review of all elections.

RECOMMENDATIONS

- 14. Members are asked:
 - (a) To note the potential impact on investment strategy of becoming a retail client with effect from 3rd January 2018.
 - (b) In electing for professional client status, to acknowledge and agree to forgo the protections available to retail clients.
 - (c) To agree to the immediate commencement of applications for elected professional client status with all relevant institutions in order to ensure KCC can continue to implement an effective investment strategy.
 - (d) To agree to approve delegated responsibility to the Treasury and Investments Manager for the purposes of completing the applications.
 - (e) To agree that the Chairman sign the minutes relating to the above recommendations at the end of today's meeting.

By: Chairman Superannuation Fund Committee

Corporate Director of Finance

To: Superannuation Fund Committee – 8 September 2017

Subject: Fund Employer Matters

Classification: Unrestricted

Summary: To report on employer related matters and applications to join

the Superannuation Fund.

FOR DECISION

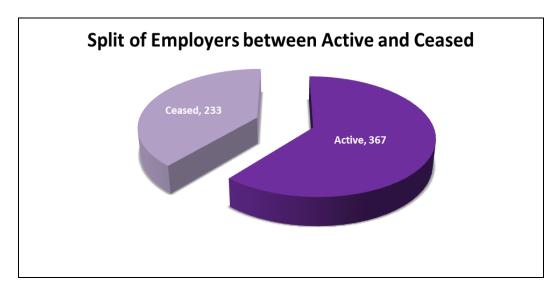

INTRODUCTION

1. This report sets out information on employer related matters and applications from organisations to become admitted bodies within the Superannuation Fund. The Committee's approval is sought to enter into these agreements.

2. The Committee is advised that the minutes relating to the new admission matters are to be signed at the end of today's meeting to facilitate completion on the desired dates.

EMPLOYER UPDATE AT 30 JUNE 2017

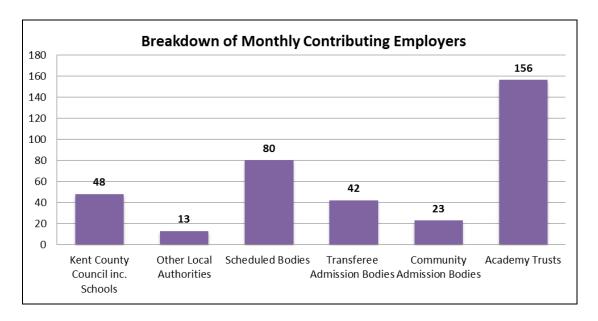

3. There are currently a total of 600 employers in the Kent Pension Fund.

4. During the 3 months to the end of June 2017 the number of Active employers who are regularly paying contributions has increased from 359 to 367 as the result of 11 new employers joining the Fund, being 2 parish councils,1 resoultion body, 3 Kent schools changing payroll

providers and 5 new academy trusts. The number of Ceased employers has increased from 230 to 233. These no longer have active contributing members in the LGPS and the Fund has an existing or future liability to pay pensions.

5. The following chart shows the Employers from whom the Fund receives monthly contributions, by Employer Group.

6. The following is a list of new Active / Ceased employers in the Kent Pension Fund

| Active Employers | Effective date | | | |
|--|------------------------|--|--|--|
| Scheduled Bodies | | | | |
| Walmer Parish Council | 1 April | | | |
| Barham Parish Council | 1 April | | | |
| Invicta Law Ltd | 1 June | | | |
| Kent County Council Incl Schools (Change | e of Payroll Provider) | | | |
| Dover Grammar School | 1 April | | | |
| Holmesdale School | 1 April | | | |
| The Malling School | 1 April | | | |
| Academy Trusts | | | | |
| The Areté Trust | 1 June | | | |
| Aletheia Anglican Academies Trust | 1 April | | | |
| Barnsole Primary Trust | 1 May | | | |
| The Inspiring Change Multi Academy Trust | 1 June | | | |
| Endeavour Academy Trust | 1 April | | | |

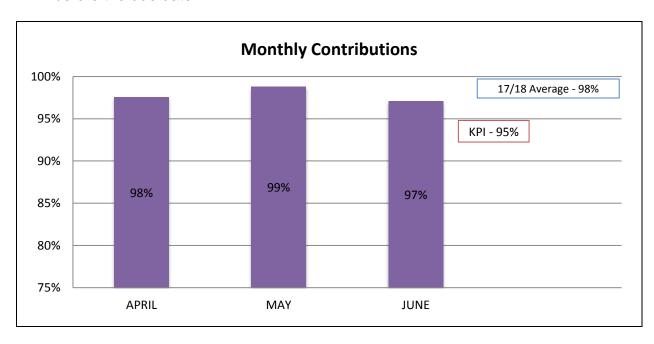

| Ceased Employers | Effective date | |
|--------------------------------------|----------------|--|
| Community Admission Body | | |
| Kent College Pembury | 1 April | |
| Academy joined a Multi-Academy Trust | | |
| Wilmington Boys School Academy | 1 April | |
| Wilmington Girls School Academy | 1 April | |

CONTRIBUTIONS FROM EMPLOYERS QUARTER 1 2017-18

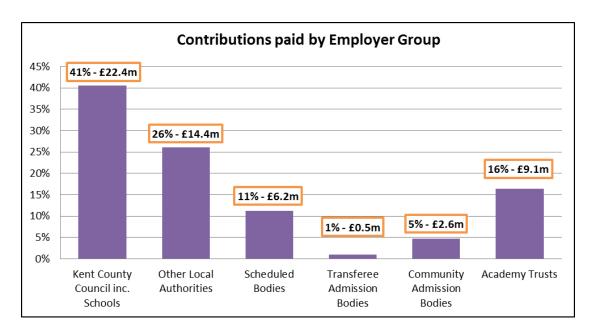

7. In quarter 1 2017-18 the Fund received £55.3m from Employers in respect of their monthly contributions (employer and employee) as follows:

| | APRIL MAY | | JUNE |
|----------------|------------|------------|------------|
| | £ | £ | £ |
| Received Early | 9,229,792 | 9,567,508 | 9,329,874 |
| Cash on 19th | 8,995,087 | 8,485,886 | 8,456,378 |
| Received Late | 451,570 | 217,665 | 533,514 |
| Total | 18,676,449 | 18,271,059 | 18,319,766 |

8. KCC monitors the timing of receipt of these contributions compared to a KPI of 95%. During quarter 1 2017-18 the KPI has been exceeded each month with an average 98% of all contributions being received on or before the due date.

9. The following table shows that KCC and other local authorities have paid £36.8m, 67% of all contributions received from employers.

SOLO SERVICE GROUP LTD

- 1. St John's CEP School, Tunbridge Wells, is awarding a 3 year contract with a possible1 year extension for cleaning services effective from 1 December 2017. This involves the transfer of 4 employees from the school to Solo Service Group Ltd.
- 2. To ensure the continuity of pension arrangements for these employees, Solo Service Group Ltd has made an application for admission to the Superannuation Fund.
- 3. The admission application has been made under Schedule 2 Part 3 1(d) (i) of the LGPS Regulations 2013, as amended, and under this regulation the admitted body is required to provide a form of bond or indemnity.
- 4. The Fund Actuary has assessed the level of bond at £8,000 for the first year, £22,000 for the second year and £24,000 for the third year and the employer's contribution rate has been set as 16.8% for an open agreement.
- 5. The completed questionnaire and supporting documents provided by Solo Service Group Ltd have been examined by Officers to ensure compliance with the LGPS Regulations, and Invicta Law have given a favourable opinion.

.

PABULUM LTD

- 6. Swale Academies Trust is awarding a 3 year contract with a possible 2 year extension for catering services at its primary schools although the effective date is yet to be confirmed. This involves the transfer of approximately 11 employees from the trust to Pabulum Ltd.
- 7. To ensure the continuity of pension arrangements for these employees, Pabulum Ltd has made an application for admission to the Superannuation Fund.
- 8. The admission application has been made under Schedule 2 Part 3 1(d) (i) of the LGPS Regulations 2013, as amended, and under this regulation the admitted body is required to provide a form of bond or indemnity.
- 9. The Fund Actuary has assessed the level of bond at £10,000 for the first year, £18,000 for the second year and £23,000 for the third year and the employer's contribution rate has been set at 26.4% for a closed agreement. However, Swale Academies Trust has agreed to act as guarantor instead of a Bond.
- 10. The completed questionnaire and supporting documents provided by Pabulum Ltd have been examined by Officers to ensure compliance with the LGPS Regulations, and Invicta Law have given a favourable opinion in principle subject to all the formalities being completed to their satisfaction.

RECOMMENDATION

- 11. Members are asked to agree:
 - a) to the admission to the Kent County Council Superannuation Fund of Solo Service Group Ltd;
 - b) to the admission to the Kent County Council Superannuation Fund of Pabulum Ltd:
 - c) that the Chairman may sign the minutes relating to recommendations (a) to (b) at the end of today's meeting; and
 - d) that once legal agreements have been prepared for these matters the Kent County Council seal can be affixed to the legal documents.
