

FORTHCOMING EXECUTIVE DECISIONS

W/c 3 December 2012 – May 2013

This edition of the list of Forthcoming Executive Decisions supersedes ALL previous Editions

Published by Democratic Services

This list of Forthcoming Executive Decisions publicises all known decisions which Kent County Council intends to take over the next six months. It gives information on the projects that will be coming forward and who will be involved with them. Key decisions are marked clearly as such within the list.

Please use the contact details given to let us know your views.

LIST OF FORTHCOMING EXECUTIVE DECISIONS

Each week the list of Forthcoming Executive Decisions is updated where there are additions, deletions or amendments to be made. Although Kent County Council aims to include all known decisions, statute requires that all Key decisions must be publicised in this way.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
- (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.

Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000 which are not provided for within the approved budget or Medium Term Financial Plan
- (b) Adoption of major new policies not already included in the Policy Framework (Constitution Appendix 3) or changes to established policies
- (c) Approval of management and business plans
- (d) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the list helps the Council to programme its work and ensures compliance with the ‘Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) regulations 2012.

The list outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a decision is taken, unless those documents are ‘Exempt’ within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council's web site at www.kent.gov.uk at least five days before the decision it is due to be taken. Once the decision has been taken, a copy of the Record of Decision will also be published on the Council's website. Paper copies will be made available by contacting Louise Whitaker (telephone 01622 694433 or email louise.whitaker@kent.gov.uk).

Procurement of property vehicle for surplus land owned by Kent County Council to allow the provision of new operational facilities in each district as part of asset collaboration - 12/01837

The Decision needed:

To delegate to the Individual Cabinet portfolio holder and the Director of Property & Infrastructure Support the procurement of a specialist property vehicle to allow realise of surplus land to fund new operational facilities.

How the decision relates to BS4K and Corporate Objectives

The decision is needed to progress the disposal of KCC assets with the delivery of new buildings. The proposal directly links to Bold Steps for Kent. The property vehicle will ensure it meets a number of key priorities in the Bold Steps for Kent, delivering framework including (1) Improve how we procure and commission services, (7) Build a strong relationship with key business sectors across Kent, (9) Support new housing growth that is affordable, sustainable and with the appropriate infrastructure and (15) Improve services for the most vulnerable people in Kent.

The risks will be set out in the paper intended to support Cabinet in taking this decision.

Section 2 – Who is taking the final decision and when

Who is taking the Decision

Cabinet Member for Business Strategy, Performance & Health Reform

Date:

Not before October 2012

Reason if Key Decision

This proposal seeks to combine surplus assets where appropriate to market them for private sector developers to drive value from these assets but in turn through the OJEU process new operational facilities can be provided. A key decision is required as the new facilities will be from a number of frontline service directorates.

Reason if this decision has been delayed/withdrawn from a previous plan

Local Health Watch - 12/01943

The Decision needed:

To agree proposals to establish Local Health Watch in Kent as required by the Health and social Care Act 2012

How the decision relates to BS4K and Corporate Objectives

Local Health Watch will provide a crucial component of health and social care services in Kent as the voice of patients and public. It relates directly to KCC priorities of Putting the Citizen in Control, improving health and social care services and being responsive to our population and communities.

Impact/costs and risks of proposed decision

Funding of Local Health Watch is expected to amount to c.£1.3 million. Final financial allocation is still to be confirmed by the DH (probably December 2012) but procurement processes need to be initiated before this in time to establish the service in April 2013. Undue delays in implementation could result in failure to meet statutory responsibilities.

Capital Programme – Procurement of external Property consultancy Services under a new Framework and associated contracts - 12/01964

The Decision needed:

To delegate to the Director of Property & Infrastructure Support the authority to establish of a framework for external advice and services associated with the consultancy advice for capital projects. .

How the decision relates to BS4K and Corporate Objectives:

The decision will provide a platform to deliver a wide range of Capital Programme developments across the property estate effectively from the Framework, offering best value solutions to procure refurbished, rebuilt and new buildings in the County. The Consultants' Framework will comprise specialists in the disciplines required to develop new buildings from brief, through feasibility and delivery in compliance with KCC aspirations of best value, good practice, sustainability, and opportunities for local communities.

P&IS will be able to build strong relationships with Framework Consultants to offer added value in terms of 'upskilling' opportunities such as apprenticeships, work-experience offers, and pupil engagement.

Section 1 – the decision needed, how it relates to Bold Steps for Kent (BS4K) and the Corporate Objectives of the Council/ What is the impact, costs and risks involved. With this proposed decision.

Title:

Kings Hill Areas 01, 03 & 05, Village 2 - 12/01955

The Decision needed:

Kings Hill is one of KCC's flagship mixed developments. It provides high quality and in some cases exemplar form of development which importantly contributes towards bettering design standards.

KCC and its Kings Hill development partners, Liberty have committed to a long term calibrated and progressive development land disposal programme.

The Kings Hill development is a proven and essential regular income through annual distributions, generated by the effective disposal of residential development land.

It is proposed that KCC should agree the future disposal of the subject land parcels for best consideration, through a competitive tender basis. This will be facilitated by KCC's development partners, Liberty Property Trust UK.

Links to Bold Steps for Kent and corporate objectives

The decision directly links to the Council's Medium Term Plan (Bold Steps for Kent) in that it aligns with:

Priority 8 - Responding to key regeneration challenges working with our partners by unlocking a key site within a growth point and which contributes to providing new homes and commercial opportunities at Kings Hill.

Priority 9 - Support new housing growth that is affordable, sustainable and with the appropriate infrastructure; and

Priority 10 – Deliver growth without gridlock.

The proposed decision relates to the long term agreed Master Plan and strategy for Kings Hill and as part of the Council's Policy Framework.

Impact/costs and risks of proposed decision

The proposed land sale(s) form an important part of the remaining unfinished areas of allocated housing development within Village 2. The land disposals will take place with the Partnership's detailed planning permissions and will complete and improve the development. A process which minimises many of

the risks of abortive transactions (because of improved demand) and increases certainty for the Partnership/KCC and thereby optimises land values and income.

All risks will be fully considered through a diligent evaluation process when consideration is made of the preferred bidder and brought for a decision.

The only direct costs for KCC are those charged by Legal Services in executing the transactions.

Title:

Kings Hill Area 57 Village 2 - 12/01954

The Decision needed:

Kings Hill is one of KCC's flagship mixed developments. It provides high quality and in some cases exemplar form of development and which importantly contributes towards bettering design standards.

KCC and its Kings Hill development partners, Liberty have committed to a long term calibrated and progressive development land disposal programme.

The Kings Hill development is a proven and essential regular income through annual distributions, generated by the effective disposal of residential development land.

It is proposed that KCC should agree the future disposal of the subject land parcel for best consideration, through a competitive tender basis. This will be orchestrated by KCC development partners, Liberty Property Trust UK.

Links to Bold Steps for Kent and corporate objectives

The decision directly links to the Council's Medium Term Plan (Bold Steps for Kent) in that it aligns with:

Priority 8 - Responding to key regeneration challenges working with our partners by unlocking a key site within a growth point and which contributes to providing new homes and commercial opportunities at Kings Hill.

Priority 9 - Support new housing growth that is affordable, sustainable and with the appropriate infrastructure; and

Priority 10 – Deliver growth without gridlock.

The proposed decision relates to the long term agreed Master Plan and Strategy for Kings Hill and as part of the Council's Policy Framework.

Impact/costs and risks of proposed decision

The proposed land sale will form an important part of the remaining unfinished areas of allocated housing development within Village 2. Title:

Social Fund Localisation - 12/01939

The Decision needed:

The DWP currently runs a discretionary scheme of Community Care Grants and Crisis Loans which are part of the Social Fund. From April 2013 these schemes will cease and part of the funding transferred to local authorities (upper tier in two-tier authorities) so that they can design their own local schemes to meet the need in their areas. Decisions will be needed on the following:

1. How the devolved budget is to be used within Kent.
2. How the local scheme/s should operate.
3. The preferred delivery model including any procurement issues

How the decision relates to BS4K and Corporate Objectives

The reform fits with Ambition 2 “To Tackle Disadvantage” and gives Kent an opportunity to try to deal with the need in a more effective way. The reform will impact on a much wider group of people than currently access Children’s Social Services and Adult Social Services. Developing an effective scheme can, therefore, also play an important role in the preventative and early intervention strategies of these services.

Impact/costs and risks of proposed decision

1. The spend on the Social Fund is being driven down in advance of the transfer. There is a danger, therefore, that the budget will be insufficient for demand particularly in the current economic climate and in the context of wider benefit cuts.
2. If an effective replacement scheme is not developed there is likely to be a serious gap in provision of support to vulnerable people.
3. Risks associated with taking on a devolved responsibility.

The Decision needed:

Agree an updated policy on the use of mirrors on the highway in Kent.

How the decision relates to BS4K and Corporate Objectives:

As part of Driving economic prosperity in BS4K it refers to delivering the priorities set out in our integrated transport strategy *Growth Without Gridlock (GWG)*. Within GWG road safety is stated as a constant priority for central and local government.

Impact/costs and risks of proposed decision:

Currently KCC do not support the use of mirrors on the Highway despite many other Highway Authorities allowing them. Limited use of mirrors at specific locations may assist in delivering our key objective of reducing road casualties.

- Public access to the consultation online.

The consultation began on 29 August 2011 and ended on 14 November 2011 (this included a two-week extension at the risk of some consultees). A second phase of consultation took place on the revised draft policies from 19 April 2012 to 8 May 2012 to allow for any further comments from stakeholders.

In respect of the Kent Waste Partnership itself, the waste portfolio holders of

the 13 councils (and their senior officers) have received regular reports on the policies refresh including opportunities to amend the policies.

Equalities Impact Assessment included in the consultation documentation. Please state where this can be found.

An EIA was carried out by Kent CC on behalf of the Kent Waste Partnership in February 2012. This assessed the first draft of refreshed policies following stakeholder consultation in 2011. A second EIA was carried out by KCC in August 2012 to ensure a number of amendments to the refreshed policies were considered. Both EIAs confirmed a full assessment was not required, the EIAs will be appended to the November 2012 EHW Cabinet Committee report.

Date of publication of consultation outcomes and updated Equalities Impact Assessment

November 2012 (i.e. to fit with the adoption process of the refreshed policies across all 13 Kent councils).

(BS4K)and the Corporate Objectives of the Council/ What is the impact, costs and risks involved. With this proposed decision.

Title:

Technical And Environmental Services Contract (Tesc) - 12/01935

The Decision needed:

Approval of the award of the Technical and Environmental Services Contract(s) (TESC) to the preferred bidder.

How the decision relates to BS4K and Corporate Objectives:

Priority 1: Improve how we procure and commission services (to help the Kent economy to grow)

Impact/costs and risks of proposed decision:

This is a contract(s) to supply a wide range of consultancy services to the Enterprise and Environment Directorate covering Transportation Engineering (including public transport); Highway Engineering (including maintenance, design, construction supervision, health and safety); and Environmental Support (including air quality, noise, landscaping, planning, regeneration, ecology and waste). The proposed contract spend by KCC will be approximately £5M per year for an initial period of up to five years, with possible extension.

Section 2 – Who is taking the final decision and when

Who is taking the Decision

Cabinet Member for Environment, Highways and Waste

Date:

December 2012

Reason if Key Decision

The Technical and Environmental Services Contract(s) will have a “significant” effect on KCC’s services and are major contract(s) of approximately £5M per year. (Historically, the value has been around £12M per year). The preferred bidder(s) will be identified by following a robust procurement and tender evaluation process, which uses a series of strict selection criteria around cost, quality and value for money to generate the chosen contractor(s). Regular progress updates and decision meetings are taking place with the relevant KCC Procurement Boards. The Environment, Highways & Waste Cabinet Committee will be asked to endorse the final tender process, prior to Cabinet Member sign off and subsequent award.

The Decision needed:

The Cabinet Member to agree to the proposal to:

- a) commission enlargements of Lady Boswell's CE PS and Sevenoaks PS by 1FE each, for September 2013.
- b) confirm enlargement of Otford Primary School from a PAN of 50 to 60 for September 2013 .

How the decision relates to BS4K and Corporate Objectives

The project is in line with Kent strategies and in particular supports the following;

Bold Steps for Kent prioritises

3 Ensure all pupils meet their full potential

4: Shape education and skills provision around the needs of the Kent economy

9. Support new housing growth that is affordable, sustainable and with the appropriate infrastructure

The Commissioning Plan

One of the key strategic roles of the Local Authority is to ensure there are sufficient education places of high quality available to the children and young people of Kent. This responsibility is intertwined with our other strategic duties; to promote high standards in schools, and to be the champion of children, families and their communities. The new Commissioning Plan will set out how Kent will discharge its responsibility as the Strategic Commissioner of education provision

These proposals are incorporated in the 'Commissioning Plan for Education – Kent'.

Impact/costs and risks of proposed decision

Cost for Lady Boswells CE PS is estimated at £1.5m.

The cost for Sevenoaks PS is not known at this stage, but is expected to be between £1.5 - £1.75m.

Funding for the Otford PS enlargement has already been identified in the medium term plan.

If this proposal does not go ahead, there will be a risk of there being insufficient Year R places for parts of Sevenoaks Town for September 2013

12/02025 - PRU / Alternative Provision Review

The Decision needed:

Pupil Referral Units - Alternative Provision Review. To seek agreement to a restructure of the current provision provided by KCC

Within the Bold Steps for Education priorities there is a target to reduce Permanent Exclusions in Kent to 50 or fewer by 2015. It is anticipated that new localised management of provision for disaffected young people at risk of exclusion will support this ambition. The intended outcome of the PRU/ AC review will be to establish high quality provision locally managed by groups of schools working together, to support all young people at risk of disengaging from school.

Financial Implications:

From April 2013 government guidance requires that PRUs have a delegated budget. This would change existing requirements for budgeting, monitoring and reporting, although these changes would only have a minor effect on the PRUs. At present, the basis for devolution of funds is yet to be determined and is part of the next phase of consultation.

Legal Implications:

These will be outlined in the report to Education Cabinet Committee in January 2013

Kent Minerals and Waste Development Framework (MWDF) Core Strategy at Pre-Submission (Draft Plan) Stage - 12/01879

The Decision needed:

The Decision needed: (The title of the decision or narrative of the decision needs to be self explanatory so it is clear what the decision is being sought)

Approval is sought from the Cabinet Member for the two draft MWDF site plan documents in order to allow the commencement of the consultation on the Mineral Sites Plan and Waste Sites Plan at 'preferred options' stage.

How the decision relates to BS4K and Corporate Objectives

The consultation documents will assist in two of the BS4K priorities, (1) helping the economy to grow and (2) putting the citizen in control.

Impact/costs and risks of proposed decision

The preparation of the Kent MWDF is a statutory requirement. Failing to expedite the plan making will have costs to Kent both directly (by failing to comply with the EU Waste Framework Directive and risk incurring infraction proceedings), and to the Kent economy by failing to give the minerals and waste industry the required policy support for their developments.

The consultation will generate interest from both stakeholders and Kent communities whose responses (including objections, letters of support and comments), will need to be processed and analysed to inform the next stage of the plan making process.

The costs of the consultation will be met from the MWDF team budget, and resourced by the MWDF team in E&E. The direct costs include printing a limited number of hard copies of the two main consultation documents for distribution throughout the Kent libraries and Gateways and preparing CDs containing the consultation documents for parish councils and other key stakeholder groups. There will also be a series of stakeholder meetings and 'drop in' sessions co-ordinated to co-incide with the consultation.

The main risks arising from the consultation are that some of the host

communities for the proposed sites may generate high levels of objections and adverse media publicity.

Section 2 – Who is taking the final decision and when

Who is taking the Decision

Cabinet Member for Environment, Highways and Waste

Date:

January 2013

Reason if Key Decision

When adopted, the Kent MWDF plans will have a significant effect on communities living and working in all districts of Kent. They will identify specific sites and preferred areas for future mineral extraction and waste management uses. They will also establish the policy basis for the determination of all future planning applications for minerals and waste proposals up to the end of 2030.

Reason if this decision has been delayed/withdrawn from a previous plan

A supplementary sites consultation at 'options stage' was held in late 2011, delaying the preparation of the preferred options of the two sites plans.

Notify all Members of the Council?

Yes they will be notified at the start of the consultation.

Section 3 – Who is to be consulted? If no please provide reasons?

Please state if there are any additional legal requirements to consult other than those stated in the Local Government Act 1999 - Best Value Duty.

Planning and Compulsory Purchase Act 2004 and associated regulations as well as the Localism Act 2011.

Aims and level(s) of consultation (*KCC consultation levels attached*)

To work towards finalising the Kent Minerals Plan and Waste Plan documents, complying with our statutory requirements for plan making. This is the second round of consultations on the mineral sites and waste sites at preferred options stage. The final round of consultations (planned for September 2013) will be at 'pre-submission stage' and will follow the examination in public of the Core Strategy.

The consultation level that best reflects this stage in Table 1 is 'joint decision making'.

Title:
12/02028 - TIGER - Thames Gateway Innovation, Growth and Enterprise

The Decision needed:

KCC, on behalf of Thames Gateway Kent Partnership, has applied for Government funds to deliver the TIGER (Thames Gateway Innovation, Growth and Enterprise) programme, offering direct financial support to business in North Kent and Thurrock.

The Government is currently considering KCC's application for funding. If it decides to grant funding, KCC will need to enter into a grant agreement with the Government to accept the funds and deliver the programme. This will mean that KCC will be contractually committed to meet a number of output targets (relating to jobs and leverage) associated with the programme.

How the decision relates to BS4K and Corporate Objectives

This Decision contributes to delivery of the following Delivering Bold Steps priorities:

- Priority 7: Build a strong relationship with key sectors across Kent.
- Priority 8: Respond to key regeneration challenges, working with our partners. This priority makes specific reference to support for economic growth in the Thames Gateway.

Impact/costs and risks of proposed decision

The proposed decision will mean that KCC will be able to draw down funding from Government. This could have a potential value of up to £30.5 million in Government funding. This will enable the Council to provide direct financial assistance to business. It is anticipated that this will lead to the creation of 2,400 jobs, and secure over £400 million in private sector leverage.

Costs

There will be a cost to KCC in managing the programme, should KCC decide to act as the accountable body. This is estimated at a maximum of £800,000 over the next 3.5 years. Funding for this has been indicatively allocated through the KCC Regeneration Fund.

Risks

The following risks will be incurred by KCC as a result of the proposed Decision:

- Failure to secure contracted outputs, leading to clawback of funding. This will be mitigated through full appraisal of all grants and loans to individual companies and ongoing monitoring.
- Failure to comply with state aid and other legal requirements, leading to clawback

of funding and reputational damage. This will be mitigated through full appraisal of all grants and loans to individual companies and ongoing monitoring.

- Inability to spend funds. This will be mitigated through strong marketing and coordination with the North Kent Districts and other partners.

No EIA has been conducted as yet. However, should the application to Government be successful, an Equalities Impact Assessment will be completed prior to the proposed Decision being taken.

Date of publication of consultation outcomes and updated Equalities Impact Assessment

The consultation informed the application for funding to Government; however, there is no separate consultation outcomes report.

The proposed decision was discussed by Economic Development Cabinet Committee, 5 July 2012.

A further report was discussed by the same committee on 8 November 2012

The matter is not referred to in the Business Plan or Medium Term Capital Programme

All Members representing divisions in Dartford, Gravesham and Swale will be affected by the decision.

14-24 Education Strategy - 12/01897

The Decision needed:

The endorsement of a new 14-24 strategy

The project is in line with Kent strategies and in particular supports the following;

Bold Steps for Kent prioritises

3 Ensure all pupils meet their full potential

4: Shape education and skills provision around the needs of the Kent economy

7: Build a strong relationship with key business sector across Kent

Bold Steps for Education

Shape education and skills provision around the needs of the Kent economy

The education, Learning and Skills directorate will give particular priority to improving the skills and employability of 14 - 24 year olds, so that they make a good start to adult life and their potential is not lost to the Kent economy.

Apprenticeships Strategy – Increasing the number of young people undertaking apprenticeships and securing employability skills.

Education Commissioning Plan (Post 16 and SEND provision) – this plan will help the LA, schools, colleges and other education and training providers to forecast need and commission provision.

Impact/costs and risks of proposed decision

The strategy will have a potential impact upon the learning choices and progression opportunities of all 14-24 year olds in Kent. The key client groups will be 16-18 year olds who are currently Not in Employment Education and Training; young people without key employability skills at level 2; vulnerable learners (including LLDD) and young people who are at work but not in training.

The main risk is that key stakeholders won't engage at the District level to deliver this.

Most of the costs will come from existing programme budgets being used in a more flexible and responsive way.

Growing Places Fund: Agreement to enter loan for infrastructure to unlock economic activity -12/01908

The Decision needed:

Background and decision

Government has allocated £32.5 million from the Growing Places Fund to the South East Local Enterprise Partnership (LEP). This will create a recyclable fund to pay for infrastructure that will unlock employment and housing delivery.

Following a call for projects in January, the LEP has awarded funding to five projects in Kent, subject to due diligence. These are: A28 Matalan Roundabout (Ashford), EbbsfleetValley/Southfleet Road (Dartford), Dartford Town Centre, Dartford Northern Gateway and the Live Margate housing renewal programme (Thanet). The total value of these schemes is £16 million.

It is proposed that KCC should decide to act as the accountable body in borrowing Growing Places Funding from the central LEP fund to support these schemes, subject to full due diligence.

Links to Bold Steps for Kent and corporate objectives

This decision supports the following priorities in *Delivering Bold Steps*

- Priority 8: Respond to key regeneration challenges, working with our partners
- Priority 9: Support new housing growth that is affordable, sustainable and with the appropriate infrastructure
- Priority 10: Deliver Growth without Gridlock

Impact, costs and risks of proposed decision

Combined, the five Kent schemes approved by the LEP could deliver around 1,600 homes and 1,100 jobs by 2016/17, and would also unlock housing and employment growth in future years.

There main risks are:

- Risk of failure to repay funding according to the timetable set out in the funding agreement
- Risk of non-delivery of housing or employment outputs (including through continuing adverse market conditions)
- Compliance with state aid regulations in using public funding to support the

delivery of private sector development schemes

These risks will be fully considered through the due diligence process before proposals are brought for decision.

The main costs will be in monitoring and reporting delivery. It is anticipated that these will be incorporated within the loan agreement.

Growing Places Fund is expected to be offered at zero interest unless interest is required in order to comply with state aid restrictions (in which case, it will be paid by the developer).

Kent Local Flood Risk Management Strategy (local strategy) - 12/01945

The Decision needed:

To approve and adopt the Kent Local Flood Risk Management Strategy

How the decision relates to BS4K and Corporate Objectives

The local strategy is a statutory requirement of the Flood and Water Management Act 2010 for Lead Local Flood Authorities (county and unitary authorities).

Impact/costs and risks of proposed decision

We have a duty to adopt a local strategy, there is therefore a risk of failing to undertake our statutory obligations if we do not adopt one. There are costs associated with the implementation of the strategy, but many of these undertakings are also statutory requirements. All costs incurred in delivering the objectives of the strategy by KCC will be covered by grant funding from the Department for Environment, Food and Rural Affairs.

Submission of the Final Business Case to DfE for The John Wallis Academy, Millbank Road, Kingsnorth, Ashford, Kent TN23 3HG and entry into contract with the building contractor - 12/01901

The Decision needed:

Approval to submit the Final Business Case to DfE and subject to its approval proceed to financial close and enter into contract with the Academy and building contractor to deliver The John Wallis Academy.

How the decision relates to BS4K and Corporate Objectives

This decision is needed in to progress KCC's Batch 2 Academies Programme. It directly supports 3 of the Bold Steps for Kent. Firstly, it perpetuates the target that all pupils meet their full potential. Secondly, it promotes Kent's cultural and sporting offer through the first class facilities which will be delivered. Thirdly, it builds relations with key business sectors across Kent, as the supply chain involved in such a project provides work to businesses of all sizes

Impact/costs and risks of proposed decision

The impact of the decision is that the project will be able to submit the Final Business Case, and enter into the necessary contracts with the Academy and the Building. The budget for the project is £16.7million. The risks will be set out in the paper intended to support Cabinet in taking this decision.

It provides the framework for a comprehensive package of improvements to public transport services in the Snodland, West Malling and Kings Hill areas and along the A20 Corridor to Maidstone. The package has been designed to ensure that the level of bus provision is able to accommodate the ongoing housing and employment growth in the Medway Valley area. It will contribute to improved air quality within three Air Quality Management Areas (AQMAs) and involve the setting of minimum service quality standards, thereby locking in the benefits of investment by all parties and ensuring maximum return on public investment.</p> <p>Impact/costs and risks of proposed decision: The establishment of the SQPS will impose formal duties on Kent County Council, Tonbridge and Malling Borough Council and Arriva to make available, respectively, the facilities and services specified in the SQPS Agreement. Title:

Local Transport Strategies - Various

The Decision needed:

To agree various local transport strategies.

BS4K and Corporate Objectives:

The strategies will 'Help the 'Kent Economy Grow' and 'Tackle Disadvantage' by managing congestion in town centres, improving the reliability of journey times for commuters and visitors and managing freight journeys more successfully. This will in turn enhance key sustainable transport links to employment, education and health care.

Impacts / Costs and risks of proposed decisions:

The transport strategies to be agreed all form part a key part of evidence base for the relevant Local Plan. These plans will be subject to and examination in public by and independent planning inspector during 2013. The appropriateness and deliverability of each strategy will be an important consideration in the inspector's decision on the soundness of the Plan as a whole.

The delivery of each transport strategy will be heavily dependent on securing funding contributions from development through the section 106 and Community Infrastructure Levy (CIL) processes, as KCC's Local Transport Plan funding allocation from Central Government is likely to be under sustained pressure from the foreseeable future. KCC will not be the charging authority therefore it will be reliant on each local council as the planning authority to allocate sufficient CIL revenue to the priority transport infrastructure projects identified in the strategy. The availability of CIL revenue will in turn be dictated by the phasing and extent of new development which will be influenced by a range of external factors.

Adoption of the Tonbridge Town Centre Revised Transport Strategy by Kent County Council (KCC).
