FORTHCOMING EXECUTIVE DECISIONS

27 January 2014 – 31 July 2014

This edition of the list of Forthcoming Executive Decisions supersedes ALL previous Editions

Published by Democratic Services

This list of Forthcoming Executive Decisions publicises all known decisions which Kent County Council intends to take over the next six months. It gives information on the projects that will be coming forward and who will be involved with them. Key decisions are marked clearly as such within the list.

Please use the contact details given to let us know your views.

LIST OF FORTHCOMING EXECUTIVE DECISIONS

Each week the list of Forthcoming Executive Decisions is updated where there are additions, deletions or amendments to be made. Although Kent County Council aims to include all known decisions, statute requires that all Key decisions must be publicised in this way.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
- (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.

Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000
- (b) Adoption of major new policies not already included in the Policy Framework (Constitution Appendix 3) or changes to established policies
- (c) Approval of management and business plans
- (d) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the list helps the Council to programme its work and ensures compliance with the ‘Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) regulations 2012.

The list outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a decision is taken, unless those documents are ‘Exempt’ within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council’s web site at www.kent.gov.uk at least five days before the decision it is due to be taken. Once the decision has been taken, a copy of the Record of Decision will also be published on the Council’s website.

Paper copies will be made available by contacting Louise Whitaker (telephone 01622 694433 or email louise.whitaker@kent.gov.uk).

<p>Responsible Cabinet Member: Cabinet Member for Corporate & Democratic Services Issue reference: 12/01837 Key decision: Yes</p>
<p>Procurement of property vehicle for surplus land owned by Kent County Council to allow the provision of new operational facilities in each district as part of asset collaboration</p>
<p>To seek agreement to delegate to the Individual Cabinet portfolio holder and the Director of Property & Infrastructure Support the procurement of a specialist property vehicle to allow realise of surplus land to fund new operational facilities.</p> <p>BS4K: The decision is needed to progress the disposal of KCC assets with the delivery of new buildings. The proposal directly links to Bold Steps for Kent. The property vehicle will ensure it meets a number of key priorities in the Bold Steps for Kent, delivering framework including (1) Improve how we procure and commission services, (7) Build a strong relationship with key business sectors across Kent, (9) Support new housing growth that is affordable, sustainable and with the appropriate infrastructure and (15) Improve services for the most vulnerable people in Kent.</p> <p>Impact/costs and risks of proposed decision: The risks will be set out in the paper intended to support Cabinet in taking this decision.</p>
<p>Decision details</p>
<p>Decision maker: Cabinet Member for Corporate & Democratic Services Date: Not before June 2013 Reason if Key Decision: This proposal seeks to combine surplus assets where appropriate to market them for private sector developers to drive value from these assets but in turn through the OJEU process new operational facilities can be provided. A key decision is required as the new facilities will be from a number of frontline service directorates.</p>
<p>Consultation</p>
<p>The proposed decision will be considered by the relevant Cabinet Committee in June 2012 There has been previous mention of the disposal strategy proposals in Property & Infrastructure Support Business Plan in 2011 but since its publication there has been a need to link disposals to future service provision. Responsible Cabinet Member - Cabinet Member for Community Services

Issue reference: 13/00041

Key decision: No

Herne Bay Gateway - temporary relocation of library services

To seek authority to relocate library services from Herne Bay Library to temporary premises during the refurbishment of the building to become a Gateway.

BS4K:

- Putting the citizen in control
- Customer Services Business Plans 2012/13 and 2013/14
- Customer Services Strategy
- Vision for Kent
- New Ways of Working

Financial Implications:

- During the closure period costs for the provision of temporary facilities will be kept to a minimum and any revenue costs should be offset by a reduction in user costs for the individual facilities.
- Relocating library services for Herne Bay will provide the contractor with an unfettered site which will reduce the time of the build and therefore lower capital costs.
- The temporary facilities will be stocked from existing library resources and there are no implications for the current staffing establishment

Legal Implications:

Kent County Council provides library and archive services under the Public Libraries and

Museums Act 1964 which requires the provision of a 'comprehensive and efficient' library service.

Equality Implications:

An EQIA has been carried out and is available.

Is the matter referred to in the relevant Business Plan or Medium Term Capital Programme?

Yes.

Key decision: Yes

Social Fund Localisation: Kent Support & Assistance Service (Year two)

To extend the pilot scheme agreed by Member Decision 12/01939 by 12 months to 31.3.2015.

Original decision text:

As Cabinet Member for Customer & Communities, I agree that a one-year Kent-wide pilot scheme be established to test out how KCC should employ the devolved funding from Government previously used to deliver Community Care Grants and Crisis Loans. The pilot scheme will test the demands on a local discretionary social fund and the various mechanisms needed to deliver it in order that a full Kent scheme can be developed to meet the needs of the area.

Southfleet Road, Ebbsfleet: Growing Places Fund investment
<p>A decision is required such that, subject to due diligence, Kent County Council shall agree to enter into credit agreements to secure investment from the Growing Places Fund to deliver improvements to Southfleet Road. This will help to unlock development at Eastern Quarry and provide access to the commercial development area at Station Quarter North.</p> <p><u>Background</u> Growing Places Fund (GPF) is a Government scheme which provides loan finance to unlock development sites where these will create new jobs and homes. Following a call for projects and appraisal, the LEP has given indicative approval to allocate up to £4 million to bring forward improvements to Southfleet Road. In order to secure this funding, it is proposed that KCC will enter into:</p> <ol style="list-style-type: none"> a) A credit agreement with Essex County Council to draw down the GPF funding; and b) A subsidiary credit agreement with Land Securities Eastern Quarry Ltd, who will deliver the scheme. <p>This shall be subject to final due diligence.</p> <p>BS4K: This Decision contributes to delivery of the following Delivering Bold Steps priorities:</p> <ul style="list-style-type: none"> • Priority 8: Respond to key regeneration challenges, working with our partners. This specifically prioritises actions to unlock key sites, where these will lead to jobs and housing • Priority 9: Support new housing growth that is affordable, sustainable and with the appropriate infrastructure <p>Impact/costs and risks of proposed decision</p>

Impact

The proposed Decision will mean that KCC will be able to draw down Growing Places Fund investment of up to £4 million. It is anticipated that this will unlock 1,500 homes at Eastern Quarry by 2020, and will also support the development of the Station Quarter North strategic employment site.

Risks

GPF funding is repayable. The primary risk is that KCC will be liable to repay the GPF loan to the Accountable Body, even if the private sector organisation is unable to repay the subordinate loan to KCC. This will be mitigated through due diligence, the robust drafting of the credit agreements, and project monitoring.

State Aid risks will be mitigated through the charging of an appropriate rate of interest, with all repayments (less costs to KCC) repaid to the GPF fund.

Costs

There will be some costs to KCC in managing the credit agreement. These will be recovered through interest payments and/ or through recharges to the central GPF fund, with costs and recovery mechanisms considered in development of the credit agreement.

Responsible Cabinet Member - Cabinet Member for Economic Development

Issue reference: 13/00036

Key decision: No

Sturry Road, Canterbury. Growing Places Fund investment

A decision is required such that, subject to due diligence, Kent County Council shall agree to enter into credit agreements to secure investment from the Growing Places Fund to deliver

commercial development at Sturry Road, Canterbury

Background

Growing Places Fund (GPF) is a Government scheme which provides loan finance to unlock development sites where these will create new jobs and homes. In the South East, the Fund is administered by the South East Local Enterprise Partnership (LEP), for which Essex County Council acts as the accountable body.

Following a call for projects and appraisal, the LEP has given indicative approval to allocate up to £629,000 to bring forward a commercial site at Sturry Road, Canterbury.

In order to secure this funding, it is proposed that KCC will enter into:

- c) A credit agreement with Essex County Council to draw down the GPF funding; and
- d) A subsidiary credit agreement with the private sector owners of the development.

This shall be subject to final due diligence.

BS4K:

This Decision contributes to delivery of the following Delivering Bold Steps priorities:

- Priority 8: Respond to key regeneration challenges, working with our partners. This specifically prioritises actions to unlock key sites, where these will lead to jobs and housing

Impact/costs and risks of proposed decision

Impact

The proposed Decision will mean that KCC will be able to draw down Growing Places Fund investment of up to £629,000. It is anticipated that this will unlock 4,000 sq m commercial floorspace and facilitate the creation of 40 jobs (gross) by 2015.

Risks

GPF funding is repayable. The primary risk is that KCC will be liable to repay the GPF loan to the Accountable Body, even if the private sector organisation is unable to repay the subordinate loan to KCC. This will be mitigated through due diligence, the robust drafting of the credit agreements, and project monitoring.

State Aid risks will be mitigated through the charging of an appropriate rate of interest, with all repayments (less costs to KCC) repaid to the GPF fund.

Costs

There will be some costs to KCC in managing the credit agreement. These will be recovered through interest payments and/ or through recharges to the central GPF fund, with costs and recovery mechanisms considered in development of the credit agreement.

Equalities Impact Assessment included in the consultation documentation. Please state where this can be found.

No – an Equalities Impact Assessment has not yet been prepared. It is anticipated that there will be few equalities impacts arising from this Decision. However, there may be combined impacts

arising from the series of proposed Decisions to enter into credit agreements for GPF for a number of projects. It is therefore proposed that a single Equalities Impact Assessment will be undertaken for all related Decisions prior to the proposed Decision for this project being taken.

Date of publication of consultation outcomes and updated Equalities Impact Assessment

There is no separate consultation outcomes report. However, the discussion at the East LEP Board has been published at www.southeastlep.com.

KCC's approach to Growing Places Fund has been discussed by the Economic Development Cabinet Committee on 5 July 2012 and 21 September 2012.

In addition, the proposed Decision will be discussed by ED Cabinet Committee on 14 June.

Is the matter referred to in your Business Plan or Medium Term Capital Programme?

Yes – Referred to in Economic Development Unit Divisional Business Plan 2013/14

Which Members and electoral Divisions are affected by this proposed decision? Is it All Members?

The development is located in on the boundary of Canterbury City North East (Graham Gibbens) and Herne and Sturry (Alan Marsh).

There may also be some impact elsewhere in Canterbury (Canterbury West (John Simmonds), Canterbury City South East (Michael Northey), Canterbury City South West (Martin Vye)).

Responsible Cabinet Member: Cabinet Member for Economic Development

Issue reference: 13/00032

Key decision: Yes

The Base, Phase 2, Dartford. Growing Places Fund investment

Background

Growing Places Fund (GPF) is a Government scheme which provides loan finance to unlock development sites where these will create new jobs and homes. In the South East, the Fund is administered by the South East Local Enterprise Partnership (LEP), for which Essex County Council acts as the accountable body.

Following a call for projects and appraisal, the LEP has given indicative approval to allocate up to £2.95 million to deliver Phase 2 of The Base.

In order to secure this funding, it is proposed that KCC will enter into a credit agreement with Essex County Council to draw down the GPF funding.

In addition, KCC will enter into an agreement with the Homes and Communities Agency, which owns the freehold of the site, to enable the development to proceed.

This shall be subject to final due diligence.

BS4K:

This Decision contributes to delivery of the following Delivering Bold Steps priorities:

- Priority 8: Respond to key regeneration challenges, working with our partners. This specifically prioritises actions to unlock key sites, where these will lead to jobs and housing

Impact/costs and risks of proposed decision

Impact

The proposed Decision will mean that KCC will be able to draw down Growing Places Fund investment of up to £2.95 million. It is anticipated that this will deliver 108 jobs (gross).

Risks

GPF funding is repayable. The primary risk is that KCC will be liable to repay the GPF loan to the Accountable Body, even if rental incomes from the completed scheme or the capital receipt from the scheme on its eventual sale are less than anticipated. This will be mitigated through due diligence, the robust drafting of the credit agreements, and project monitoring.

Costs

There will be some costs to KCC in managing the credit agreement. These will be recovered through interest payments and/ or through recharges to the central GPF fund, with costs and recovery mechanisms considered in development of the credit agreement.

Discovery Park Enterprise Zone, Sandwich. Growing Places Fund investment
<p><u>Background</u></p> <p>Growing Places Fund (GPF) is a Government scheme which provides loan finance to unlock development sites where these will create new jobs and homes. In the South East, the Fund is administered by the South East Local Enterprise Partnership (LEP), for which Essex County Council acts as the accountable body.</p> <p>Following a call for projects and appraisal, the LEP has given indicative approval to allocate up to £8 million over five years for a rolling programme of capital investment.</p> <p>In order to secure this funding, it is proposed that:</p> <ol style="list-style-type: none"> KCC will enter into a credit agreement with Essex County Council to draw down the GPF funding; and KCC will seek to enter into a series of annual subordinate credit agreement with Discovery Park Ltd (the owners of Discovery Park). <p>In addition, KCC will enter into an agreement with the Homes and Communities Agency, which owns the freehold of the site, to enable the development to proceed.</p> <p>This shall be subject to final due diligence.</p> <p>BS4K:</p> <p>This Decision contributes to delivery of the following Delivering Bold Steps priorities:</p> <ul style="list-style-type: none"> Priority 8: Respond to key regeneration challenges, working with our partners. This specifically prioritises actions to unlock key sites, where these will lead to jobs and housing <p>Impact/costs and risks of proposed decision</p> <p><u>Impact</u></p> <p>The proposed Decision will mean that KCC will be able to draw down Growing Places Fund investment of up to £8 million. It is anticipated that this will contribute to the safeguarding of up to 2,000 jobs at Discovery Park by supporting the Enterprise Zone's continued viability and attractiveness to investors.</p> <p><u>Risks</u></p> <p>GPF funding is repayable. The primary risk is that KCC will be liable to repay the GPF loan to the Accountable Body, even if Discovery Park Ltd is unable to repay. This will be mitigated through due diligence, the robust drafting of the credit agreements, and project monitoring.</p> <p><u>Costs</u></p> <p>There will be some costs to KCC in managing the credit agreement. These will be recovered</p>

through interest payments and/ or through recharges to the central GPF fund, with costs and recovery mechanisms considered in development of the credit agreement.

Decision details

Decision maker: Cabinet Member for Economic Development

Date: Not before July 2013

Reason if Key Decision: Financial criteria exceeded

Consultation

KCC has taken the advice of the members of the South East Local Enterprise Partnership Board, who have been involved to Level 3 (Make Choices).

Other key consultee groups

South East Local Enterprise Board members (including business representatives and local authority leaders).

In addition, Dover District Council has been consulted as part of the project appraisal process.

Start and finish dates of consultation.

Summer 2012 – March 2013

Equalities Impact Assessment included in the consultation documentation. Please state where this can be found.

No – an Equalities Impact Assessment has not yet been prepared. It is anticipated that there will be few equalities impacts arising from this Decision. However, there may be combined impacts arising from the series of proposed Decisions to enter into credit agreements for GPF for a number of projects. It is therefore proposed that a single Equalities Impact Assessment will be undertaken for all related Decisions prior to the proposed Decision for this project being taken.

Date of publication of consultation outcomes and updated Equalities Impact Assessment

There is no separate consultation outcomes report. However, the discussion at the South East LEP Board has been published at www.southeastlep.com.

Has the matter already been discussed by a Cabinet Committee? If not when will be it discussed by the Cabinet Committee and the date of the meeting

Yes. KCC's approach to Growing Places Fund has been discussed by the Economic Development Cabinet Committee on 5 July 2012 and 21 September 2012 (although these discussions did not include the specific allocation of GPF investment to Discovery Park). In addition, the proposed Decision will be discussed by ED Cabinet Committee on 14 June.

Is the matter referred to in your Business Plan or Medium Term Capital Programme?

Yes – Growing Places Fund investment is referred to in Economic Development Unit Divisional Business Plan 2013/14

Which Members and electoral Divisions are affected by this proposed decision? Is it All Members?

The development is located in Sandwich (Leyland Ridings). However, as the development of the Enterprise Zone is of strategic importance, all Members in East Kent may be affected by the Decision.

Joint Transportation Boards - Agreement and Governance

JTB's are an important local mechanism for discussing highway/transport matters. In this context, JTBS meet Kent County Council's Localism Agenda.

This decision seeks approval of an updated Joint Transportation Board (JTB) Agreement with District Councils. The existing agreement is out of date and needs to be revised to reflect changes to the County Council's constitution.

In particular, a new clause has been added to the Agreement; "subject to the agreement of the Chairman, additional representatives from Parish/Town Councils may attend but may neither vote nor propose a motion nor an amendment".

This reflects the current variation in practice within JTBS and the desire to have one flexible Agreement covering all JTBS rather than individual bespoke arrangements.

NOVEMBER 2013 BY CABINET MEMBER

16. **APPROVED – Subject to Call-in**

Responsible Cabinet Member: Cabinet Member for Corporate & Democratic Services

Issue reference: 12/01956

Key decision: Yes

Kings Hill Area 62, Village 2

Kings Hill is one of KCC's flagship mixed developments. It provides high quality and in some cases exemplar form of development, which importantly contributes towards bettering design standards.

KCC and its Kings Hill development partners, Liberty have committed to a long term calibrated and progressive development land disposal programme.

The Kings Hill development is a proven and essential regular income through annual distributions, generated by the effective disposal of residential development land.

It is proposed that KCC should agree the future disposal of the subject land parcel for best consideration, through a competitive bid basis. This will be facilitated by KCC's development partners, Liberty Property Trust UK.

The proposal will unlock the regeneration of a KCC asset within the Kings Hill development partnership, provide new housing stock, as part of Bold Steps for Housing and provide significant income for KCC.

BS4K:

The decision directly links to the Council's Medium Term Plan (Bold Steps for Kent) in that it aligns with:

Priority 8 - Responding to key regeneration challenges working with our partners by unlocking a key site within a growth point and which contributes to providing new homes and commercial opportunities at Kings Hill. Priority 9 - Support new housing growth that is affordable, sustainable and with the appropriate infrastructure; and Priority 10 – Deliver growth without gridlock.

The proposed decision relates to the long term agreed Master Plan and Strategy for Kings Hill and as part of the Council's Policy Framework.

Impact/costs and risks of proposed decision:

The proposed land sale will form an important part of the remaining unfinished areas of allocated housing development within Village 2. The land disposal will take place based on the Partnership's preferred design and conditional upon detailed planning permission and will ensure a comprehensive and effective design solution with adjacent development of area 64, to help complete and improve the overall Kings Hill Village 2 development. The sale process will be devised to minimise many of the risks of abortive transactions (because of improved demand) and increases certainty for the Partnership/KCC and thereby optimises land values and income.

All risks will be fully considered through a diligent evaluation process when consideration is made of the preferred developer/bidder and brought for a decision.

The only direct costs for KCC are those charged by Legal Services in executing the transactions.

Decision details

<p>Decision maker: Cabinet Member for Corporate & Democratic Services Date: Not before June 2013 Reason if Key Decision: Financial criteria exceeded. The land transaction is likely to exceed £1 million.</p>
<p>Consultation</p> <p>Inform Members of the long agreed and established strategy of the continued development of Kings Hill as a mixed use flagship development. To be considered by the Policy and Resources Cabinet Committee September 2012 The Kings Hill development and disposal strategy is referred to as a Key Priority in the Annual Plan. Invicta House Remodelling

To seek agreement for the restack and refurbishment of Invicta House as part of the New Ways of Working roll-out programme, part of the 'Doing Things Differently' business transformation agenda.

The works respond directly to and are a key part of the 'Doing Things Differently' business transformation agenda, currently being undertaken by KCC in response to 'Facing the Challenge', a proposed restructuring of how the Council undertakes its business in order to reduce the cost of local government and council expenditure generally.

Additionally the overall programme of works contributes to 'Building stronger relationships with key business sectors across Kent' as Kent based businesses are being engaged to undertake the refurbishment works on KCC's behalf; it responds to 'key regeneration challenges and working with our partners', specifically where it releases previously leased property back into the business community, allowing new businesses to take up the opportunity to expand and develop in Kent or where deals can be done with partners / developers that enable former KCC land to be redeveloped to provide community facilities, such as Schools or similar. As retained buildings are restacked to provide refreshed workplaces for increased densities of KCC staff, the greater utilisation of fewer buildings resulting in a decrease in energy costs, business rates and maintenance costs, responds directly to the 'Kent Environment Strategy'.

Financial Implications: A budget has been included and approved in the Medium Term Plan. If this project does not progress, the Council will be unable to exit its leasehold properties.

Legal Implications: The building is wholly owned by KCC but planning approval might be necessary dependent upon the level of external change required to address accessibility and any additional or new building services plant, required to cope with the increased population of the building. Works will also be subject to building control.

<p>Equality Implications: An 'Equality, Inclusion and Access' (EqIA) assessment has been undertaken for the programme and will be updated as appropriate.</p> <p>'Facing the Challenge' and 'Doing Things Differently' are both documented approaches that KCC are embracing as part of its initiative to reduce the cost of the Council to the people of Kent and are included in the Council's Medium Term Plan</p>

<p>Sandwich Highways Depot</p>
<p>To seek approval to proceed with the disposal of the above site to raise a capital receipt which will be allocated to support the capital programme. To seek approval to identify and progress with the acquisition of a new site for the service. The Director of Property and Infrastructure Support is authorised to finalise terms for both the disposal and acquisition of a new site.</p> <p>BS4K: This decision is needed to enable a modern highway service operation to be provided in the East Kent Area that is both reactive and responsive to changing demands. It directly supports 3 of the Bold Steps for Kent.</p>

- Firstly it helps deliver the “Kent Environment Strategy” by the provision of new environmentally friendly facilities (e.g. grey water) via the construction technique with the eventual adaptation of new work practices within the new depot.
- Secondly it builds relations with key business sectors across Kent as the supply chain involved in such a project provides work to businesses of all sizes.
- Thirdly by the better siting and provision of facilities for the new depot it ensures that the most robust and effective public protection arrangements are in place for road management including bad weather response.

Impact/costs and risks of proposed decision;

The impact of the decision is that full assessment of the potential disposal of the site can be explored within the market place to ensure that best value principles are adhered to. In tandem a full search and feasibility study will be undertaken to identify a new location for the alternative highways depot which satisfies the above objectives.

Member Grant Scheme – Review

To consider the results of a review of the Member Grants Schemes and agree any improvements/changes.

The schemes allow Members to fund projects that have been directly promoted by local communities which would not normally be funded by KCC. This is a fundamental part of putting the citizen control in accordance Bold Steps for Kent.

Member satisfaction with the MHF process was reported to have fallen in the last H&T tracker survey, with some Members feeling that the process was too slow and bureaucratic. In addition, staff had spent a disproportionate amount of time designing and promoting schemes which were not then taken forward to construction. This review seeks to directly address these issues by suggesting ways in which bureaucracy can be reduced and scheme delivery speeded up.

Temporary Financial Assistance for Residential Care

To seek agreement to change the policy on Temporary Financial Assistance (TFA) for Residential Care to state that a resident will (providing they meet the other criteria) be eligible for TFA once their liquid capital and income can only support their care costs for three months

The decision by KCC to offer, on a discretionary basis, temporary funding for people unable to access funds (usually because they are tied up in property) is directly compatible with Kent's Bold Step to "tackle disadvantage". It is also in line with the corporate objective of supporting people to access the care and support they need. The current official policy is that an individual must wait until their liquid assets have reduced to £3,000 before they become eligible for TFA. This threshold has not changed for several years and it is now thought to be too low, particularly for people whose weekly income is low. For such people there may not be enough time for KCC to process the necessary agreement and to take over the contract with the home.

Financial Implications: It is not possible to predict accurately the financial implications of the proposed change to the policy. Finance believes it will provide a longer period to arrange for a charge to be placed on the resident's property before KCC begins funding. This is a good thing as it ensures our debt is secure. There are currently less than 100 people receiving TFA. The numbers are not expected to increase due to this change, rather people will be able to start the process of getting help earlier.

Legal Implications: The revision to the policy is entirely in line with KCC's duties under the National Assistance Act 1948, in particular sections 21 and 22.

Equality Implications: The proposed change will benefit all service users.

Decision Details

Decision Maker: Cabinet Member for Adult Social Services & Public Health

Date: Not before February 2014

Consultation

The intention to take the decision was mentioned as part of Cllr Gibbens' oral update to the Social Care and Public Health Cabinet Committee on 5 December 2013. No comments were noted.

In addition in March 2012 the issue was discussed by the then Adult Social Care and Public Health Policy Overview and Scrutiny Committee and at a Cross Party Members' Meeting. The consensus was in support of the proposal.

Other consultation planned or undertaken:

Discussed with relevant Case Management and Finance staff.

Proposed expansion of Iwade Primary School, Sittingbourne

The Swale section of the Kent Commissioning Plan for Education Provision 2013-18 has identified a need for up 87 additional Reception Year places within Swale district. The expansion of Iwade Community Primary School will help to address these pressures and adheres to the principles of our Commissioning Plan as it increases capacity at a good, popular school.

Financial Implications:

It is proposed to enlarge Iwade Community Primary School by 210 places taking the PAN to 90 (3FE) for the September 2015 intake and eventually a total capacity of 630 places.

- a. **Capital** - The enlargement of the school requires the provision of 7 additional classrooms, as well as ancillary facilities. A feasibility study has been completed. The total cost is estimated to be in the region of £3,500,000 of which £1,946,501 will be funded from Targeted Basic Need and the remainder from the Basic Need Budget. The costs of the project are estimates and these may increase as the project is developed. If the cost of the project is greater than 10% the Cabinet Member will be required to take a further decision to allocate the additional funding.
- b. **Revenue** - The school will receive increased funding through the Delegated Budget on a 'per pupil' basis.
- c. **Human** - Iwade Community Primary School will appoint additional teachers, as the school size increases and the need arises.

These plans will be subject to and examination in public by and independent planning inspector during 2013. The appropriateness and deliverability of each strategy will be an important consideration in the inspector’s decision on the soundness of the Plan as a whole.</p> <p>The delivery of each transport strategy will be heavily dependent on securing funding</p>

contributions from development through the section 106 and Community Infrastructure Levy (CIL) processes, as KCC's Local Transport Plan funding allocation from Central Government is likely to be under sustained pressure from the foreseeable future. KCC will not be the charging authority therefore it will be reliant on each local council as the planning authority to allocate sufficient CIL revenue to the priority transport infrastructure projects identified in the strategy. The availability of CIL revenue will in turn be dictated by the phasing and extent of new development which will be influenced by a range of external factors.
