## **FORTHCOMING EXECUTIVE DECISIONS**

**7 April 2014 – 31 October 2014**

This edition of the list of Forthcoming Executive Decisions supersedes ALL previous Editions

Published by Democratic Services

This list of Forthcoming Executive Decisions publicises all known decisions which Kent County Council intends to take over the next six months. It gives information on the projects that will be coming forward and who will be involved with them. Key decisions are marked clearly as such within the list.

Please use the contact details given to let us know your views.

## LIST OF FORTHCOMING EXECUTIVE DECISIONS

Each week the list of Forthcoming Executive Decisions is updated where there are additions, deletions or amendments to be made. Although Kent County Council aims to include all known decisions, statute requires that all Key decisions must be publicised in this way.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
  - (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.
- Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000
- (b) Adoption of major new policies not already included in the Policy Framework (Constitution Appendix 3) or changes to established policies
- (c) Approval of management and business plans
- (d) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the list helps the Council to programme its work and ensures compliance with the ‘Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) regulations 2012.

The list outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a decision is taken, unless those documents are ‘Exempt’ within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council’s web site at [www.kent.gov.uk](http://www.kent.gov.uk) at least five days before the decision it is due to be taken. Once the decision has been taken, a copy of the Record of Decision will also be published on the Council’s website.

Paper copies will be made available by contacting Louise Whitaker (telephone 01622 694433 or email [louise.whitaker@kent.gov.uk](mailto:louise.whitaker@kent.gov.uk)).

<b>Temporary Financial Assistance for Residential Care</b>
<p>To seek agreement to change the policy on Temporary Financial Assistance (TFA) for Residential Care to state that a resident will (providing they meet the other criteria) be eligible for TFA once their liquid capital and income can only support their care costs for three months</p> <p>The decision by KCC to offer, on a discretionary basis, temporary funding for people unable to access funds (usually because they are tied up in property) is directly compatible with Kent's Bold Step to "tackle disadvantage". It is also in line with the corporate objective of supporting people to access the care and support they need. The current official policy is that an individual must wait until their liquid assets have reduced to £3,000 before they become eligible for TFA. This threshold has not changed for several years and it is now thought to be too low, particularly for people whose weekly income is low. For such people there may not be enough time for KCC to process the necessary agreement and to take over the contract with the home.</p> <p>Financial Implications: It is not possible to predict accurately the financial implications of the proposed change to the policy. Finance believes it will provide a longer period to arrange for a charge to be placed on the resident's property before KCC begins funding. This is a good thing as it ensures our debt is secure. There are currently less than 100 people receiving TFA. The numbers are not expected to increase due to this change, rather people will be able to start the process of getting help earlier.</p> <p>Legal Implications: The revision to the policy is entirely in line with KCC's duties under the National Assistance Act 1948, in particular sections 21 and 22.</p> <p>Equality Implications: The proposed change will benefit all service users.</p>

Procurement of property vehicle for surplus land owned by Kent County Council to allow the	

provision of new operational facilities in each district as part of asset collaboration
<p>To seek agreement to delegate to the Individual Cabinet portfolio holder and the Director of Property &amp; Infrastructure Support the procurement of a specialist property vehicle to allow realise of surplus land to fund new operational facilities.</p> <p>BS4K: The decision is needed to progress the disposal of KCC assets with the delivery of new buildings. The proposal directly links to Bold Steps for Kent. The property vehicle will ensure it meets a number of key priorities in the Bold Steps for Kent, delivering framework including (1) Improve how we procure and commission services, (7) Build a strong relationship with key business sectors across Kent, (9) Support new housing growth that is affordable, sustainable and with the appropriate infrastructure and (15) Improve services for the most vulnerable people in Kent.</p> <p>Impact/costs and risks of proposed decision: The risks will be set out in the paper intended to support Cabinet in taking this decision.</p>
Decision details
<p>Decision maker: Cabinet Member for Corporate &amp; Democratic Services Date: Not before June 2013 Reason if Key Decision: This proposal seeks to combine surplus assets where appropriate to market them for private sector developers to drive value from these assets but in turn through the OJEU process new operational facilities can be provided. A key decision is required as the new facilities will be from a number of frontline service directorates.</p>
Consultation
<p>The proposed decision will be considered by the relevant Cabinet Committee in June 2012 There has been previous mention of the disposal strategy proposals in Property &amp; Infrastructure Support Business Plan in 2011 but since its publication there has been a need to link disposals to future service provision. Sandwich Highways Depot
<p>To seek approval to proceed with the disposal of the above site to raise a capital receipt which will be allocated to support the capital programme. To seek approval to identify and progress with the acquisition of a new site for the service. The Director of Property and Infrastructure Support is authorised to finalise terms for both the disposal and acquisition of a new site.</p>

<p><b>BS4K:</b>  This decision is needed to enable a modern highway service operation to be provided in the East Kent Area that is both reactive and responsive to changing demands. It directly supports 3 of the Bold Steps for Kent.  Firstly it helps deliver the “Kent Environment Strategy” by the provision of new environmentally friendly facilities (e.g. grey water) via the construction technique with the eventual adaptation of new work practices within the new depot.  Secondly it builds relations with key business sectors across Kent as the supply chain involved in such a project provides work to businesses of all sizes.  Thirdly by the better siting and provision of facilities for the new depot it ensures that the most robust and effective public protection arrangements are in place for road management including bad weather response.  Impact/costs and risks of proposed decision;  The impact of the decision is that full assessment of the potential disposal of the site can be explored within the market place to ensure that best value principles are adhered to. In tandem a full search and feasibility study will be undertaken to identify a new location for the alternative highways depot which satisfies the above objectives.</p>

Financial Implications:

During the closure period costs for the provision of temporary facilities will be kept to a minimum and any revenue costs should be offset by a reduction in user costs for the individual facilities.

Relocating library services for Herne Bay will provide the contractor with an unfettered site which will reduce the time of the build and therefore lower capital costs.

The temporary facilities will be stocked from existing library resources and there are no implications for the current staffing establishment

Legal Implications:

Kent County Council provides library and archive services under the Public Libraries and Museums Act 1964 which requires the provision of a 'comprehensive and efficient' library service.

Equality Implications:

An EQIA has been carried out and is available.

Is the matter referred to in the relevant Business Plan or Medium Term Capital Programme?

## Southfleet Road, Ebbsfleet: Growing Places Fund investment

A decision is required such that, subject to due diligence, Kent County Council shall agree to enter into credit agreements to secure investment from the Growing Places Fund to deliver improvements to Southfleet Road. This will help to unlock development at Eastern Quarry and provide access to the commercial development area at Station Quarter North.

### Background

Growing Places Fund (GPF) is a Government scheme which provides loan finance to unlock development sites where these will create new jobs and homes. In the South East, the Fund is administered by the South East Local Enterprise Partnership (LEP), for which Essex County Council acts as the accountable body.

Following a call for projects and appraisal, the LEP has given indicative approval to allocate up to £4 million to bring forward improvements to Southfleet Road.

In order to secure this funding, it is proposed that KCC will enter into:

A credit agreement with Essex County Council to draw down the GPF funding; and

A subsidiary credit agreement with Land Securities Eastern Quarry Ltd, who will deliver the scheme.

This shall be subject to final due diligence.

### BS4K:

This Decision contributes to delivery of the following Delivering Bold Steps priorities:

Priority 8: Respond to key regeneration challenges, working with our partners. This specifically prioritises actions to unlock key sites, where these will lead to jobs and housing

Priority 9: Support new housing growth that is affordable, sustainable and with the appropriate infrastructure

### Impact/costs and risks of proposed decision

#### Impact

The proposed Decision will mean that KCC will be able to draw down Growing Places Fund investment of up to £4 million. It is anticipated that this will unlock 1,500 homes at Eastern Quarry by 2020, and will also support the development of the Station Quarter North strategic employment site.

#### Risks

GPF funding is repayable. The primary risk is that KCC will be liable to repay the GPF loan to the Accountable Body, even if the private sector organisation is unable to repay the subordinate loan to KCC. This will be mitigated through due diligence, the robust drafting of the credit agreements, and project monitoring.

State Aid risks will be mitigated through the charging of an appropriate rate of interest, with all repayments (less costs to KCC) repaid to the GPF fund.

#### Costs

There will be some costs to KCC in managing the credit agreement. These will be recovered through interest payments and/ or through recharges to the central GPF fund, with costs and recovery mechanisms considered in development of the credit agreement.

Sturry Road, Canterbury. Growing Places Fund investment

A decision is required such that, subject to due diligence, Kent County Council shall agree to enter into credit agreements to secure investment from the Growing Places Fund to deliver commercial development at Sturry Road, Canterbury

Background

Growing Places Fund (GPF) is a Government scheme which provides loan finance to unlock development sites where these will create new jobs and homes. In the South East, the Fund is administered by the South East Local Enterprise Partnership (LEP), for which Essex County Council acts as the accountable body.

Following a call for projects and appraisal, the LEP has given indicative approval to allocate up to £629,000 to bring forward a commercial site at Sturry Road, Canterbury.

In order to secure this funding, it is proposed that KCC will enter into:

A credit agreement with Essex County Council to draw down the GPF funding; and

A subsidiary credit agreement with the private sector owners of the development.

This shall be subject to final due diligence.

BS4K:

This Decision contributes to delivery of the following Delivering Bold Steps priorities:

Priority 8: Respond to key regeneration challenges, working with our partners. This specifically prioritises actions to unlock key sites, where these will lead to jobs and housing  
Impact/costs and risks of proposed decision

Impact

The proposed Decision will mean that KCC will be able to draw down Growing Places Fund investment of up to £629,000. It is anticipated that this will unlock 4,000 sq m commercial floorspace and facilitate the creation of 40 jobs (gross) by 2015.

## Risks

GPF funding is repayable. The primary risk is that KCC will be liable to repay the GPF loan to the Accountable Body, even if the private sector organisation is unable to repay the subordinate loan to KCC. This will be mitigated through due diligence, the robust drafting of the credit agreements, and project monitoring.

State Aid risks will be mitigated through the charging of an appropriate rate of interest, with all repayments (less costs to KCC) repaid to the GPF fund.

## Costs

There will be some costs to KCC in managing the credit agreement. These will be recovered through interest payments and/ or through recharges to the central GPF fund, with costs and recovery mechanisms considered in development of the credit agreement.

KCC has taken the advice of the members of the South East Local Enterprise Partnership Board, who have been involved to Level 3 (Make Choices).

### Other key consultee groups

South East Local Enterprise Board members (including business representatives and local authority leaders). In addition, Canterbury City Council has been consulted as part of the project appraisal process.

Start and finish dates of consultation.

Summer 2012 – March 2013

Equalities Impact Assessment included in the consultation documentation. Please state where this can be found.

No – an Equalities Impact Assessment has not yet been prepared. It is anticipated that there will be few equalities impacts arising from this Decision. However, there may be combined impacts arising from the series of proposed Decisions to enter into credit agreements for GPF for a number of projects. It is therefore proposed that a single Equalities Impact Assessment will be undertaken for all related Decisions prior to the proposed Decision for this project being taken.

Date of publication of consultation outcomes and updated Equalities Impact Assessment

There is no separate consultation outcomes report. However, the discussion at the East LEP Board has been published at [www.southeastlep.com](http://www.southeastlep.com).

KCC's approach to Growing Places Fund has been discussed by the Economic Development Cabinet Committee on 5 July 2012 and 21 September 2012.

In addition, the proposed Decision will be discussed by ED Cabinet Committee on 14 June.

Is the matter referred to in your Business Plan or Medium Term Capital Programme?

Yes – Referred to in Economic Development Unit Divisional Business Plan 2013/14

Which Members and electoral Divisions are affected by this proposed decision? Is it All Members?

The development is located in on the boundary of Canterbury City North East (Graham Gibbens) and Herne and Sturry (Alan Marsh).

There may also be some impact elsewhere in Canterbury (Canterbury West (John

Simmonds), Canterbury City South East (Michael Northey), Canterbury City South West (Martin Vye)).

The Base, Phase 2, Dartford. Growing Places Fund investment

### Background

Growing Places Fund (GPF) is a Government scheme which provides loan finance to unlock development sites where these will create new jobs and homes. In the South East, the Fund is administered by the South East Local Enterprise Partnership (LEP), for which Essex County Council acts as the accountable body.

Following a call for projects and appraisal, the LEP has given indicative approval to allocate up to £2.95 million to deliver Phase 2 of The Base.

In order to secure this funding, it is proposed that KCC will enter into a credit agreement with Essex County Council to draw down the GPF funding.

In addition, KCC will enter into an agreement with the Homes and Communities Agency, which owns the freehold of the site, to enable the development to proceed. This shall be subject to final due diligence.

### BS4K:

This Decision contributes to delivery of the following Delivering Bold Steps priorities:

Priority 8: Respond to key regeneration challenges, working with our partners. This specifically prioritises actions to unlock key sites, where these will lead to jobs and housing  
Impact/costs and risks of proposed decision

### Impact

The proposed Decision will mean that KCC will be able to draw down Growing Places Fund investment of up to £2.95 million. It is anticipated that this will deliver 108 jobs (gross).

### Risks

GPF funding is repayable. The primary risk is that KCC will be liable to repay the GPF loan to the Accountable Body, even if rental incomes from the completed scheme or the capital receipt from the scheme on its eventual sale are less than anticipated. This will be mitigated through due diligence, the robust drafting of the credit agreements, and project monitoring.

### Costs

There will be some costs to KCC in managing the credit agreement. These will be recovered through interest payments and/ or through recharges to the central GPF fund, with costs and

recovery mechanisms considered in development of the credit agreement.

### Discovery Park Enterprise Zone, Sandwich. Growing Places Fund investment

#### Background

Growing Places Fund (GPF) is a Government scheme which provides loan finance to unlock development sites where these will create new jobs and homes. In the South East, the Fund is administered by the South East Local Enterprise Partnership (LEP), for which Essex County Council acts as the accountable body.

Following a call for projects and appraisal, the LEP has given indicative approval to allocate up to £8 million over five years for a rolling programme of capital investment.

In order to secure this funding, it is proposed that:

KCC will enter into a credit agreement with Essex County Council to draw down the GPF funding; and

KCC will seek to enter into a series of annual subordinate credit agreement with Discovery Park Ltd (the owners of Discovery Park).

In addition, KCC will enter into an agreement with the Homes and Communities Agency, which owns the freehold of the site, to enable the development to proceed.

This shall be subject to final due diligence.

#### BS4K:

This Decision contributes to delivery of the following Delivering Bold Steps priorities:

Priority 8: Respond to key regeneration challenges, working with our partners. This specifically prioritises actions to unlock key sites, where these will lead to jobs and housing

Impact/costs and risks of proposed decision

#### Impact

The proposed Decision will mean that KCC will be able to draw down Growing Places Fund investment of up to £8 million. It is anticipated that this will contribute to the safeguarding of up to 2,000 jobs at Discovery Park by supporting the Enterprise Zone's continued viability and attractiveness to investors.

#### Risks

GPF funding is repayable. The primary risk is that KCC will be liable to repay the GPF loan to the Accountable Body, even if Discovery Park Ltd is unable to repay. This will be mitigated through due diligence, the robust drafting of the credit agreements, and project monitoring.

#### Costs

There will be some costs to KCC in managing the credit agreement. These will be recovered through interest payments and/ or through recharges to the central GPF fund, with costs and recovery mechanisms considered in development of the credit agreement.

This decision links to the proposed closure of Doubleday Lodge, Sittingbourne which was considered and endorsed by the Social Care and Public Health Cabinet Committee on 4

October 2013.

No further consultation is suggested, other than the publication of a proposed decision before the Cabinet member takes the final decision in order that Member comments may be sought. Consultation was previously undertaken through the Older Persons Modernisation Programme which related to the closure of six in-house care homes, and proposed changes to four others. The feedback in Swale was strongly showing that extra care was a desired outcome for their community. Further consultation was undertaken by the Housing developer through the Planning process in 2012

The project is in line with Kent strategies and in particular supports the following; Bold Steps for Kent prioritises Ensure all pupils meet their full potential Shape education and skills provision around the needs of the Kent economy Financial Implications: Capital – The enlargement of the school requires the provision of 9 additional classrooms as well as ancillary facilities. A feasibility study was undertaken and a planning application has been submitted. The total cost is estimated to be in the region of £2,500,000. Appropriate funding has been identified as part of the Medium Term Capital Programme. The costs of the project are estimates and these may increase as the project is developed. If the cost of the project is greater than 10% the Cabinet Member will be required to take a further decision to allocate the additional funding. Revenue – For a period of three academic years from September 2014, the school will receive protection for an additional 30 Reception Year pupils at the rate of £2,727 per pupil. **Kent Freedom Pass including Post 16 Transport**

24/02/21014 FED Entry: Redraft received: Proposed decision 13/00095/2 as set out below:

To seek approval to replace the existing Freedom Pass with a new scheme called the Young Persons Bus Pass.

The new scheme is still subject to finalisation with bus companies and schools, and is aimed primarily at assisting with travel costs to school by providing unlimited travel on buses from 6am until 7pm Monday to Friday throughout the academic year i.e. from 1st September to 31st July, but could not be used in August.

The proposed cost of the new pass is £200 with a reduced fee of £100 for parents of children eligible for a free school meals and would continue to be free for Looked After Children and registered young carers.

This scheme is to be subject to an Equality Impact Assessment and consultation.

Should it be adopted, the new scheme will become effective from 1st September 2014.

-----  
10/02 /2014 FED entry: Following comments raised by members of the public and KCC Members, proposed decision 13/00095 (below) has been withdrawn and a redrafted scheme will be put forward under issue number 13/00095/2 in the near future.

The new scheme will be subject to consultation and will be published on the FED for 28 days before it is taken.

-----  
Proposed decision 13/00095 - To seek approval for the introduction of a stored value smartcard providing £350 value for 11-16 year olds and £250 for 16-19 year olds at an unchanged purchase cost of £100. This will be reviewed after 6 months of introduction.

Responsible Cabinet Member: Cabinet Member for Education & Health Reform Reference No: 14/00038 Key Yes
<b>Madginford Park Infant School and Madginford Park Junior School, Maidstone - Amalgamation</b>
To seek agreement to the proposed amalgamation of Madginford Park Infant School and Madginford Park Junior School, Maidstone by discontinuing the Junior school and enlarging and changing the age range of the Infant school to cater for the full primary age range.
The proposed decision supports the following Bold Steps for Kent priorities 3. Ensure all pupils meet their full potential 4: Shape education and skills provision around the needs of the Kent economy
In addition the proposals are in line with KCC's policy as set out in the Kent Commissioning Plan for Education Provision 2013-18, which states "when the opportunity arises, the Local Authority will consider the possibility of either amalgamation of separate infant and junior schools into a single primary school; or federation of the schools." Financial Implications: The costs to this project will be identified in the report that will be

considered by Education Cabinet Committee on 14 March 2014.

Legal Implications: Madginford Park Junior School: The legal process for the discontinuance of a school is under Sections 15 to 17 and Schedule 2 of the Education and Inspections Act 2006 and Parts IV and V and Schedule 4 of the School Organisation (Establishment and Discontinuance of Schools) (England) Regulations 2007.

Section 15 of the Education and Inspections Act 2006 requires a Local Authority to publish statutory proposals when it is considering discontinuing a maintained school.

Legal Implications: Madginford Park Infant School: The legal process for the alterations of a school is under sections 18 to 24 of the Education and Inspections Act 2006 and Regulations 4 to 6 and Schedules 2 to 5 of the School Organisation (Prescribed Alterations to Maintained Schools (England) Regulations 2007.

The procedure for varying the name of a school is governed by Section 20 of the Education Act 2002 and Regulations 26 to 31 of the school Governance (Constitution) (England) Regulations 2012.

Equality Implications: An Equality Impact Assessment has been completed as part of the consultation. The equalities impact assessment can be accessed via the following link:

Under section 11 of the EIA 2006 the Schools Adjudicator is the decision maker for statutory proposals.

#### Consultation

The proposed decision will be discussed at the next meeting of the Education Cabinet Committee, 14 March 2014

Mr Roger Gough, Cabinet Member for Education and Health Reform, has agreed to support the undertaking of a public consultation to seek the views of the education and wider communities on a proposal to amalgamate Madginford Park Infant School and Madginford Park Junior School.

The Education Cabinet Committee membership was informed of the public consultation on this proposal by email on 13 January 2014.

The consultation is now closed but can be viewed at the link below:

<http://consultations.kent.gov.uk/consult.ti/MadginfordPark/consultationHome>

Public meetings were held on; 23 January 2014 at Madginford Park Junior School; 5th February 2014 at Madginford Park Infant School.

The decision particularly affects the electoral division of Maidstone Rural North, represented by Mr Paul Carter, CBE.

TIGER FUND – LOAN APPLICATION	
To seek approval of a loan application to the TIGER fund to the value of £2.5 million	

The TIGER programme aims to provide financial support to businesses seeking to invest in projects that will create higher-value employment through the development of new products, services and processes. TIGER seeks to respond to the gap in economic outcomes between the Thames Gateway and the South East's other growth areas by providing targeted funding (mainly on an interest-free loan basis) to companies where this will secure additional private sector finance and support the sustainable job creation. Should this application be successful it will have been deemed to meet the aims of the project.

Geographically, the programme focuses on North Kent (Dartford, Gravesham, Medway and Swale) with the addition of Thurrock. This follows discussions with the South Essex local authorities, recognising the common issues faced by business across the Thames Gateway (as well as current challenges such as the significant job losses at the Coryton oil refinery).

TIGER helps to secure two of the main aims of the Council's medium term strategy, Bold Steps for Kent by tackling disadvantage and helping the Kent economy to grow.

**Financial Implications:**

Although the decision involves the transfer of £2.499million, if the applicant is successful, there is no financial impact for Kent County Council as the TIGER Fund monies were allocated as the result of a successful bid to the Regional Growth Fund and ring-fenced for the TIGER project only.

**Legal Implications:**

The loan will require a contractual relationship between KCC and the successful applicant. Legal Services will be asked to draft the contract should the bid be successful.

**Equality Implications:** The business application must comply with the Equality Act 2010. The company must have a policy in place to comply with the employers' statutory obligations and accordingly must not commit any form of harassment or victimisation against any person on the grounds of marriage and civil partnership, race, colour, religion or belief, sex, gender reassignment sexual orientation, age or disability, pregnancy and maternity or political difference

**Decision Details**

Decision Maker: Leader & Cabinet Member for Business Strategy, Audit and Transformation

Date: Not before April 2014

Reason if Key Decision: Financial value over £1m, but funded from ring-fenced 'bid for' funds

**Consultation**

The Cabinet Member decision to accept funding under the terms and conditions set out by the Regional Growth Fund and the consequent creation of the TIGER Fund were discussed by the Economic Development Cabinet Committee in November 2012, in January 2013 the Cabinet Committee received a verbal update on the development of governance arrangements for the scheme and in March 2013 received a further update regarding the formal launch of the scheme.

The application will have been considered by the advisory panel and the recommendations and minutes will be considered by the Leader before the decision is taken

All members will receive a copy of the proposed decision 5 clear working days before it is due to be taken and asked for comments to which the Cabinet Member will have regard on taking the decision.

**Local Transport Strategies – Various**

To agree various local transport strategies.

**BS4K:**

The strategies will ‘Help the ‘Kent Economy Grow’ and ‘Tackle Disadvantage’ by managing congestion in town centres, improving the reliability of journey times for commuters and visitors and managing freight journeys more successfully. This will in turn enhance key sustainable transport links to employment, education and health care.

**Impacts / Costs and risks of proposed decisions:**

The transport strategies to be agreed all form part a key part of evidence base for the relevant Local Plan. These plans will be subject to and examination in public by and independent planning inspector during 2013. The appropriateness and deliverability of each strategy will be an important consideration in the inspector’s decision on the soundness of the Plan as a whole.

The delivery of each transport strategy will be heavily dependent on securing funding contributions from development through the section 106 and Community Infrastructure Levy (CIL) processes, as KCC’s Local Transport Plan funding allocation from Central Government is likely to be under sustained pressure from the foreseeable future. KCC will not be the charging authority therefore it will be reliant on each local council as the planning authority to allocate sufficient CIL revenue to the priority transport infrastructure projects identified in the strategy. The availability of CIL revenue will in turn be dictated by the phasing and extent of new development which will be influenced by a range of external factors.

Adoption of the Tonbridge Town Centre Revised Transport Strategy by Kent County Council (KCC).
