

FORTHCOMING EXECUTIVE DECISIONS

27 June 2016 - 31 December 2016

This edition of the list of Forthcoming Executive Decisions supersedes ALL previous Editions

Published by Democratic Services

This list of Forthcoming Executive Decisions publicises all known decisions which Kent County Council intends to take over the next six months. It gives information on the projects that will be coming forward and who will be involved with them. Key decisions are marked clearly as such within the list.

Please use the contact details given to let us know your views or to request further information.

LIST OF FORTHCOMING EXECUTIVE DECISIONS

Each week the list of Forthcoming Executive Decisions is updated where there are additions, deletions or amendments to be made. Although Kent County Council aims to include all known decisions, statute requires that all Key decisions must be publicised in this way.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
- (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.

Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000 which are not provided for within the approved budget or Medium Term Financial Plan
- (b) Adoption of major new policies not included in the Policy Framework (Constitution Appendix 3) or significant changes to established policies
- (c) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the list helps the Council to programme its work and ensures compliance with the ‘Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) regulations 2012.

The list outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a decision is taken, unless those documents are ‘Exempt’ within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council’s web site at www.kent.gov.uk at least five days before the decision it is due to be taken. Once the decision has been

taken, a copy of the Record of Decision will also be published on the Council's website. Paper copies will be made available by contacting Louise Whitaker (telephone 01622 694433 or email louise.whitaker@kent.gov.uk).

UPDATE AWAITED

Reference No: 16/00014	Key Yes Reason if Key Decision:
Commissioning of Integrated Domestic Abuse Support Services	
<p>Proposed decision: Procurement of an integrated Domestic Abuse Support Service and delegation of authority to the Corporate Director of Social Care, Health and Wellbeing, or other nominated officer, to commission the integrated service on behalf of its partners.</p> <p>The proposed decision relates to Corporate Objectives as the provision of an integrated Domestic Abuse Service meets statutory responsibilities and supports Kent County Council's vision to:</p> <ul style="list-style-type: none"> • Tackle disadvantage • Reduce avoidable demand on health and social care services • Focus on improving lives by ensuring that every penny spent in Kent is delivering better outcomes for Kent's residents, communities and businesses • Enable adults in Kent to lead independent lives, safely in their own community <p>Financial Implications: The total amount being spent in grants and contracts on Domestic Abuse at present is £3.2m; of this funding, £1.74m is in contracts delivering housing-related support. It is anticipated that, by pooling budgets and commissioning collaboratively, efficiencies can be made to deliver a greater range of interventions within the funding envelope, targeting prevention in escalation and a greater efficacy in the service. The full value of the contract is anticipated to be £1.93m.</p> <p>Legal Implications: Legal advice will be necessary to establish the necessary delegation of authority to enable the County Council to commission on behalf of its partners.</p> <p>Equality Implications: An equalities impact assessment will be necessary for any substantive change or diminution of service provision.</p> <p>An integrated approach, co-commissioned with key partners, will enable a more balanced provision across the county, address the inequity of provision and afford better value for money by reducing duplication</p>

Herne Bay Gateway - temporary relocation of library services	
<p>Subject: Gateway Services at Herne Bay Library</p> <p>Proposed decision: To agree to provide Gateway Services at Herne Bay Library and to relocate library services from Herne Bay Library to temporary premises during the refurbishment of the building.</p> <p>Financial Implications: During the closure period costs for the provision of temporary facilities will be kept to a minimum and any revenue costs should be offset by a reduction in user costs for the individual facilities. Relocating library services for Herne Bay will provide the contractor with an unfettered site which will reduce the time of the build and therefore lower capital costs. The temporary facilities will be stocked from existing library resources and there are no implications for the current staffing establishment</p> <p>Legal Implications: Kent County Council provides library and archive services under the Public Libraries and Museums Act 1964 which requires the provision of a 'comprehensive and efficient' library service.</p> <p>Equality Implications: An EQIA has been carried out and is available on the KCC website.</p> <p>Is the matter referred to in your Business Plan or Medium Term Capital Programme? Closure of Property Enterprise Funds 1 & 2

Update: November 2016 -The decision is no longer required as the closure of the PEF's was a natural consequence of the decision to create the Property LATCO (GEN2).

<https://democracy.kent.gov.uk/mglIssueHistoryHome.aspx?IId=32254&Opt=0>

Approval by the Cabinet Member for Corporate and Democratic Services and the Cabinet Member for Finance and Procurement for the Director of Property and Infrastructure Support and the Director of Finance and Procurement to:

1. Close Property Enterprise Fund 1 and Property Enterprise Fund 2 with immediate effect.
2. Release the land and property currently held within the funds to be sold as part of KCC's main disposals programme and for those capital receipts to be used to support the Council's capital programme.

3. Instruct the Director of Property and Infrastructure Support to consider a business case that supports a decision for a new Property Investment Fund.

The objective of the fund being to implement a KCC investment portfolio to support an income return from property assets and grow the property asset base so that KCC has a future disposal pipeline.

DECISION DETAILS

Decision Maker: Cabinet Member for Corporate & Democratic Services
Expected Date: Not before December 2014

FURTHER INFORMATION

CONSULTATION

The PEF1 and PEF2 are reported in the Medium Term Plan, however, the proposal to close them is based upon them being identified as redundant funding mechanisms since the introduction of the Corporate Landlord and improvement in market conditions; closure of the funds will result in reporting and procedural efficiency.

This decision relates to the transfer of assets from one fund vehicle to the main disposals programme and as such there is no need to consult.

An initial assessment has identified that there is no equalities impact

Reason if Key Decision:

15/00010 - Supported Accommodation in a Family Environment Service (SAiFE) for Older Children in Care and Care Leavers (previously known as Supported Lodgings for Kent Care Leavers)

Proposed decision: To agree to award a new contract for the delivery of a Supported Accommodation in a Family Environment Service for older Children in Care and Care Leavers.

How the decision relates to Corporate Objectives: This activity is an element of the wider 0-25 transformation programme, including accommodation and support for 16-25 year old Children in Care, Care Leavers and vulnerable young people relating to Facing the Challenge Phase 2.

Financial Implications: The total lifetime (i.e. up to 48 months) value of the Contract is approximately £1,343,904. Costs are broken down into three areas; support, housing and management fees.

Support for young person paid to hosts

Support levels	Weekly Cost
Support* - Standard	£140
Support* - Complex	£240
Support* – Intensive	£300

Housing costs

Fixed at £50 per week if the young person is aged 16 or 17 (ineligible to claim Housing Benefit). Housing is paid from Housing Benefit if the young person is aged 18 or over and paid directly to the Host by the young person.

Monthly management fees

Based on demand, as follows:

Demand (number of arrangements)	Monthly Contract Price*
< 150 Arrangements per Month	£20,291
150 – 400 Arrangements per Month	£27,998

> 400 Arrangements per Month

£32,872

Legal Implications: Spending the Council's Money expects procurement to be competitive.

KCC has a statutory duty to provide suitable and safe accommodation that has the right level of support for Children in Care in accordance with the Children's Act 1989.

Equality Implications: An EQIA assessment for the wider Children in Care, Care Leavers and Vulnerable Young People service transformation has been undertaken with supplementary focus on this specific action. The EQIA supports the intention to diversify provision according to need and ethnicity of young people.

An EQIA has also been completed for the new Supported Accommodation in a Family Environment Service, which highlights the increase in provision to meet the needs of young people.

The matter is referred to in the Children's Commissioning Business Plan 2015-16.

3 October 2016: NOTE - this was previously known as, and listed on the Forward Plan of Forthcoming Executive Decisions, as 'Proposal for the delivery of Supported Lodgings for Kent Care Leavers (decision number 15/00010)' the information above this note relates to the revised proposal.

Proposed decision: To award a new contract to deliver Supported Accommodation in a Family Environment for Kent's older Children in Care, Care Leavers and vulnerable young people.

[It was previously envisaged that a current contract would be extended by single source tender but this is no longer the case] [Decision updated 1 October 2015]

Financial Implications:

The budget for the contract consists of two parts; management costs, and support costs, as detailed below. The tender is requesting bids of no more than £350,000 for the management costs. Support costs to Hosts varies, but is expected to be in the region of £1,500,000, based on figures from 2014-15.

Cost Area	Total
Management costs (fixed cost inclusive of all non-host related costs):	£350,000
Host Costs (monies paid to hosts, based on provision against baseline as set 04.09.14):	£1,500,000
Total:	£1,850,000

Therefore, the value of any new contract for the required service is not expected to be £1,850,000

Legal Implications:

<p>Spending the Council's Money expects procurement to be competitive. However there are exemptions that may apply to this action (e.g. the purchasing of adult and children's services are required by law under the National Assistance Act 1948 and the Children Act 1989). Alternative processes are set out in Directorate Operational Procedures.</p> <p>Equality Implications: An equality impact assessment (EQIA) for the wider Children in Care and Care Leavers service transformation has been undertaken, with supplementary focus on this specific action. The EQIA supports the intention to diversify provision according to need and ethnicity of young people. An EQIA has also been completed for the new Supported Accommodation in a Family Environment Service, which highlights the increase in provision to meet the needs of young people.</p> <p>How the decision relates to Corporate Objectives: This activity is an element of the wider 0-25 transformation programme, including accommodation and support for 16-25 year old Children in Care, Care Leavers and vulnerable young people relating to Facing the Challenge Phase 2. FURTHER INFORMATION	
<p>CONSULTATION</p> <p>In April 2015 Children's Social Care and Health Cabinet Committee were informed of the intention to extend arrangements with the current providers through a Single Source Tender. The committee gave its general support to the principle of extending the existing arrangements. However, subsequent consideration resulted in the agreement to follow a formal procurement exercise. This procurement exercise will commence on 9th October when the tender documents will be published on the Kent Business Portal.</p> <p>Other consultation planned or undertaken: A total of 81 providers responded to an anonymous market engagement survey conducted in May 2015. Of the 81 that responded 28 were Supported Lodgings providers. A Procurement Information Notice (PIN) has been published on the Kent Business Portal to gain market understanding regarding delivery of this service. 17 providers expressed an interest on the Kent Business Portal.</p>

Community Learning and Skills - Facing the Challenge Review	
<p>Update: November 2016 – A decision is no longer required as it was not considered desirable on review to proceed to a LATCO. Instead the service is internally commissioned and no decision will be taken.</p> <p>To seek agreement to creation of a local authority trading company (LATCo) that will enter into a commissioning arrangement with KCC to deliver Community Learning and Skills (CLS) services.</p> <p>Members on the Transformation Advisory Group and the Transformation Board considered a number of options for the future of CLS. This is in line with Facing the Challenge review (Market Engagement and Service Review), which will see CLS operating as a shadow LATCo rehearsing practices and features of a legal entity, e.g. financial accounting and governance arrangements. An evaluation of this phase will inform the design elements of the final legal framework within which the LATCo will operate.</p> <p>Financial Implications: Funding contracts for learning and skills from central government are anticipated to be subject to reduction for the foreseeable future. This decision seeks to give the service the freedoms and flexibilities it needs to operate in a more commercial approach, in order to maximise income generation, preserve the service and minimise financial risks to KCC.</p> <p>Legal Implications: LATCO to be setup with agreed memorandum and articles of association and commissioned to deliver the CLS service. Staff would need to be TUPE'd into the new organisation.</p> <p>Equality Implications: Full EQUIA has been done and will be live throughout the process.</p>

16/00046 (2) Contract Extensions for Living Well/Ageing Well Services (Smoking Cessation, Health Checks, Health Trainers and Healthy Weight) to 31 March 2017	
<p>Proposed decision: To extend the current contracts for Living Well/Ageing Well services – Smoking Cessation, Health Checks, Health Trainers and Healthy Weight – to 31 March 2017, to allow for the development of transformative service models, prior to the competitive tendering of a new model.</p> <p>How the decision relates to BS4K and Corporate Objectives: In line with the Council's Strategic Framework, extending the existing</p>	

contracts will allow for a focus on outcomes, whilst developing new services that will be based around the needs of the people of Kent.

Financial Implications: The Living Well/Ageing Well contracts that are proposed to be extended currently are as follows:

- Health Checks (currently expires October 2016)
- Healthy Weight (currently expires October 2016)
- Smoking Cessation (currently expires October 2016)
- Health Trainers (currently expires October 2016)

Contracts for the health improvement services currently have a total annual value of approximately £5.3m.

The County Council has now received its allocation for the public health grant 2016/17 which is £71,121,000. This represents a 7.5% reduction.

Public Health have already delivered savings of £926k on adult health improvement services by making greater use of activity-based contract payments and reducing management overheads.

A six-month extension will enable Public Health to continue to deliver efficiencies through internal activity and management of existing contracts for these services, and would not be curtailed by a delay in the procurement process. Contract values for extensions of services will need to reduce to deliver the savings.

Equality Implications: None.

The matter is referred to in the Directorate's Business Plan/Medium Term Capital Programme.

DECISION DETAILS

Decision Maker: Cabinet Member for Adult Social Care & Public Health
Expected Date: Not before June 2016

FURTHER INFORMATION

CONSULTATION

The Adult Social Care and Health Cabinet Committee discussed the matter at its meeting on 10th March 2016 and the key points were noted as follows:

1. Mr Scott-Clark and Ms Sharp introduced the report and emphasised the need for a balance of intervention and prevention over the short and long-term to achieve sustainable health improvement, and for local authorities to be partners in this work. To support this partnership working, the County Council's procurement process had been aligned with those of its district council and NHS partners. An extension to the contract would be requested,

to allow time to further develop this joint working.

2. Mr Scott-Clark and Ms Sharp responded to comments and questions from Members, as follows:-

a) the County Council wanted to implement its new adult health improvement model as soon as possible and wanted to make the procurement process for this as efficient as possible. It would spend the extension time to clarify what could be delivered by current partnership working and what would need to be procured elsewhere or by other means; and

b) the potential role of district council partners and the Kings Fund in identifying and addressing health improvement issues had not previously been drawn on, but the role of district councils in controlling licensing and housing would make a valuable contribution, and district council-run leisure facilities could also offer much to support health improvement projects in an area.

3. RESOLVED that the feedback from stakeholders since January and the opportunities for working jointly with partners on the re-commissioning of adult health improvement services be noted.

Other consultation planned or undertaken:

The transformation of services will be developed in partnership with key stakeholders, including the seven Local Health and Wellbeing Boards.

Chlamydia Testing Contract Extension

Decision: To sign a contract with the current provider, Source Bioscience, to extend the current Chlamydia testing service until 31 July 2017.

The decision will ensure that services are commissioned in line with identified need to deliver corporate priorities on prevention, improved public health and better value for money.

Financial Implications:

The payment mechanism for the Chlamydia Testing Service contract is entirely activity-based, which means that the County Council only pays for the tests which are actually requested and issued. There are no minimum or block payments.

The competitive tender process undertaken in 2013 also ensured that the contract provides best value for money. The basic unit charges have also remained fixed at the original 2013 values and have not risen with inflation. These fixed rates will also be maintained for the duration of the one-year extension.

The maximum cost of the one-year extension will be £344,000; the actual payments will be dependent on the number of chlamydia tests issued. The cost of the extension will take the total cost of the contract over £1m.

Legal Implications: None

Equality Implications: None.

Implementation of Supported Bus Service Changes

The public consultation did not evidence any significant opposition to the proposed service initiatives, except for concern with respect to three individual services summarised in paragraphs 8.2 to 8.3 below

In respect of two of the services, 123 and 12L, it was clear from the consultation that concern was mostly due to respondents not having the opportunity to review the proposed alternative timetable, which would have addressed the majority of concerns expressed. To ensure that these concerns are addressed, the timetables have been reviewed again and in the case of X1, revised, to ensure the level of service is maintained.

In respect of the third service, 541/2/4, the concerns raised in respect of the diminution in service cannot be mitigated and further development of this initiative is required. It is proposed to remove this initiative from this package at this stage and to bring forward proposals at a future date.

The remaining package of service initiatives as outlined in paragraph 2.3 of the report should be implemented.

Reason if Key Decision:

Children and Young People's Mental Health Service

Decision: To agree that Kent County Council enter into legal agreements (under the NHS Act 2006) for the purpose of jointly procuring a mental health service for children and young people including children in care and integrated provision within the health needs pupil referral units, and to delegate authority to the Corporate Director of Social Care, Health and Wellbeing or other nominated officer to undertake the necessary actions to enter these agreements.

Reasons for decision:

Kent County Council and the seven Clinical Commissioning Groups (CCGs) across Kent have been working together since early 2015 to deliver a new whole system of support to improve children's mental health. The current contract is due to end on 31 March 2017. A new service will be procured by West Kent CCG as the lead commissioner on behalf of all CCGs and KCC which will commence on 1 April 2017.

This work has delivered a collective understanding of the KCC and NHS resource available to support children and young people develop strong emotional wellbeing. The development of Kent's Emotional Wellbeing Strategy for children, young people and young adults led to a new whole system and a new model for service delivery.

Children's mental health has been the subject of many recent national documents and policy discussion (Department of Health and NHS England "Future in Mind", "The Good Childhood report", Department of Health 2014 "Closing the gap, priorities for essential change in mental health").

Future in Mind – promoting, protecting and improving our children and young people's mental health and wellbeing sets out a number of proposals the government wishes to see by 2020. These include:

- tackling stigma and improving attitudes to mental illness

- introducing more access and waiting time standards for services
- establishing 'one stop shop' support services in the community
- improving access for children and young people who are particularly vulnerable.

The new service model places Kent in an excellent position to achieve these objectives. There is a growing recognition of the link between emotional wellbeing and school attainment, and of the high prevalence of mental health problems in vulnerable groups such as young offenders and children in care.

The Early Help and Preventative Services Commissioning Diagnostic in July 2015 considered in detail the needs of children and young people and the services provided. The key findings from this included the need to address emotional health and wellbeing, behavioural difficulties, education / development issues (including school non-attendance), and poor relationships within families.

There is currently no integrated mental health and emotional wellbeing service at a community level that address these needs. The intention of the new service delivery model is to ensure the provision of a more accessible and responsive service, delivered in community settings and aligned to other children and young people's provision.

KCC Strategic Procurement is leading the procurement of the child and young people mental health service. A Programme and Procurement Board has been established to oversee the procurement process which is jointly chaired by the, Accountable Officer for West Kent CCG and the Corporate Director of Social Care, Health and Wellbeing for KCC.

Financial Implications:

Funding for this procurement will be c£2.7m per year with Specialist Children's Services committing £1.29m per year and Early Help and Preventative Services committing £1.44m per year.

Legal Implications:

West Kent CCG will be the lead commissioner on behalf of all Kent CCGs and KCC. West Kent CCG will enter into the contract with the successful provider following the procurement process. KCC, West Kent CCG and all the CCGs will be required to enter legal agreements to govern the relationship between the Council, the CCG and the Provider.

Equality Implications:

An equalities impact assessment has been completed for the KCC element of the mental health service. Actions noted within this are; (i) to ensure that there is data recording on the protected characteristics so that in future the uptake of the service by all groups of children and young people can be monitored and (ii) there will be service user involvement in the procurement process

The matter is referred to in the Business Plan/Medium Term Capital Programme.

FURTHER INFORMATION

CONSULTATION

The Children's Social Care and Health Cabinet Committee and Health Overview and Scrutiny Committee have been consulted and regularly updated on the development of the Emotional Wellbeing Strategy, CAMHS procurement and development of the service specification.

The proposed decision was discussed at the Children's Social Care and Health Cabinet Committee meeting on 5 July 2016, and a summary of the proceedings is as follows:-

- 1) Carol Infanti, Commissioning Officer, introduced the report on the commissioning and procurement of the child and young people's mental health service. She explained that this report sought the Committee's endorsement to formalise the next step of the joint procurement process and enter into legal agreements with the CCGs.
- 2) Carol gave the following information in response to questions raised by the Committee:-
 - i) that she, colleagues in the Legal department and CCG colleagues did not foresee any problems in getting the legal agreements in place by the proposed timeline;
 - ii) it was also confirmed a lot of work had been done on the performance framework and that any potential provider would be asked to share with Kent County Council that performance data;
 - iii) that staff employed by the successful provider would be expected to work alongside current Kent County Council staff in Early Help Units; and
 - iv) in response to a concern raised, Mrs Infanti explained that the contract would be held by West Kent Clinical Commissioning Group. However, Kent County Council would have an agreement in place that would ensure there were clauses in the contract in regards to performance targets for the provider. This would involve Kent Performance Indicators having to be followed closely by the provider.
- 3) Andrew Ireland, Corporate Director of Social Care, Health and Wellbeing, reassured the Committee that the Health Overview and Scrutiny Committee had been following the progress of the commissioning and procurement of the child and young people's mental health service in depth.

- 4) The Children’s Social Care and Health Cabinet Committee resolved to endorse the proposed decision:-
- a) that Kent County Council will enter into such legal agreements that are necessary and appropriate to enable the joint operational delivery of this project between the County Council, West Kent Clinical Commissioning Group and the Provider for the purpose of jointly procuring a mental health service for children and young people, including children in care, and integrated provision within the health needs pupil referral units; and
 - b) to delegate authority to the Corporate Director of Social Care, Health and Wellbeing, or other nominated officer, to undertake the necessary actions to enter into the agreements.

Legal Implications: None

Equality Implications: An Equality Impact Assessment has been completed to consider the impact of this on individuals with protected characteristics. It has concluded that any negative impact on individuals with protected characteristics will be minimal as this funding is not used to deliver services directly to individuals, but rather to provide support to organisations that may provide support directly to people.

The matter is referred to in the Directorate Business Plan/Medium Term Capital Programme.

DECISION DETAILS

Decision Maker: Leader and Cabinet Member for Business Strategy, Audit & Transformation

Expected Date: Not before July 2016

FURTHER INFORMATION

CONSULTATION

The proposed decision was discussed at the Adult Social Care and Health Cabinet Committee on 12 July 2016. It was endorsed, with a condition being added to the first recommendation that current grant funding arrangements to Local Infrastructure Organisations will not end until there is first a good model of alternative delivery in place.

Other consultation planned or undertaken: Consultation with the sector was undertaken as part of the Consultation for the Voluntary and Community Sector Policy.

Infrastructure organisations have been engaged in discussions through market engagement processes. This is not a person-focused service.

No further consultation is planned although market engagement will continue.

Reference No: 15/00113	Key Yes Reason if Key Decision:
The Kent Minerals and Waste Local Plan 2013-30	
Following the Planning Inspectorate's Examination of the Minerals and Waste Local Plan, to accept the Planning inspector's recommendations and recommend to Cabinet and Full council the adoption of the Plan.	
DECISION DETAILS	
Decision Maker: County Council Expected Date: Not before March 2016	
FURTHER INFORMATION	
CONSULTATION	
<p>The preparation of the Plan has been the culmination of some 10 year's work with stakeholder engagement throughout the process.</p> <p>Consultation to date has involved engagement and collaboration with communities, local organisations and businesses. Public consultation was held for each stage of the plan-making process. It has also been prepared in cooperation with Kent's districts, neighbouring authorities, parish councils and other minerals and waste planning authorities that may be affected by the strategies and policies of the Plan.</p> <p>As part of the Local Plan preparation the Council has demonstrated that it has met the 'duty to cooperate' obligation as set out in the Localism Act (2011) and the National Planning Policy Framework (2012).</p> <p>All Members are affected because the Plan contains the overarching strategy and planning policies for future planning decisions affecting the whole of the County.</p> <p>Local Members have been notified at each stage of the preparation of the Plan. Most recently, members were notified of the Proposed Modifications consultations which ran between August and October 2015.</p>	

Cabinet previously endorsed the Pre-Submission Draft Kent Mineral and Waste Local Plan (MWLP) at the meeting held on 14 October 2013, prior to its submission to the Full Council on 12 December 2013 where it resolved to approve to submit the Plan to the Secretary of State subject to:

1. A six week period of public consultation;
2. No material objections being received during the public consultation; and
3. The Director of Planning and Environment being given delegated powers to approve any non-material changes to the MWLP in consultation with the Cabinet Member for Environment and Transport following on from the public consultation and to agree any amendments to the MWLP during the Examination in Public for submission to the appointed Planning Inspector, if these amendments are likely to resolve objections.

DECISION DATES - VARIOUS

Reference No: 14/00068	Key Yes Reason if Key Decision: Financial Criteria Exceeded
Property Disposals at Dumpton Park Drive, Broadstairs and Freeman's Way, Deal	
<p>Update 25/01/2016 – The decision to dispose of land at Dumpton Park Drive is ready to be taken separately from the others advertised in this package. It has been published separately at 14/00068(b) and can be viewed by clicking on the link below.</p> <p>https://democracy.kent.gov.uk/mglIssueHistoryHome.aspx?Ild=36174&Opt=0</p> <hr style="border-top: 1px dashed red;"/> <p>Update – October 2015</p> <p>Negotiations continue regarding both disposals.</p>	

It is not expected that decisions will be taken before December 2015

Update – 09/03/2015 - Date changed to 'not before' June 2015.

Dumpton Drive: Extensive consultation has been carried out with the School and Education Department regarding the Dumpton Park Drive and a planning pre application has been successfully submitted. Outline Planning will be submitted within next 3 months with a view to marketing site 'subject to planning' once the application has been submitted.

Freeman's Way: Extensive consultation has taken place between KCC and Dover District Council's Estates team and a planning pre application will be submitted in March 2015, if successful, KCC will submit outline planning application prior to marketing the site 'subject to planning'.

Update - 01/12/2014 – The decision to dispose of land at London Road, Westerham is ready to be taken separately from the others advertised in this package. It has been published separately at 14/00068(a) and can be viewed by clicking on this link.

<https://democracy.kent.gov.uk/mgIssueHistoryHome.aspx?IId=32262&Opt=0>

Reference to the land has been removed from this issue but the 28 day statutory publication for the intention is deemed to have been fulfilled as part of this original entry.

Approval is sought for the Director of Property and Infrastructure Support to progress with and enter into the necessary documentation to complete the disposal of Dumpton Park Drive, Broadstairs and Freeman's Way, Deal in consultation with the Cabinet Member for Corporate and Democratic Services.

Stock Lane, Wilmington, previously listed as part of this decision has been withdrawn.

London Road, Westerham, previously listed as part of this decision has been deleted and is now at 14/00068(a)

This decision will secure a capital receipt to fund the capital programme and to streamline the Council's property portfolio in order to achieve financial and efficiency benefits in line with the Property Policy.

The impact of the decision will be that the receipt will be achieved as quickly as possible should planning permission be granted, to ensure that the capital programme is delivered and to minimise holding costs. Without the decision, KCC will be unable to respond to offers in a timely fashion without losing the prospective purchaser. This would affect the delivery of the capital programme and increase holding costs.

 Canterbury Local Transport Plan

Key Yes
Reason if Key Decision: The decisions are likely to be significant in terms of their effects on communities living or working in an area comprising two or more wards or electoral divisions in the area of the relevant local authority.

Local Transport Strategies - Approval - Various.

Update July 2015
Decision taken

Update June 2015
Proposed decision published for comment 24 June 2015

Update April 2015
Decision considered and endorsed by the April 2015 Environment and Transport Cabinet Committee

Decision deferred as issues brought to the attention of the Cabinet Member during the proposed decision publication period are resolved.

Update 17 February 2015:
Proposed decision to endorse the principles set out in the Canterbury Local Transport Plan published.

Update 4 February 2015:
The Canterbury Local Transport Strategy was considered and the principle endorsed by the Environment and Transport Cabinet Committee in December 2014. A formal decision will now be taken by the Cabinet Member which will set out the terms of the support for the strategy.

To agree various local transport strategies.

The strategies will 'Help the 'Kent Economy Grow' and 'Tackle Disadvantage' by managing congestion in town centres, improving the reliability of journey times for commuters and visitors and managing freight journeys more successfully. This will in turn enhance key sustainable transport links to employment, education and health care.

Impacts / Costs and risks of proposed decisions:

The transport strategies to be agreed all form part a key part of evidence base for the relevant Local Plan. These plans will be subject to and examination in public by and independent planning inspector during 2015. The appropriateness and deliverability of each strategy will be an important consideration in the inspector's decision on the soundness of the Plan as a whole.

The delivery of each transport strategy will be heavily dependent on securing funding contributions from development through the section 106 and Community Infrastructure Levy (CIL) processes, as KCC's Local Transport Plan funding allocation from Central Government is likely to be under sustained pressure from the foreseeable future. KCC will not be the charging authority therefore it will be reliant on each local council as the planning authority to allocate sufficient CIL revenue to the priority transport infrastructure projects identified in the strategy. The availability of CIL revenue will in turn be dictated by the phasing and extent of new development which will be influenced by a range of external factors.

Eden Centre Lease

LATEST UPDATE:
19/05/2014 - Decision due date changed from 01/03/2014 to 01/01/2015.
REASON: The decision remains at the earliest stages of investigation and options appraisal. A further review will take place in January 2015 when a decision pathway will be identified and the proposed decision updated further.

To seek agreement to the principle of granting a long lease to a charitable community interest company or similar vehicle, of The Eden Centre, Four Elms Road, Edenbridge.

The proposal directly links to Bold Steps for Kent, putting the citizen in control, building new partnerships and providing a new fit for purpose building to deliver Library and FSC services in conjunction with other partners such as the Citizen's Advice Bureau and House (West Kent Action), to support Kent's more vulnerable citizens.

The impact of the decision will be that KCC will have less control of the management and operation of the centre as they would become the responsibility of a third party.

Risks identified are:

- Reliance on the professionalism of the trustees to deliver a successful facility, agreeing with all partners a financial model for the charitable vehicle
- Reputational damage to KCC if the charitable vehicle were to fail
- Obtaining buy in from all community groups in occupation to form trust
- Untried and untested model
- Level of income generation from the centre which could go to the charitable vehicle is currently unknown as a new facility
- Continued KCC ownership of a non-core asset
- Officers may be unable to get agreement from stakeholders, charitable vehicle does not prove financially sustainable or the trust may break down and charitable vehicle will have to pick up void periods and associated costs (benefit to KCC).
