Published by Democratic Services

This Forward Plan lists “Key Decisions” which Kent County Council intends to take over the next six months. It gives information on the projects that will be coming forward and who will be involved with them. The Plan also contains reference to other proposed decisions, which although not Key Decisions are nonetheless significant in terms of their outcomes.

Please use the contact details given to let us know your views.

## **FORWARD PLAN OF DECISIONS**

Each month the Council publishes a Forward Plan of Decisions expected to be taken during the following six months.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
- (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.

Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000 which are not provided for within the approved budget or Medium Term Financial Plan
- (b) Adoption of major new policies not already included in the Policy Framework (Constitution Appendix 3) or changes to established policies
- (c) Approval of management and business plans
- (d) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the Forward Plan helps the Council to programme its work and ensures compliance with the Local Government Act 2000. Every month, the period covered by the Plan will be rolled forward by one month and the plan will be republished.

The Plan outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a decision is taken, unless those documents are ‘Exempt’ within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council's web site at [www.kent.gov.uk](http://www.kent.gov.uk) at least five days before the decision it is due to be taken. Once the decision has been taken, a copy of the Record of Decision will also be published on the Council's website.

**18/00050 - Shared Supported Living Service element of the Supporting Independence Service Contract**

**The Decision needed:**

**Proposed decision:** To approve an extension of the Shared Supported Living Service element of the Supporting Independence Service Contract for 11 months from 1 June 2019 to 5 April 2020.

**Section 2 – Who is taking the final decision and when**

**Who is taking the Decision**

Cabinet Member for Adult Social Care and Public Health

**Date:**

Not before October 2018

**Reason if Key Decision**

The intention is for the Supported Living Service to be included in the Care and Support in the Home contract after the extension period. An existing EqIA is in place and the Care and Support in the Home EqIA will be updated as the work to include in the new contract is undertaken.

**Reason if this decision has been delayed/withdrawn from a previous plan**

##### **The Decision needed:**

**Proposed Decision:** Direct payments for parents of disabled children is a statutory duty under the Children Act 1989 as amended by Sections 17A (inserted by the Health and Social Care Act 2001) and 17B (inserted by the Carers and Disabled Children Act 2000). KCC commissions a Direct Payment Support Service to help service users manage their direct payments, ensuring that their support needs are being met as described within their care plan. The service also helps to ensure that public money is being used appropriately and to recover money which is not being used. The current contract expires on 31 March 2019 and there is no option to extend. There is a need to procure a new Direct Payment Support Service to commence from 1 April 2019.

**18/00051a/b - Sexual Health Services Provision**

**The Decision needed:**

Proposed decisions:

To agree the following changes to the provision of sexual health services which are due to expire in March 2019:

18/00051 a:

- The inclusion of integrated sexual health and related services into the existing Kent Community Health Foundation NHS Trust (KCHFT) partnership
- Formation of a new partnership agreement with Maidstone and Tunbridge Wells NHS Foundation Trust (MTW) and inclusion of integrated sexual health and online STI testing services
- Continued contracting directly with GP surgeries for Long Acting Reversible Contraception (LARC) services delivered within primary care

18/00051 b:

- Agreement to award contract following a competitive process procurement for online condom scheme and outreach services

Background: KCC is required to provide sexual health information and advice; contraception; testing, diagnosis, treatment and management of STIs and HIV; and raising awareness about the prevention of STIs. There are a number of these mandated services available in Kent, several which have been delivered by NHS providers for many years. The workforce required to deliver these services is very skilled and highly competent needing to deal with a complex array of issues and provide quality assured clinical expertise.

Outcomes: The commissioned services support KCC's outcome - Kent Communities feel the benefits of being in work, healthy and enjoying a good quality of life.

The following KCC Supporting Outcomes are also underpinned in this service:

- Physical and mental health is improved by supporting people to take more responsibility for their own health and well being
- Those with long-term conditions are supported to manage their conditions through access to good quality care and support
- Residents have greater choice and control over the health and social care services they receive.

The key outcome expected of the service is an improvement in the sexual health and wellbeing of the population of Kent and a reduction in sexual health inequalities. These are measured by using a range of metrics alongside service KPI's (including user satisfaction metrics).

Proposed decision:

To go out and tender for a new contract to deliver a community navigation service for older people and people living with dementia that supports people to navigate the health and social care systems and connects them to community-based support, supporting the demand management for both systems. The contract is expected to have an annual value to adult social care of £3,325,495 (£13,301,980 over the course of a 4 year contract). This assumes that the investment to save options is action and investment in the service is increased in comparison to current spending. This funding is currently invested in annual grants to voluntary sector providers. A number of these will be ended in order for the contract to be put in place. However, it is possible that investment from public health and Clinical Commissioning Groups may increase the value of the contract. Adult social care may also seek to increase the value of the contract over it's lifetime, by adding additional funding in to the contract.

**The Decision needed:**

This project aims to produce a new Countryside Access/Rights of Way Improvement Plan for Kent, for the period 2017 – 2027. Kent County Council has a legal duty to prepare and review a Public Rights of Way Improvement Plan (ROWIP) under Section 60 of the Countryside and Rights of Way Act 2000 and update the plan every 10 years. The plan must assess the extent to which the local rights of way meet the present and likely future needs to the public as well as the opportunities the PROW network can provide for exercise, open air recreation and the enjoyment of the area and the accessibility to blind or partially sighted persons and others with mobility problems. The plan must include a

statement of the actions proposed to manage the PROW and for securing an improved network. In accordance with the guidance set out by DEFRA the plan must explain how improvements made by the local authority to the public rights of way network will provide a better experience for walkers, cyclists, horse riders, horse and carriage drivers and people with mobility problems.

#### **Market Research**

We have used market research to gather insight and information from our customers to understand their priorities and needs; to what extent PROW meet current demand and how they need to evolve to meet future requirements. Through the analysis of the information gathered common themes emerged, these themes were used to guide the PROW and Access Service's ROWIP and Management Plans.

The types of information gathered are as follows:

#### **Online**

The public who used Kent's PROW network were invited over a six week period to complete an online survey featured on KCC's consultation homepage, Visit Kent and the PROW report site. A total of 1,260 submissions were received.

#### **Face to Face**

Kent residents face to face survey interviews at home were completed over 8 weeks with a total of 624 residents were interviewed. The residents were separated into two groups those that had used the PROW network in the last 6 months and those that hadn't. An equal number of interviews were conducted in each of the 12 Districts of Kent, circa 50 in each. Within each District, residents were sampled across varying postcode sectors to ensure a good spread in terms of geography. A sample specification was set up in line with 2011 Census statistics for the Kent County Council boundary area, to ensure we interviewed a representative sample of residents in terms of gender and age. The results from this survey were used to further split the group into Kent resident users and Kent resident non-users groups of the PROW network.

#### **Stakeholder Survey**

The Stakeholder Survey was designed to gather more detailed information about how plan links to other organisation's plans and policies as well as these organisations views on how the PROW network is currently used and how it needs to involve with an emphasis on provision for the partially sighted and access to woodland in line with DEFRA guidance for the plan. We also asked to provide details on the Service itself how our reporting system has been received and any improvements we need to make to provide a better more efficient Service.

The Stakeholder Survey was sent to Members via **The Information Point** email address and all Members were provided with information about the ROWIP and invited to complete the survey. In addition to all Members a database of stakeholders was compiled to include all Parish, District and Borough Councils, user groups, and interest groups.

#### **Expert Stakeholder Surveys**

Finally, in response to the results from the market research we have put together a further questionnaire which was sent to specific groups to help us define the ways our service can deliver the priorities identified by our customers and stakeholders from the market research. We approached all District and Borough Planning Departments in Kent, Large house building companies and Canterbury City Council' Development Advisory Panel (DAP) and Kent Association for the Blind.

### **Section 4 – Responsible Officer – Who to contact for more information.**

#### **Your name, Your Service, Your phone number and email address:**

The plan will be forward looking by design; there will be no obligation to deliver projects identified through the review. Where projects are identified they will only be taken forward if the resource is available, where possible projects will be delivered through partnership working.

The PROW and Access Service will look for funding through the planning system, 106 Agreement and CIL funding and other funding available to deliver projects. The Service will target existing core funding to deliver statutory obligations; the delivery plan will improve efficiency to ensure we provide a better targeted, improved service.

<b>Title:</b> <b>17/00086 - A20 Harrietsham Traffic Management Scheme</b>
<b>The Decision needed:</b> Harrietsham is identified in the emerging Maidstone Borough Local Plan as a rural service centre suitable for new housing development. The majority of the existing settlement is located to the north of the A20 corridor, whereas all 3 of the new housing development sites are to the south of the A20. During 2014/15 JMP Transport Consultants, working under a commission to Maidstone Borough Council, produced an outline design and costing for a scheme to narrow the A20 carriageway, create new footways and pedestrian crossing points and lower the speed limit from 40mph to 30mph with new gateway features at each end of the village. The construction costs were estimated by JMP at £1,105,189. The key aim of the scheme is to reduce the severance effect of the A20 and improve permeability between the new development sites

and the existing housing and village centre. MBC has granted planning permissions to the housing sites on the basis that each makes proportionate S106 contributions to the Council. Payments will then be passed to Kent County Council to implement the scheme. To keep disruption to a minimum, the intention is that the scheme would be implemented in its entirety once all of the contributions have been received, rather than as a phased construction. MBC have now received a payment of £403k from the first site to reach its trigger point and a further payment is now due. Consequently KCC now has the necessary funding in place to begin to progress the scheme through design.

The scheme has been the subject of a resident petition that was submitted at the 12<sup>th</sup> July 2017 meeting of the Maidstone Joint Transportation Board, which urges the authorities to ensure that elements of the scheme are in place prior to developments being occupied.

This key decision seeks approval to review the outline design, including updated costs, and to commence detailed design work with a view to construction once the final contributions have been received. It is envisaged that public engagement on the scheme layout will be carried out during 2017/18, a report will be presented to Maidstone JTB to advise on feedback and potential amendments including any related mitigation measures.

The scheme meets KCC policy objectives of supporting existing businesses and encouraging economic activity with housing growth and job creation by reducing congestion and improving infrastructure and accessibility.

Proposed decision: To tender for a new contract to deliver community based services for Older People and People Living with Dementia.

How the decision relates to Corporate Objectives:

This proposed new contract directly relates to the Council’s Strategic Outcome regarding older people and vulnerable residents are safe and supported with choices to live independently and underpins the Promoting Wellbeing element of the Council’s Your Life Your Wellbeing strategy. The new contract will deliver a range of services and support that are asset based, promote wellbeing, increase resilience and prevent or delay people entering into formal health and social care systems. **17/00063 - Ashford District Deal Refresh**

**The Decision needed:**

The Borough Council and the County Council enjoy good relations at a political and operational level and have achieved much working together on a wide variety of projects in recent years. However, both are complex organisations, each with its own procedures and priorities and inevitably operational issues crop up which could be tackled better and faster.

The District Deal signed in 2015 is not a legally binding agreement but a short, clear statement of the Councils' shared commitment to work together in key areas.

The Deal has two main parts:

- A commitment to focus the combined efforts of both councils on delivering key strategic projects;
- An agreement to improve the way the Council's work together to make sure that we deliver the best quality outcomes possible for residents and businesses

The original Deal focused on the "Big 8" projects in Ashford, a series of regeneration projects across the district in which the two Councils are working together to deliver more effectively, as well as new ways of working across a range of agendas.

This focus has helped to deliver several projects where both Councils share an interest – achieving the funding needed for both the Ashford station signalling and for M20 junction 10a; and signing the legal agreements to bring forward development at Chilmington Green are all prime examples.

In addition to these projects, there were several examples of improved operational working. There are other areas where lessons have been learned and are being applied to improve working. In some areas of both Councils the District Deal is not fully understood and hence does not always attract the priority it deserves.

**Section 1 – the decision needed, how it relates to the Council's Corporate Outcomes and the Costs and risks involved.**

**Title:**  
**16/00120 Sub National Transport Board for the South-East**

**The Decision needed:**

KCC Membership of a shadow Sub- National Transport Body for the South East known as Transport for the South East (TfSE)

The Cities and Local Government Devolution Act makes provision for the establishment and constitution of Sub-National Transport Bodies (SNTBs) for any area in England (outside of Greater London. An SNTB can prepare a Transport Strategy for an area which would set out proposals for the promotion and encouragement of safe, sustainable, integrated, efficient and economic strategic transport facilities and services to and from the area of the SNTB.

The South East Seven (SE7) Councils (Kent, East Sussex, West Sussex, Hampshire and Surrey County Councils, and Brighton & Hove City Council and Medway Council) and the Local Enterprise Partnerships

(LEPs) that represent the area have discussed the establishment of an SNTB for the South East, to be called Transport for the South East (TfSE). A TfSE on this geographic scale would fulfil the DfT's minimum geographic size requirements. Discussions will shortly commence with Portsmouth, Southampton and the Isle of Wight and the Solent LEP about joining TfSE.

The proposed TfSE would enable authorities to influence national and regional infrastructure providers, helping to secure the infrastructure required to support continuing economic growth. A TfSE would see Government, South East Transport Authorities and/or Combined Authorities and LEPs working together with Highways England, Network Rail and port, airport and bus operators. TfSE would require strategic transport providers to take account of its priorities.

TfSE would provide a mechanism for the area to speak with a strong, common voice on transport infrastructure and provide a single platform for strategic transport and infrastructure issues, giving partners greater, and potentially direct, influence over decisions that are currently made elsewhere. Its key outcome will be the development of a single, strategic transport infrastructure framework which would align the investment programmes from key agencies, such as Highways England, Network Rail and the LEPs.

### **Options**

- Do nothing and not engage in the development of the SNTB for the Southeast.
- Set up the SNTB for Kent and Medway, but this would not be supported by DfT
- Engage in the development of the Shadow SNTB Board and Transport Strategy for the Southeast

### **How the proposed decision meets the objectives of 'Increasing Opportunities, Improving Outcomes: Kent County Council's Strategic Statement (2015-2020)'**

The cornerstone of TfSE is the Transport Strategy. It will build upon existing Local Transport Plans, including Kent's *Local Transport Plan 4: Delivering Growth without Gridlock*, currently out to consultation, and evidence already in place amongst the constituent Authorities, including the LEP's Strategic Economic Plans and growth and infrastructure frameworks/studies being undertaken by a number of upper-tier Authorities, including the *Kent and Medway Growth and Infrastructure Framework*. In this way, the decision would support the Council's second strategic outcome, "Communities benefit from economic growth by being in work, healthy and enjoying a good quality of life."

### **Financial Implications**

It is estimated that appropriate support for developing the shadow SNTB and the overarching Transport Strategy would total £200,000 of which KCC's contribution is £20,000.

<p><b>Legal Implications</b>  There are no direct legal implications of the recommendations in this report, although should an TfSE SNTB be established by the Secretary of the State following the work set out in this report, then there would be legal implications arising from the establishment of the SNTB which itself would be a body corporate.</p> <p><b>Equalities implications</b>  There are no equality implications to establish the Shadow TfSE</p>

**The Decision needed:**

To accept the DFT funding to enable the StAR programme to be delivered.

Specifically approval is sought to spend the grant in order to:

- Pay staffing costs associated with delivering the programme
- To delegate authority to the Director of Highways Transportation and Waste to procure, award and amend contracts as necessary
- Make grants to transport operators, community interest companies and businesses in accordance with agreement procedures.

KCC submitted a successful bid to the Department for Transport's Access Fund (Sustainable Travel Revenue competition) and was awarded £1,451,657.20 for the period March 2017- March 2020.

Star is an integrated package of measures to meet KCC's strategic aim that "Kent Communities feel the benefits of economic growth by being in work, healthy and enjoying a good quality of life" The measures proposed support economic development and healthy lifestyles by encouraging use of active and sustainable modes of travel to access employment, education and training. They are targeted at locations that have received local Growth Fund Investment, as well as significant economic development sites across Kent due to be completed before 2020, and will build on previous Local Sustainable Transport Fund Schemes eg the Kent Connected website

Improving transport is identified in the KCC Strategic Statement 2015-2020 under Outcome 2: Kent Communities feel the benefits of economic growth by being in work, healthy and enjoying a good quality of life.

**Title:**

#### **17/00030 (a) (b) & (c) - Community Support Services - contract continuations**

**The Decision needed:**

To continue service provision under existing contracts for the following community support services:

- a) Housing Related Support (HRS), including services for:
  - Older Persons Housing Related Support and Community Alarms
  - People with Learning and/or Physical Disabilities
  - Home Improvement Agencies

People with Mental Health Needs; (Homelessness and Offenders)

- b) Homecare
- c) Supporting Independence Service (SIS)

It was originally envisaged that all three services would be included in one decision but, owing to timing issues, the Housing Related Support element (Part (a)) was taken 22/03/2017 with parts (b) and (c) to follow before June 2017.

Given the freedoms set out in the Care Act 2014, since these contracts started, and the Council's strategy for adult social care, 'Your Life Your Wellbeing', there is now an opportunity to move to greater integration with health services. To achieve this, it is desirable to extend these services' contracts to a single end date.

This will help achieve the corporate objectives of:

- Strategic Outcome
- Older and vulnerable residents are safe and supported with choices to live independently

**Supporting Outcomes**

- Those with long term conditions are supported to manage their conditions through access to good quality care and support
- People with mental health issues and dementia are assessed and treated earlier and are supported to live well
- Families and carers of vulnerable and older people have access to the advice, information and support they need

- Older and vulnerable residents feel socially included
- More people receive quality care at home avoiding unnecessary admissions to hospital and care homes
- The health and social care system works together to deliver high quality community services
- Residents have greater choice and control over the health and social care services they receive

ur Life Your Wellbeing - providing the strategic direction to move towards full integration with the NHS by 2020.

## **Section 3 – – Who is to be consulted, how and when, ( The Duty to Inform/consult/Involve ) including relevant scrutiny councillors**

### **Consultees**

It was originally envisaged that all three services would be included in one decision but, owing to timing issues, part (a) was taken 22/03/2017 with parts (b) and (c) to follow before June 2017.

The Housing Related Support element (Part (a)) was discussed by the Adult Social Care and Health Cabinet Committee on 14 March 2017 and the outcome of that meeting included in the Record of Decision which the Cabinet Member signed when the decision was taken on 22 March 2017.

Parts (b) and (c) were discussed by the Adult Social Care Cabinet Committee on 9 June 2017, and the outcome of that meeting included in the paperwork which the Cabinet Member has now signed.

Other consultation planned or undertaken:

- Full consultation and engagement for Your Life Your Wellbeing
- Provider engagement on Transformation of Adult Social Care
- Future engagement with the market and service users will be undertaken regarding the new services as this will be crucial to the

success of transformation and integration.

19/05/2014: Decision due date changed from 23/12/2013 to 'Not before' 01/11/2014.  
REASON: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value for the site is secured. Options appraisal work is underway and this work is expected to take approx. 6 months, therefore an expected decision date is set for November.

---

To seek approval to proceed with the disposal of the above site to raise a capital receipt which will be allocated to support the capital programme.

To seek approval to identify and progress with the acquisition of a new site for the service.

The Director of Property and Infrastructure Support will be authorised to finalise terms for both the disposal and acquisition of a new site.

This decision is needed to enable a modern highway service operation to be provided in the East Kent Area that is both reactive and responsive to changing demands. It directly supports 3 of the Bold Steps for Kent.

- Firstly it helps deliver the “Kent Environment Strategy” by the provision of new environmentally friendly facilities (e.g. grey water) via the construction technique with the eventual adaptation of new work practices within the new depot.
- Secondly it builds relations with key business sectors across Kent as the supply chain involved in such a project provides work to businesses of all sizes.
- Thirdly by the better siting and provision of facilities for the new depot it ensures that the most robust and effective public protection arrangements are in place for road management including bad weather response.

The impact of the decision is that full assessment of the potential disposal of the site can be explored within the market place to ensure that best value principles are adhered to. In tandem a full search and feasibility study will be undertaken to identify a new location for the alternative highways depot which satisfies the above objectives.

**Eden Centre Lease**

**The Decision needed:**

**LATEST UPDATE:**

19/05/2014 - Decision due date changed from 01/03/2014 to 01/01/2015.

**REASON:** The decision remains at the earliest stages of investigation and options appraisal. A further review will take place in January 2015 when a decision pathway will be identified and the proposed decision updated further.

---

**To seek agreement to the principle of granting a long lease to a charitable community interest company or similar vehicle, of The Eden Centre, Four Elms Road, Edenbridge.**

The proposal directly links to Bold Steps for Kent, putting the citizen in control, building new partnerships and providing a new fit for purpose building to deliver Library and FSC services in conjunction with other partners such as the Citizen's Advice Bureau and House (West Kent Action), to support Kent's more vulnerable citizens.

The impact of the decision will be that KCC will have less control of the management and operation of the centre as they would become the responsibility of a third

party.

Risks identified are:

- Reliance on the professionalism of the trustees to deliver a successful facility, agreeing with all partners a financial model for the charitable vehicle
- Reputational damage to KCC if the charitable vehicle were to fail
- Obtaining buy in from all community groups in occupation to form trust
- Untried and untested model
- Level of income generation from the centre which could go to the charitable vehicle is currently unknown as a new facility
- Continued KCC ownership of a non-core asset
- Officers may be unable to get agreement from stakeholders, charitable vehicle does not prove financially sustainable or the trust may break down and charitable vehicle will have to pick up void periods and associated costs (benefit to KCC).
