

## **FORWARD PLAN OF DECISIONS**

Each month the Council publishes a Forward Plan of Decisions expected to be taken during the following six months.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
- (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.

Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000 which are not provided for within the approved budget or Medium Term Financial Plan
- (b) Adoption of major new policies not already included in the Policy Framework (Constitution Appendix 3) or changes to established policies
- (c) Approval of management and business plans
- (d) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the Forward Plan helps the Council to programme its work and ensures compliance with the Local Government Act 2000. Every month, the period covered by the Plan will be rolled forward by one month and the plan will be republished.

The Plan outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a decision is taken, unless those documents are ‘Exempt’ within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council's web site at [www.kent.gov.uk](http://www.kent.gov.uk) at least five days before the decision it is due to be taken. Once the decision has been taken, a copy of the Record of Decision will also be published on the Council's website.

**Kent County Council adoption of High Weald Area of Outstanding Natural Beauty Management Plan 2019-24**

**The Decision needed:**

Formal adoption of the reviewed and revised High Weald Area of Outstanding Natural Beauty Management Plan 2019-24.

**Background**

The Countryside and Rights of Way Act 2000 requires local authorities within an Area of Outstanding Natural Beauty (AONB) to act jointly to prepare and publish an up-to-date plan which ‘formulates their policy for the management of the area and for the carrying out of their functions in relation to it’. The High Weald AONB Unit leads the development of this plan on the behalf of local authorities, overseen by the Joint Advisory Committee.

The High Weald AONB Management Plan was originally published in 2004 as a 20 year strategy and this is reviewed every five years. Reviews, with minor revisions, have taken place in 2009 and 2014. In 2017, the third review was instructed. The review has needed to take account of the potential impact of Brexit on agri-environmental policy and the significant increase in development pressure on the AONB since the last review. The plan has also required amendments to bring it in line with the Government’s 25 Year Environment Plan (published 2018).

Following stakeholder engagement and a formal consultation process, this plan is now with the relevant local authorities for adoption. KCC submitted comments to the formal consultation process in July 2018 and we are satisfied that these have been adequately addressed. The Management Plan supports the Council’s Strategic Outcome of “Kent communities feel the benefits of economic growth by being in-work, healthy and enjoying a good quality of life” by helping to support: rural business and economic growth; a good quality of life; well planned

housing growth; and a physical and natural environment that is protected, enhanced and can be enjoyed.

The review is backed by a Strategic Environmental Assessment, Habitats Regulations Assessment and Equality Impact Assessment.

It is therefore considered that the High Weald AONB Management Plan 2019-24 as amended can be adopted by KCC. It is not anticipated that the revised Management Plan will place any additional obligations on the County Council in terms of resources, although relevant units within the County Council will need to consider the revised Management Plan in relation to their operations (as they are already bound to do). For reference, KCC provides an annual contribution of £9.5k to the High Weald AONB Unit.

As the authors of the plan, the High Weald AONB Unit have also overseen the consultation. This included a series of technical workshops based around the key components of the plan in summer 2017; followed by early public engagement through an on-line questionnaire, with nearly 400 people taking part.

Public Consultation on the Management Plan and its supporting documents was carried out between 13th June and 25th July 2018; this included consultation with all the local authorities. 143 responses were received, 115 from individuals and 28 from organisations; 82% of the respondents 'strongly agreed' with the AONB Vision.

Areas of Kent which fall into the HWAONB include Tunbridge Wells, Sevenoaks, Ashford and Tonbridge & Malling. Matthew Balfour represents KCC on the HWAONB Joint Advisory Committee.

Proposed decision to re-procure and delegate to the Director of Highways, Transportation and Waste to award contract/s for the Highway Arboriculture Programmed Works Service (All Districts within Kent).  
Contract start date: September 1st, 2019.

**Background** - The current contract expires 31st August 2019. Accordingly, in order to ensure a seamless service remains in place a new procurement is required. Ongoing procurement enables market testing and ensures that the rates KCC pay for the work are competitive and reflective of the current market.

The proposed decision meets the objectives of 'Increasing Opportunities, Improving Outcomes: Kent County Council's Strategic Statement (2015-2020)' because the arboriculture works service is a safety critical service that keeps Kent's roads moving and assists economic growth.

**19/00001 - Charging for the disposal of non-household waste at the Kent County Council Household Waste Recycling Centres (soil, rubble, hardcore and plasterboard)**

**The Decision needed:**

The Kent Waste Disposal Strategy (2017-2035) was adopted in February 2017 and sets out the overarching ambition for KCC Waste Management. Analysis has shown that the current waste infrastructure will not cope with the expected levels of waste growth anticipated as a result of the forecast population increase. Before considering any potential funding for added infrastructure, officers are developing projects and policy changes designed to reduce demand on site, create revenue streams and create clearer intelligence that will enable stronger and more successful enforcement actions against individuals defrauding the Authority through illegal disposal of trade and commercial waste.

<p><b>Your name, Your Service, Your phone number and email address:</b> Through the HWRC network, KCC accepted 38,000 tonnes of soil rubble and hardcore for disposal last year (17/18), which cost approximately £1.2m to haul and dispose. In addition, KCC also accepted nearly 2,000 tonnes of plasterboard which cost approximately £178,000 to haul and dispose. Based on current tonnages, charging customers to dispose of these non-household waste types, in-line with a number of other Local Authorities, could generate a gross income of £4m. After taking account of the operational costs for bulking, hauling and processing these materials which we already pay, along with additional resourcing costs (both staff and equipment) and infrastructure amends, this would leave a revenue contribution of £1m to the annual budget for the initial full year of operation.</p> <p>Continued investment in the HWRC and WTS network infrastructure is required to support waste growth, recycling advancements and legislative requirements.</p> <p><b>Support documents</b></p>

**The Decision needed:**

In 2014 the Education Cabinet Committee resolved that a new 2FE primary school at Cheesman's Green, Ashford, would be commissioned and a competition to secure a sponsor was held. The Stour Academy Trust was appointed to sponsor the School by the Secretary of State for Education and in 2015 a funding agreement for a 2FE school was signed between the Trust and the Secretary of State.

The primary school, known as Finberry Primary School, opened in September 2015 in a temporary facility.

Planning permission for the 2FE permanent school was secured with the permanent site opening for pupils and staff in September 2017. 2FE of infrastructure was delivered but only sufficient classrooms for 1FE of pupil. The classrooms needed to accommodate the 2<sup>nd</sup> FE of pupils will be required from September 2020.

**The Decision needed:**

Kent County Council has a statutory responsibility under The Care Act (2014) to meet peoples assessed eligible needs, this includes specific duties related to people with sensory impairments. The proposal to implement new arrangements for the provision of these statutory assessment and rehabilitation services will allow for the development of a sensory operating model that is flexible, improves outcomes for people with sensory impairments and that can be aligned with other pathways across Adult Social Care and Health.

Therefore, the proposed decision is to implement new arrangements for the provision of statutory assessment and rehabilitation services for sight impaired adults, statutory assessment and rehabilitation for sight impaired children and statutory equipment assessment and rehabilitation for hearing impaired older adults aged 65 years and over.

It is not expected that the proposed changes to district governance structures for 0-19 (and up to 25) non-statutory children's services will have a negative impact on direct service delivery. However, the Equalities Impact Assessment has been completed, as an appendix to the Proposals Report, to be presented to CYPE Cabinet Committee in January 2019.

These proposals have been through consultation with CYPE Cabinet Committee in May and September of 2018. The feedback from these discussions led to further liaison with Members of CYPE Cabinet Committee and the Chairs of the existing governance groups. The Lead Officer has also contact relevant partner agencies, to incorporate their feedback into the final proposals. Draft proposals were also presented to Cabinet Members (CMM) on 3<sup>rd</sup> December 2018 and the revised proposals are scheduled to be presented to CMM on 7<sup>th</sup> January 2019.

Local Councillors who are Chairs or attendees of the current YAGs, DABs and LCPGs were consulted in early 2018 and again during October and December 2018. The feedback from these meetings has been fully considered in the shaping of the proposals to be presented to CYPE Cabinet Committee in January 2019. Members representing the Labour and Liberal Democrat parties at CYPE Cabinet Committee were also consulted with, as part of this process.

There are no financial implications expected as a result of the proposed changes to district governance structures for 0-19 (and up to 25) non-statutory children's services.

The current arrangements are supported by members of staff within EHPS and, whilst this will continue to be the case within the new proposed arrangements, it is hoped that these will be far more effective and reduce some of the duplicated administration, thus resulting in a reduction of staff time. It is also anticipated that the proposed changes will result in a reduction of duplicated attendance from partner agencies, who currently sit across all three of the existing groups.

<p><b>Title:</b> <b>18/00058 - Commissioning Plan for Education Provision 2019-23</b></p> <p><b>The Decision needed:</b> The Commissioning Plan for Education Provision in Kent (KCP) is a five year rolling plan which is updated annually. It sets out how Kent discharges its statutory responsibility, as the Strategic Commissioner of Education</p>

Provision, to provide sufficient Early Years, SEND, Primary and Secondary places and to ensure that there are appropriate learning pathways for pupils at Post 16. It is also our responsibility to ensure that we have enough places in the right locations, to meet the demands of increased pupil numbers and parental preferences. It reflects the fact that the Local Authority's role has changed to being the commissioner, as well as continuing to be a provider, of education provision.

Data from the Office for National Statistics (ONS) and the Health Authority suggest that births across the County, which have fluctuated in recent years, rose slightly in 2016-17. The numbers of families with primary and secondary aged pupils migrating into the County continue to be greater than the numbers moving out, with a net increase in the year ending June 2017 of 1,575 pupils at primary age and 862 at secondary. The housing identified in District/Borough core plans or their variants suggest there is provision for up to 55,000 new homes across the period 2017-18 to 2022-23. These factors require increases in the provision of school places (particularly at the secondary school phase) in the coming years.

The rolling programme of risk assessments / survey programme, forms an integral part of the statutory compliance package which is delivered by the Total Facilities Management (TFM) contract and managed on a day to day basis by GEN2 as our managing agent. Therefore, water hygiene costs are not split out for the Corporate landlord buildings as they included within the overall planned preventative maintenance and statutory maintenance costs.

Where KCC have responsibilities for the school risk assessments / survey programme, a fixed cost is attributed to the service provided by the TFM contractors.

Remedial works and maintenance of Corporate landlord and school water systems can be difficult to correctly estimate as it is dependent on the size

and complexity of the system, together with management, reliability and potential damage issues.

For KCC schools, water systems that require remedial works are the responsibility of the school when they fall within their financial limits sho

**The Decision needed:**

Update 01 February 2017: Officers have confirmed that the decision is still 'live' and that KCC continue to work with the landowner regarding use of the land and any consequential s106 arrangements. The process is expected to be lengthy and is likely to be ongoing for the duration of 2017.

-----

The Cabinet Member will be asked to agree that KCC take a long lease of 99 years at a nominal rent from Lafarge to facilitate expansion of school roll. Lafarge to create new playing field and to maintain subsoil thereafter. The Playing Field is being delivered as part of a s106 Agreement being a contribution to mitigate the impact of adjacent development of 510 homes upon Lawn Primary School and free up space on the existing Lawn PS site to enable expansion of the existing school buildings from 1FE to 2FE.

**16/00101 - Proposal to expand Marden Primary School**

**The Decision needed:**

The Cabinet Member for Children, Young People and Education will be asked to agree to:

- i. Expand Marden Primary School, Goudhurst Road, Marden, Tonbridge, Kent, TN12 9JX, from 280 places to 420 places, increasing the published admission number (PAN) from 40 to 60 for Year R entry in September 2018
- ii. Allocate the budget from the Basic Needs budget (full details to be provided within the Education and Young People’s Services Cabinet Committee Report)

In accordance with Appendix 4 Part 2 16 (a) of the Council’s constitution, the Council’s Executive Scheme of Officer Delegation provides that “Once a Member-level decision has been taken.....the implementation of that decision should be delegated to officers...” In this instance it is envisaged that the Director of Infrastructure will inherit the authority to act and will enter into any necessary contracts/ agreements on behalf of the County Council or further delegate responsibilities in accordance with 16 (c) of the same scheme “Senior Managers exercising delegated powers will...be able to sub-delegate...functions to more junior officers”

The Commissioning Plan for Education Provision 2016-20 identified Marden as an area of future need and Marden Primary School was therefore proposed for expansion to meet that predicted demand. The Plan was considered and endorsed by the Education and Young People's Services Cabinet Committee on 15 December 2015 prior to the final version being considered and approved by Cabinet on 21 March 2016.

A public consultation commenced on 23 September 2016 and closed on 21 October 2016. Further information is available on the School Consultation webpage: [www.kent.gov.uk/schoolconsultations](http://www.kent.gov.uk/schoolconsultations)

The outcome of the consultation was due to be reported to Education and Young People's Services Cabinet Committee on 23 November. The report was deferred, pending further discussions on the design and planning process and will be considered by the Cabinet Committee at its meeting scheduled for 22 June 2017

**Former Shepway Resource Centre, Folkestone - Disposal**

**The Decision needed:**

**LATEST UPDATE:**

19/05/2014 - Decision due date changed from 18/02/2014 to 01/08/2014.

**REASON:** The proposed decision to dispose of the Centre was delayed while internal processes were undertaken to ensure that no other suitable use could be found before disposal. This process is complete and the former resource centre will be placed on the market shortly. Responses from the market will be gauged after a period of approximately 3 months and a proposal for the site put forward at that time. The decision will be considered by the Property Sub-Committee or the Policy and Resources cabinet Committee before being taken by the Cabinet Member.

<p><b>The Decision needed:</b></p>

**Update 09/03/2015:**

**DEFERRED: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value is secured; surveys are being carried out with a view to marketing the site in the future dependent on the outcome of those surveys.**

**Latest Update:**

19/05/2014: Decision due date changed from 23/12/2013 to 'Not before' 01/11/2014.  
REASON: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value for the site is secured. Options appraisal work is underway and this work is expected to take approx. 6 months, therefore an expected decision date is set for November.

---

To seek approval to proceed with the disposal of the above site to raise a capital receipt which will be allocated to support the capital programme.

To seek approval to identify and progress with the acquisition of a new site for the service.

The Director of Property and Infrastructure Support will be authorised to finalise terms for both the disposal and acquisition of a new site.

This decision is needed to enable a modern highway service operation to be provided in the East Kent Area that is both reactive and responsive to changing demands. It directly supports 3 of the Bold Steps for Kent.

- Firstly it helps deliver the “Kent Environment Strategy” by the provision of new environmentally friendly facilities (e.g. grey water) via the construction technique with the eventual adaptation of new work practices within the new depot.
- Secondly it builds relations with key business sectors across Kent as the supply chain involved in such a project provides work to businesses of all sizes.
- Thirdly by the better siting and provision of facilities for the new depot it ensures that the most robust and effective public protection arrangements are in place for road management including bad weather response.

The impact of the decision is that full assessment of the potential disposal of the site can be explored within the market place to ensure that best value principles are adhered to. In tandem a full search and feasibility study will be undertaken to identify a new location for the alternative highways depot which satisfies the above objectives.

**Eden Centre Lease**

**The Decision needed:**

**LATEST UPDATE:**

19/05/2014 - Decision due date changed from 01/03/2014 to 01/01/2015.

**REASON:** The decision remains at the earliest stages of investigation and options appraisal. A further review will take place in January 2015 when a decision pathway will be identified and the proposed decision updated further.

---

**To seek agreement to the principle of granting a long lease to a charitable community interest company or similar vehicle, of The Eden Centre, Four Elms Road, Edenbridge.**

The proposal directly links to Bold Steps for Kent, putting the citizen in control, building new partnerships and providing a new fit for purpose building to deliver Library and FSC services in conjunction with other partners such as the Citizen's Advice Bureau and House (West Kent Action), to support Kent's more vulnerable citizens.

The impact of the decision will be that KCC will have less control of the management and operation of the centre as they would become the responsibility of a third party.

Risks identified are:

- Reliance on the professionalism of the trustees to deliver a successful facility, agreeing with all partners a financial model for the charitable vehicle
- Reputational damage to KCC if the charitable vehicle were to fail
- Obtaining buy in from all community groups in occupation to form trust
- Untried and untested model
- Level of income generation from the centre which could go to the charitable vehicle is currently unknown as a new facility
- Continued KCC ownership of a non-core asset
- Officers may be unable to get agreement from stakeholders, charitable vehicle does not prove financially sustainable or the trust may break down and charitable vehicle will have to pick up void periods and associated costs (benefit to KCC).
