

FORWARD PLAN OF DECISIONS

6 January 2020 - 31 May 2020

This Edition of the Forward Plan Supersedes ALL Previous Editions

Leader of the County Council – Roger Gough
Published by Democratic Services

This Forward Plan lists “Key Decisions” which Kent County Council intends to take over the next six months. It gives information on the projects that will be coming forward and who will be involved with them. The Plan also contains reference to other proposed decisions, which although not Key Decisions are nonetheless significant in terms of their outcomes.

Please use the contact details given to let us know your views.

FORWARD PLAN OF DECISIONS

Each month the Council publishes a Forward Plan of Decisions expected to be taken during the following six months.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
- (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.

Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000 which are not provided for within the approved budget or Medium Term Financial Plan
- (b) Adoption of major new policies not already included in the Policy Framework (Constitution Appendix 3) or changes to established policies
- (c) Approval of management and business plans
- (d) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the Forward Plan helps the Council to programme its work and ensures compliance with the Local Government Act 2000. Every month, the period covered by the Plan will be rolled forward by one month and the plan will be republished.

The Plan outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a decision is taken, unless those documents are ‘Exempt’ within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council’s web site at www.kent.gov.uk at least five days before the decision it is due to be taken. Once the decision has been taken, a copy of the Record of Decision will also be published on the Council’s website.

<p>Title: 20/00001 - Proposal to open satellite provision of The Beacon Folkestone at the former Walmer Science College and increase the designated number of the School to 548 places</p> <p>The Decision needed:</p> <p>Background – Across Kent, the number of pupils with an Education, Health Care Plan (EHCP) has increased significantly. Between January 2015 and January 2019, the number of pupils aged between 0 -25 years of age with an EHCP increased from 7,374 to 11,763 an increase of 60%. The increase in the overall number of pupils with an ECHP is having an impact on the need for places within our special schools and the specialist resourced provisions (SRPs) within mainstream schools. Dover District is one of only two Kent Districts without a PSCN special school (the other being Dartford). In order to address this, The Commissioning Plan for Education Provision in Kent 2019-23 identified the need for a new 168 place PSCN provision from September 2020. The County Council retained the Walmer Science College site for future educational needs. A feasibility study has shown that, once refurbished, the buildings and site would be suitable for more ambulant PSCN pupils across the 3-19 year old age range. Having a building such as this available will allow us to open the provision quicker than would have otherwise been expected and possibly with an initial phase as early as September 2020.</p> <p>Options – The need for a new provision for either PSCN or ASD within Dover was set out in the Commissioning Plan for Education Provision in Kent 2019-23. The Area Education Officer has been open about the need for this provision with Kent’s special schools. Officers have decided that The Beacon School Folkestone, as an outstanding special school, is in the best position to successfully open the satellite provision.</p> <p>Proposed decision – To release £4,000,000 from the Children’s, Young People and Education Capital Budget to enable The Beacon Folkestone to open of a satellite provision at the former Walmer Science College and</p>

Title:

20/00002 - Proposal to change the age range at Goldwyn School, Ashford from 11-16 years to 11-18 years

The Decision needed:

Background – Goldwyn School is a maintained special school designated to support pupils aged 11-16 years with Social, Emotional and Mental Health needs (SEMH). It is judged as Outstanding by OFSTED. Presently the school is designated to take 115 pupils aged 11-16 years of age. However, due to the increased need for specialist SEMH places the School has been commissioned to provide up to 150 places for the last few years. This proposal would formalise the current situation, while at the same time increasing the age range to 18 years in order to add a sixth form, adding a further 45 post-16 places, taking the final designated number to 195 places.

Options - No other option were considered as this is the only SEMH specialist School in the District

Proposed decisions – The Cabinet Member for Education and Skills proposes to:

- (i) Change the age range at Goldwyn School, Ashford from 11-16 years to 11-18 years in order to add sixth form provision, adding 45 post-16 places, and
- (ii) increase the designated number at key stage 3/4 by 35 places.

Title:
20/00010 - Transport for South East (TfSE) - Proposal to Govt

The Decision needed:
Proposed decision

As Leader of the Council, in accordance with Section 19.2 of the Council's Constitution, I agree to:

1. Consent to Transport for the South East's Proposal to Government for powers in addition to the general powers of a Sub-national Transport Body.
2. Participate in, and cooperate with, Transport for the South East in accordance with the powers requested from Government and those powers operating concurrently with Kent County Council as Highway Authority and Local Transport Authority.

And delegate authority to the Corporate Director of Growth, Environment and Transport, in consultation with the Leader and Monitoring Officer, to enter into relevant legal agreements and take other appropriate actions as necessary to implement the decision.

Background

The Cities and Local Government Devolution Act 2016 amended the Local

Transport Act 2008 to allow the creation of Sub-national Transport Bodies (STBs). There are now several shadow STBs in England, with Transport for the North becoming the only statutory STB in April 2018.

The South East 7 (SE7 – Kent, Medway, Surrey, West Sussex, East Sussex, Hampshire, Brighton and Hove) councils proposed the establishment of an STB for the South East. From this, Transport for the South East (TfSE) emerged, which is now a partnership of 16 Local Transport Authorities and five Local Enterprise Partnerships. In addition to the SE7, TfSE includes Southampton, Portsmouth, Isle of Wight, and the Berkshire unitary authorities represented by the Berkshire Local Transport Body (West Berkshire, Wokingham, Windsor & Maidenhead, Bracknell Forest, Reading, Slough).

TfSE has sought to formalise its role as the South East's voice for strategic transport issues by becoming a statutory body. To do this, TfSE has worked with its members to develop a Proposal to Government. This draft proposal was consulted on from May to July 2019. KCC provided a response to the consultation, supporting the powers TfSE proposed. Some of these were supported only conditionally provided that the principle of subsidiarity is applied (i.e. powers are used at the most local level). This was in relation to highways and transport functions that constituent members already hold but TfSE wants to enact concurrently.

Transport for the South East have since revised their Proposal to Government taking account of the comments they received in the consultation. The revised Proposal includes the application of the principle of subsidiarity.

TfSE has also consulted on its draft Transport Strategy for the South East (October 2019 – January 2020). KCC responded positively to this consultation to support the overall aims and aspirations of TfSE. The development of a Transport Strategy is one of the central functions of a STB, and the Department for Transport awarded TfSE funding (in addition to funding from the constituent authorities) to produce one.

TfSE plan to submit the revised Proposal to Government and the Transport Strategy for the South East to the Department for Transport concurrently. This is to present a unified vision for the region alongside the request for powers to achieve it, with the consent of constituent bodies.

Strategic Statement

Transport for the South East is emerging as an important advocate of improved transport in the region, and its own aims closely match the objectives of the Strategic Statement. The vision for the Transport Strategy for the South East is:

By 2050, the South East of England will be a leading global region for net-zero carbon, sustainable economic growth where integrated transport, digital and energy networks have delivered a step-change in connectivity and environmental quality.

A high-quality, reliable, safe and accessible transport network will offer seamless door-to-door journeys enabling our businesses to compete and trade more effectively in the global marketplace and giving our residents and visitors the highest quality of life.

Thus, TfSE is fundamentally focused on improving lives, sustainable economic growth, and supporting all people to make informed transport decisions and have a range of transport choices so that they can benefit from improved quality of life. Consequently, TfSE has the potential to positively contribute towards all of the supporting outcomes identified in the Strategic Statement.

Options

Kent County Council is one of the founding bodies of Transport for the South East. As such, the only other option would be to decline to endorse the Proposal to Government and rescind support for TfSE. This would restrict KCC's opportunities to progress transport schemes for investment and isolate the county from wider regional discussions about transport in the future. It could potentially see the Council's influence in lobbying for schemes on the Strategic Road Network and railway network diluted because KCC would be a small area alone, hence not in alignment with the move to regional prioritisation that the Government has promoted to date.

Consultation

Transport for the South East published a draft Proposal to Government for consultation in May 2019, with the consultation ending in July 2019.

Transport for the South East have revised their Proposal to Government after review of the consultation responses received. The final Proposal to

Government will be presented to Cabinet Committee in advance of this decision being taken.

Cabinet Committee engagement

The KCC proposed response to the Transport for the South East draft Proposal to Government was taken to Environment and Transport Cabinet Committee on 16th July 2019. At that meeting it was resolved that the proposed response would be noted. This proposed response supported the powers requested by Transport for the South East, and conditionally supported the powers that would be shared with KCC provided that the principle of subsidiarity applies – i.e. that decisions on the use of these powers are made at the most local level by constituent authorities.

The KCC proposed response to Transport for the South East's *Transport Strategy for the South East* will be taken to Environment and Transport Cabinet Committee on 23rd January 2020.

<p>Title: 20/0005 - Payment of Council Tax for Kent Care Leavers</p> <p>The Decision needed: <u>Background</u></p> <p>Children and Social Work Act (2017) implemented on 1st April 2018, places corporate parenting responsibilities on district councils for the first time, requiring them to have regard to children in care and care leavers when carrying out their functions. Councils have the power to introduce exemptions for council tax for certain groups under section 13A of the Local Government Finance Act 1992.</p> <p>Corporate Parenting is a statutory function of the Council with the underlying principle that every local authority will seek the same outcomes for children and young people in care that every good parent would want for their own children; for example, successful transition to young adulthood</p>

and financial independence.

The children's social care inspectorate, Ofsted, has the 'Experience of Looked After Children and Care Leavers' as a key judgement area in its evaluation of local performance, and expects Councils and children's services to provide clear evidence that it supports its young people leaving care up to the age of 25, in a way that optimises their outcomes.

The Government's care leavers' strategy, *Keep on Caring*, published in July 2016, encouraged councils to consider the role of a corporate parent, '*through the lens of what any reasonable parent does to give their child the best start in life*'. As a further development of this local authorities were encouraged to consider exempting care leavers from council tax using the powers already at their disposal, to be aspirational for care leavers in achieving financial independence.

How we got to the decision:

Kent has 1,718 young people who they have corporate parenting responsibility for as Care Leavers aged 18 -25 years. The vast majority are living in Kent, with 155 in Medway and 408 placed outside of the county. The original proposal was to work with the 12 Local District Borough Councils to request an exemption for council tax for all Kent Care Leavers living within the county. After extensive work on the logistics involved in this, the request is to implement a simplified proposal, in which Kent County Council in their role as a Corporate Parent would fund council tax payments where young people who are care leavers are eligible to pay. This would be for young people who are Kent Care Leavers aged 18-21 years, wherever they are living. The reasons for this are:

- Young people are not equally accommodated across the district, meaning some boroughs such as Canterbury and Gravesham would have significantly more young people compared to other boroughs such as Dartford and Tonbridge & Malling.
- The cost and coordination of administration across 12 districts was not a cost-effective model.
- Alongside district councils there would need to have been agreement from the police, fire services and parish councils in each of the 12 district boroughs.
- Kent young people living outside of Kent would have been at a significant disadvantage, as would not have been able to access the exemption.
- Personal Advisors can assist young people to claim all eligible benefits

and discounts, as two thirds of our young people aged 18-21 years do not currently pay council tax due to their status as a student, being on a low income or residing in certain accommodation types. There are many different ways of reducing council tax liability. The young person can claim, amongst many others, discounts as a single person, if they are severely mentally impaired, as an apprentice and as a student. All these discounts can be applied for online.

The proposal meets the objectives of 'Increasing Opportunities, Improving Outcomes: Kent County Council's Strategic Statement (2015-2020)' through:

- The Strategic Statement underpins the proposal for the payment of council tax in our aim to improve the lives of children and young people by giving them the best start in life. It meets our responsibility of being the best Corporate Parent we can be and being aspirational for our Care Leavers as they transition into adult hood.
- Agreement to the funding would improve the outcomes of Care Leavers by ensuring that they are financially supported and give them the best possible opportunities for their futures as adults.
- For those young people currently paying council tax, it would open up the opportunity to use their own income for more social and leisure activities, promoting and improving their mental health and well-being.

Proposed decision:

To agree that Kent County Council will fund the council tax payments for Kent young people who are Care Leavers from the age of 18 years, up to the age of 21 years. All young people will be expected to claim any council tax benefit/discount entitlement and no backdated payments will be made. For implementation from 1st April 2020. This will be published as part of the Kent Care Leavers Local Offer.

An Equality and Impact Assessment has been completed. This identified that the original proposal for a district exemption would discriminate against those young people who are Kent care leavers but living outside of the county. If agreed, the decision will be published through the Local Offer and will be open to all eligible Kent Care Leavers where Kent County

Council are the corporate parent. This offer would not apply to Care Leavers placed into Kent by other Local Authorities.

Consultees

March 2019, the Young Adult Council made the following challenge, via the Corporate Parenting Panel,

The Young Adult Council would like to raise the following new Challenge:

Kent Care Leavers living in Kent should be exempt from paying Council Tax until the age of 25 years, whilst still engaging with the service.”

Of this, there was consultation with young people and research into other local authorities and how exemptions had been applied.

It will be discussed at the CYPE Cabinet Committee on 10th January 2020.

Title:

20/00006 - Payment increase for in house Emergency Bed Foster Carers

The Decision needed:**Background:**

The Emergency Bed Scheme is a valuable resource provided by the Kent Fostering Service. It provides children and young people with a time limited home during a period of crisis which can include; a child/young person being placed on remand, family breakdown or a placement break down. The scheme has been in place for several years without any recent revision. The Policy aims to provide a clear and up to date framework on the roles and responsibilities within the service to ensure that the needs of a child/young person are responded to in a timely manner to achieve identification of the most appropriate home for their needs. There is a current fostering recruitment strategy which includes increasing the number of Emergency Bed carers; the revised policy and proposed payment structure will enhance our ability to attract more carers to the scheme.

The scheme has been reviewed, with a recommendation to update the current policy and implement the following changes:

- **Increase the current 7-day placement limit to 10 working days**
- **Clarify the roles within the Integrated Children Services teams to ensure accountability and ensure appropriate support for children, young people and foster carers**
- **Clarify processes, timescales and authorisations for specific actions**
- **Introduce the ability to pay an enhanced payment to emergency bed carers for our most complex children.**
- **Provide an updated agreement/contract to emergency bed foster carers.**
- **Support and enhance recruitment of foster carers to the scheme**

Proposed decision – To agree that Kent County Council will introduce an enhanced payment structure for emergency bed placements with in-house foster carers. This is to strengthen the placement provision for children and young people at times of crisis and avoid young people going into residential placements.

Title:

20/00007 - Proposal to permanently increase the capacity at Pilgrims Way Primary School, Pilgrims Way Canterbury CT1 1XU

The Decision needed:

Background –

The Kent Commissioning Plan for Education 2019-2023 identifies a need for additional places in the Canterbury City Planning Area from 2021 this is due to pressures from new housing developments in Canterbury City and specifically the private development on the former Howe Barracks Site. This development will produce a total of 500 new homes. In addition to this, the refurbishment of former army houses by Redbridge Council is

resulting in 38 new families moving in from November 2019. To mitigate the need for places, it is proposed that Pilgrims Way will expand by 0.5 forms of entry (FE) to become a 2FE Primary school. Pilgrims Way is the nearest primary school to these developments and was named for any developer contributions linked to the development of private housing on the former barracks site. Canterbury City Council Local Plan identifies 16,000 new homes over the plan period to 2031. 8,737 are planned for the Canterbury area, with 6,533 in the Canterbury City Primary planning area where Pilgrims Way Primary School is located. Pilgrims' Way Primary School was registered as a new school on 1st May 2018 and is part of the Veritas Academy Trust. They are awaiting their first Ofsted inspection. Currently Pilgrims Way has 261 on the school roll with 31 on the nursery roll totalling 292 (May school census 2019)

Up to £2,500 is provided for each newly provided learning space for ICT equipment from the Capital budget. Totalling £10,000 for this project. £81,473.63 in developer contributions has been collected by Canterbury City Council towards the 0.5FE expansion of Pilgrims Way Primary School. A further £843,560 is expected but not received and £4,986 has been requested but not agreed. A total of £930,019.63 is therefore expected from developer contributions towards the expansion. As per KCC policy a total of £6,000 per new learning space will be provided to the school from the DSG revenue budget. For this proposal, costs will be £24,000.

Title:

20/00008 - Proposal to permanently increase the capacity at Water Meadows (Hersden Village) Primary School, Hersden, Canterbury, CT3 4HS by 0.5FE

The Decision needed:

Background –

The Kent Commissioning Plan for Education 2019 -2023 identifies a need for additional places in the Marshside Primary Planning Area from 2020. This is due to pressure from new housing in Sturry and Hersden which has already commenced build-out. This proposal to expand Water Meadows Primary school by 0.5FE will provide the additional places needed to accommodate pupils from the new housing developments coming forward in the planning area. An additional 800 houses (currently submitted for planning) will be built adjacent to Water Meadows Primary School (Persimmon development) and land will be provided by the developer to expand the school by a further form of entry to become a 2FE primary

school in the future as the need arises. Canterbury Local Plan proposes a total of 2055 new homes for the Marshside primary planning area for the period 2018 to 2031. Water Meadows Primary school is part of Stour Academy Trust and is a 0.5FE school with a current capacity of 120 with 82 on roll, 37.1% of whom are eligible for free school meals. (May 2018 School census) Water Meadows obtained an Ofsted judgement of good in March 2019 with outstanding in Leadership and Early Years. The popularity of the school is growing year on year and for September 2019 there were 15 pupils on roll in reception.

Proposed decision –

To agree to fund the permanent expansion of Water Meadows (Hersden Village) Primary School by 0.5FE to a 1FE Primary School from KCC Capital Budget.

A pre-planning letter drop to local residents was circulated on 13 September 2019 and the feedback from this will be included in CYPE Cabinet Committee report.

Water Meadows Primary School undertook a consultation during the 'In Round' admissions consultation in 2018/2019 to increase their PAN to 30 from September 2020. No responses were received to the consultation. A business case was submitted to the Department for Education for approval and in April 2019 Dominic Herrington, Regional Schools Commissioner approved the school request to expand by 0.5FE from September 2020.

The report to the CYPE CC to approve the proposed expansion will be presented at the 10 January 2020 cabinet committee meeting.

The local member has been informed of the proposal and their view have been sought before the CYPE Cabinet Committee during the feedback

period from the pre planning letter drop to residents. His views will be included in the CYPE Cabinet Committee Report.

The feasibility estimates the costs for this proposal to be £2.3m and the CYPE Cabinet Committee report will confirm the costs as the concept designs are prepared and surveys completed for the planning application. Up to £2,500 is provided for each newly provided classroom for ICT equipment from Capital budget. Totalling £12,500 for this project. £73,517.98 in developer contributions has been collected by Canterbury City Council towards the 2 phases of expansion of Water Meadows Primary School. An additional £955,211.32 in developer contributions is being sought for the two phases of expansion of Water Meadows Primary School. A total of £1,028,729.30 should therefore be secured for the two phases of expansion: (1) by 0.5FE and, (2) the further 1FE expansion. As per KCC policy a total of £6,000 per new classroom will be provided to the school from the DSG revenue budget. For this proposal, costs will be £30,000.

20/00009 - Proposal to expand Tunbridge Wells Grammar School for Boys, by increasing the Published Admission Number (PAN) from 210 places to 300 places from September 2021

The Decision needed:

Background:

Kent County Council (KCC) as the local authority has a statutory duty to ensure sufficient school places are available. The County Council’s

Commissioning Plan for Education Provision in Kent 2019-23 is a five-year rolling plan which is updated annually. It sets out our future plans as Strategic Commissioner of Education Provision across all types and phases of education in Kent.

It is forecast that there will be significant short and medium-term pressure for additional Year 7 places in the West Kent Selective Planning Group which indicates that additional capacity will be needed for 2019/20 and in later years. The planning group includes all Grammar schools in the districts of Sevenoaks, Tonbridge and Tonbridge Wells.

In 2012, Kent County Council agreed to identify and pursue options to increase Grammar provision in that area.

Therefore, KCC has asked Tunbridge Wells Grammar School for Boys to provide additional places for local children by expanding the school onto a satellite in Sevenoaks district.

Proposed Decision:

19/00094 - Proposal to expand Meopham School, Wrotham Road, Meopham, Gravesend, Kent, DA13 0AH, by increasing the Published Admission Number (PAN) from 140 places to 210 places from September 2021

The Decision needed:

Background:

Kent County Council (KCC) as the Local Authority has a statutory duty to ensure sufficient school places are available. The County Council’s Commissioning Plan for Education Provision in Kent 2019-23 is a five-year rolling plan which is updated annually. It sets out our future plans as Strategic Commissioner of Education Provision across all types and phases of education in Kent. A copy of the plan can be viewed from this link:

<http://www.kent.gov.uk/about-the-council/strategies-and-policies/education-skills-and-employment-policies/education-provision>.

It is anticipated that there will be significant short and medium-term pressure for additional Year 7 places in the Gravesham and Longfield Non-Selective Planning Group which indicates that additional capacity will be needed for 2021 and in later years.

Therefore, KCC has asked Meopham School to provide additional places for local children by expanding the school.

KCC propose increasing the accommodation and the amount of school social space including, dining, recreational and circulation space over the expansion period. This work would be completed before the September 2021 intake. This build would enable the school to offer 210 Year 7 places for September 2021.

Options:

Meopham School is a popular school that was judged ‘Outstanding’ by Ofsted

in February 2019.

There are seven secondary schools in the Gravesend and Longfield Non-Selective Planning Group. These are: Longfield Academy, Meopham School, Northfleet School for Girls, Northfleet Technology College, Saint George's CE School (Gravesend), St. John's Catholic Comprehensive School and Thamesview School.

Of these, Thamesview School, St George's CE School, Northfleet School for Girls are either being expanded, or are the subject of a future proposal to expand. Northfleet Technology College is under feasibility for an expansion and Longfield School has been offering additional places under local arrangements for several years. Meopham School is the only remaining candidate for expansion.

Meopham School is a popular and successful school and the proposal to increase the number of secondary places at the school is therefore, in line with the expectation of expanding popular & successful schools. The proposal is to add an additional 70 places taking the school PAN up to 210 for September 2021. It will be achieved through building additional accommodation and service space on the Meopham School site.

19/00095 - Discovery Park: Growing Places Fund

The Decision needed:

Proposed Decision:

- *Kent County Council be the administration and funding decision authority for the £5.3m allocation from SELEP's Growing Places Fund;*
- *KCC draws down capital funds of £5.3m from the Growing Places Fund;*
- *KCC makes available loan finance of up to £5.3m from the Growing Places Fund to support works at Discovery Park to build a spine road and*

associated infrastructure to enable the building of 500 new residential homes;

- *Authority be delegated to the Director of Economic Development to take appropriate actions, including but not limited to, entering into legal agreements as necessary to implement this decision.*

Provided that:

1. *Kent County Council is able to agree a satisfactory loan agreement from Essex County Council as the accountable body for SELEP's Growing Places Fund; and*
2. *The receipt of a satisfactory application for loan finance for the works at Discovery Park subject to the rules of the Growing places Fund and the findings of an independent financial appraisal.*

Background:

KCC shall invite applications for loan finance of up to £5.3m for infrastructure at Discovery Park. This £5.3m will be obtained from the Growing Places Fund (GPF), which is administered by the South East Local Enterprise Partnership (SELEP). Applications will then be appraised and considered through the same process as that which is currently used to determine applications for loans from the Kent and Medway Business Fund (KMBF). This means that any application will be required to submit a full business plan, be subject to independent appraisal and be considered by the KMBF Investment Advisory board before a decision is made by KCC. The owners of the Discovery Park site are aware of this proposed process and we anticipate that an application will be forthcoming when the process is launched. In parallel with this process, KCC shall seek to enter into a loan agreement with Essex County Council (the Accountable Body for GPF). These terms have been discussed with Essex County Council and have received an in-principle agreement. However, they will need to be formalised when an agreement to lend to a borrower have been reached.

Options (it is a legal requirement (2012 Executive Arrangements regulations) to outline other options considered)

The alternative would be for Kent County Council not to act as an agent for SELEP for the £5.3m Growing Places Fund loan. There is no evidence that this would be a more effective way of achieving the outcome of securing investment in Discovery Park, and there is a risk if the funding allocation is returned to SELEP that it is no longer ring-fenced for investment in Discovery Park or the wider Kent area.

KCC forecasts indicate a growing demand for Year 7 places in Gravesham from the start of the 2019-20 academic year. The Gravesend and Longfield Selective Planning Group is forecast to have a deficit of 36 Year 7 places (1FE) from 2019-20 that increases to a deficit of 62 places (2FE) for the 2021-22 intake and increases again to 99 places (3.3FE) by 2023/24.

Gravesend Grammar School has a Published Admission Number of 174, but has in the past, offered extra places through appeals.

KCC proposed an expansion of the school to take the PAN to 210 (7FE). The school currently has a permanent infrastructure that can accommodate a

PAN of 150. There is a temporary two storey block on site that offers additional accommodation, facilitating the extra 24 places. To expand Gravesend Grammar School, KCC are proposing the removal of the temporary block and building a new block at the school, together with other infill and enhancement work to social spaces. This work would be completed before the September 2021 intake. This build would enable the school to offer 210 Year 7 places for September 2021.

19/00085 - Thanet Parkway Railway Station - Scheme Delivery

The Decision needed:

Proposed decision:

The Cabinet to agree to the progression and delivery of the Thanet Parkway Railway Station project, which will entail, among other processes, the following key activities;

- a) undertaking detailed design; and subject to planning approval;
- b) completing acquisition of the land; and
- c) entering into contracts as necessary for construction.

And;

agree to delegate authority to the Corporate Director of Growth, Environment

& Transport, in consultation with the Cabinet Member for Highways and Transportation, to take appropriate actions necessary to implement this decision, including but not limited to, deciding the preferred procurement route and entering in relevant contracts or other legal agreements.

Background

A previous Key Decision was taken by the Cabinet Member for Environment and Transport on 1 August 2014 (14/00056) which approved the delivery of Thanet Parkway Station in the location to the west of Cliffsend, involving:

- a) Commencing land acquisition work;
- b) Undertaking public consultations to support the project development process; and
- c) Undertaking project development work to enable the submission of a planning application and design work for the scheme.

The feasibility design for the scheme received Approval in Principle (equivalent to Network Rail’s ‘Governance in Railway Investment Projects Stage 3’ [GRIP 3] status) in August 2017. Following that milestone, the scheme was progressed through outline design (GRIP 4) and planning application was submitted in May 2018.

Comments received during the planning process regarding the visual impact of the scheme led to changes in the scheme design. As a result, the design work and planning application documents have been amended and are being readied for a resubmission of the planning application in November 2019.

Negotiations for land acquisition have been ongoing with the intention to enter into a contract following this decision approval.

A decision is required to proceed with the delivery of the scheme in order to meet the project delivery programme.

Options - it is a legal requirement (2012 Executive Arrangements regulations) to outline other options considered

A full options analysis has been carried out as part of the scheme business case (Appendix 1). Below is a summary of the options considered as alternatives to delivering Thanet Parkway.

Option		Outcome
1	Do nothing	rejected as it would fail to accommodate increasing demand for rail travel, accelerate the delivery of housing and fail to improve access to jobs and employment space.

2	Increase car parking provision at Ramsgate Station	shortlisted for further investigation but rejected due to the lack of land in the residential area around the station.
3	Increase car parking provision at Minster Station	rejected due to unsuitable local highway network, impact on Minster village and poorer rail service at Minster.
4	Shuttle bus from the Birchington-On-Sea Station	rejected due to unattractive journey times and lack of rail access to Ashford, Canterbury and Maidstone.
5	Direct coach service from London	rejected due to long journey times and low impact on economic growth.
6	Shuttle bus from Ramsgate Station	rejected due to lack of suitable terminus at Ramsgate and low impact on economic growth.

How the proposed decision meets the objectives of ‘Increasing Opportunities, Improving Outcomes: Kent County Council’s Strategic Statement (2015-2020)’

Since 2010, Thanet Parkway has been a key strategic transport priority for Kent County Council, with the ambition to deliver the station first mentioned in Growth without Gridlock (December 2010), the third Local Transport Plan (2011-2016), the Rail Action Plan for Kent (April 2011) and most recently in Local Transport Plan 4: Delivering Growth without Gridlock (2016 – 2031) (LTP4). The delivery of the station continues to be of significant importance to the County Council and is a strategic priority in LTP4 because of its ability to improve rail connectivity between East Kent, other Kent towns and London; to improve the attractiveness of the area to employers and thereby address the historic economic disadvantage of East Kent.

The delivery of the station will help meet the overarching objective of LTP4: *To deliver safe and effective transport, ensuring that all Kent’s communities and businesses benefit, the environment is enhanced, and economic growth is supported.*

The project was taken to Environment and Transport Cabinet Committee in July 2014, at which the proposed decision (14/00056) was endorsed. The scheme has also featured in many transport strategy documents.

The proposed decision will be taken to Environment and Transport Cabinet Committee on 29 November 2019 prior to Cabinet on 2 December 2019.

Section 4 – Responsible Officer – Who to contact for more information.**Your name, Your Service, Your phone number and email address:**

The total cost of the project is estimated to be £34.51m based on a 2019 estimate.

The scheme funding is comprised of £14m from the Local Growth Fund (administered by the South East Local Enterprise Partnership), £2m from Thanet District Council, £0.7 from the East Kent Spatial Development Company.

KCC has committed £2.65m and will commit to funding the remaining amount whilst continuing to explore further external funding opportunities.

The business case work has been completed, showing that the project offers high value for money and that the station is commercially viable (net fares revenue is in excess of the on-going cost). Depending on the operating model, there is the potential for the station car park to provide a future income to KCC over a number of years.

19/00064 - Kent County Council and Kent Community Health NHS Foundation Trust collaborative partnership - delivery and transformation of Public Health services

The Decision needed:

Proposed Decision:

To agree the extension of collaborative partnership arrangement with Kent Community Health NHS Foundation Trust (KCHFT) until at least March 2025 and ongoing delivery of Public Health services through this approach. Public Health services included within the current arrangement are listed below:

- Health Visiting
- School Health Services
- Sexual Health Services
- Lifestyle Services and NHS Health Checks
- Oral Health Services
- Postural Stability Services

Background:

Kent County Council took the decision to enter into an innovative partnership with Kent Community Health Foundation Trust (KCHFT) in September 2017, with the aim to maximise the opportunity to improve the health of Kent residents, deliver common objectives and accelerate delivery of the Sustainability Transformation Plan (STP), known as the Sustainability Transformation Partnership. This arrangement was also designed to offer the flexibility to align to new local care arrangements.

This decision recognised that KCHFT was integral to the delivery of the STP and recognised that both KCC and KCHFT faced significant challenges which could be better managed through a joint open and transparent approach. The original decision put procurement in “abeyance” until at least March 2020 and a further decision is required on how best to deliver these services in the future. Legal advice taken at this time confirmed that the approach was permitted within the Procurement Regulations.

The Kent and Medway Sustainability and Transformation structures are more advanced than in 2017 and local leaders are working to deliver the local plan, Case for Change. This includes a series of commitments which have been supported by KCHFT. Kent and Medway STP is developing a five-year plan in response to the national LTP and is required to become an Integrated Care System (ICS) in the coming months. Services and health providers will need to align to these changes and work with commissioners to determine how they can best integrate and support

acceleration of local care.

Kent continues to face a series of significant demographic pressures alongside budget constraints and pressures, e.g. long-term clarity on national NHS pay and uncertainty on future funding arrangements for the Public Health grant.

This item was discussed by the Health Reform and Public Health Cabinet Committee on 24 September and the proposed decision endorsed. The minute of the discussion is as follows:

19/00064 - Delivery and Transformation of Public Health Services. (Item. 8)

The Chairman advised the committee that, as this and the exempt report later in the agenda (item 12) contained much detailed information, he was minded to take both reports together in a closed session at the end of the meeting. It was important that Members have the opportunity of a full understanding of the issues before being able to comment on them and consider the recommendations, and to do this they would need to be able to have a frank discussion and explore all of the available information. This could only be done effectively in a closed session.

EXEMPT ITEM (open access to minutes)

19/00064 - Delivery and Transformation of Public Health Services.

(Item. 12)

Mrs V Tovey, Public Health Senior Commissioning Manager, was in attendance for this item.

1. Mrs Tovey introduced the reports for agenda items 8 and 12 and responded to questions of detail from the committee, including the recruitment and training of new nurses and retention and re-training of experienced nurses to take on new roles, for example, as health visitors and school nurses, to offer a new career pathway. The Care Quality Commission's recent rating of Kent Community Health NHS Foundation Trust (KCHFT) as 'outstanding' would help to retain and attract new staff. Other questions included clarity of the conditions that were required to be met for the County Council and KCHFT to enter into this agreement. Mrs Tovey confirmed that the conditions were set out in section 12(7) of the Procurement Regulations and also referenced within the exempt report. Mrs Tovey informed the committee that independent legal advice confirmed the arrangement met these criteria for the delivery of public health services and advised that this would be subject to review during the five years to ensure the conditions continued to be met.

2. It was RESOLVED that:-

- a) the context, risk and assurance associated with the proposed procurement approach for public health services be noted; and
- b) the decision proposed to be taken by the Cabinet Member for Adult Social Care and Public Health, to authorise the County Council to extend the collaborative arrangement with Kent Community Health NHS Foundation Trust, for the services listed in the report, until March 2025, be endorsed.

The spend of Public Health services across the 5 years will be in the region of £187,109,535. However, values will be subject to annual review and will fluctuate based on demand and any external investment e.g. through Health partners.

Additional income through Health Partners enables delivery of HIV treatment services and targeted work for NHS Health Checks as set out as part of the STP.

The estimated value for 2019/20 is £37,421,907 with anticipated income of £860K from NHS England and the Kent and Medway STP. Services included are Health Visiting, School Nursing, Postural Stability, Sexual Health, Lifestyle services, including Smoking, and NHS Health Checks and Oral health. A number of services are open-access and, as such, actual spend will be dependent on demand.

19/00031 - Increase in the designated number at The Elms School, Dover

The Decision needed:

Background:

The Elms School is a good school designated for 96 pupils with behaviour and learning needs. Currently the school has 130 pupils on roll. This number is expected to increase to 158 from September 2019. It is necessary therefore, to regularise this situation and increase the designated number of the school via a statutory process.

Legislation requires that statutory proposals are undertaken where the number of pupils on roll of a special school exceeds its designated number by more than 10%. Therefore, we are proposing to increase the designated number to 158, to regularise the current position and to increase the number of places available.

19/00028 - Expansion of Palmarsh Primary School

The Decision needed:

Background Information:

In January 2017 permission was agreed to release £2,200,000 from the Education and Young People’s Services Capital budget to enable Palmarsh Primary School to expand to 1FE. It was understood that this would be the first phase of a gradual expansion to 2FE.

The first phase of the expansion would provide 3 new classrooms, a new entrance off Jubilee Close, offices and car parking with further classrooms being added in later phases.

Planning permission for the first phase of the expansion has been achieved. However, in order to secure the said planning permission significant adaptations needed to be made increasing the capital costs to £2,600,000.

Options:

Consideration has been given as to how we can scale back the first phase of the expansion plans, ensuring there is: is sufficient high quality classroom space for the school to expand to 1FE; provision of a new entrance off Jubilee Close; increased car parking and the completion of agreed s278 works.

Sufficient classroom space could be achieved via the removal of an old mobile classroom and replacing this with a new two classroom mobile unit. The new offices and permanent classrooms could be delivered in a later phases as an when there is a need for second FE of provision. The total costs for the mobile classrooms, new entrance off Jubilee Close, car parking and s278 works would be in the region of £700,000.

A variation to the present planning permission will be required if this was to proceed.

Proposed decision:

The Cabinet Member for Children, Young People and Education is asked to release £625,000 of the £2,200,000 already agreed from the Children, Young People and Education Capital budget to expand Palmmarsh Primary School to 1FE.

£1,200,000 has been secured in developer contributions of which £887,000 has been paid so far. The estimated costs for the mobile classrooms, new entrance, carparking and s278 works would be in the region of £700,000. The School will put the £75,000 towards this from their capital funding with the rest coming from the Children, Young People and Education Capital budget. The School will receive increased funding through the Delegated Budget. The rising roles will be protected in line with KCC Growth Funding Policy. Revenue funding will also be allocated to enable the School to resource one of the classrooms. At present that is at a value of £6,000.

Reason if this decision has been delayed/withdrawn from a previous plan**Section 3 – – Who is to be consulted, how and when, (The Duty to Inform/consult/Involve) including relevant scrutiny councillors****Consultees**

The Commissioning Plan for Education Provision 2016-20 identified Marden as an area of future need and Marden Primary School was therefore proposed for expansion to meet that predicted demand. The Plan was considered and endorsed by the Education and Young People’s Services Cabinet Committee on 15 December 2015 prior to the final version being considered and approved by Cabinet on 21 March 2016.

A public consultation commenced on 23 September 2016 and closed on 21 October 2016. Further information is available on the School Consultation webpage: www.kent.gov.uk/schoolconsultations

The outcome of the consultation was due to be reported to Education and Young People’s Services Cabinet Committee on 23 November. The report was deferred, pending further discussions on the design and planning process and will be considered by the Cabinet Committee at its meeting scheduled for 22 June 2017

The Decision needed:

LATEST UPDATE:

19/05/2014 - Decision due date changed from 18/02/2014 to 01/08/2014.

REASON: The proposed decision to dispose of the Centre was delayed while internal processes were undertaken to ensure that no other suitable use could be found before disposal. This process is complete and the former resource centre will be placed on the market shortly. Responses from the market will be gauged after a period of approximately 3 months and a proposal for the site put forward at that time. The decision will be considered by the Property Sub-Committee or the Policy and Resources cabinet Committee before being taken by the Cabinet Member.

<p>Title: Sandwich Highways Depot</p>

The Decision needed:

Update 09/03/2015:

DEFERRED: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value is secured; surveys are being carried out with a view to marketing the site in the future dependent on the outcome of those surveys.

Latest Update:

19/05/2014: Decision due date changed from 23/12/2013 to 'Not before' 01/11/2014.
REASON: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value for the site is secured. Options appraisal work is underway and this work is expected to take approx. 6 months, therefore an expected decision date is set for November.

To seek approval to proceed with the disposal of the above site to raise a capital receipt which will be allocated to support the capital programme.

To seek approval to identify and progress with the acquisition of a new site for the service.

The Director of Property and Infrastructure Support will be authorised to finalise terms for both the disposal and acquisition of a new site.

This decision is needed to enable a modern highway service operation to be provided in the East Kent Area that is both reactive and responsive to changing demands. It directly supports 3 of the Bold Steps for Kent.

- Firstly it helps deliver the "Kent Environment Strategy" by the provision of new environmentally friendly facilities (e.g. grey water) via the construction technique with the eventual adaptation of new work practices within the new depot.
- Secondly it builds relations with key business sectors across Kent as the supply chain involved in such a project provides work to businesses of all sizes.
- Thirdly by the better siting and provision of facilities for the new depot it ensures that the most robust and effective public protection arrangements are in place for road management including bad weather response.

The impact of the decision is that full assessment of the potential disposal of the site can be explored within the market place to ensure that best value principles are adhered to. In tandem a full search and feasibility study will be undertaken to identify a new location for the alternative highways depot which satisfies the above objectives.

<p>Title: Eden Centre Lease</p> <p>The Decision needed: LATEST UPDATE: 19/05/2014 - Decision due date changed from 01/03/2014 to 01/01/2015. REASON: The decision remains at the earliest stages of investigation and options appraisal. A further review will take place in January 2015 when a decision pathway will be identified and the proposed decision updated further.</p> <p>-----</p> <p>To seek agreement to the principle of granting a long lease to a charitable community interest company or similar vehicle, of The Eden Centre, Four Elms Road, Edenbridge.</p>

The proposal directly links to Bold Steps for Kent, putting the citizen in control, building new partnerships and providing a new fit for purpose building to deliver Library and FSC services in conjunction with other partners such as the Citizen's Advice Bureau and House (West Kent Action), to support Kent's more vulnerable citizens.

The impact of the decision will be that KCC will have less control of the management and operation of the centre as they would become the responsibility of a third party.

Risks identified are:

- Reliance on the professionalism of the trustees to deliver a successful facility, agreeing with all partners a financial model for the charitable vehicle
- Reputational damage to KCC if the charitable vehicle were to fail
- Obtaining buy in from all community groups in occupation to form trust
- Untried and untested model
- Level of income generation from the centre which could go to the charitable vehicle is currently unknown as a new facility
- Continued KCC ownership of a non-core asset
- Officers may be unable to get agreement from stakeholders, charitable vehicle does not prove financially sustainable or the trust may break down and charitable vehicle will have to pick up void periods and associated costs (benefit to KCC).
