\*Each risk is allocated a unique code, which is retained even if a risk is transferred off the Corporate Register. Therefore, there will be some 'gaps' between risk IDs.

\*\* Context of the risk has been changed, hence direct comparison of score not applicable.

NB: Current & Target risk ratings: The 'current' risk rating refers to the current level of risk taking into account any mitigating controls already in place. The 'target residual' rating represents what is deemed to be a realistic level of risk to be achieved once any additional actions have been put in place. On some occasions the aim will be to contain risk at current level.

Likelihood & Impact Scales					
Likelihood	Very Unlikely (1)	Unlikely (2)	Possible (3)	Likely (4)	Very Likely (5)
Impact	Minor (1)	Moderate (2)	Significant (3)	Serious (4)	Major (5)

Risk ID	CRR0001	Risk Title	Safeguarding – protecting vulnerable children			
<b>Source / Cause of risk</b>	<b>Risk Event</b>	<b>Consequence</b>	<b>Risk Owner</b>	<b>Current Likelihood</b>	<b>Current Impact</b>	
The Council must fulfil its statutory obligations to effectively safeguard vulnerable children in a complex and challenging environment. e.g. the challenge of recruiting and retaining suitably experienced and qualified permanent staff.	Failure to fulfil statutory safeguarding obligations. Failure to meet the requirements of the “Prevent Duty” placed on Local Authorities.	Incident of serious harm or death of a vulnerable child. Serious impact on vulnerable people. Impact on ability to recruit the quality of staff critical to service delivery.	Matt Dunkley Corporate Director Children, Young People and Education (CYPE)	Likely (4)	Major (5)	
In addition, the Government’s “Prevent Duty” requires the Local Authority to act to prevent people from being drawn into terrorism, with a focus on the need to safeguard children at risk of radicalisation.	Safeguarding risks are not identified to / by KCC in a timely fashion during the Coronavirus pandemic. Spike in demand impacts on robustness of controls	Serious operational and financial consequences. Attract possible intervention from a national regulator for failure to discharge corporate and executive responsibilities.	<b>Responsible Cabinet Member(s):</b> Sue Chandler, Integrated Children’s Services  Richard Long, Education and Skills  Mike Hill (Lead Member for PREVENT)	<b>Target Residual Likelihood</b> Possible (3)	<b>Target Residual Impact</b> Major (5)	
‘Lockdown’ restrictions due to Covid-19 mean that children and families are at home for long periods of time, with significantly reduced numbers of children in schools. This has introduced uncertain impacts for children’s mental health and resilience and the potential for latent demand to build.						
This risk links to the demand for children’s services risk (CRR0007).

<p>The Council must fulfil its statutory obligations to effectively safeguard vulnerable adults, in a complex and challenging environment e.g. challenges relating to demand for services and consistent quality of care in the provider market.</p> <p>The change from ‘safeguarding alerts’ to ‘safeguarding enquiries’ has led to a significant increase in the number of safeguarding concerns received. There has also been an increase in domestic abuse referrals.</p> <p>In addition, the Government’s “Prevent Duty” requires the Local Authority to act to prevent people from being drawn into terrorism.</p> <p>The Coronavirus pandemic and associated ‘lockdown’ measures has raised concerns of increases in hidden harm, self-harm and neglect. This has impacted demand profiles.</p> <p>Social care services are making substantial adaptations to service delivery across the system.</p> <p>This risk links to the demand risk (CRR0006)</p>	<p>Failure to fulfil statutory obligations.</p> <p>Failure to meet the requirements of the “Prevent Duty” placed on Local Authorities.</p> <p>Safeguarding risks are not identified to / by KCC in a timely fashion during the Coronavirus pandemic.</p>	<p>Incident of serious harm or death of a vulnerable adult.</p> <p>Serious impact on vulnerable people.</p> <p>Serious impact on ability to recruit the quality of staff critical to service delivery.</p> <p>Serious operational and financial consequences.</p> <p>Attract possible intervention from a national regulator for failure to discharge corporate and executive responsibilities.</p>	<p>Richard Smith Corporate Director Adult Social Care and Health (ASCH)</p> <p><b>Responsible Cabinet Member(s):</b></p> <p>Clair Bell, Adult Social Care and Public Health</p> <p>Mike Hill (Lead Member for PREVENT)</p>	<p>Likely (4)</p> <p><b>Target Residual Likelihood</b> Possible (3)</p>	<p>Major (5)</p> <p><b>Target Residual Impact</b> Major (5)</p>

<b>Risk ID</b>	<b>CRR0003</b>	<b>Risk Title</b>	<b>Securing resources to aid economic recovery and enabling infrastructure</b>			
<b>Source / Cause of Risk</b>	<b>Risk Event</b>	<b>Consequence</b>	<b>Risk Owner</b>	<b>Current Likelihood</b>	<b>Current Impact</b>	
<p>The Coronavirus pandemic is impacting on the economy in Kent &amp; Medway. This is likely to become more severe in the latter part of 2020, particularly as the Govt furlough scheme ends, and the impacts could be disproportionate across the county (e.g. in coastal areas).</p> <p>To gain an understanding of the implications, an impact assessment has been conducted, which has led to the preparation and launch of an 18-month local economic renewal and resilience plan, which aims to act as a stimulus for improvement.</p> <p>The Council actively seeks to secure the resources/funding necessary to provide the infrastructure required to support growth, which often need to be bid for in very tight timescales and are increasingly subject to the drive to deliver economic impact, housing and employment outputs.</p> <p>EU structural funds are set to be replaced by UK funds, with further detail awaited.</p>	<p>The inability to secure sufficient funding, including contributions from development, to deliver the infrastructure necessary to support growth may require gap funding in order for KCC to fulfil its statutory duties.</p> <p>Deferral of developer contributions and / or elongated planning consents leads to delayed or compromised infrastructure.</p>	<p>Key opportunities for growth missed.</p> <p>The Council finds it increasingly difficult to fund services across Kent and fully mitigate the overall impact of housing growth on KCC services and, therefore communities.</p> <p>Kent becomes a less attractive location for inward investment and business.</p> <p>Our ability to deliver an enabling infrastructure becomes constrained.</p> <p>Reputational risk associated with delayed delivery of infrastructure required</p> <p>Additional revenue costs incurred due to infrastructure delays e.g. Home to school transport</p>	<p>Barbara Cooper, Corporate Director Growth, Environment and Transport (GET)</p> <p><b>Responsible Cabinet Member(s):</b> On behalf of Cabinet</p> <p>Mike Whiting, Economic Development</p> <p>Michael Payne, Highways &amp; Transport</p>	<p>V. Likely (5)</p> <p><b>Target Residual Likelihood</b> Likely (4)</p>	<p>Serious (4)</p> <p><b>Target Residual Impact</b> Serious (4)</p>	

At a local level there is often a significant gap between the overall costs of the infrastructure required and the Council's ability to secure sufficient funds through the current funding systems, including S106 contributions, Community Infrastructure Levy and other growth levers.

Risk ID	CRR0005	Risk Title	Development of ICS/ICPs in Kent and Medway NHS system			
<b>Source / Cause of Risk</b>	<b>Risk Event</b>	<b>Consequence</b>	<b>Risk Owner</b>	<b>Current Likelihood</b>	<b>Current Impact</b>	
The Kent & Medway NHS system is under significant pressure with increasing levels of demand driving across financial deficits across commissioner and provider budgets, placing pressure on the Kent & Medway NHS system control total.	Failure to develop more partnership and aligned health & social care services and commissioning at both ICS and ICP level places pressure on system finances and hinders highest possible quality of care	Further deterioration in the financial and service sustainability of health and social care services in Kent and Medway.	Richard Smith, Corporate Director Adult Social Care & Health (ASCH)	Possible (3)	Serious (4)	
In response the NHS in Kent and Medway has formed an Integrated Care System (ICS) with 8 CCGs merging to form the basis of the System Commissioner, above four ICPs (Integrated Care Partnerships) and 42 PCN's (Primary Care Networks).	Development of four ICP generates additional demand/work on strategic leadership of KCC, particularly in ASCH and Public Health which has significant opportunity costs, including impact on business as usual activity.	Additional budget pressures transferred to social care as system monies are used to close acute and primary care service gaps.	Vincent Godfrey, Strategic Commissioner	<b>Target Residual Likelihood</b>	<b>Target Residual Impact</b>	
The policy intent of structural reform is to deliver better strategic planning and delivery of health and social care services at place-based community level and shift from acute to primary and community level services.	Multiple ICP's leads to differences in form, function and relationships between ICPs and the ICS and/or KCC which increases system complexity and leads to variation which increase costs/risks.	Legal challenge/judicial review of decisions and decision-making framework for joint decisions.	Andrew Scott-Clark, Director Public Health	Unlikely (2)	Serious (4)	
The relative roles and responsibilities between the proposed ICS and the emerging ICPs in Kent is still under development. The final legal structure and functional responsibilities of ICPs is still	System complexity leads to failure to meet statutory duties around the sufficiency of the care market, care quality and safeguarding.	Social care and public health priorities not sufficiently factored into/shaping emerging ICS/ICP plans and priorities, weakening integrated approach.	<b>Responsible Cabinet Member(s):</b> Roger Gough, Leader of the Council  Clair Bell, Adult Social Care and Public Health

under development and may require primary legislative change. Regulators (CQC / Ofsted) increasing review health and care services and the commissioning/performance of those services and 'system' level.	Lack of understanding within KCC of NHS policy and regulatory environment; and vice versa, lack of understanding of local authority legislative, policy and democratic environment in NHS.	working being undertaken. Reputational damage to either KCC or NHS or both in Kent. Adverse outcome from CQC local system review.

<p>On 1 January 2021 the Transition period with the European Union ended, and the United Kingdom now operates a full, external border as a sovereign nation. This means that controls are now placed on the movement of goods between Great Britain and the EU.</p> <p>To afford industry extra time to make necessary arrangements, the UK Government has taken the decision to introduce the new border controls in three stages up until 1 July 2021. KCC has been working with partners at a local and national level to assess potential implications for the county and prepare for various scenarios.</p> <p>KCC is reliant on coherent, coordinated governance and information across Government to aid the Local Authority and partners locally in planning their contingency arrangements and responding appropriately.</p>	<p>Significant slowdown in the existing flow of goods and people through the Kent Ports leads to long delays in accessing Dover Ports and Eurotunnel.</p> <p>That the Government does not provide sufficient capital and revenue financial support to departments, agencies, local authorities and other infrastructure stakeholders necessary to address the personnel, procedures and physical infrastructure to support post-Transition border arrangements.</p>	<p>Impacts on major traffic routes to support Operation Brock and other mitigations for port delays and the consequential increase in local and pan-Kent road journey times, impacting on local residents and businesses.</p> <p>Significant detrimental impact on county's economic competitiveness, attractiveness for inward investment and quality of life for Kent residents.</p>	<p>Barbara Cooper, Corporate Director Growth, Environment &amp; Transport</p> <p><b>Responsible Cabinet Member(s):</b></p> <p>Michael Payne, Highways &amp; Transport</p> <p>Mike Hill, Community &amp; Regulatory Services</p>	<p>Likely (4)</p> <p><b>Target Residual Likelihood</b></p> <p>Possible (3)</p>	<p>Major (5)</p> <p><b>Target Residual Impact</b></p> <p>Serious (4)</p>

As with any organisation, there is an inherent risk of fraud and/or error that must be acknowledged and proactively managed.  The fraud threat posed during emergency situations is higher than at other times, and all public bodies should be attuned to the risks facing their organisations and the public sector.  It is critical that management implements a sound system of internal control and demonstrates commitment to it at all times, and that investment in fraud prevention and detection technology and resource is sufficient.  This includes ensuring that new emerging fraud/error issues are sufficiently risk assessed.	Failure to prevent or detect significant acts of fraud or error from internal or external sources, in that within any process or activity there are: <ul style="list-style-type: none"> <li>- false representations are made to make a gain or expose another to a loss</li> <li>- failure to notify a change of circumstances to make a gain or expose another to a loss</li> <li>- abuses their position, in which they are expected to safeguard to make a gain or expose another to a loss.</li> </ul>	Financial loss leading to pressures on budgets that may impact the provision of services to service users and residents  Reputational damage, particularly if the public see others gaining services or money that are not entitled to, leading to resentment by the public against others.
