21st June 2021

Dear Mr Tait and Mr Hill

With reference to our zoom meeting on the 8th April 2021

I have enclosed our Flood Plan, which is implemented by myself and Iris Lara.

It gives a bit of an in depth look at the procedure that we apply every winter, and we have enclosed photos and information on how the floatation system works.

Each year if there are any updates to be added, they are added when they need to be.

I hope that this information is useful to understanding what goes on through the winter on the park, and I hope this puts your mind at rest that we have a plan that covers everything in the event of a flood.

It was great to meet you at the zoom meeting and to know that we have all the help at hand if needed as a part of Yalding Village.

Kind Regards

Mr Albert Lee
