Aims and Objectives

The East Kent Community Drug and Alcohol Service contract is due to end on 31 March 2022. Commissioners have undertaken a formal contract review of the service to determine whether KCC should extend the contract (as per the contract clause) or go through a new procurement exercise. Key findings from the contract review support extending the contract until March 2024.

The East Kent Community Drug and Alcohol Service was commissioned in 2017. The contract was awarded to the Forward Trust and commenced on 1 May 2017 with an end date of 31 March 2022. This contract has allowable extensions contained within the contract for a further 36 months. The intention is to extend the contract by 24 months to align all adult drug and alcohol contracts to end in March 2024. This will give the Council maximum flexibility and opportunity to re-commission in a way that will effectively supports Kent residents in the future. Commissioners plan to procure all the contracts as one exercise which will allow for economies of scale and shared engagement with all the market.

The analysis of the proposal to extend the East Kent Drug and Alcohol contract services considers that No change in the East Kent Drug and Alcohol service is the most appropriate option.

The evidence presented here suggests that there is no potential for discrimination and that this option is an appropriate measure to advance equality and create stability for vulnerable service users.

This EQIA will be updated further to as part of the recommissioning process to continually assess and consider the options and whether No change remains the most appropriate for the new service specification.

Details of Positive Impacts

Extending the contract and maintaining service delivery with the current provider will offer service users, staff, stakeholders and the general public with stability. This will mean that services will remain accessible to all those with protected characteristics and not create any confusion, ensuring a level of consistency in service delivery for vulnerable adults and their families in East Kent.

The recent Novel Coronavirus (COVID-19) outbreak also supports the option of an extension to the contract as is recognised that the coronavirus pandemic has disproportionately affected vulnerable adults. Therefore maintaining consistent access to treatment services for vulnerable people remains incredibly important.

The intention is to extend the contract by 24 months to align all adult drug and alcohol contracts to end in March 2024. This will give the Council maximum flexibility and opportunity to re-commission in a way that will effectively supports Kent residents in the future. Commissioners plan to procure all the contracts as one exercise which will allow for economies of scale and shared engagement with all the market.

The decision to extend and align all the adult drug and alcohol contracts will create an opportunity to engage effectively and efficiently with all those impacted by the services as we will dedicate resource to co-production and engaging with key stakeholders, with a particular focus on those with protected characteristics.
