Aims and Objectives

In Laddingford's local area there is a significant lack of nursery provision, with KCC sufficiency data indicating a 234 place deficit within the Marden and Staplehurst planning group (that contains Laddingford) and also place deficits in the neighbouring Maidstone district planning groups. This gap in provision combined with cultural factors means that each year many children join Laddingford having not been to pre-school. Providing a nursery provision, in an environment where parents already feel comfortable and have a relationship with staff will hopefully allow Laddingford to get children into school earlier to avoid or close any academic gaps that may already be forming.
