Subject: NHS Kent and Medway Community Services review and re-procurement

---

Summary: This report provides background information for members.

The Committee has yet to determine if this workstreams' proposals constitute a substantial variation of service.

---

### **1) Introduction**

- a) The NHS Kent and Medway have asked to present HOSC with its plans for Community Contracts held by the Integrated Care Board.

### **2) Potential Substantial variation of service**

- a) The Committee is asked to review whether this proposal constitutes a substantial variation of service. There are no formal criteria setting out what a substantial variation of service is, and it is down to the Committee to decide.
- b) Where the Committee deems the proposed changes as not being substantial, this shall not prevent it from reviewing the proposed changes at its discretion and making reports and recommendations to the NHS.
- c) Where the Committee deems the proposed changes as being substantial, the NHS must consult with it prior to a final decision being made, though the NHS always remains the decision maker.
- d) Once the final decision has been reported to HOSC, the Committee shall decide if it supports the decision, does not support the decision, and/or provide comment on it. Where it does not support the decision, the Committee can refer it to the Secretary of State.
- e) Medway Council's Health and Adult Social Care Overview and Scrutiny Committee (HASC) will also be considering the changes to determine if they are substantial.
