

Dan was elected as a Kent County Councillor in 2021, representing Herne Bay East. For two years he was the Deputy Cabinet member for Highways & Transport, and since August 2023 he has been the Cabinet Member for Adult Social Care and Public Health.

Dan's portfolio covers a wide range of services providing social care and health services to Kent residents, including home enablement, sensory and autistic spectrum services, community wellbeing, short breaks provision, integrated care centres, mental health support, health visiting and preventative services to keep people happy and healthy at home.

Dan is the Chair of the Kent Health and Wellbeing Board and sits on a number of other Boards and partnership groups which seek to improve health outcomes for Kent residents. This includes much time dedicated to working with the NHS through the new Integrated Care Partnership, which aims to deliver joined-up health and social care to the people of our county.

In addition to his KCC role, Dan represents Greenhill ward on Canterbury City Council, where he is the Lead Conservative Councillor on Climate Change and Environment.

He lives locally with his wife and two children and is an entrepreneur, running a digital property law firm. He is passionate about improving the local area, volunteering with local community groups to help improve the appearance and facilities of Herne Bay for its residents and visitors.

Please do contact Dan if you need his help in regards to any Herne Bay matter, or on an issue relating to his health and social care portfolio.
