^{*} These are funded at up to Level 3. CLS have allocated 120GLH per level as an appropriate number of hours for a learner to complete a level, based on comparison to qualification hours and supporting as many learners as possible with limited budget. Learners cannot repeat the level on the same course / aim.

The Regulated Qualifications Framework has provided a structure of different levels of education in England and Wales.

Entry level qualifications

Entry level can be seen as a foundation to education. It is the preliminary form of qualification. It provides learners with an introduction to education. They are not generally compulsory. Entry level qualifications are available in three subcategories which progressively get more difficult: Entry level 1, 2 and 3.

Examples of entry level qualifications include:

- Functional or essential skills.
- Awards and diplomas
- Certificates
- English for foreign language speakers
- Skills for life

These are perfect for those trying to learn a new subject or language and or looking to enter formal education.

Common Entry Requirements:

None, perfect for those looking to learn a new subject or trying to enter formal education

Level 1 qualifications

Different from Entry Level, Level 1 is the earliest or first formal qualifications obtainable in the numbered system of qualifications. Level 1 is normally achieved years 10 and 11 of secondary school. Level 1 qualifications include and can be equivalent to achieving GCSE grades 3, 2, or 1 previously graded D, E, F, or G.

Other examples of Level 1 qualifications include:

- Level 1 functional skills or essential skills
- Level 1 awards and diplomas or certificates
- Level 1 National Vocational Qualification (NVQ)
- Level 1 ESOL

Common Entry Requirements:

No necessary entry requirements, perfect for those looking to further education.

Level 2 qualifications

Level 2 is the next step up from Level 1. Similar to Level 1 it is often achieved at the same time in years 10 and 11. Thus attaining a Level 2 qualification can be equivalent to achieving GCSE grades 9, 8, 7, 6, 5, or 4 previously graded A*, A, B, or C.

Other examples of Level 2 qualifications include:

- O level (grades A, B, or C)
- Grade 1 as CSE level
- Level 2 functional skills or essential skills
- Level 2 awards and diplomas or certificates
- Level 2 NVQ
- Intermediate apprenticeships
- Level 2 ESOL

Those who normally achieve Level 2 move onto Level 3. This is because Level 3 tends to require a higher level of knowledge and grades. By achieving a Level 2 the route to Level 3 opens up as well as other potential pathways which can be seen further below.

Common Entry Requirements:

No necessary entry requirements, perfect for those looking to further education and progress onto a level 3 or higher education.

Importance of Level 1 & 2

It can be said that achieving Levels 1 and 2 play an integral role in creating the foundations of learning and employment. In England the proportion of people achieving the equivalent of five GCSEs at grade 4 or above (also referred to as Level 2 attainment) by the age of 19 is falling and has been for five consecutive years – currently almost one in five young people do not achieve this. Too many young people are being held back from achieving their potential, unable to gain the skills that they need to achieve what they want with their lives – a situation that the pandemic has exposed and exacerbated.
