Aims and Objectives

Kent County Council currently has in place a contract to receive and process organic waste arisings from household kerbside collections and green waste deposited at Household Waste Recycling Centres (HWRC) by Kent residents. KCC is seeking an extension of 19 months to April 2026 to align to other green waste contracts in the county.

As a Waste Disposal Authority, the provision of such waste processing services is a statutory obligation under the Environmental Protection Act 1990.

Aims and Objectives

From 1st Sept 2024, Kent County Council will:

- Continue to secure a provider to process organic waste arisings from kerbside collections within the Authority.
- Continue to secure a Provider to process garden waste delivered to Household Waste Recycling Centres within the County.

Beneficiaries

This EQIA supports the commission and its intended beneficiaries, being the householders as users of the Household Waste Recycling Centre service in Kent and recipients of the district and borough council kerbside collection services.

As the Waste Disposal Authority, Kent County Council is responsible for ensuring that all waste collected in Kent is disposed of correctly in the most financially efficient way. The disposal of this waste is a 'back office' procedure, with all 'customer facing' elements of this process the responsibility of the Waste Collection Authority (WCA), or at the Household Waste Recycling Centres of which there is a separate EQIA for their operation.

No impact either positively or negatively on Protected Characteristics for residents - No Change.
