Aims and Objectives

The Department for Education (DfE), is providing GBP 2.5 billion for the National Skills Fund, to help businesses find and hire the workers they need; as well as supporting adults to flourish and fulfil their potential through high quality training. This includes through Skills Bootcamps programmes awarded funding by DfE to be delivered at a local 'functional economic area' (Kent & Medway).

Kent County Council on behalf of Kent & Medway has been invited to bid for DfE funding to run a programme of skills Bootcamps locally.

Skills Bootcamps aim to secure benefits for adults by giving them access to in-demand skills training and a guaranteed interview for a more sustainable, higher-skilled job and higher wages over time. The benefits for employers include helping them fill specific skills shortage vacancies, enabling them to become more productive, more quickly.

Skills Bootcamps are intensive, Level 3-5 or equivalent flexible training courses up to 16 weeks, with a guaranteed job interview (in the case of a new job), which equip adults with technical skills that enable them to access in-demand jobs, apprenticeships, new opportunities and an increased level of income over time (including for the self-employed).

The overall aims of the Skills Bootcamps are:

- to deliver flexible training programmes lasting up to 16 weeks, based on employer / sector 'in-demand' skills needs which may be either regulated (i.e. qualification based) or non-regulated (e.g. based on alignment with industry standards) enabling adults to do training around work and other commitments, looking to gain work, additional responsibilities, or access new opportunities and will offer a guaranteed job interview (in the case of a new job) to individual participants on completion of the course.
- to address the needs of adults (19+) who are full-time and part-time employed, unemployed, returning to work after a break or self-employed, and provide individuals with wider access to opportunities to retrain, update or formalise their skills or acquire specialist skills.
- to address the needs of employers and the wider economy, to deliver targeted interventions to meet short-medium term demand to fill vacancies and drive productivity. They will help fill medium-higher level vacancies and bring individuals closer to better jobs, by linking them with line of sight to a job/ different role, additional responsibilities or new opportunities/contracts.
- to help fill vacancies and bring individuals closer to better jobs (including those currently in employment), by linking them with line of sight to a job / different role, additional responsibilities or new opportunities / contracts.

Expected outcomes:

- Individual secures employment in new job
- Employer skills gaps are filled – no cost to employer
- Self-employed individual gains new skills/new work opportunities
- Existing employees – employee develops skills that allows them to move into new higher skills/higher productivity role

DfE have a target of 60% of employers involved in Skills Bootcamp being SMEs.
