Aims and Objectives

The aim of the Plan is to:

- provide an overarching framework for determining when and where education may be needed in the future. The Commissioning Plan for Education Provision in Kent sets out the forecast number of children and young people in Kent and breaks this down to smaller geographical areas (districts and planning groups) to show where there may be a need for more or fewer places.
- Set out the principles which will be used to consider and evaluate individual proposals which might come forward (be commissioned) to address any identified shortage or surplus of places in a locality.

Summary of the outcome of the analysis:

No change is required. The evidence suggests that there is no potential for discrimination and all appropriate measures have been taken to advance equality and foster good relations between the protected groups.

<p>The equality impact assessment for the Commissioning Plan is carried out at two levels; First, in respect of the Commissioning Plan itself, to assess whether the commissioning principles and guidelines may have an impact (either positive or negative) on any protected groups and if so what action, if any, should be taken to amend the Plan or to mitigate the negative impacts. The second, a more detailed analysis of the impacts on any protected group arising from individual education consultation proposals is conducted contemporaneously through the Plan period.</p> <p>This assessment deals solely with the first of these two levels, with consultation completed with high level stakeholders consulted to ensure the Plan is drafted collaboratively. This process incorporates meetings with District and Borough Council Leaders and CEOs/Planning Officers, along with School Governor and Headteacher briefings for each district. This consultative activity will be completed prior to the adoption of the Plan by KCC Cabinet committee in January 2026.</p>

Details of Positive Impacts
<p>The overarching nature of the Commissioning Plan means that this equalities impact assessment is at a strategic level, rather specifically covering the various local commissioning schemes. In broad terms, the Plan focuses on the positive impacts for all children and young people, particularly the most vulnerable pupils and those with SEND. It provides a vehicle through which individuals and groups can make their voices heard regarding both current education provision and future proposals. An equality impact assessment will be completed as part of each individual consultation process that follows on from the Commissioning Plan. This assessment indicates that the plan will have either neutral or positive impacts on pupils within the protected groups.</p>
