Dear Ms Navston,

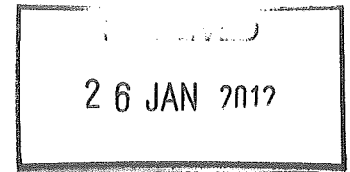

The Last Village of Dote

Thank you for your letter asking for my comments on the application for a renewal of the grant of approval for the above venue.

I have no objection to the renewal of the grant as it currently stands. I do, however, object to the request for unrestricted numbers of ceremonies and a change (presumably an increase) in the number of days on which ceremonies may be performed. I would suggest that an increase in the number

of ceremonies would detract from the dignity of the venue and that given the unsuitability of access to the venue at certain times of the year, there will be such a concentration of ceremonies as to detract from the venue and its access. I am surprised that objections from local residents is not appearing as a deciding factor in this issue so I believe it should be.

Yours,  
Suh Hbleh.

KCC member for Mallig North.
