## **Part 1: INITIAL SCREENING**

### **Context**

In April 2010 the Equality Act replaced previous anti-discrimination laws with a single act to make the law simpler. The act covers nine protected characteristics.

Every person has one or more of the protected characteristics, so the act protects everyone against unfair treatment.

The Public Sector Equality Duty (Section 149 of the Equality Act 2010) came into force in April 2011. It requires public bodies to have 'due regard' to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Equality Act;
- Advance equality of opportunity between people who share a protected characteristic and those who do not; and
- Foster good relations between people who share a protected characteristic and those who do not.

### **Aims and Objectives**

In October 2011 the Government Equality Office (GEO) published guidance on what public bodies are expected to publish in order to show how they meet the Duty. The guidance states that public bodies:

- Must publish their first equality objectives by 6 April 2012, with subsequent objectives published at least every four years
- Must decide how many equality objectives it should set and what they should be
- Objectives should take into account evidence of equality issues across all its functions, consider issues affecting people sharing each protected characteristics and take into account about the three aims of the Duty.

The purpose therefore of setting objectives is to strengthen performance against the requirements of the Equality Duty. Through the analysis of our performance to date, a set of proposed equality objectives have been established to provide a framework for the

council to underpin the priority action necessary to achieve its obligation to meet its public sector general duty. To gain assurance that the proposed Equality Objectives are meaningful and reflective of the priority action required of the Council, the following objectives have been proposed for consultation:

The council will promote equality in employment and service delivery by:

- Working with partners to address areas of inequality
- Promoting fair employment practices and creating an organisation that is aware of equality and diversity and able to deliver its Public Sector Equality Duty
- Improving the way KCC listens to and engages with its employees, communities and partners to develop policy and services
- Improving the collection monitoring and use of data to inform service design delivery and policy decisions.
- Providing inclusive and responsive customer services.
- Understanding and responding to the equality impacts when carrying out duties and taking decisions.

### **Beneficiaries**

**The following beneficiaries have been identified:**

- Kent County Council- Members and Officers
- Residents
- Service users
- Strategic Partners
- Voluntary and Community Sector

- Visitors to the County

### **Consultation and data**

To find out more about the population profile of the County, please click here.

<https://shareweb.kent.gov.uk/Documents/facts-and-figures/Equalities%20and%20diversity/kcc-edprofile-apr2012.pdf>

The profile of the County in addition to its close proximity with London and international borders means that the equality objectives will cut across all protected characteristics. As such consultation will be focused at all 9 characteristics and key beneficiaries.

### **Potential Impact**

#### **Adverse Impact:**

No adverse impacts have been identified in relation to groups with protected characteristics in the proposed equality objectives. It is envisaged that the adoption of the equality objectives will result in services that have paid due regard to protected characteristics in relation to the design and delivery of services.

#### **Positive Impact:**

The objectives will enable the organisation to achieve the outcomes of its plans and at the same time will be able to deliver against its public Sector equality duties.

### **JUDGEMENT**

## Appendix 2

### **Option 1 – Screening Sufficient                      NO**

Following this initial screening our judgement is that no further action is required.

#### **Justification:**

### **Option 2 – Internal Action Required                      NO**

There is potential for adverse impact on particular groups and we have found scope to improve the proposal

### **Option 3 – Full Impact Assessment                      YES**

A full impact assessment will need to be undertaken as the objectives will impact on all aspects of the work of Kent County Council. The objectives will potentially affect a large number of residents of Kent and will impact on all of the listed groups/ individuals with particular characteristics.
