*Interim position, as we clearly would wish to reduce this risk further. Early intervention and transformational initiatives are being pursued and the impact of them will need to be evaluated before exploration of further mitigating actions.

**Each risk is allocated a unique code, which is retained even if a risk is transferred off the Corporate Register. Therefore there will be some 'gaps' between risk IDs.

The Council is reliant on vast amount of good quality data and information to determine sound decisions and plans, conduct operations and deliver services. It is also required by the Data Protection Act to maintain confidentiality, integrity and proper use of the data. With the Government's 'Open' agenda, increased flexible working patterns of staff, and increased partnership working and use of multiple information repositories, controls on data management and security have become complex and important.		Poor decision making due to ineffective use of or insufficient availability of data and information sharing. Loss, misrepresentation or unauthorised disclosure of sensitive data. Malicious attacks and sabotage The corruption, misuse, misplacement, loss or theft of the data and information could disrupt the council's ability to function effectively and result in unwelcome adverse publicity or legal action.	Under performance. Breach of Data Protection Act leading to legal actions, fines, adverse publicity, and additional remedial and data protection costs. 		If the current economic climate continues or worsens or other regions re-stimulate their economies more quickly than Kent, then the Council's ability to deliver its plans for economic growth will be constrained. Risk ID	CRR5	Risk Title	Organisational Transformation			
Source / Cause of Risk		Risk Event	Consequence	Risk Owner	Current Likelihood	Current Impact
The Council is undergoing rapid change in order to deliver <i>Bold Steps for Kent</i> . A programme of major structural, operational and cultural transformation is underway. Staff reductions are being made because of budget pressures. The move towards more strategic commissioning and other changes to ways of working requires new skill sets and the changing environment for local government requires new behaviours from all staff. A "one council" approach to workforce planning is essential to ensure we have the right numbers of suitably skilled staff in the right places. The combination of losing experienced staff, recruiting new staff, and ensuring existing staff have the right skills and behaviours is a major challenge.		<p>Failure to manage the transformation process through adequate planning and resources</p> <p>Lack of appropriate skills and capacity to move to alternative delivery process</p> <p>Loss of excellent staff due to scale of changes</p> <p>Failure to deliver expected outcomes and benefits, and critical services may be impeded.</p>	Failure to deliver key services, to maintain quality of services provided and to achieve financial savings required, leading to reputational damage and further pressure on services.	<p>On behalf of CMT: Corporate Director Human Resources</p> <p>Responsible Cabinet Member(s):</p> <p>Business Strategy, Performance & Health Reform</p>	<p>Possible (3)*</p> <p>Target Residual Likelihood Unlikely (2)</p>	<p>Serious (4)</p> <p>Target Residual Impact Serious (4)</p>
				<p>*While the overall risk has diminished for the organisation over the last year because of controls put in place and that many significant restructures have been completed successfully, there is still risk relating to the adult transformation programme and change in ways of working. The score for this area in isolation would remain at 4.</p>

Risk ID	CRR6	Risk Title	Localism				
Source / Cause of Risk		Risk Event		Consequence	Risk Owner	Current Likelihood	Current Impact
Bold Steps for Kent envisages place-based commissioning for some KCC services, considerable opportunity for a more joined-up approach and greater efficiencies if there is a single district-based commissioning plan that is shared by KCC Members and District Councillors. In addition, the Localism Act paves the way for the Right to Buy public assets, the Right to Challenge the provision of public services and the Right to Bid to provide services, all of which potentially bring still greater complexity into the way in which services are commissioned and delivered.		Right to Challenge may not be conducive to the overall aims of Localism or corporate priorities Locality Boards fail to deliver effective & efficient place-based provision arrangements Delay in decision making due to complexity of this agenda Breakdown in critical relationships		Failure to deliver required transformation fast enough. Loss of economies of scale for service delivery and failure to deliver required budget savings. Procurement & Commissioning process for locality arrangements becomes resource intensive / duplicates effort. Key Bold Steps for Kent objectives not achieved. <p>The enactment of the Health and Social Care Bill gives KCC, as an upper tier Authority, a new duty to take appropriate steps to improve the health of the people.</p> <p>As well as the Act introducing a generic duty, it also requires KCC to undertake a number of specific steps including establishing a Health and Wellbeing Board; development of an enhanced Joint Strategic Needs Assessment (JSNA) under the auspices of the Health and Wellbeing Board; Commissioning Kent Health Watch; assuming statutory responsibility for some of the key locality-led elements of the new national Public Health System; and appointing (by statute) a Director of Public Health.</p> <p>In effect, this means that KCC becomes an integral part of this new national system providing locality-led leadership and oversight of public health (PH) in the County together with responsibilities in delivering some key public health services from the 1 April 2013.</p> <p>To support these new responsibilities the Authority will receive a ring-fenced budget and the transfer of most of the existing NHS staff currently working in public health in Kent.</p>		<p>The changes outlined in the Act to the NHS, including the changes to the national Public Health system prove overly difficult to achieve in the timescales set</p> <p>Following successful delivery / implementation the predefined outcomes and benefits are unachievable.</p> <p>Not enough Public Health resource is transferred to cover the delivery of services.</p> <p>Insufficient resource to support Health and Well Being Board and related sub-architecture.</p>		<p>Existing arrangements would be undermined by changes to health structures during and after implementation leading to additional costs particularly in adult social services (cost shunting).</p> <p>Existing arrangements for health and social care may deteriorate whilst waiting for new arrangements to get underway leading to ineffective health and social care provision for citizens of Kent – potentially damaging lives and Council reputation.</p> <p>Inadequate budgets provided by Central Govt to sustain current levels of locality-led Public Health services.</p> <p>Business Continuity issues due to delay in the development and management of essential new complex partnerships between KCC and the NHS.</p> <p>Potential increase in debt owed to KCC by outgoing NHS organisations Ability and commitment of successor bodies to continue with Section 31, 75 and 256 agreements.</p> <p>The possibility of unsafe practices in health protection as a consequence of responsibilities for this domain of Public Health being split between Public Health England, the National Commissioning Board and the Local Authority.</p>	<p>Corporate Director Families & Social Care (Director of Public Health)</p> <p>Responsible Cabinet Member(s):</p> <p>Business Strategy, Performance & Health Reform</p> <p>Adult Social Care & Public Health</p>	<p>Possible (3)</p> <p>Target Residual Likelihood Unlikely (2)</p>	<p>Serious (4)</p> <p>Target Residual Impact Significant (3)</p>

The Welfare Reform Act 2012 puts into law many of the proposals set out in the 2010 white paper <i>Universal Credit: Welfare that Works</i> . It aims to bring about a major overhaul of the benefits system and the transference of significant centralised responsibilities to local authorities. The Act presents KCC with two major challenges; firstly to determine and implement the schemes and operations required to effectively comply with the Act on time and to specification and secondly to be prepared to manage the uncertain affects and outcomes that the changes may have on Kent and its people.		<p>Failure to develop and deliver effective schemes and operations within statutory deadlines, specification and budget.</p> <p>The financial models and budgets and funding sources underpinning the new schemes prove to be inadequate and allocation of payments and grants has to become prioritised against more challenging criteria.</p> <p>The impact of the reforms in regions outside of Kent could trigger the influx of significant numbers of 'Welfare' dependent peoples to Kent.</p> <p>Failure to plan appropriately to deal with potential consequences.</p>	<p>Failure to meet statutory obligations has major legal, financial and reputational repercussions for KCC.</p> <p>Ineffective delivery of schemes and operations to customers compounds demand on KCC and partner services.</p> <p>An increase in households falling below poverty thresholds with vulnerable people becoming exposed to greater risk.</p> <p>New schemes and operations are undermined by a negative impact on Kent's demographic profile.</p> <p>Insufficient employment to meet additional demand and to fill the publics' 'funding gap' places additional challenges for adult and child safeguarding and demand for social support.</p> <p>Increasing deprivation leads to increase in social unrest and criminal activity.</p>	<p>Corporate Director Customer & Communities</p> <p>Corporate Director Families & Social Care</p> <p>(Corporate Director of Finance & Procurement)</p> <p>Responsible Cabinet Member(s):</p> <p>Finance & Procurement</p> <p>Customer & Communities</p> <p>Older People's Services</p>	<p>Likely (4)</p> <p>Target Residual Likelihood Possible (3)</p>	<p>Serious (4)</p> <p>Target Residual Impact Significant (3)</p>

The ongoing difficult economic climate has led to significant reductions in funding to the public sector and Local Government in particular. KCC has already made significant cost savings and still needs to make ongoing year-on-year savings in order to "balance its books."	The required savings from key programmes or efficiency initiatives are not achieved.	Urgent alternative savings need to be found which could have an adverse impact on service users and/or residents of Kent. Reputational damage to the council. As part of the transformation programme set out in <i>Bold Steps for Kent</i> , the Authority is moving towards more strategic commissioning arrangements. This will put even greater emphasis on the importance of robust procurement and commissioning arrangements and contract management.
