Subject: East Kent Outpatients Consultation: Written Update

Summary: This report invites the Health Overview and Scrutiny Committee to consider the information provided on the East Kent Outpatients Consultation.

It is a written update only and no guests will be present to speak on this item.

It provides additional background information which may prove useful to Members.

1. Introduction

- (a) Representatives from East Kent Hospitals University NHS Foundation Trust initially attended the Health Overview and Scrutiny Committee on 7 June 2013 to discuss the Trust's developing clinical strategy.
- (b) The outpatients' strategy was one of the areas of particular focus during this meeting. The recommendation agreed by the Committee on 7 June 2013 was the following:
 - *AGREED that the Committee thanks its guests for their attendance and contributions today, agrees that the proposed changes to outpatient services and breast surgery services do represent a substantial variation of service and look forward to receiving further updates in the future; and also requests that East Kent Hospitals NHS University Foundation Trust take on board the Committee's comments regarding public consultation before the Trust takes any final decision on wider consultation.*
- (c) On 11 October 2013 the Committee considered a written update provided by East Kent Hospitals University NHS Foundation Trust and NHS Canterbury and Coastal Clinical Commissioning Group. At the conclusion of this item, the Committee agreed the following recommendation:
 - *AGREED that the Committee note the report, ask the NHS to take on board the comments and questions raised by the Committee and that a small group be formed to liaise with the NHS on the draft consultation document.*

- (d) Dr M Eddy, Mr R Latchford, OBE and Councillor Michael Lyons formed a working group to read and comment on the draft consultation document.
- (e) The intention is for this item to return to the Committee at its June meeting.

2. Summary of the Consultation

- (a) Towards the end of 2010, East Kent Hospitals University NHS Foundation Trust (EKUHFT) began work on developing their clinical strategy. Four work streams were established:
 - Emergency care;
 - Trauma;
 - Outpatients; and
 - Planned care.
- (b) The consultation covered part of the outcomes of the work from the Out-Patient Clinical Strategy Group. The public consultation ran from 9 December 2013 to 17 March 2013 (extended from the original date of 9 March). The results of the consultation will be analysed independently by the University of Kent and then proceed for decision by the Boards of Canterbury and Coastal CCG and EKUHFT.
- (c) The core proposals within the consultation involve consolidating outpatient services from the current 15 sites to 6. 5 of these sites are those owned by EKUHFT:
 1. William Harvey Hospital, Ashford;
 2. Kent and Canterbury Hospital, Canterbury;
 3. Queen Elizabeth The Queen Mother Hospital, Margate;
 4. Buckland Hospital, Dover; and
 5. Royal Victoria Hospital, Folkestone.
- (d) The sixth site is to be in the north Kent coast area. Several sites are considered, with the consultation document naming Estuary View Medical Centre as the preferred option.
- (e) Based on travel times for patients in Canterbury and Coastal, Thanet, Ashford and South Kent Coast CCG's areas, choosing these six sites (including Estuary View) will lead to an increase in the percentage of patients within a 20 minute drive of outpatient services than is currently the case (83.5% compared to 70%).
- (f) NHS Canterbury and Coastal agreed to partner EKUHFT on the consultation. Ashford, Thanet and South Kent Coast CCGs decided that they would be consulted by the Trust on the proposals.

- (g) A couple of other service developments are mentioned in the consultation document, but were not covered in the consultation. NHS South Kent Coast CCG is separately working on services to be provided from Deal Hospital. NHS Swale CCG is also separately commissioning a one-stop outpatient centre in the Sittingbourne area, creating a seventh site for outpatient services. According to the business case for the outpatients clinical strategy the seventh site, along with service innovations, is key to realising the benefits of the strategy.

3. Recommendation

Members of the Health Overview and Scrutiny Committee are asked to note the report.
