1. Introduction:

1.1 This is a regular report to this Committee on the forecast outturn.

2. Background:

2.1 A detailed quarterly monitoring report is presented to Cabinet, usually in September, December and March and a draft final outturn report in either June or July. These reports outline the full financial position for each portfolio together with key activity indicators and will be reported to Cabinet Committees after they have been considered by Cabinet. These quarterly reports also include financial health indicators, prudential indicators, the impact on revenue reserves of the current monitoring position and staffing numbers by directorate. In the intervening months a mini report is made to Cabinet outlining the financial position for each portfolio. A link to the third quarter's monitoring report for 2013-14 is provided below:

- 2.3 As explained in the December Cabinet Committee report, the annexes to the Cabinet report are presented in the pre-election portfolio structure.

3. Recommendation(s):

The Children's Social Care & Health Cabinet Committee is asked to note the revenue and capital forecast variances from budget for 2013-14 that are within the remit of this Cabinet Committee based on the third quarter's full monitoring to Cabinet.
