The Consultation Process and How to Respond

Scope of the consultation

<p>Topic of this consultation:</p>	<p>The Local Government Pension Scheme (Amendment) (Governance) Regulations 2014.</p> <p>1. The intention of these draft regulations is to ensure that the Local Government Pension Scheme in England and Wales is managed well at both national and local levels. They also set out proposals for how the future costs of the scheme to employers and taxpayers will be controlled. Similar arrangements are being introduced for all major public service pension schemes.</p> <p>2. A national scheme advisory board would advise the Department on changes to the scheme's regulations, for example to reflect changes in costs. In addition, each of the 89 administering authorities in England and Wales would establish a local pension board to assist them in managing the Scheme at a local level.</p> <p>3. The Department would need to ensure that any increases or decreases in the cost of the scheme of two percentage points or more would be offset, for example, by varying the rate at which scheme members' benefits build up. This would protect employers and taxpayers against unexpected increases in pension costs.</p> <p>4. In addition, the proposed national scheme advisory board would aim to ensure that the total pension contributions paid by employers and employees were within one percentage point of 19.5% of pensionable pay and that employee contributions were one third of the overall costs. The national board could make recommendations to the Department on changes to the scheme to achieve these targets.</p> <p>5. A more detailed explanation of the arrangements described at paragraphs 3 and 4 above can be found at https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/289366/public_service_pensions_actuarial_valuations_130314.pdf</p>
<p>Scope of this consultation:</p>	<p>This consultation seeks responses from interested parties on a new Part 3 (Governance) of the Local Government Pension Scheme Regulations 2013 ("the Principal 2013 Regulations") which came into force on 1 April 2014. In addition to the proposed provisions on cost control, the draft regulations at Annex A also includes regulations on Scheme governance that were the subject of a consultation earlier in June at</p>

	<p>https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/322356/consultation_letter_on_June_2014_governance_regulations_final_version-23_june_-with_ISBN.pdf .</p> <p>The closing date for comments on those draft regulations was 15 August, but this consultation now provides a second opportunity to comment on those provisions alongside what is now being proposed on cost control. However, it should be noted that in the light of discussions with the shadow scheme advisory board and comments from other scheme interested parties, the draft regulations relating to the local pension boards and the Scheme Advisory Board consulted on earlier have been revised. Comments are therefore invited on the complete set of draft regulations at Annex A</p> <p>The comments received in response to the June consultation will be taken into account with those received in response to this consultation.</p>
Geographical scope:	England and Wales.
Impact Assessment:	These Regulations have no impact on business or the voluntary sector.

Basic Information

To:	The consultation is aimed at all parties with an interest in the Local Government Pension Scheme and in particular those listed on the Government's website: https://www.gov.uk/government/publications/local-government-pension-scheme-regulations-information-on-who-should-be-consulted .
Body responsible for the consultation:	The Secretary of State for Communities and Local Government is responsible for policy and the consultation exercise.
Duration:	The consultation period will be 6 weeks ending on 21 November 2014. As timing allows, account will be taken of representations made after the close of the consultation.
Compliance with "Principles of Consultation":	This consultation complies with the "Principles of Consultation" . The consultation will be for 6 weeks. This reflects the extensive discussions already held with key interested parties on the development of policy in this area and the extent to which the regulations need to comply with Treasury directions and regulations that have already been subject to consultation.

Background

<p>Getting to this stage:</p>	<p>The Government commissioned Lord Hutton to chair the Independent Public Service Pensions Commission to review public service pensions and to make recommendations on how they can be made sustainable and affordable in the long term, and fair to both public sector workers and the taxpayer.</p> <p>Since 1996, the cost of the Local Government Pension Scheme to employers and taxpayers has increased from £1.3 billion to £5.9 billion in 2010/11. The proposals in this consultation on scheme governance and cost management are a key element of the Government's reform agenda and will ensure that those who pay the Scheme's costs are fully protected against the rising costs associated with improving longevity. Fairness to the taxpayer is at the heart of the agenda.</p> <p>The recommendations made by Lord Hutton were accepted by the Government and were carried forward into the Public Service Pensions Act 2013 ("the 2013 Act"). A key objective of the 2013 Act is to ensure a fair balance of risks between scheme members and the taxpayer. To achieve this, the Government has established an employer cost cap mechanism to provide backstop protection to the taxpayer and to ensure that the risks associated with pension provision are shared more fairly between employers and scheme members. Details of how the employer cost cap is to be calculated, maintained and the process to be followed when the employer cost cap is breached can be found at https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/289366/public_service_pensions_actuarial_valuations_13_0314.pdf</p> <p>In addition to making provision for the employer cost cap, the regulations also make provision for the agreement reached with the Government by the Local Government Association and local government trade unions to provide greater control over the contribution rates actually paid by employers and scheme members. Details of how this element of the proposed cost control arrangement is intended to work can be found at Chapter 5 of the above pdf document.</p>

Chapter 1

Introduction

- 1.1 This document, in accordance with section 21 of the 2013 Act, commences a period of consultation on the new governance provisions, including cost control arrangements, for the Local Government Pension Scheme. Your comments are invited on the set of draft regulations at **Annex A**.
- 1.2 **The closing date for responses is 21 November 2014.**

Background and context

- 1.3 This consultation represents another step in the process of reform that began with the Government's commitment to review the efficiency, effectiveness and sustainability of public service pension schemes.
- 1.4 A key aim of the reform process is to ensure a fair balance of risks between scheme members and the taxpayer. To achieve this, section 12 of the 2013 Act requires schemes to set a rate, expressed as a percentage of pensionable earnings of members of the scheme, to be used for the purposes of measuring changes in the cost of the scheme.
- 1.5 The 2013 Act also provides for costs to be measured via regular actuarial valuations and for the establishment of an employer cost cap mechanism to ensure that these costs remain sustainable and fair to taxpayers. Treasury Directions and Regulations specify how valuations are to be carried out and how the employer cost cap mechanism is to operate. In the case of the Local Government Pension Scheme, the employer cost cap will be calculated by a Scheme actuary appointed by the Secretary of State under these regulations based on the 2013 model fund valuation and in accordance with Treasury Directions.
- 1.6 Copies of the relevant Treasury Directions, regulations and accompanying policy paper can be found at <https://www.gov.uk/government/publications/public-service-pensions-actuarial-valuations-and-the-employer-cost-cap-mechanism>.
- 1.7 In addition to the Treasury employer cost cap process, provision is also to be made for the internal cost management process agreed between Government, the Local Government Association and local government trade unions. Unlike the Treasury's employer cost cap process which will monitor changes in the value of benefits in the new Scheme over time, the aim of the internal process is to stabilise the actual contribution rates paid by employers and members in respect of the new Scheme within the overall target cost of 19.5% of pensionable paybill with the target yield from scheme members' contributions being one third of the overall cost.
- 1.8 A detailed explanation of how the internal element of the proposed cost control arrangement is intended to work and the role of the Local Government Pension Scheme Advisory Board in both processes can be found at Chapter 5 of the

document at

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/289366/public_service_pensions_actuarial_valuations_130314.pdf

Consultation responses

- 1.9 The consultation period is 6 weeks.
- 1.10. To allow for the fullest response to proposed Scheme regulations, every attempt will be made to include any late submissions.
- 1.11. Your comments should therefore be sent by 21 November 2014 to Department for Communities and Local Government, Workforce Pay & Pensions, 2nd Floor, Fry Building, South East Quarter, 2 Marsham Street, London SW1P 4DF and marked "LGPS Governance Regulations 2014". Chapter 2

Proposals for consultation

- 2.1. The Regulations are being made under the powers conferred by the 2013 Act. Section 3(5) of the 2013 Act requires the consent of Treasury before the Regulations can be made.

Preliminary Provisions

- 2.2 **Regulation 1** covers the citation, commencement, interpretation and extent of the Regulations. The Regulations will apply to the Scheme in England and Wales and for the most part will come into operation on 1 April 2015.
- 2.3 **Regulations 2 to 8** amend the Principal 2013 Regulations.
- 2.4 **Regulation 8** inserts new regulations 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115 and 116 into the Principal 2013 Regulations. These provisions are described in detail immediately below, but in the case of regulations 105 to 113, only to the extent where they differ from the earlier consultation on Scheme governance.

Main Provisions

- 2.5 **New Regulation 106(6)** has been added to ensure that local pension boards are not unduly restricted in the way they choose to discharge their functions under the regulations.
- 2.6. To reflect concerns expressed by the Shadow Scheme Advisory Board and other scheme interested parties, **Regulation 107** has been amended to allow elected members to become members of a local pension board. However, **Regulation 107(3)** qualifies this provision by not allowing elected members or officers of an administering authority who are responsible for the discharge of any function under the Principal 2013 Regulations (apart from being a member of the Scheme Advisory Board or a local pension board) to become a member of that authority's local pension board.
- 2.7. **Regulation 110(3)** now extends the responsibility of the Scheme Advisory Board to include "connected schemes". Those elements of the Local Government Pension Scheme (Transitional Provisions, Savings and Amendment) Regulations 2014 ("the Transitional Regulations") that concern members who receive entitlement to benefits calculated in accordance with those regulations is regarded as such a connected scheme and this amendment will ensure that the Scheme Advisory Board is able to advise local pension boards on both the Principal 2013 Regulations and the Transitional Regulations
- 2.8. **New Regulation 110(5)** confers the same wider power described at paragraph 2.5 above on the Scheme Advisory Board.

- 2.9. In addition to being responsible for appointing the Chairman of the Scheme Advisory Board, **Regulation 111(1)** has now been amended to make the Secretary of State responsible for appointing members of the Board. Previously, members of the Board were to be appointed by the Chairman and approved by the Secretary of State.
- 2.10. **New Regulation 111(4)** allows the Chairman of the Scheme Advisory Board, with the agreement of the Board, to appoint a maximum of three non-voting advisory members to sit on the Board. **Regulation 111(5)** confers a power for the terms and conditions of such advisory members to be determined.
- 2.11. **Regulation 111(6)** has been amended to the effect that the Chairman's decision to appoint non-Board members as members of any sub-committee is now subject to the agreement of the Board.

Scheme actuary (Regulation 114)

- 2.12 **New Regulation 114** confers power on the Secretary of State to appoint a Scheme actuary to carry out valuations of the Scheme in accordance with Treasury Directions. The Scheme actuary must, in the opinion of the Secretary of State, be appropriately qualified to carry out a valuation of the Scheme. **Regulation 114(4)** requires administering authorities to provide the Scheme actuary with any data that is reasonably required where this is in accordance with directions made by Treasury under section 11 of the 2013 Act.
- 2.13. Having considered the role of the scheme actuary under **Regulations 115** and **116** and, in particular, the need for data collection and analysis at national scheme level, the Department proposes to appoint the Government Actuary's Department as the Scheme actuary under Regulation **114**. Subject to the outcome of the consultation, the appointment would be confirmed in a letter from the Secretary of State to the Government Actuary's Department.

Employer cost cap (Regulation 115)

- 2.14 **New Regulation 115(1)** will set the Scheme's employer cost cap. At this stage, the employer cost cap has not been finalised but during the period of this consultation, a draft valuation report prepared by the Government Actuary's Department in accordance with the Treasury's Public Service Pensions (Valuations and Employer Cost cap) Direction 2014 will be issued to you for information. The draft report will include the proposed employer cost cap figure.
- 2.15. The number of assumptions underlying the calculation of the proposed employer cost cap are set out in the Treasury Direction and cannot be varied. But where appropriate, other scheme specific assumptions must be determined by the Secretary of State after consultation with such persons as he considers appropriate. In this case, consultation on the scheme specific assumptions with the shadow scheme advisory board is considered to be appropriate.
- 2.16. Subject to any comments on the proposed employer cost cap included in the draft valuation report and the views of the shadow board on the scheme specific

assumptions, the final figure will be introduced into **Regulation 115(1)** when the regulations are made.

- 2.17. **Regulation 115(2)** provides that where the cost of the Scheme following a Scheme valuation under Treasury Directions exceeds the margins specified in Treasury regulations, the Secretary of State must follow the procedure set out in **Regulation 115(3)** for reaching agreement on the steps to be taken to bring costs back to the employer cost cap. At present, the margins specified in Treasury regulations are 2% either side of the Scheme's employer cost cap.
- 2.18. **Regulation 115(3)** sets out the procedure for reaching agreement under **Regulation 115(2)**. This requires the Secretary of State to consult the Local Government Pension Scheme Advisory Board on proposals to bring the Scheme's costs back to the employer cost cap and for all members of the Board to reach an agreed position. The period of consultation is at the Secretary of State's discretion.
- 2.19. **Regulation 115(4)** provides that if the agreement required by **Regulation 115(3)** is not reached within 3 months of the end of the consultation period, the Secretary of State must take steps to achieve the target cost by adjusting the rate at which benefits accrue under Regulations 23(4) or (5) of the Principal 2013 Regulations.

Scheme advisory board – additional functions (Regulation 116)

- 2.20. **Regulation 116(1)** requires the Local Government Pension Scheme Advisory Board to obtain a Scheme cost assessment from the Scheme actuary. The assessment must include the overall cost of the Scheme and the proportions of that cost being met by Scheme employers and members as at the date of each actuarial valuation under Regulation 62(1)(a) of the Principal 2013 Regulations.
- 2.21 Except where either **Regulation 115(5) and (6)** applies, **Regulation 116(2)** enables the Local Government Pension Scheme Advisory Board following a Scheme cost assessment, to make recommendations to the Secretary of State to bring the overall cost of the Scheme back to the target overall cost.
- 2.22. **Regulation 116(3)** provides that where the Scheme cost assessment shows that the proportion of the overall cost of the Scheme is above or below the target proportion defined at **Regulation 116(7)**, the Local Government Pension Scheme Advisory Board may make recommendations to the Secretary of State to bring that proportion back to the target proportion.
- 2.23. Prior to any Scheme cost assessment, **Regulation 116(4)** requires the Local Government Pension Scheme Advisory Board to publish its policy on the recommendations it may make to the Secretary of State under **Regulation 116(2) and (3)**. It is envisaged that the policy statement could include a set of trigger points as well as the circumstances when recommendations must or may be made.
- 2.24. **Regulation 116(5)** switches off the internal Local Government Pension Scheme Advisory Board process during any period when the employer cost cap under **Regulation 115** has been breached. This reflects Government policy that the

employer cost cap process will always take precedence over any internal cost management process. (see **Chapter 3 for connected policy question**)

- 2.25. **Regulation 116(6)** provides that the Local Government Pension Scheme Advisory Board must make recommendations to the Secretary of State where the overall cost of the Scheme exceeds the target overall cost by 2% or more.
- 2.26. **Regulation 116(7)** defines certain terms used in this regulation including :-
- “**the overall cost of the Scheme**” the total cost as calculated by the Scheme actuary as part of a Scheme cost assessment based on assumptions and a methodology determined by the Local Government Pension Scheme Advisory Board.
- “**the target overall cost**” set at 19.5% of the pensionable earnings of members of the Scheme, and
- “**the target proportion**” set at Scheme employers meeting two thirds and members meeting one third of the overall cost of the Scheme.
- 2.27. **Regulation 116(8)** requires each administering authority to provide the Scheme actuary with any data required to carry out valuations and produce reports for the purposes of this Regulation in accordance with directions from the Local Government Pension Scheme Advisory Board.
- 2.28. **Regulation 116(9)** requires the Local Government Pension Scheme Advisory Board to publish a report, including the items listed at **Regulation 116(9)(a) to (d)**, within 23 months of obtaining a Scheme cost assessment unless the Board is prevented from making recommendations to the Secretary of State by the provisions in **Regulation 116(5)**.
- 2.29. **Regulation 116(10)** requires a copy of the report published under **Regulation 116(9)** to be sent to the Secretary of State and Scheme actuary by the Local Government Pension Scheme Advisory Board.
- 2.30. **Regulation 116(11)** has been amended to extend the period required for the Secretary of State to publish his response to the report published by the Local Government Pension Scheme Advisory Board from 3 to 6 months of receiving the Scheme Advisory Board’s report. We believe that this represents a more appropriate timescale.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Local Government Pension Scheme Regulations 2013 (“the 2013 Regulations”) to make provision in respect of governance of the Scheme.

Regulation 1 commences the substantive provisions from 1st January 2015 for the purposes of making appointments to local pension boards and the Scheme Advisory Board, and brings the provisions fully into force from 1st April 2015.

Regulations 3 to 7 make minor amendments to the 2013 Regulations consequential to the substantive provisions.

Regulation 5 inserts a new Part 3 into the 2013 Regulations.

New regulation 105 permits the Secretary of State to delegate functions under the 2013 Regulations. It permits administering authorities to delegate their functions and also for any delegated function to be sub-delegated.

New regulations 106 to 109 make provision for each administering authority to establish a local pension board to assist it to comply with its legal obligations relating to the Scheme. Where a local authority discharges its pension functions through a committee, it can, with the approval of the Secretary of State appoint that existing committee to be the local pension board. Local pension boards must have equal representation of employer representatives and member representatives who must not be officers or councillors of the administering authority responsible for the discharge of local government pension functions.

Regulations 110 to 113 establish the Local Government Pension Scheme Advisory Board to advise the Secretary of State, administering authorities and local pension boards in relation to the Scheme. Provision is made for the appointment of members to the Board and for its funding.

Regulation 114 requires the Secretary of State to appoint a Scheme actuary to carry out valuations of the Scheme.

Regulation 115 sets the employer cost cap and requires the Secretary of State to seek agreement from those affected as to the changes to the design of the Scheme necessary to bring costs back to that level if valuation reports indicate that costs have varied by more than a margin specified in regulations made by the Treasury. If agreement can not be reached the Secretary of State must make amendments to the Scheme to vary the rate of accrual of benefits to bring the costs of the Scheme back to the employer cost cap level.

Regulation 116 confers additional functions on the Local Government Pension Scheme Advisory Board to monitor the overall costs of the Scheme and the proportion of those costs met by employers and members

respectively and to make recommendations to the Secretary of State for changes to the Scheme where overall costs or respective proportions met by employer or member contributions vary from the initial costs.
