

Energy Security Select Committee

Hearing 2

Tuesday 17 November 2015

Witness Guide for Members

Below are suggested themes and questions. They have been provided in advance to the witnesses to allow them to prepare for the types of issues that Members may be interested to explore. All Members are welcome to ask these questions or pose additional ones to the witnesses via the Committee Chairman.

Themes and Questions

Chris Jelly – Elham Going Green

- Please introduce yourself and provide an outline of your role in Elham Going Green.
- What reasons led you to establish Elham Going Green?
- What are the main aims of Elham Going Green?
- What energy measures (both saving energy and generating it) did you consider for Elham? Which ones were adopted and why?
- What has been the outcome of the measures you have taken in the village?
- What challenges has Elham Going Green encountered in relation to its work?
- What future measures for the village are you looking at?
- Are you aware of other villages in Kent who have set up similar groups?
- What have other communities that you are aware of in Kent done to improve energy security?
- How has Kent County Council supported Elham Going Green? How might it better do so?
- Are there any further issues you would like to raise with the Committee?
