## Proposed arrangements for integrated commissioning and delivery of integrated care

KCC and 7 CCGs - with Lead CCG Partner Section 75 Agreement for provision of integrated commissioning

The integrated LD commissioning team is likely to be a virtual team within the KCC commissioning structure with core LD expertise, including health, but with access to a range of commissioning activities.

Integrated commissioning team

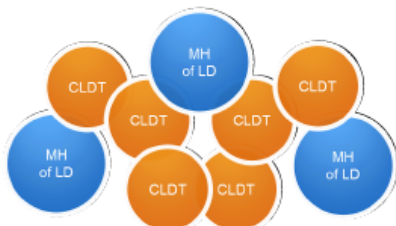

Section 75 Commissioning Partnership Board  
KCC/CCGs

Either Section 75 Agreement or Alliance Contract for the provision of integrated community LD teams between KCC/KCHFT/KMPT

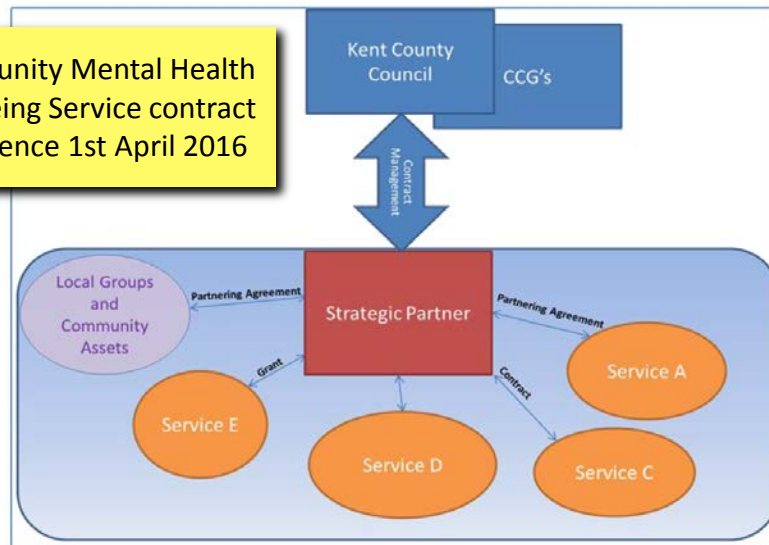

Provision of integrated pathway through integrated CLDTS working collaboratively with MH of LD

Teams work to a common specification and performance managed through an integrated performance framework

KCC will host an integrated commissioning team for learning disability, to work across Kent on behalf of the CCGs and KCC from April 2016

The Community Mental Health and Wellbeing Service contract will commence 1st April 2016

Mental Health is the next priority area for the Accommodation Strategy

Best use of existing resources

We can work differently with CCGs but this must be part of, and not separate to, our transformation programme

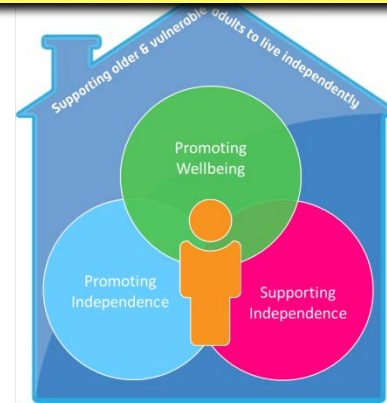

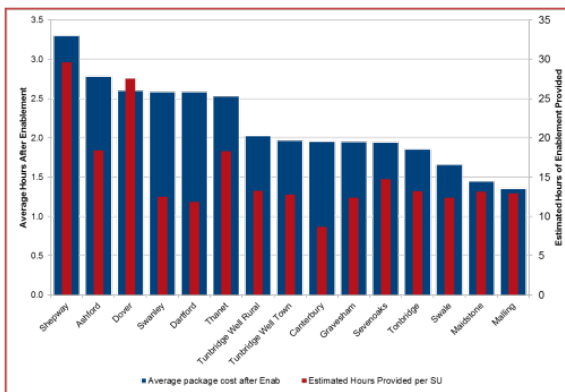

OPPD boundary realignment

We are now ready to consider alternative models which can be **fully** integrated with NHS

**Consistency** is central to the transformation approach
