- KCC response to the Government consultation on '*Future Customs Arrangements, A Future Partnership*' (December 2017).

The document is titled '[Import Controls Post-Brexit and their Impact on Kent](#)'. This was submitted as part of the Government consultation by HM Treasury, HM Revenue and Customs and Department for Exiting the European Union, however the Government did not publish the consultation responses online. This paper was updated in December 2017 to reflect the latest available information, but as Brexit has been a fast-moving agenda the information in this report is 'point in time' and the issues and figures within it may have subsequently changed.

- EU Funding update to Growth, Economic Development and Communities Cabinet Committee (June 2017 and January 2018).
