

**A256 Whitfield Bypass**

**A256 Whitfield Bypass  
Road Asset Protection Proposals  
(Capital Bid for Unfunded  
Carriageway Pressures)**

Kent County Council are applying for capital monies to protect the A256 Whitfield Bypass and prevent future deterioration that may not be possible to remedy with ever decreasing resources on this strategic road and important road.

The A256 is on the KCC Resilient Highway network, acting as a strategic link road between the north and south of east Kent.

The value of this pot and the success of application is currently not known. To this end the focus of this proposal will centre around different phases of potential work and be listed in priority order. These works phases will be costed and completion of 1 or more phases will be determined by capital bid monies received

**WORKS PHASES AND KEY**

- PRIORITY ONE** [Pink dashed line]
- SURFACE TREATMENT (STRATEGIC NETWORK)**  
To include preparatory works (joint sealing etc), *Surface Dressing*, relining and reinstatement of studs
- PRIORITY TWO** [Blue dashed line]
