Guidance Notes

Notes: Please note that not all Children's Social Work indicators can be shown broken down by District for the associated CSWS team, as caseloads relating to these indicators are held by Area and Kent LA level teams. Cases included in a dataset are based on the service working with the child and not the child's geographical residence. Provisional 2018-19 attainment data is shown for selected indicators only. Where 2018-19 outcomes are not yet available, data is shown in italics to indicate 2017-18 data is being used. Further updates will be included in the next scorecard release. Data for Secondary indicators is dependent on NCER datasets, which will be available between October and November.

POLARITY

H	The aim of this indicator is to achieve the highest number/percentage possible
L	The aim of this indicator is to achieve the lowest number/percentage possible
T	The aim of this indicator is to stay close to the target that has been set

Commentary on Monthly and Quarterly Indicators:

RED: The take-up for two years olds increased slightly from 58.6% in June to 60.4% in April which is the target of 80%. Priorities include the ongoing delivery of 30 Hours of Free Childcare, working in partnership with Children’s Centres to continue to increase the take up of Free Early Education places by eligible two-year-olds and increasing the number of Early Years settings working within a collaboration.

RED: The percentage of Education, Health and Care Plans (EHCPs) issued within the statutory 20 weeks was 31.4% against a target of 90%. There has been an overall increase of 15% in the total number of assessments for Education, Health and Care Plans (EHCPs) within the past 4-months. As well as the initial statutory assessment process, a child with an EHCP requires ongoing administration through Annual Reviews, and the increase in the number of assessments and plans also increases ongoing caseloads for staff.

RED: The percentage of young people Not in Education, Employee or Training (NEET) at 3.2% is just over double the target of 1.5% % however the three-month rolled average for December, January and February, which the DfE uses as its performance measure, shows Kent to be 2.8%.

RED: Percentage of cases closed by Early Help Units with outcomes achieved decreased from 74.5% to 73.7% in the month and continues to remains below the target of 82.0%.

RED: The average caseloads in the CSWT Teams is 22.5, which is above the target caseload of no more than 18 children/young people. Reducing caseloads remains a key priority for the Service.

AMBER: The number of permanent exclusions of Primary aged pupils at thirteen is one pupil higher than the target. However, exclusions from Kent schools are still lower than the national figure (reported as a rate of the school population).

AMBER: Percentage re-referrals to Children’s Social Work Services within 12 months of a previous referral has increased from 26.5% to 26.7%, which remains above the Target of 25.0%. This compares to the latest published information for the England average of 21.9%, 24.0% for Kent’s Statistical Neighbours and 25.2% for the South East (all comparative rates are for 2017/18 performance).

AMBER: Percentage of CIC Foster Care in KCC Foster Care/Rel & Friends placements (excluding UASC) is 81.4% which is below the target of 85.0%. Performance levels for this indicator have reduced slightly over the last 6 months. Information regarding the availability of in-house foster placements is continually reviewed to ensure that foster carer capacity is fully utilised and that children and young people are placed in the most suitable placement.

AMBER: Percentage of care leavers in education, employment or training (of those KCC is in touch with) is 64.3%. Performance has remained consistently close to, and often exceeding the 65.0% target throughout the year.

AMBER: The percentage of case holding posts filled by permanent qualified social workers is 84.2%, which is slightly below the 85.0% target.

AMBER: The average caseloads in the CIC Teams is 15.9 cases, which above the target caseload of no more than 15 children/young people.

GREEN: The number of permanent exclusions from Secondary schools at 26 remains above the target of 35.

GREEN: The percentage of Children Missing Education cases closed within 30 school days at 88.3% is remains better than the target of 85%

GREEN: Percentage of Returner Interviews completed for those with SCS Involvement is 91.7% which is above the target of 90.0%

GREEN: Percentage of children becoming subject to a child protection plan for the second or subsequent time is 19.8%. This is within the target range of 17.5% - 22.5% and compares to average rates for England of 20.2% and Statistical Neighbours 21.5% (2017/18).

GREEN: Children in Care in same placement for the last two years (for those in care for two and a half years or more) is 73.2%. This is above the latest published England average of 70.0%, and 71.5% for Kent’s Statistical Neighbours (2017/18).

GREEN: The average number of days between becoming a child in care and moving in with an adoptive family is 360.5 days, which remains considerably below the nationally set target of 426 days.
