1. KCC Directly Delivered Youth Offer in Sevenoaks

- 1.1. The KCC internal youth offer consists of a variety of key activities for young people to engage with. These include, but are not limited to, the following:
- i. **Chill Zone:** This is a weekly session held at Swanley Youth Hub. It is open to all young people aged 15–19 years. The aim of this group helps young people to develop their independent living skills as they prepare to live independently from their families. We also help to develop their leadership skills; improve their confidence, self-esteem, and provide support for post-16 choices.
 - ii. **Revolutions Youth Club:** This is a weekly group run at Swanley Youth Hub for young people who have identified special educational needs and disabilities and wish to access a youth provision, and who may struggle to access a generic youth work session. The aim of the group is to build confidence and self-esteem of young people to enable them to access youth work sessions in a supportive environment. Bespoke informal education opportunities tailored to the needs of the individual young person with additional needs are built into the programme.
 - iii. **Zone 87:** This is a weekly group run in Swanley Youth Hub and is open to all young people aged 11–16 years who live or go to school in Swanley. The purpose of this group is to increase confidence and self-esteem of individuals attending. It allows them to improve and develop their social skills and to increase their friendship circles. It also provides them with informal education opportunities to enable them to make informed choices and to become more involved in their local community.
 - iv. **Boys Group:** This is a referral only group targeted at boys known to Early Help and Preventative Services (EHPS), Children's Social Work Service (CSWS), and Youth Justice. This group targets young men who are struggling with issues such as, anger management, offending behaviour, relationship difficulties, and at risk of both sexual and criminal

exploitation. This group is delivered at Swanley Youth Hub and is a rolling programme throughout the year.

- v. **Girls Group:** This is a referral only group targeted at young women known to EHPS, CSWS, and Youth Justice. This group targets young women who are struggling with relationship difficulties, domestic abuse, and are at risk of child sexual exploitation. This group is delivered at Swanley Youth Hub and is a rolling programme throughout the year.
- vi. **Our Choices:** This is a 6-week programme targeted at young people open to additional, intensive, and specialist support. It is a referral only group which works on improving social skills, building resilience and confidence and to enable those taking part to be able to access universal youth services.
- vii. **Summer Holiday Programme:** This is a 4-week programme operating during the School summer holiday. The programme includes on site activities and art workshops, plus off-site activities such as camping and a climbing wall. In addition, and as part of the summer programme, we select one of our regular weekly groups, to support them to organise and run a residential session. This year we have worked with young people from both Zone 87 and Revolutions Youth Club to organise the residential this summer.
- viii. **Senior Member Training:** Each year we train young people who take on a leadership role within our youth clubs to complete Senior Member Training. This course is accredited by ASDAN. In the last 12 months, we have trained 9 young people to be Senior Members, of which 4 are currently undertaking active roles and participating in senior roles at the weekly 'Monday Club' and 'Revolutions Youth Club'.
- ix. **PSHE & Citizenship and Ethnic lessons at Knole Academy, Sevenoaks:** In the current academic year our Senior Early Help Workers have delivered lessons and assemblies to all year groups.
- x. **Duke of Edinburgh (DofE):** Swanley Youth Hub is an accredited open award centre that currently delivers bronze and silver DofE opportunities. We support Orchards Academy with the DofE delivery and have a current active group.
- xi. **Peripatetic Detached:** This detached youth work responds to the local need as identified through local intelligence and in liaison with the Community Safety Partnership at Sevenoaks District Council. This arrangement works well and enables the KCC Youth Team to be responsive and focus on areas where anti-social behaviour is a concern. Locations where this work has been carried out include: Swanley Park, Bat and Ball train station, Sevenoaks train station, Greatness Park, Dunton Green, New Ash Green, Hartley, and Westerham.
- xii. **Missing Return Interviews:** Youth Hub staff undertake missing person return interview for young people not open to Children's Social Work Services and who are deemed to be low risk.
- xiii. **Additional Support:** This support is carried out by Youth Hub staff, for young people aged 8-19 (25 where they have additional needs). Additional Support is a one to one intervention carried out with the young people after a Signs of Safety assessment. This work is carried out over 6-8 weeks. Those young people are encouraged and supported to access the universal offer to provided ongoing support.
- xiv. **Discovery Group:** This is for parents who are waiting for a diagnosis of ASD or ADHD. This group supports parents to improve their understanding around ASD and ADHD; managing

parent's expectations of what will happen if they get a diagnosis and sharing parenting strategies and practical advice they can use to help at home. This is jointly co-delivered between the Youth Hub and Children's Centre teams.
