Introduction

This is the business plan for the Kent Pension Fund, which is managed and administered by Kent County Council. The business plan details our priorities and areas of key focus in relation to the Kent Pension Fund for the remainder of 2022/23, 2023/24 and 2024/25. This business plan was agreed at the Kent Pension Fund Committee meeting on 28 September 2022. The business plan is formally reviewed and agreed every year, and this would normally take place ahead of the start of each financial year. However, throughout the year it is monitored, and the Pension Fund Committee may be asked to agree to changes to it.

The purpose of the business plan is to:

- explain the background to and objectives for the management of the Kent Pension Fund
- document the priorities and improvements to be implemented by the pension service during the next three years to help achieve those objectives
- enable progress and performance to be monitored in relation to those priorities
- provide all key stakeholders with a clear vision for the next three years.

In addition, this business plan includes a budget for expected payments to and from the Kent Pension Fund during 2022/23 including the resources required to manage the Fund.

Background to the Kent Pension Fund

The Kent Pension Fund ("KPF") is a £7.6bn (as at 30 June 2022) Local Government Pension Fund which provides death and retirement benefits for local government employees (other than teachers, police, and firefighters) in Kent and employees of other qualifying bodies which provide similar services.

Total Fund membership is 149,112 with 52,829 active contributors from 304 contributing employers, 46,706 retired and survivor members, and 49,577 deferred and other members.

Governance and Management of the Fund

The key decision-making and management of the Fund has been delegated by Kent County Council ("the Council") to a formal Pension Fund Committee ("PFC").

A Local Pension Board is in place to assist in:

- securing compliance of Fund matters and
- ensuring the efficient and effective governance and administration of the Fund.

The Pension Fund Management Team

The Corporate Director of Finance has overall responsibility for the operation of the Fund, and delegates day-to-day responsibility to the Head of Pensions and Treasury supported by the Pension Fund and Treasury Investments Manager and the Pensions Administration Manager. There are two sections within the team:

- The Pensions Administration Section which is responsible for delivering the Fund's Administration and Communications Strategies. It is headed by the Pension Administration Manager.

The Pensions Finance Section is responsible for delivering the Fund's Investment and Funding Strategies, as well as accounting matters. It also has overall responsibility for ensuring all governance matters are delivered. The team also has responsibility for Treasury Management for the Fund, and Kent County Council. It is headed by the Pension Fund and Treasury Investments Manager.

More information about their day-to-day responsibilities is documented later in this Plan in the "Business as Usual".

Vision and Long-term Plan

The purpose of the KPF Business Plan is to set out the Fund's vision, goals, culture, improvement plan and actions for the current and future years, and a longer-term strategic direction.

The Fund undertook an independent review of its governance in previous 18 months, and a number of these proposed changes/improvements have already been implemented. In addition to this the Fund is looking forward to developing its service to provide an excellent service to all of its key stakeholders.

The Fund has developed this broader business plan to replace the existing plan which was agreed by the Pension Fund Committee in 2021.

The Fund's focus needs to be firmly set on achieving outcomes for our customers, i.e., the scheme employers and members. Everything that we do needs to keep this in mind, and decisions need to be made with an eye to the end goal of delivering an outstanding service, as set out in the Fund's vision:

Our Vision is to deliver an outstanding and “best in class” service to our members and employers.

Everyone's role in the team either directly contributes to the vision or creates the foundations and environment which make it possible. We will measure success against the vision by monitoring our progress against various service related KPIs, targets, and actions.

The Plan for the Fund is produced for review by the Local Pension Board and Committee in September 2022. This document will be reviewed regularly and revised annually. It is intended to develop this initial plan in February 2023 and expand on a number of the key areas of focus for the Fund. The Strategic vision and overall goals will also be developed over time and will be included in future versions of the document.

The key aims and objectives for the Fund are detailed below.

Key aims and objectives

The key actions and areas of focus in our business plan (as shown in the appendix) are grouped into the areas of **Governance, Funding and Investments** and **Administration** to align with the key aims and objectives of these strategies and policies. These aims and objectives are summarised below.

Governance

- Act in the best interests of the Fund's members and employers
- Have robust governance arrangements in place, to facilitate informed decision making, supported by appropriate advice, policies, and strategies
- Ensure the Pension Fund is managed, and its services delivered, by people who have the appropriate knowledge and expertise
- Act with integrity and be accountable to our stakeholders for our decisions, ensuring they are robust and well based

Funding and Investments

- Achieve and maintain assets equal to 100% of liabilities, whilst remaining within reasonable risk parameters
- Determine employer contribution requirements, whilst recognising the constraints on affordability and strength of employer covenant, with the aim being to maintain as predictable an employer contribution requirement as possible
- Recognising the constraints on affordability for employers, aim for sufficient excess investment returns relative to the growth of liabilities
- Strike the appropriate balance between long-term consistent investment performance and the funding objectives
- Manage employers' liabilities effectively through the adoption of employer specific funding objectives
- Ensure net cash outgoings can be met as/when required
- Ensure that the future strategy, investment management actions, governance and reporting procedures take full account of longer-term risks and sustainability

- Promote acceptance of sustainability principles and work together with others to enhance the Fund's effectiveness in implementing these
- Work with colleagues in the ACCESS pool to develop opportunities so that it is the first choice for investing the Fund's assets subject to it being able to meet the requirements of the Fund's investment strategy and objectives (including environmental, social and governance requirements), within acceptable long-term costs to deliver the expected benefits and subject to ongoing confidence in the governance of the partnership.

Administration

- To pay the right benefits, to the right members, at the right time
- To collect income as necessary from external parties
- To develop a robust and effective Administration Strategy, and ensure that all those involved with delivering under the strategy feel supported to fulfil their roles and responsibilities
- To develop effective ways of measuring the performance of the pensions administration team and scheme employers in order to deliver the highest possible standard of service to scheme members
- To ensure appropriate, clear, and meaningful performance data is provided to the Local Pension Board and Pension Fund Committee to support them in their remit in scrutinising the management of the pension fund
- To build strong relationships with scheme employers and support them in fulfilling their statutory obligations under the LGPS
- To build strong relationships with other external parties that may be involved with or support the delivery of the LGPS to Kent Pension Fund members including but not limited to the Pension Fund Committee and Local Pension Board
- To ensure the Fund maintains the highest level of data integrity and that all data is handled with due consideration given to data processing legislation
- To communicate with and support scheme members so that they have easy access to their pension information and have a clear understanding of their pension in order for them to make informed decision
- To ensure that any breaches of Regulations/legislation are reported to the necessary parties in a timely manner
- To monitor all complaints, compliments and comments and use these as a learning tool to improve the service delivery

Delivering the Business Plan

Monitoring and Reporting

In order to identify whether we are meeting our agreed business plan we will:

- continue to monitor progress of the key priorities and budgets on an ongoing basis within the Pension Fund Management Team
- provide updates on progress against these key priorities on a quarterly basis to the Pension Fund Committee, which will be shared with the Pension Board
- as part of these quarterly updates:
 - highlight any areas where we are exceeding or failing to achieve our targets and the reasons why, and identify any changes to the planned priorities as a result of this
 - highlight any significant additional spend or underspend in relation to the agreed budget as it becomes apparent
