Aims and Objectives

KCC's Transport Policy is currently expressed via a combination of formal statutory duties, dedicated member decisions and parental operational guidance. Children Young People and Education (CYPE) directorate seeks to combine these separate information streams into a cohesive Transport Policy, to ensure full transparency and provide a single reference point for decision making.

In bringing this documents together, KCC is not changing assessment criteria or significantly altering its application. Rather, the policy seeks to reduce the administrative burden placed on some families when securing free school transport, by streamlining decision making. As such, the potential for negative outcomes for pupils with protected characteristics as a result of these improvements remains very low.

More broadly, KCC's main transport processes and assessment criteria are based on national legislation and have been continually refined to take into account the latest statutory guidance and insights from Local Government and Social Care Ombudsmen decisions. This too minimises the potential for unreasonable negative impacts for pupils with protected characteristics.

<p>Formalising the policy will ensure that all Kent residents, including those with protected characteristics, have a single reference point to understand their legal entitlement to free school transport. KCC works with parental groups to ensure supporting guidance is easily accessible and provides direct staff support where necessary to lower the barrier for inclusion.</p> <p>The policy centralises school transport support for all Children In Care within the same framework, ensuring that pupils that do not automatically qualify against national criteria are not required to undertake separate application processes to receive the proper support from KCC as their corporate parent.</p>
