EQIA Submission Draft Working Template

If required, this template is for use prior to completing your EQIA Submission in the EQIA App.

You can use it to understand what information is needed beforehand to complete an EQIA submission online, and also as a way to collaborate with others who may be involved with the EQIA.

Note: You can upload this into the App when complete if it contains more detailed information than the App asks for and you wish to retain this detail.

Yes	Service Redesign – restructure, new operating model or changes to ways of working	
Yes	Project/Programme – includes limited delivery of change activity, including partnership projects,	
103	external funding projects and capital projects.	
Yes	Commissioning/Procurement – means commissioning activity which requires commercial judgement.	
Yes	Strategy / Policy – includes review, refresh or creating a new document	
	Other – Please add details of any other activity type here.	

8. Aims and Objectives and Equality Recommendations — Note: You will be asked to give a brief description of the aims and objectives of your activity in this section of the App, along with the Equality recommendations. You may use this section to also add any context you feel may be required.

Since the inception of EHPS in 2015, Kent County Council (KCC) has been able to maintain a comprehensive Open Access offer, including both universal and targeted provision, delivered through internal staff and settings and commissioned services across 0-19 years.

Open Access services work closely with partners including public health services such as Health Visiting services through co-location. There are also currently two Commissioned Children's Centre in Kent (Millmead and Seashells) and 12 district-based commissioned youth service contracts.

In his budget announcement in October 2021, the then Chancellor, Rishi Sunak, outlined his plans for the roll out of a national Family Hubs programme launching the programme in November 2021. The programme is led by the Department for Education (DfE) in collaboration with the Department of Health and Social Care (DHSc) to ensure there is policy integration at national level to develop an enhanced multiagency partnership. The framework was developed following the Early Years Healthy Development Review published in 2021 (The Best Start for Life, A Vision for the 1001 Critical Days). The in-depth research and engagement was conducted by a review team including parents, carers, sector professionals, volunteers and academics.

KCC is committed to the implementation of Family Hubs in Kent as part of its ambition to deliver the best outcomes for all children, young people, and their families, delivering services identified through the Family Hub guidance.

The DfE launched the national Family Hub Programme Framework in August 2022 alongside an application for 75 Local Authorities to apply for transformation funding to create multiagency community-based provision. Kent was identified as one of the eligible Local Authorities for funding aligned to the Family Hub and Best Start for Life strategy.

The DfE sets out key funded areas as part of the Family Hubs model and transformation within the Start for Life offer. This includes infant feeding.

The analysis from the available evidence suggests that the development and implementation of Family Hubs in Kent and the delivery of an enhanced infant feeding offer of contact for families ante and post natally may have impacts for some protected characteristic groups due to the mixed client base:

- Age
- Disability
- Sex
- Race
- Religion and Beliefs
- Pregnancy and Maternity
- Carer Responsibilities

Section B – Evidence

Note: For questions 9, 10 & 11 at least one of these must be a 'Yes'. You can continuing working on the EQIA in the App, but you will not be able to submit it for approval without this information.

9. Do you have data related to the protected groups of the people

yes

10. Is it possible to get the data in a timely and cost effective way?

11. Is there national evidence/data

impacted by this activity? Answer:

yes

Answer: Yes/No

that you can use?

Answer: Yes/No

Yes/No

no

12. Have you consulted with Stakeholders?

yes

Answer: Yes/No

Stakeholders are those who have a stake or interest in your project

which could be residents, service users, staff, members, statutory and other organisations, VCSE partners etc.

13. Who have you involved, consulted and engaged with?

Please give details in the box provided. This may be details of those you have already involved, consulted and engaged with or who you intend to do so with in the future. If the answer to question 12 is 'No', please explain why.

The service offer is based on programmes taking place in other local authorities. The service provider has consulted with internal staff and commissioners.

There has not been consultation about this specific aspect of infant feeding support with service users but engagement with mums and mums to be is currently taking place in areas where breastfeeding prevalence is lower to better understand their barriers to breastfeeding.

Co-creation of an infant feeding strategy has commenced.

14. Has there been a previous equality analysis (EQIA) in the last 3 years? Answer: Yes/No

Yes a family hub consultation

15. Do you have evidence/data that can help you understand the potential impact of your activity?

Yes

Answer: Yes/No

Uploading Evidence/Data/related information into the App

Note: At this point, you will be asked to upload the evidence/ data and related information that you feel should sit alongside the EQIA that can help understand the potential impact of your activity. Please ensure that you have this information to upload as the Equality analysis cannot be sent for approval without this.
