Aims and Objectives

Langdon CE Primary School is a small primary school in Dover District with a PAN of 15. The school has a 4 classroom structure. Two classrooms are in the main school building, two are in a modular/wooden building. These buildings have reached the end of their usable life.

Despite the school maintaining both buildings, the condition surveys undertaken by KCC and the Department of Education in 2021 and 2022 respectively, confirm that the buildings need to be replaced. Further maintenance is not an option.

The aim is to replace the buildings with a bespoke modular solution.

In order to deliver the project the proposal is to:

- (i). Approve the allocation of £1,430,000 capital funding from the Children's, Young People and Education modernisation capital budget to replace the modular classroom and wooden hall/classroom at Langdon Primary School;
- (ii). Delegate authority to the Director of Infrastructure in consultation with the Director of Education to enter into any necessary contracts or other legal agreements as required to implement this decision; and
- (iii). Authorise the Director of Infrastructure to be the nominated Authority Representative within the relevant agreements and to enter into variations as envisaged under the contracts.

No negative impact on protected groups has been identified.
