Aims and Objectives

In line with Guidance issued by Chief Coroner HHJ Thomas Teague QC within Chief Guidance No. 14 ... Merger of Coroner Areas on the 1st of May 2014 revised in August 2022 The areas of Central South East Kent, Mid Kent & Medway, North East Kent and North West Kent jurisdictions into one coronial jurisdiction.

This guidance is supportive of merging coronial jurisdictions.

There are currently 85 coroner areas in England and Wales and the long-term joint target with the Ministry of Justice is to reduce the number to around 75. Mergers are always considered when the opportunity arises, invariably when a senior coroner retires. The merging of coroner areas has many benefits as combining areas leads to greater consistency and uniformity of approach within the coroner service, as well as potential savings for the local authorities concerned. A reduction in the number of coroner areas over the last few years has been of considerable benefit, leading to more areas of similar size. All mergers that have taken place have been achieved through consensus and agreement.

The Geographical Boundaries do not change post-merger

We are committed to maintaining high standards while bringing clarity to certain aspects of the process for local individuals across the four jurisdictions involved. The merger creates chances for efficiencies through the standardization of processes and procedures across the newly formed jurisdiction. This unified position will foster stability and promote a cohesive jurisdiction devoted to the residents of Kent and Medway.
