#### **Aims and Objectives**

Kent County Council is seeking a contract to receive and process organic waste arisings from household kerbside collections and green waste deposited at Household Waste Recycling Centres (HWRC) by Kent residents.

As a Waste Disposal Authority, the provision of such waste processing services is a statutory obligation under the Environmental Protection Act 1990.

Aims and Objectives

From 1st April 2026, Kent County Council will:

- · Provide a continuous service by contracting with a Provider to process organic waste arisings from kerbside collections within the Authority.
- · Provide a continuous service by contracting with a Provider to process garden waste delivered to Household Waste Recycling Centres within the County.

**Beneficiaries** 

This EQIA supports the commission and its intended beneficiaries, being the householders as users of the Household Waste Recycling Centre service in Kent and recipients of the district and borough council kerbside collection services.

As the Waste Disposal Authority, Kent County Council is responsible for ensuring that all waste collected in Kent is disposed of correctly in the most financially efficient way. The disposal of this waste is a 'back office' procedure, with all 'customer facing' elements of this process the responsibility of the Waste Collection Authority (WCA), or at the Household Waste Recycling Centres of which there is a separate EQIA for their operation.

No impact either positively or negatively on Protected Characteristics for residents - No Change.
