**In 2020/21 following the re-opening of schools, the Secretary of State for Health and Social Care via Public Health England (PHE) requested that local authorities use the remainder of the academic year to collect a sample of 10% of children in the local area. PHE developed guidance to assist local authorities in achieving this sample and provided the selections of schools. At the request of the Director of Public Health, Kent Community Health NHS Foundation Trust prioritised the Year R programme.

*** PH05 - This is an accumulative indicator over 5 years to measure the delivery of the NHS Health Check programme. Reset in 2023/24 to conclude in 2027/28
