Aims and Objectives

The aim of this EqIA is to review the equalities implications of continuing the Kent and Medway's in-house Visitor Economy (Visit Kent) and Inward Investment (Invest Kent) service which is now delivered by the Grow in Kent team following the closure of two external organisations, Visit Kent and Locate in Kent. The service provides a key economic development function which includes destination management, place promotion and inward investment activity.

The Equality Impact Assessment assesses whether the continuation of the service has any differential impacts on people with protected characteristics and to ensure that equality considerations are embedded in ongoing delivery.

The analysis indicates that the proposal is expected to have a positive impact on equality outcomes, primarily through supporting inclusive economic growth, increasing access to employment opportunities, and encouraging wider participation in business and sector development across Kent and Medway.

Details of Positive Impacts
<p>Age The service supports job creation and business growth across a range of sectors, including entry-level and career progression opportunities, benefiting both younger and older people. Visitor economy activity also supports local amenities and services used by a wide age range.</p> <p>Disability The service supports inclusive economic growth by encouraging accessible tourism and inclusive business practices. This can improve access to employment opportunities for disabled people and promote more accessible visitor experiences across Kent and Medway. This includes promoting accessible information, digital content and inclusive communications, to ensure that a wide range of audiences can engage with and benefit from the visitor offer.</p> <p>Sex (Gender) The service supports employment and enterprise opportunities across sectors where both men and women are represented, including tourism, hospitality and professional services. It contributes to broader economic participation and financial independence.</p> <p>Race By supporting business growth and inward investment, the service contributes to creating opportunities for people from diverse ethnic backgrounds, including access to jobs and business development opportunities across the county.</p>

Religion or Belief

The service promotes a diverse visitor offer and supports businesses operating across different communities, which can reflect and accommodate a range of cultural and religious needs.

Sexual Orientation

The service contributes to a more inclusive economy and visitor offer, supporting places and businesses that are welcoming to all individuals regardless of sexual orientation.

Gender Reassignment

No specific impacts identified, however the service supports an inclusive economic environment which is expected to benefit all individuals regardless of gender identity.

Pregnancy and Maternity

The service supports employment opportunities, including in flexible sectors such as tourism and hospitality, which may benefit those balancing work and caring responsibilities.

Marriage and Civil Partnership

No specific differential impacts identified. The service supports general economic growth and employment opportunities for all.
