This Forward Plan lists “Key Decisions” which Kent County Council intends to take over the next six months. It gives information on the projects that will be coming forward and who will be involved with them. The Plan also contains reference to other proposed decisions, which although not Key Decisions are nonetheless significant in terms of their outcomes.

Please use the contact details given to let us know your views.

FORWARD PLAN OF DECISIONS

Each month the Council publishes a Forward Plan of Decisions expected to be taken during the following six months.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
- (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.

Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000 which are not provided for within the approved budget or Medium Term Financial Plan
- (b) Adoption of major new policies not already included in the Policy Framework (Constitution Appendix 3) or changes to established policies
- (c) Approval of management and business plans
- (d) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the Forward Plan helps the Council to programme its work and ensures compliance with the Local Government Act 2000. Every month, the period covered by the Plan will be rolled forward by one month and the plan will be republished.

The Plan outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a decision is taken, unless those documents are ‘Exempt’ within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council’s web site at www.kent.gov.uk at least five days before the decision it is due to be taken. Once the decision has been taken, a copy of the Record of Decision will also be published on the Council’s website.

Paper copies will be made available by contacting Andrew Ballard (telephone 01622 694297 or email andrew.ballard@kent.gov.uk).

The Decision needed:

The Cabinet Member is asked to:

- a) give approval to the process for commissioning services;

Who is taking the Decision

Cabinet Member for Specialist Children's Services

Date:

December 2011

Reason if Key Decision

We will be establishing a multiple supplier framework to commission early intervention and prevention services for Kent's children, young people and families. Providers will be required to take part in a competitive tendering process in order to be included on the framework. If the tender is successful, providers will be invited to bid for any further work delivering early intervention and prevention services with KCC through a mini competition process.

Along with many other Local Authorities, we already use framework contracts in other areas of KCC. These changes to the commissioning process will make it fairer, less bureaucratic and more transparent for providers while supplying commissioners with an improved choice of service models.
