

FORTHCOMING EXECUTIVE DECISIONS

22 February 2016 - 31 August 2016

This edition of the list of Forthcoming Executive Decisions supersedes ALL previous Editions

Published by Democratic Services

This list of Forthcoming Executive Decisions publicises all known decisions which Kent County Council intends to take over the next six months. It gives information on the projects that will be coming forward and who will be involved with them. Key decisions are marked clearly as such within the list.

Please use the contact details given to let us know your views or to request further information.

LIST OF FORTHCOMING EXECUTIVE DECISIONS

Each week the list of Forthcoming Executive Decisions is updated where there are additions, deletions or amendments to be made. Although Kent County Council aims to include all known decisions, statute requires that all Key decisions must be publicised in this way.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
- (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.

Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000 which are not provided for within the approved budget or Medium Term Financial Plan
- (b) Adoption of major new policies not included in the Policy Framework (Constitution Appendix 3) or significant changes to established policies
- (c) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the list helps the Council to programme its work and ensures compliance with the ‘Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) regulations 2012.

The list outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a

decision is taken, unless those documents are 'Exempt' within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council's web site at www.kent.gov.uk at least five days before the decision it is due to be taken. Once the decision has been taken, a copy of the Record of Decision will also be published on the Council's website. Paper copies will be made available by contacting Louise Whitaker (telephone 01622 694433 or email louise.whitaker@kent.gov.uk).

Herne Bay Gateway - temporary relocation of library services	
Subject: Gateway Services at Herne Bay Library	
Proposed decision: To agree to provide Gateway Services at Herne Bay Library and to relocate library services from Herne Bay Library to temporary premises during the refurbishment of the building.	
Financial Implications: During the closure period costs for the provision of temporary facilities will be kept to a minimum and any revenue costs should be offset by a reduction in user costs for the individual facilities. Relocating library services for Herne Bay will provide the contractor with an unfettered site which will reduce the time of the build and therefore lower capital costs. The temporary facilities will be stocked from existing library resources and there are no implications for the current staffing establishment	
Legal Implications: Kent County Council provides library and archive services under the Public Libraries and Museums Act 1964 which requires the provision of a 'comprehensive and efficient' library service.	
Equality Implications: An EQIA has been carried out and is available on the KCC website.	
Is the matter referred to in your Business Plan or Medium Term Capital Programme? Yes.

CONSULTATION	

The PEF1 and PEF2 are reported in the Medium Term Plan, however, the proposal to close them is based upon them being identified as redundant funding mechanisms since the introduction of the Corporate Landlord and improvement in market conditions; closure of the funds will result in reporting and procedural efficiency.

This decision relates to the transfer of assets from one fund vehicle to the main disposals programme and as such there is no need to consult.

An initial assessment has identified that there is no equalities impact

Growth Without Gridlock	
<p>LATEST UPDATE 19/05/2014 - Decision due date changed from 10/02/2014 to 17/09/2014.</p>	

REASON: The strategic position relating to Highways and Transportation projects was set out as part of the LEP Strategic Economic Plan submitted via KMEP and the LEP to the Secretary of State at the end of March 2014, you can view the decision to submit and the document submitted here, <https://democracy.kent.gov.uk/ieDecisionDetails.aspx?ID=577>

Central Government is expected to announce a funding allocation in July 2014. Based on these allocations the final selection and prioritisation of projects for inclusion in Growth without Gridlock will take place and the strategy as completed can be adopted by decision of the Cabinet Member.

The decision date has been updated to 'not before' 17 September 2014 in order that the draft strategy can be considered by the relevant Cabinet Committee before any decision is taken.

To approve the content of Growth without Gridlock in Kent and Medway report. This summarises the achievements of the past three years since the launch of Growth without Gridlock and outlines priorities for delivery to 2021 for Kent and Medway, thus reflecting the federated geography of the South East Local Enterprise Partnership.

Community Learning and Skills - Facing the Challenge Review	
<p>To seek agreement to creation of a local authority trading company (LATCo) that will enter into a commissioning arrangement with KCC to deliver Community Learning and Skills (CLS) services.</p> <p>Members on the Transformation Advisory Group and the Transformation Board considered a number of options for the future of CLS. This is in line with Facing the Challenge review (Market Engagement and Service Review), which will see CLS operating as a shadow LATCo rehearsing practices and features of a legal entity, e.g. financial accounting and governance arrangements. An evaluation of this phase will inform the design elements of the final legal framework within which the LATCo will operate.</p> <p>Financial Implications: Funding contracts for learning and skills from central government are anticipated to be subject to reduction for the foreseeable future. This decision seeks to give the service the freedoms and flexibilities it needs to operate in a more commercial approach, in order to maximise income generation, preserve the service and minimise financial risks to KCC.</p> <p>Legal Implications: LATCO to be setup with agreed memorandum and articles of association and commissioned to deliver the CLS service. Staff would need to be TUPE'd into the new organisation.</p> <p>Equality Implications: Full EQUIA has been done and will be live throughout the process.</p>

NOT BEFORE NOVEMBER BY CABINET MEMBER

<p>Reference No: 15/00010</p>	<p>Key Yes Reason if Key Decision: How the decision relates to Corporate Objectives: This activity is an element of the wider 0-25 transformation programme, including accommodation and support for 16-25 year old Children in Care, Care Leavers and vulnerable young people relating to Facing the Challenge Phase 2.</p>
--------------------------------------	--

Proposal for the delivery of Supported Lodgings for Kent Care Leavers

Proposed decision: To award a new contract to deliver Supported Accommodation in a Family Environment for Kent’s older Children in Care, Care Leavers and vulnerable young people.
 [It was previously envisaged that a current contract would be extended by single source tender but this is no longer the case][Decision updated 1 October 2015]

Financial Implications:
 The budget for the contract consists of two parts; management costs, and support costs, as detailed below. The tender is requesting bids of no more than £350,000 for the management costs. Support costs to Hosts varies, but is expected to be in the region of £1,500,000, based on figures from 2014-15.

Cost Area	Total
Management costs (fixed cost inclusive of all non-host related costs):	£350,000
Host Costs (monies paid to hosts, based on provision against baseline as set 04.09.14):	£1,500,000
Total:	£1,850,000

Therefore, the value of any new contract for the required service is not expected to be £1,850,000

Legal Implications:
 Spending the Council’s Money expects procurement to be competitive. However there are exemptions that may apply to this action (e.g. the purchasing of adult and children’s services are required by law under the National Assistance Act 1948 and the Children Act 1989). Alternative processes are set out in Directorate Operational Procedures.

Equality Implications:
 An equality impact assessment (EQIA) for the wider Children in Care and Care Leavers service transformation has been undertaken, with supplementary focus on this specific action. The EQIA supports the intention to diversify provision according to need and ethnicity of young people.

An EQIA has also been completed for the new Supported Accommodation in a Family Environment Service, which highlights the increase in provision to meet the needs of young people.

The matter is referred to in the Strategic Commissioning Business Plan 2015-16.

DECISION DETAILS

Decision Maker: Cabinet Member for Specialist Children's Services
Expected Date: November 2015

FURTHER INFORMATION

How the decision relates to Corporate Objectives:
This activity is an element of the wider 0-25 transformation programme, including accommodation and support for 16-25 year old Children in Care, Care Leavers and vulnerable young people relating to Facing the Challenge Phase 2.

CONSULTATION

In April 2015 Children's Social Care and Health Cabinet Committee were informed of the intention to extend arrangements with the current providers through a Single Source Tender. The committee gave its general support to the principle of extending the existing arrangements. However, subsequent consideration resulted in the agreement to follow a formal procurement exercise. This procurement exercise will commence on 9th October when the tender documents will be published on the Kent Business Portal.

Other consultation planned or undertaken: A total of 81 providers responded to an anonymous market engagement survey conducted in May 2015. Of the 81 that responded 28 were Supported Lodgings providers. A Procurement Information Notice (PIN) has been published on the Kent Business Portal to gain market understanding regarding delivery of this service. 17 providers expressed an interest on the Kent Business Portal.

London Road, Westerham, previously listed as part of this decision has been deleted and is now at 14/00068(a)

This decision will secure a capital receipt to fund the capital programme and to streamline the Council's property portfolio in order to achieve financial and efficiency benefits in line with the Property Policy.

The impact of the decision will be that the receipt will be achieved as quickly as possible should planning permission be granted, to ensure that the capital programme is delivered and to minimise holding costs. Without the decision, KCC will be unable to respond to offers in a timely fashion without losing the prospective purchaser. This would affect the delivery of the capital programme and increase holding costs.

Healthwatch Kent - Contract Extension	
Proposed decision: To extend the current Healthwatch Kent contract for a further two years from 1 April 2016 to 31 March 2018 (as per the terms of the	

original contract) and delegate authority to the Corporate Director of Social Care, Health and Wellbeing, or other nominated officer, to take the necessary actions to implement the decision.

The decision relates to Corporate Objectives

- Families and carers of vulnerable and older people have access to the advice, information and support they need
- Residents have greater choice and control over the health and social care services they receive
- The health and social care system works together to deliver high quality community services
- Children and young people have better physical and mental health

Financial Implications: The service will be delivered within the existing budget. It is more cost effective to apply a contract extension to maintain an effective service rather than re-commission.

Legal Implications: Provision of the service is a statutory requirement. Amendments to the Local Government and Public Involvement in Health Act 2007 (as amended) (the 2007 Act) introduced by the Health and Social Care Act 2012 provided the statutory basis for local Healthwatch.

Equality Implications: None

A curriculum assessment and feasibility study has been carried out. The total cost is estimated to be in the region of £3.1m. The costs of the project are estimates and these may increase as the project is developed. If the cost of the project is greater than 10% the Cabinet Member will be required to take a further decision to allocate the additional funding. b) Revenue – For a period of three academic years, the school will receive protection for an additional 30 Year 7 pupils at the rate of £3,803 per pupil. For each additional classroom, resulting from the expansion of the school, the sum of £6,000 will allocated towards the classroom setup costs. <p>Human – As an Academy, the school will decide when to appoint additional teachers, as the school size increases incrementally.</p>

The Kent Minerals and Waste Local Plan 2013-30

DECISION DETAILS

Decision Maker: County Council
Expected Date: Not before March 2016

FURTHER INFORMATION

CONSULTATION

The preparation of the Plan has been the culmination of some 10 year's work with stakeholder engagement throughout the process.

Consultation to date has involved engagement and collaboration with communities, local organisations and businesses. Public consultation was held for each stage of the plan-making process. It has also been prepared in cooperation with Kent's districts, neighbouring authorities, parish councils and other minerals and waste planning authorities that may be affected by the strategies and policies of the Plan.

As part of the Local Plan preparation the Council has demonstrated that it has met the 'duty to cooperate' obligation as set out in the Localism Act (2011) and the National Planning Policy Framework (2012).

All Members are affected because the Plan contains the overarching strategy and planning policies for future planning decisions affecting the whole of the County.

Local Members have been notified at each stage of the preparation of the Plan. Most recently, members were notified of the Proposed Modifications consultations which ran between August and October 2015.

Cabinet previously endorsed the Pre-Submission Draft Kent Mineral and Waste Local Plan (MWLP) at the meeting held on 14 October 2013, prior to its submission to the Full Council on 12 December 2013 where it resolved to approve to submit the Plan to the Secretary of State subject to:

1. A six week period of public consultation;
2. No material objections being received during the public consultation; and
3. The Director of Planning and Environment being given delegated powers to approve any non-material changes to the MWLP in consultation with the Cabinet Member for Environment and Transport following on from the public consultation and to agree any amendments to the MWLP during the Examination in Public for submission to the appointed Planning Inspector, if these amendments are likely to resolve objections.

CONSULTATION

At the meeting of the Adult Social Care and Health Cabinet Committee on 11 September 2015, Members were given the opportunity to comment on the proposals before the start of formal public consultation. The committee resolved that the proposal for consultation be endorsed.

An update on the formal consultation process was provided to the Adult Social Care and Health Cabinet Committee on 3 December 2015.

A recommendation report was presented to the Adult Social Care and Health Cabinet Committee on 14 January 2016. The committee resolved that further work be undertaken and a formal proposal brought to its next meeting. Accordingly, a recommendation report setting out the proposed Cabinet Member decision was presented to the committee on 10 March 2016 and the outcome of this will be included in the decision paperwork the Cabinet Member will be asked to sign.

Other consultation planned or undertaken:

The County Council has a duty to undertake formal consultation on any proposed changes to services. The procedure for consultation on modernisation/variation or closure of establishments for Social Care will be followed.

A range of stakeholders have been informed in writing and invited to comment on the proposal.

A meeting has been held with staff, residents and relatives of the home and the minutes of this meeting have been circulated to all participants and posted on the consultation webpage.

A summary of the consultation timetable and the responses to the consultation will be set out in the recommendation report.

Key Yes

Reason if Key Decision:

Older Persons' Residential and Nursing Care Contract 2016 and final guide prices for 2016-17

To approve the award of new contracts for the provision of Older Persons Residential and Older Persons' Nursing Care from 4 April 2016 and approve the final County Council Guide Prices for 2016-17.

The proposed decision meets the objectives of 'Increasing Opportunities, Improving Outcomes: Kent County Council's Strategic Statement (2015-2020)':

- Older and vulnerable residents are safe and supported with choices to live independently
- Families and carers of vulnerable and older people have access to the advice, information and support they need
- Older and vulnerable residents feel socially included
- Residents have greater choice and control over the health and social care they receive

Financial Implications

The provisional Guide Prices did not include the impact of the introduction of the National Living Wage (NLW). In-depth analysis has been undertaken to understand the impact of the NLW on the residential care market (along with other sectors of Adult Social Care) and this has now adjusted the provisional Guide Prices as follows:

- Residential: £373.51

- Residential High: £455.45
- Nursing: £504.73
- Nursing High: £530.28

Providers were asked to submit their price either at the Council's published Provisional Guide Price or above that price. Where the price is above the provisional guide price, an undertaking was given that those prices would be adjusted to the final Guide Prices for 2016. This should be extended to any prices that were above the Council's provisional guide price but are below the actual Guide Prices so that the minimum price for tendered providers are not below the Guide Prices for 2016.

Work is required to uplift prices for client services where a contract is signed by the provider so that:

- any individual **below** the new Guide Price will be increased to the new Guide Price for the placement category so long as the provider joins the framework and accepts the contracts terms and conditions
- all contract prices for existing clients that are above the new Guide Prices will not receive a corresponding increase but will need adjustment for the impact of the National Living Wage and inflation
- Where there is a third party contribution, the third party contribution will be adjusted (reduced/removed) to account for any increase in guide price

The Registered Nursing Care Contribution funded to Nursing Homes for the nursing element of the service is under review by the NHS. The rates shown are for the Social Care contribution only

Legal Implications

Although the council has set its Guide Prices, the design of the contract is for the market to set an indicative (not to exceed) price when joining. Underlying sustainability of the social care market for older people is a key factor when analysing the costs of care.

Equality Impact Assessment

An Equality Impact Assessment has been undertaken for the implementation of the new contracts and a copy is available on request.

Reason if Key Decision:

Commissioning of Integrated Domestic Abuse Support Services

Proposed decision: Procurement of an integrated Domestic Abuse Support Service and delegation of authority to the Corporate Director of Social Care, Health and Wellbeing, or other nominated officer, to commission the integrated service on behalf of its partners.

The proposed decision relates to Corporate Objectives as the provision of an integrated Domestic Abuse Service meets statutory responsibilities and supports Kent County Council’s vision to:

- Tackle disadvantage
- Reduce avoidable demand on health and social care services
- Focus on improving lives by ensuring that every penny spent in Kent is delivering better outcomes for Kent’s residents, communities and businesses
- Enable adults in Kent to lead independent lives, safely in their own community

Financial Implications:

The total amount being spent in grants and contracts on Domestic Abuse at present is £3.2m; of this funding, £1.74m is in contracts delivering housing-related support. It is anticipated that, by pooling budgets and commissioning collaboratively, efficiencies can be made to deliver a greater range of interventions within the funding envelope, targeting prevention in escalation and a greater efficacy in the service. The full value of the contract is anticipated to be £1.93m.

Legal Implications:

Legal advice will be necessary to establish the necessary delegation of authority to enable the County Council to commission on behalf of its partners.

Equality Implications:

An equalities impact assessment will be necessary for any substantive change or diminution of service provision.

An integrated approach, co-commissioned with key partners, will enable a more balanced provision across the county, address the inequity of provision and afford better value for money by reducing duplication

DECISION DETAILS

Decision Maker: Cabinet Member for Adult Social Care & Public Health

Expected Date: Not before February 2016

FURTHER INFORMATION

CONSULTATION

The matter was discussed at the Adult Social Care and Health Cabinet Committee in December 2014, when the Committee gave in-principle support to explore opportunities to reshape provision of Domestic Abuse support.

The matter was also discussed at the Adult Social Care and Health Cabinet Committee on 3 December 2015, when the Committee endorsed the commencement of the procurement process to commission an integrated Domestic Abuse Service across Kent.

The proposed decision will be discussed at the Adult Social Care and Health Cabinet Committee meeting on 10 March 2016.

In addition, a series of consultations with providers, carers and service users will be undertaken in order to support the co-production of the service specification.

South East Business Boost

In 2015/16, the Government made £254,000 available to Kent and Medway, via the South East Local Enterprise Partnership, to deliver a new 'Growth Hub' service, offering businesses a central point of information about the support that is available to them. A pilot service was launched in December, and the Government has since announced that funding for the Growth Hub service will be maintained for the next two years.

To supplement the Growth Hub service with a wider programme of free, easily accessible support to start-up and growing businesses, KCC has joined a partnership with the other authorities in the South East LEP area to seek funding from the ERDF programme to deliver the South East Business Boost (SEBB) project. As well as advisory support, this also includes a grant programme, to which businesses may apply.

If approved, the SEBB project will operate across Kent and Medway, Essex and East Sussex, with Southend-on-Sea Council acting as the accountable body. The total amount of ERDF funding sought is £6.1 million, of which £1.2 million will be managed by KCC.

Approval of the SEBB project is anticipated in late spring 2016.

Options

Three alternative options have been considered:

- a) Do nothing. This would mean that the core Growth Hub service would be delivered using central Government funding, but there would be no provision for business advisory support, despite frequent views from business that an advice and support service would be helpful;
- b) Submit an individual application to ERDF. This would mean that KCC could receive funding direct, rather than as a partnership with other authorities in the LEP area. This could provide KCC with greater control; however, it is unlikely to be successful, given the specification of the ERDF call for projects.
- c) Seek central management of the SEBB project, without delegated funds to KCC. This could be simpler to manage, and would reduce the risks to KCC. However, it would limit our ability to align the new service with other local support services, including the Growth Hub.

Links with *Increasing Opportunities, Improving Outcomes*

The SEBB project directly contributes to Strategic Outcome 2: 'Kent communities feel the benefits of economic growth by being in work, healthy and enjoying a good quality of life'. Specifically, it contributes to the Supporting Outcome that business growth is supported. It does this by providing advice to businesses, helping them to increase their growth potential.

Local Transport Strategies - Approval - Various. Current decision: Canterbury LTS

Update July 2015
Decision taken

Update June 2015
Proposed decision published for comment 24 June 2015

Update April 2015
Decision considered and endorsed by the April 2015 Environment and Transport Cabinet Committee

Decision deferred as issues brought to the attention of the Cabinet Member during the proposed decision publication period are resolved.

Update 17 February 2015:
Proposed decision to endorse the principles set out in the Canterbury Local Transport Plan published.

Update 4 February 2015:

The Canterbury Local Transport Strategy was considered and the principle endorsed by the Environment and Transport Cabinet Committee in December 2014. A formal decision will now be taken by the Cabinet Member which will set out the terms of the support for the strategy.

To agree various local transport strategies.

The strategies will 'Help the 'Kent Economy Grow' and 'Tackle Disadvantage' by managing congestion in town centres, improving the reliability of journey times for commuters and visitors and managing freight journeys more successfully. This will in turn enhance key sustainable transport links to employment, education and health care.

Impacts / Costs and risks of proposed decisions:

The transport strategies to be agreed all form part a key part of evidence base for the relevant Local Plan. These plans will be subject to and examination in public by and independent planning inspector during 2015. The appropriateness and deliverability of each strategy will be an important consideration in the inspector's decision on the soundness of the Plan as a whole.

The delivery of each transport strategy will be heavily dependent on securing funding contributions from development through the section 106 and Community Infrastructure Levy (CIL) processes, as KCC's Local Transport Plan funding allocation from Central Government is likely to be under sustained pressure from the foreseeable future. KCC will not be the charging authority therefore it will be reliant on each local council as the planning authority to allocate sufficient CIL revenue to the priority transport infrastructure projects identified in the strategy. The availability of CIL revenue will in turn be dictated by the phasing and extent of new development which will be influenced by a range of external factors.

DEFERRED

Reference No: 14/00139

Key No

Reason if Key Decision: Financial Implications: KSAS is currently funded by £3.4m from central government but this funding is not ring fenced and at the present time the government funding is intended to cease at the end of 14/15.
 Legal Implications: Following legal challenge in September 2014, by another local authority, the government is reconsidering the national funding of local welfare provision. The outcome of this review is expected in December in the provisional local government finance settlement.
 Equality Implications: An Equality Impact Assessment will be carried out and will be ready for the Cabinet

Sandwich Highways Depot	
<p>Update 09/03/2015: DEFERRED: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value is secured; surveys are being carried out with a view to marketing the site in the future dependent on the outcome of those surveys.</p> <p>Latest Update: 19/05/2014: Decision due date changed from 23/12/2013 to 'Not before' 01/11/2014. REASON: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value for the site is secured. Options appraisal work is underway and this work is expected to take approx. 6 months, therefore an expected decision date is set for November.</p> <p>-----</p> <p>To seek approval to proceed with the disposal of the above site to raise a capital receipt which will be allocated to support the capital programme.</p> <p>To seek approval to identify and progress with the acquisition of a new site for the service.</p> <p>The Director of Property and Infrastructure Support will be authorised to finalise terms for both the disposal and acquisition of a new site.</p> <p>This decision is needed to enable a modern highway service operation to be provided in the East Kent Area that is both reactive and responsive to changing demands. It directly supports 3 of the Bold Steps for Kent.</p> <ul style="list-style-type: none"> • Firstly it helps deliver the “Kent Environment Strategy” by the provision of new environmentally friendly facilities (e.g. grey water) via the construction technique with the eventual adaptation of new work practices within the new depot. • Secondly it builds relations with key business sectors across Kent as the supply chain involved in such a project provides work to businesses of all sizes. • Thirdly by the better siting and provision of facilities for the new depot it ensures that the most robust and effective public protection arrangements are in place for road management including bad weather response. <p>The impact of the decision is that full assessment of the potential disposal of the site can be explored within the market place to ensure that best value principles are adhered to. In tandem a full search and feasibility study will be undertaken to identify a new location for the alternative highways depot which satisfies the above objectives.</p>

Eden Centre Lease

LATEST UPDATE:

19/05/2014 - Decision due date changed from 01/03/2014 to 01/01/2015.

REASON: The decision remains at the earliest stages of investigation and options appraisal. A further review will take place in January 2015 when a decision pathway will be identified and the proposed decision updated further.

To seek agreement to the principle of granting a long lease to a charitable community interest company or similar vehicle, of The Eden Centre, Four Elms Road, Edenbridge.

The proposal directly links to Bold Steps for Kent, putting the citizen in control, building new partnerships and providing a new fit for purpose building to deliver Library and FSC services in conjunction with other partners such as the Citizen's Advice Bureau and House (West Kent Action), to support Kent's more vulnerable citizens.

The impact of the decision will be that KCC will have less control of the management and operation of the centre as they would become the responsibility of a third party.

Risks identified are:

- Reliance on the professionalism of the trustees to deliver a successful facility,

<p>agreeing with all partners a financial model for the charitable vehicle</p> <ul style="list-style-type: none"> • Reputational damage to KCC if the charitable vehicle were to fail • Obtaining buy in from all community groups in occupation to form trust • Untried and untested model • Level of income generation from the centre which could go to the charitable vehicle is currently unknown as a new facility • Continued KCC ownership of a non-core asset • Officers may be unable to get agreement from stakeholders, charitable vehicle does not prove financially sustainable or the trust may break down and charitable vehicle will have to pick up void periods and associated costs (benefit to KCC).
